

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

The Committee on the Admission of New Parishes further report, that they have examined the papers submitted by St. Ann's Church, Dorchester; and that though the formal certificate of the Wardens and Vestrymen is wanting, it is substantially embodied in the copy of the Constitution and By-Laws, which is duly attested by the Parish Clerk. Your Committee would therefore recommend the admission of said Church into union with this Convention.

The Rev. REGINALD H. HOWE presented the Annual Report of the Diocesan Board of Missions, the Rev. JOHN S. BEERS reading that portion giving his Annual Report as General Missionary of the Diocese.

TWELFTH ANNUAL REPORT OF THE DIOCESAN BOARD OF MISSIONS FOR THE YEAR 1885-86.

The Board, at its first meeting of the year, was obliged to accept, with great regret, at his own request, the resignation of its Secretary, the Rev. Charles H. Learoyd, who for eleven years had given the Board the benefit of his faithful and efficient services.

Attention has been given by the Board to the very important matter of the security of title to Church property of such parishes and missions as receive missionary aid. A committee appointed to consider it, presented a valuable report, which was ordered printed, and sent to all parishes and missions receiving or applying for the aid of the Board, which have not conveyed the title of their Church property to the Trustees of Donations. It is gratifying to be able to add, that its recommendations are being very generally acted upon.

The following is a Summary of the Receipts and Expenditure of the Board for the year.

The total receipts have been \$11,683.46, from the following sources :—

From Balance from account of the previous year.	\$149 06
Parish offerings	9,792 94
Massachusetts Church Missionary Society	80 00
Individual and special gifts	1,661 46

Total receipts for the year . . . \$11,683 46

The total Expenditure for the year has been \$11,657.26 for the following purposes :—

For Stipends to parishes and missions	\$3,985 90
Work of the General Missionary	1,900 00
Publication and distribution of "The Diocese"	419 03
Secretary's expense account	4 63
Treasurer's expense account	74 57
Expense of missionary meetings	273 13

Total expenditure for the year . . . \$11,657 26

The receipts for the year have been \$26.20 more than the expenditure, and the Board begins a new year with this balance in its Treasury.

A week since—May 20th—there was a deficiency of \$1,200, with a certainty of coming to Convention with a debt, unless the deficiency were made up in the mean time. The Treasurer communicated the fact to the Clergy of the Diocese, by a circular note on that date; suggesting that it might be found practicable in some of the parishes to have a special offering, or to appropriate some portion of the ordinary offering, on the next Sunday, to extinguish the indebtedness, and enable the Board to report to the Convention, to-day, without debt.

The prompt and cordial response of a sufficient number of the parishes has accomplished this happy result. It is not due to a few large offerings of the larger and stronger parishes, but to many comparatively small offerings, which have been sent with many hearty expressions of pleasure and satisfaction in responding to the need of the Board.

Such is the brief financial statement of the year. It gives rise to several reflections and remarks which the Diocesan Board of Missions hopes that the Convention, whose servant only it is, will "read, mark, learn, and inwardly digest."

The receipts from parish offerings are apparently less than in the preceding year. This is due to the fact, that, in the previous year, a special offering was made to extinguish the debt of \$1,904.01, which had accrued. Deducting this amount from the parish offerings of that year, as not pertaining to the current work of the Board during that time, it will be found that the aggregate of parish offerings the past year, applicable exclusively to the Board's work for the year, is \$1,109.43 more than in any previous year of the Board,—a very striking and encouraging gain, and this without the stimulus of Pastoral Letters.

This fact is full of encouragement and hope; for it is the *parish offerings*, not large individual and special gifts, that are the true measure of a deep and wide-spread interest in the work, and a general responsibility in regard to it. The question will naturally be asked, To what is this increase due? It is never easy to trace such an effect to its cause. It is, however, well known

throughout the Diocese, that the Board, through a special Committee appointed for the purpose, has been holding a series of Missionary meetings. Seventy-four have been held in as many parishes and missions, and fifty different speakers have taken part in them, nearly all of them speaking two or three times, and some a greater number. Earnest preparation for these meetings has been asked and received from the rectors and missionaries. Of course, these rectors and these speakers have had their own interest aroused, and their own hearts kindled, by the part they have borne; of course, information has been widely disseminated, and a new sense awakened in many souls of the obligation to make known to others the saving health of God. The testimony has been all but universal of the good effect where they have been held. Now, coincident with this is this increase in the parish offerings. We do not *assert*, that, under the blessing of God, it is due to this cause; we only state the facts. Still less would we measure the full effect of those meetings by the offerings, or make the attempt, at so early a day. It is too soon to say, if indeed we could ever tell, what, by God's grace, they have accomplished; and the increase in offerings is only secondary. In deepening the spiritual life of the people, in making it full and well-rounded, the deep source from loftiest motive of all good works, and so making every Christian a missionary, — in these fruits their true results are to be sought; and this was their first, their real aim.

One thing is unquestionably true: in proportion as the people generally are kept informed as to the Missionary motive and obligation, as to the needs and the opportunity for the extension of the Church in the Diocese, and as to our individual responsibility in regard to it as Christians and as Churchmen, will be their interest and their gifts, — gifts which will often shame the apathy of those who do not tell them of the cause. And therefore the Board desires most distinctly to say, that beside and beyond all these special means that it has been using, it is to the rectors and missionaries themselves that we must look for the right and proportionate instruction of their people in the whole subject, — upon them rests the responsibility. It is they who catch the ears of all the people at the great Sunday morning congregations, — an opportunity which speakers at missionary meetings too seldom have; it is they who are the natural teachers of those committed to their charge in all their responsibilities; it is they who must speak to them earnest words as the messengers of the Lord, or we shall never rise to the full measure of our duty as a diocese with regard to this work.

The Board, in presenting its successive reports to the Convention, has sometimes felt that the Convention but slightly realized the object of presenting a report at all. We are "your servants, for Jesus' sake." Except the Convention — that is, in its representative capacity, the whole body of Clergy and Laity of this Diocese — understand that it is *its* work, not ours alone, that it is of profoundest interest to it; except it resolves while it is here in session, that it will take time to consider the whole subject, not listen to the report as a mere matter of form, and then hasten on to the discharge of other business, — we shall have made our report in vain, and what should be the work and the interest of the whole Diocese will go on as the work of the few. It is but too apparent, that, in other years, a place has not been made, a sufficiently clear and distinct place, for the consideration of this report. In our General Convention, the plan has been adopted of giving three entire days to the consideration of the missionary work of the Church, and with the happiest results.

It will be a propitious day for the Convention of this Diocese, when, in some way, by some plan, it accomplishes the same result, and *secures* an attention from every member of this house to our own missionary work, worthy of its importance.

And because it feels that there has been a great change of feeling in regard to this whole subject, the Board meets the Convention this year with emotions of profound thankfulness for the year's results.

Never before have we come to present our report, with such an assurance that it will be listened to by those who understand our work and give it their sympathy. Many of our members have met large congregations of our people, face to face, and have seen their interest; and from all parts of the Diocese have come to us tidings of a re-awakened zeal and liberality on the part of many who had not appreciated, on the one hand what a vast burden lay upon us, and on the other hand what great results have been achieved.

Never before has the story of our work been so widely and clearly told, and attentively listened to. Its details have been unfolded to meet possible criticisms, and to remove possible objections. And the result is most satisfactory.

Our intelligent members see, that, with the small sum of \$11,500, we have aided, and in some cases, virtually kept open, twenty-five parish churches and fifteen missions, helping thus to secure the doing of their work, their long list of baptisms and confirmations, their record of useful Christian endeavor; and that, beside this, a General Missionary (whose report accompanies that of the Board) has been kept in the field, who has reached a large number of our scattered people. It has been felt that not one of these churches or missions should be closed, that none of this ministration should be neglected.

Furthermore, very great economy and husbanding of our resources has been evident. Every application has been weighed, and, where it was possible, the amounts granted have been somewhat reduced; \$400 has been saved in this way the past year, and thus been made available for new work. And it should be noted, that while, notwithstanding this, the appropriations have been somewhat in excess of those of the previous year, it was because there have been few vacancies during the time; so that the whole amount appropriated, in almost every case, has been needed, and has been earned. It is a most gratifying and encouraging fact, that many missions have recognized their own prosperity by asking for smaller amounts, and one, Auburndale, has still further honored itself by ceasing to apply at all.

All this implies a healthy condition of things; and it only remains for us to urge that the point reached be held, and the interest be retained undiminished. The confidence and the generosity of the churches shall have its reward in every possible extension of our future work.

Is it too much to ask, that now the case is understood, our work be made easier and more effective by an *immediate* and *specific* increase of offerings?

While we rejoice at our success, we lament as we still behold fields white for the harvest, that we cannot enter. The time was, when the offerings averaged ninety cents a year for each communicant: if they were that now, we could meet all pressing requests; but they have been less than half of that of late. We ask that every communicant make, if possible, one dollar the *minimum*, and that all our parishes and missions act in loyal and hearty response to the following resolution, which we recommend to the Convention for passage:—

Resolved, That in view of the opportunities opening on all sides for missionary enterprise in this Diocese, the Board desires that the annual diocesan contributions may be increased by at least \$3,000; and it hereby asks, for its work for the ensuing year, the sum of \$15,000. And the Board also earnestly begs to remind the rectors and missionaries that it rests largely with them to secure this additional amount, by bringing the matter forcibly to the attention of their people; in which effort it is confidently believed that the laity will cordially second them.

REPORT OF THE GENERAL MISSIONARY TO THE DIOCESAN BOARD OF MISSIONS.

My work during the last Convention year has been carried on amid many interruptions; and hence, though the year has been a busy one, there has been comparatively little Church extension in my special field. In some cases I have been obliged to supply, temporarily, mission stations which were under the charge of the Board, in the prevailing lack of ministers; while the plan of the Parish Missionary Meetings recently inaugurated has taken six Sundays, and much of my other time. But no one who has watched the meetings can doubt that the time and labor which so many have given have been well spent.

I have visited, in all, about fifty towns and villages,—a smaller number than last year; but, on the other hand, there is the gratifying fact that nearly twenty-five towns which at first belonged to my field are now distinctly and actually under the care of ministers who have become resident there, or of neighboring rectors, so that not far from three hundred communicants are thus regularly looked after by others.

The same difficulty as to commencing new work, the pecuniary one, still exists; and great caution has been necessary in entering upon new undertakings, and no small amount of planning. Work has been begun or encouraged only where it was approved in advance by the Bishop, and was wholly or nearly self-supporting from the first, and where it had that best guarantee of success,—a company of loyal and zealous members of our Church, determined, that, by God's blessing, it *should* succeed.

I have held eighty-eight services in thirty-one mission stations or places; have officiated or assisted at thirty-five other services; and, besides this, have delivered seventeen missionary addresses, under the auspices of the Board, or before Convocations. I have administered the Holy Communion twenty-five times in public, and four times in private, and have baptized one adult and thirty-six infants. Two candidates await Confirmation. I have also officiated at three funerals. In every case the person deceased was a communicant of this Church in one of our missions; in two instances, they had last partaken, and quite recently, at my visits. The last funeral (at which I assisted the minister-elect) was that of the venerable Dr. David Parker (a relative of Bishop Parker), who, when more than fourscore years old, had the happiness of seeing his long-felt wish gratified by the establishment of our services in Gardner. He was confirmed there in 1883, and was warden of St. Paul's Mission. Probably his latest long letter was one which he wrote me in March, just after his eighty-fourth birthday, to express his earnest desire for the prosperity of the Church there.

The number of miles travelled, and of visits made, would not differ

materially from those of last year. I have spent but thirty-five whole days at home.

We have had some disappointments during the year. It was found inexpedient to continue services in Hopkinton, as the expenses could not be met unless clerical services were almost gratuitous; and it has not yet been possible to resume them in Fiskdale, which has now practically become missionary ground, the parish having ceased operations. In Ware, there are always good congregations and hearty services at my visits; but regular services cannot be re-established until the Board can promise to aid the work liberally for a few years.

In all the other places of which I spoke last year, there has been success and growth, and this is true, with possibly one exception, of all the stations where work has been undertaken with which I have had to do as General Missionary.

The advance-work of the past year with which I have had any connection, and which seems likely to be permanent, has been in almost new fields, and is mostly of a very modest character.

In my last year's report I mentioned Beachmont, in the town of Revere. This station is now regularly occupied. The first services which I held were well attended, and it was soon resolved to provide for regular Sunday-morning services; and this was done. They were conducted chiefly by Clergymen, though lay-readers sometimes officiated. In November last, the Rev. John C. Hewlett, on invitation, took charge of this mission, in connection with Roslindale and Winthrop; and he has carried on his triple work with industry and zeal. The Beachmont congregation have recently organized as a mission. A Sunday school was commenced there some time since. About \$350 a year is contributed.

Winthrop, just mentioned, is a town near by, having a population of 1,370, where we have a few very earnest members. By the desire of one of them, communicated to me through the Bishop, I went there and visited the families, and then held a service on Sunday, Aug. 30th. There was a pouring rain; but twenty-three persons were in attendance, fourteen of whom were communicants, who remained to partake of the Lord's Supper. Subsequently, after a few services held by others, the question of continuing them was considered, and it was decided, with some fear and trembling, to go on; and so St. John's Mission (named after St. John's Church, Charlestown, dear to some of the workers in the mission,) came into what promises to be permanent being. The Rev. Mr. Hewlett has been in charge since November, but now transfers the work in good condition to the Rev. Benjamin Judkins. The congregation will contribute about \$500 or \$600 per year towards the maintenance of services, and a plan for raising money to purchase a lot is already in operation. A Sunday school holds regular sessions.

Rockport, on Cape Ann, population 3,888, has had a similar history, except that a few services were held there several years ago, and there have been summer services held in one of its villages by a layman resident there a part of the year. We have in this place some communicants who strongly desire that our Church may be planted in the town, and for several months past a determined effort has been made to this end. It seems to be meeting with success. The congregations are large, especially in the evenings, and this with lay-reading, and with ministerial services only at long intervals. A Sunday school, small, but regular in attendance, has been held for several months.

The congregation have thus far contributed at the rate of about \$400 per annum, but it is hoped that during the summer the assistance of visitors to this village and to Pigeon Cove will so swell the contributions as to secure the continuance of services. A lay-reader has been invited for the summer.

Decidedly the most promising opening of the year is that in Everett, between Charlestown and Malden. I had formerly visited the town; but my attention was recalled to it as I studied the census of 1885, and noticed its extraordinary growth in population. It has risen, in five years, from 4,159 to 5,825. Soon after came a letter from a communicant requesting me to visit the place; and, as soon as I could, I did so. On Sunday, Jan. 10th, I held a service in the Young Men's Christian Association rooms, which were loaned for the purpose. A brother clergyman, and a part of his choir, kindly and effectively assisted me, and the service was a very hearty one; quite a large congregation, almost all Church people, being in attendance. The desire was expressed, on all hands, that I would come for another service, which I did two weeks later. It was immediately evident that a ball had been set rolling which could not be stopped. Weekly services were thenceforth held, and for several Sundays the attendance and contributions regularly increased; while, since then, the highest point reached has nearly been maintained. I visited throughout the town, finding seventy or eighty families and more than fifty communicants. At almost every visit, I have found Church people of whom I had not heard before. It became necessary for me to attend somewhat closely to this promising and pressing work, and I have given eleven Sundays to it, though sometimes officiating elsewhere some part of the Sunday; and I maintained, with some assistance, weekly Lenten services. The Sunday school is already considerable in point of numbers, and the Easter services of the Church and Sunday school were delightful. Encouraged by the approval of the Bishop, and by a moderate appropriation from the Board, which pecuniary aid it seems to me will surely be dispensed with in a year or two, they have called a clergyman; and he will probably accept, and soon enter on his duties. May Grace Church, Everett, fulfil the promise of its inception!

Of the several other places where I have officiated occasionally, and of much collateral work, important and often pressing, I need not speak in detail. These places will be carefully watched; and, if there is real promise, the fact will be reported to the Board. So many places have been permanently provided for, that I can now hope to reach out to some which thus far I have almost neglected. There are parts of the State where our churches are too few and far between, making gaps which I long to see closed.

I hope that the time will soon come when it will be possible to positively offer in advance, in cases of peculiar promise, a *definite* sum for a sufficient length of time,—say as high, in some cases, as four hundred dollars per year,—on condition that the mission contribute enough more to secure a clergyman, whose appointment the Board shall make or confirm. Something like this is done by other bodies of Christians. There is one place now in my mind, Chicopee, where five hundred dollars per annum is given by another denomination and a minister maintained, but where all the other conditions are favorable to us. We are gaining strength there; and if the Board could give four hundred dollars the coming year (since the rector of Springfield, owing to his heavy labors, feels compelled to give up the care of the mission), so that a minister could be secured, our advance would be rapid and sure. It is surprising to see with what liberality many of our now strong churches

were aided thirty or forty years ago, in some cases receiving sums the mere mention of which would be startling now. But it was wise policy after all. Our Church will never grow as it should, unless small beginnings are encouraged. Beachmont, Winthrop, Rockport, and others which I have not named, are as promising missions, and are as deserving of help now, as were many parishes which were adopted and assisted in days gone by. And the scarcity of ministers must be taken into account. It is very difficult for a mission able to pay six hundred dollars, to secure a suitable and efficient resident minister with only two hundred dollars or two hundred and fifty dollars aid at first. This is a practical difficulty constantly confronting us, — one which we cannot ignore or reason away.

I have been able to provide for much more work than would otherwise have been done, by the help of several of the Clergy, and (with the Bishop's permission) of lay-readers. And I cannot forbear making my special acknowledgments, and those of several of our missions, to Mr. George C. Tate, of Malden, for very effective and judicious assistance, often gratuitously rendered.

There is one feature of the work in our missions which would win special interest and sympathy if it could be seen. The money given by the little bands of Church people by no means represents *all* that they give. There is much Church work done by those who have wearisome daily tasks, — work which shows plainly their love for their Church, and their enjoyment of the services.

Grateful for the continued sympathy shown for my work, while burdened on the one hand by the consciousness of over-appreciation (not of the labor needed, but of the labor performed), and on the other by a feeling of great insufficiency for so vast a task, I remain,

Very respectfully,

JOHN S. BEERS, *General Missionary.*

On motion of the Rev. GEORGE W. SHINN, D.D., the Report was accepted, and the appended Resolution was adopted.

The Rev. WILLIAM G. WELLS, from the Eastern Convocation, made the following Report : —

The Eastern Convocation of the Diocese of Massachusetts respectfully reports as follows : —

Meetings have been held at St. John's Church, Framingham; Emmanuel Church, Somerville; St. John's Memorial Chapel, Cambridge; Grace Church, Newton; and Grace Church, Lawrence.

Our list now contains the names of seventy-two clergy.

Two have died during the year. The Rev. Dr. Hoppin is identified with the earliest days of the Eastern District Missionary Association. The Rev. Mr. Foxcroft, while rarely attending our meetings, always manifested an interest in our work.

The attendance at the various sessions has shown unabated interest.

Forty clergy were present at Cambridge.

We are glad to recognize the accession from the younger clergy, who, each year, are graduates from our Theological School; as well others who have become members by changes in our Parishes.

Death and removal have reduced the list of our older members, till only five or six remain, who were identified with the early days of its existence.

The meetings during the year past have been marked by the production of papers of unusual value and interest.

Convocation co-operated with the special efforts being made by the Diocesan Board, in a missionary meeting of great interest at Newton.

At the Annual Meeting held on Monday, May 24, 1886, the following officers were chosen: *Dean*, the Rev. GEORGE Z. GRAY, D.D.; *Vice-Dean*, the Rev. GEORGE W. SHINN, D.D.; *Secretary*, the Rev. WILLIAM G. WELLS; *Treasurer*, the Rev. H. A. Metcalf.

The Rev. George Z. Gray, D.D., and Mr. Charles G. Saunders, were chosen to represent Convocation in the Diocesan Board.

The report of the Treasurer shows a balance of \$75.95, which, in accordance with the By-Laws of Convocation, has been transferred to the Treasury of the Board of Missions.

WILLIAM G. WELLS, *Secretary*.

NEWTON LOWER FALLS, May 25, 1886.

The Rev. GEORGE S. PAINE, from the Central Convocation, made the following Report:—

REPORT OF THE CENTRAL CONVOCATION.

The Central Convocation respectfully reports as follows, for the Conventional Year now ending:—

There have been three meetings during the year,—at St. Mark's Church, Southborough, in June; at Christ Church, Fitchburg, in November; and at All Saints' Church, Worcester, in February.

At each of these meetings, according to the usual custom, a Sermon has been preached, and an Essay read, either by a member of the Convocation, or by some Clergyman beyond its limits, especially invited for that purpose.

The usual Collections have been made, which have been partly retained in the treasury of the Convocation, and invested; and partly bestowed upon the Diocesan Board of Missions.

No donation has been granted for the benefit of Church-extension within the limits of the Convocation, during the past year.

Any special and local missionary plans and efforts which may have been organized, will be found duly chronicled in the report of the General Missionary of the Diocese, or in the parochial reports of such Clergymen as may have assumed the care and responsibility of such Mission Services.

At the annual meeting at St. Mark's Church, Southborough, in June, the Rev. Alexander H. Vinton, Rector of All Saints' Church, Worcester, was elected Dean of the Convocation.

GEORGE S. PAINE, *Secretary*.

WORCESTER, May 25, 1886.

President ex-officio, the BISHOP of the Diocese; *Dean*, the Rev. ALEXANDER H. VINTON; *Secretary and Treasurer*, the Rev. GEORGE STURGIS PAINE; *Members of the Board of Missions from the Convocation*, the Rev. THOMAS W. NICKERSON, Mr. MATTHEW J. WHITTALL.

The Rev. LEANDER C. MANCHESTER presented the Report of the Committee on Printing, which, on motion, was accepted.

The Report is as follows : —

REPORT OF THE COMMITTEE ON PRINTING.

The Committee on Printing, appointed at the last meeting of the Convention, respectfully report : —

All the printing of the Convention, except the Centennial Addresses, which were in the hands of another Committee, was intrusted to their discretion. Since the appropriation last year was not increased to cover the extra Centennial printing, the Committee were convinced that there was unusual need of economy in their expenditure. They therefore obtained bids for printing the Journal, from six responsible printing-offices, and gave the work to the lowest bidder, at an unusually low price, and, at the same time, felt constrained to reduce the number of Journals printed as much as possible.

Seventeen hundred and fifty copies of the Journal were printed at a cost of \$1.93 per page. The remainder of the printing of the Convention was procured at the lowest attainable terms, and the whole work was done to the satisfaction of the Committee.

Respectfully submitted,

HENRY M. LOVERING, *Chairman.*

WM. HENRY BROOKS.

LEANDER C. MANCHESTER.

The Rev. CHARLES H. LEAROLD, from the Committee on New Draft of Article VI. of Form of Constitution or By-Laws for Parishes, made the following Report : —

The Committee appointed to consider and report on a new draft of Article VI. of "Form of Constitution or By-Laws for Parishes," present the following Report : —

After careful consideration of the matter committed to them, they unanimously recommend that the following be substituted for present Article VI.

VI.

RECTOR.

The Rector shall be chosen by the Parish, at a meeting called for that purpose, or by the Vestry if authorized by the Parish. No person shall be eligible to the office of Rector, unless he is a qualified minister of the Protestant Episcopal Church in good standing.

A motion having been made that the Report be accepted, and its recommendation be adopted, Mr. WILLIAM S. GARDNER moved an amendment as follows : —

Resolved, That the Report be recommitted, and the Committee be requested to amend their Report, so that the two questions may be separately presented.

On motion of the Rev. HIRAM CARLETON, D.D., —

Resolved, That the Report of the Committee, and the whole matter, be laid upon the table.

✿ The Rev. FREDERICK COURTNEY, S.T.D., offered the following Preambles and Resolutions : —

Whereas, The Book Annexed, notwithstanding the care which has been bestowed upon its preparation, is in its present form an imperfect work; therefore be it

Resolved (I.), That this Convention does not favour the adoption by the General Convention of the proposed alterations and additions in the Prayer Book, as given in the Official Notification and in the Book Annexed Modified, without a further revision of them.

But whereas, There seems to be a general desire for some immediate enrichment of the Book of Common Prayer, and an authorized flexibility in its use; therefore be it

Resolved (II.), That this Convention would favour the adoption by the General Convention of a few permissive rubrical Notes, which could be printed upon a fly-leaf, if thought desirable, for a certain number of years, and be inserted in our present Book without impairing the existing copies thereof; these rubrical Notes to be such as the following : —

(1) This Note is to be added to the rubric before the Morning Prayer.

But Note, That in THE ORDER FOR DAILY MORNING PRAYER, and in THE ORDER FOR DAILY EVENING PRAYER, the Minister may omit so much of that which precedes the Lord's Prayer, and of that which follows the third Collect, as in his discretion he may think convenient, provided there be no such omission on Sunday Mornings when the Holy Communion does not immediately follow the Morning Prayer.

(2) The *Venite* may be said or sung entire, as given in Psalm xcvi., from the Psalter.

(3) The *Benedictus* may be said or sung entire, as given in the Hymnal.

(4) The *Magnificat* and *Nunc dimittis*, as given in the Hymnal, may be said or sung in the Evening Service, after the first and second Lesson respectively.

(5) This Note is to be added to the rubric before the Communion Service.

But Note, That upon Sundays (provided the introductory portion of this Service be used once on that day), and on Week-days, the Priest, at his discretion, may begin the Communion Service at the Collect for the Day, first pronouncing, The Lord be with you. And with thy spirit. Let us pray. Lord, have mercy upon us. Christ, have mercy upon us. Lord, have mercy upon us. Our Father — from evil. Amen.

(6) These words, "once at least in every month upon a Sunday," are to be added to the rubric before the Long Exhortation, beginning, "Dearly beloved in the Lord."

Resolved (III.), That the Deputies from this Diocese be requested to present the above Preambles and Resolutions to the next General Convention.

P. VOORHEES FINCH, *Chairman.*

The Rev. FREDERICK COURTNEY, S.T.D., moved the adoption of the Preambles and Resolutions presented by him on the afternoon of the previous day : —

Whereas, The Book Annexed, notwithstanding the care which has been bestowed upon its preparation, is in its present form an imperfect work; therefore be it

Resolved (I.), That this Convention does not favour the adoption by the General Convention of the proposed alterations and additions in the Prayer Book, as given in the Official Notification and in the Book Annexed Modified, without a further revision of them.

(6) These words, "*once at least in every month upon a Sunday,*" are to be added to the rubric before the Long Exhortation, beginning, "*Dearly beloved in the Lord.*"

Resolved (III.), That the Deputies from this Diocese be requested to present the above Preambles and Resolutions to the next General Convention.

The Rev. GEORGE Z. GRAY, D.D., offered the following Preamble and Resolutions as a substitute for the Rev. Dr. COURTNEY's Preambles and Resolutions: —

Whereas, The approaching General Convention will be called upon to deal with the proposed changes in the Prayer Book, of which official notification has been given to this body;

1. *Resolved*, That this Convention of the Diocese of Massachusetts hereby expresses its grateful appreciation of the ability, learning, wisdom, and fidelity displayed in the work of the Commission by whom such changes have been proposed.

2. *Resolved*, That nevertheless it is inexpedient to adopt any changes in the Prayer Book which a considerable number in the Church may regard as ill-advised or doubtful; and that if such opposition shall become known to the General Convention, a Commission should be appointed to take the subject into further consideration.

3. *Resolved*, That it might be expedient to adopt such rubrics of those submitted as may secure a reasonable amount of elasticity in the use of the Prayer Book until final action on the matter of revision by the General Convention, said rubrics to be printed upon a fly-leaf, and not requiring insertion in the body of the Prayer Book.

4. *Resolved*, That this Diocese while thus expressing its opinion, desires its deputies to the General Convention to go thither untrammelled by pledges, and ready to act as they may be led to decide after discussion and interchange of views with representatives of other Dioceses of this Church.

The Rev. LEIGHTON PARKS offered the following amendment: —

Insert in the 3d Resolution, after the words "Prayer Book," the words "specially in the Order of Morning and Evening Prayer."

The amendment was accepted by Dr. GRAY, and was incorporated in the Resolution.

On motion of the Rev. LEIGHTON PARKS, the House proceeded to the Standing Order of Business, the election of the Standing Committee of the Diocese, permission being granted to him to introduce a Resolution, later in the session.

WILLIAM P. BLAKE, *Treasurer.*

Boston, May 25th, 1886.

Mr. GEORGE C. SHATTUCK, M.D., for the Committee on the
Increase of the Episcopal Fund made the following Report:—

The Committee on the Increase of the Episcopal Fund call the attention of the Convention to the fact that the Fund now amounts to a little less than ninety-four thousand dollars. It was originally proposed to raise a fund of one hundred thousand dollars. At that time, investments were made at six and seven per cent, and now safe investments may yield only four per cent; so that a fund of one hundred and fifty thousand dollars may give an income only of six thousand dollars. The salary of the Bishop is six thousand dollars; and the Convention has directed the repairs, taxes, and insurance of the Episcopal residence to be paid out of this fund. An income of at least six thousand six hundred dollars is wanted. Our present income is largely from parishes who decline contributing to the fund either by cash or notes. Your present Committee have done what they could, and they ask to be discharged. A valuable member of the Committee has been taken from them by death, one who is much missed elsewhere in Church work and duties. It seems very wise to elect an entirely new committee, and to submit to them the question how the fund can be increased, and what steps shall be taken to secure regular and sufficient contribution from parishes not contributing to the fund.

We propose the following vote:—

Voted, That the Rectors and incumbents of all parishes which have not contributed their assigned quota towards the support of the Bishop be urged to instruct their people as to their duty in providing for the support of the Bishop, to exhort and admonish them, and to take up two collections a year, so that every member of the parish may have opportunity to give, either from their abundance or their penury, towards an object of so vital importance.

The Report was accepted, and the Vote appended was adopted.

The CHAIR appointed as a Committee to make nominations to fill vacancies in the Diocesan Board of Missions,—

The Rev. H. I. BODLEY,
" GEORGE E. OSGOOD,
Mr. GEORGE B. NEAL.

The House then proceeded to the election of a Clerical member of the Standing Committee.

On motion of the Rev. GEORGE Z. GRAY, D.D., —

Resolved, That balloting be dispensed with.

On motion of the same, —

Resolved, That the Rev. Thomas R. Lambert, S.T.D., be the fourth Clerical member of the Standing Committee.

The House then proceeded to the election of Deputies to the General Convention.

The CHAIR appointed the following Tellers on the Clerical vote : —

The Rev. WILLIAM LAWRENCE,
 " CHARLES L. SHORT,
 " DAVID J. AYERS.

The Rev. SAMUEL HODGKISS was appointed in the place of the Rev. D. J. AYERS, not present.

On the Lay vote : —

Mr. EDWARD R. COGSWELL, M.D.,
 " ALBERT H. WHITIN,
 " DANFORTH C. HODGES.

The following nominations were made for Deputies to the General Convention : —

The Rev. ARTHUR LAWRENCE, by the Rev. H. I. BODLEY.

Mr. ROBERT TREAT PAINE and Mr. RICHARD GOODMAN, by the Rev. R. KIDNER.

The Rev. GEORGE E. OSGOOD, from the Committee on Unfinished Business, made the following Report, which was accepted : —

The Committee on Unfinished Business desire to report that they find nothing under that head requiring action, save what was referred to special Committees at the last session of the Convention.

(Signed)

GEORGE E. OSGOOD.
 EDWARD L. RAND.

On motion, —

Resolved, That in the election of Officers yet to be chosen at this meeting, balloting be dispensed with.

On motion, —

Resolved, That the Rev. Charles H. Learoyd be elected Treasurer of the Diocese.

On motion, —

Resolved, That the Rev. Edmund F. Slafter be elected Registrar of the Diocese.

The Rev. EDMUND F. SLAFTER, Registrar of the Diocese, presented his Annual Report, which, on motion, was accepted.

The Report is as follows: —

REPORT OF THE REGISTRAR OF THE DIOCESE.

In our purpose to enlarge and enrich the historical collection of the Diocese, it has been our aim to obtain complete series of all such documents, or serial publications, as illustrate the continuous growth and progress of Church work in any of its numerous departments. To this end, attention has been given to the completion of our sets of Convention Journals of all the Dioceses; and it will be necessary to continue our efforts in this direction for several years. There are many lacking Journals in our series, particularly in those of the older Dioceses; and only time and vigilance will reduce the number. During the last twelvemonth, we have added to our collection more than a hundred and twenty of these lacking Journals. The gratitude of the Diocese is due to the Rev. George S. Converse, Rector of St. John's Church, Boston, for the gift of a set of the Journals of the Diocese of New York, from the beginning in 1785 to 1862, inclusive; making, with what we already had, our series of that Diocese complete, down to the present time. These Journals belonged to the late Bishop Onderdonk of New York, and his autograph is inscribed on many of them. We may well regard this as an important acquisition, since the early Journals of that Diocese are exceedingly rare, and the frequent inter-transfer of Clergymen of our own and that Diocese and the intimate relations that have always existed between them, make the contents of these Journals of great historical value.

We are indebted to Mr. Albert H. Hoyt for the valuable gift of the very rare Journals of the Diocese of Virginia, from 1859 to 1868, inclusive, covering the period of the late war. Very few of the Journals of the Southern Dioceses for that period are now extant. It is to be hoped that reprints will be issued, in order to supply this deficiency.

Mrs. Samuel M. Emery of West Newbury has placed the Diocese under great obligation by the gift of a large number of printed sermons, pamphlets, Convention Journals, Church Almanacs, and serial publications, collected by her late husband, the Rev. Samuel Moody Emery, D.D., who was early in this Diocese and also in his later years, but who did eminent service for the Church for nearly thirty-five years in the Diocese of Connecticut. Among these are four bound volumes of the "Chronicle of the Church," published at New Haven, Conn., and ten bound volumes of the "Calendar," published at Hartford, Conn., from its beginning in 1845 to 1854, inclusive. Both of these publications contain much important historical matter bearing upon the local and general history of the Church. Mrs. Emery has also placed in the archives a package of manuscript correspondence belonging to the late

Dr. Emery, which cannot fail, at some future day, to be most useful in fixing dates, and otherwise elucidating the history of the Church.

Edward S. Davis, Esq., of Lynn, very kindly presented to our archives several rare and valuable publications, and among them an original copy of the "Alterations in the Order of Daily Morning and Evening Prayer," made from the English Prayer Book by the General Convention of 1789; also the proceedings in Boston, May 30, 1797, at the reception of Bishop Bass, on his return from Philadelphia after his consecration; and likewise his charge to the Clergy in 1800, now very rare. Mr. Davis also, with a generosity unusual with other men, took from his own file a number of the "Episcopal Register," published at Middlebury, Vt., in 1827, to fill a vacancy in our series. Our set of this important publication, by this generous act, has thus been made complete.

The Rev. J. F. Winkley of Woburn presented, besides valuable historical pamphlets, nine volumes of the "Churchman," covering the period from 1875 to 1883, inclusive, and part of the numbers for 1884. From other sources, the later volumes have been obtained; and our file of the "Churchman" is now complete from 1875 to the present time. As this paper has been the principal organ of this Diocese since 1872, it is particularly desirable to have also, in our archives, the "Churchman" for the years 1872, 1873, and 1874.

During the year the monthly numbers of the "Spirit of Missions," from the beginning of its publication in 1836, covering a little more than half a century, has been completed. The numbers for the earlier years are now difficult to obtain, and it has required the vigilance of two years to gather them together from a great variety of sources. During the eight years previous to the publication of the "Spirit of Missions," missionary papers were issued, more or less irregularly, under the titles, *Quarterly Paper*, *Missionary Paper*, *Periodical Paper*, and the *Missionary Record*. From 1833 to 1835, inclusive, the latter was issued in regular monthly numbers. These missionary periodicals, ante-dating the publication of the "Spirit of Missions," and covering eight years, are exceedingly rare, and at the same time most important to a full historical knowledge of the missionary work of the Church in its early stages. Of these publications, we are happy to report that our file is believed to be complete; and it is the only complete one of which we have any knowledge.

Our series of the "Diocese," now in the ninth year of its publication, containing much valuable information in regard to the Church in Massachusetts, has been completed; several lacking numbers having been kindly contributed by Mr. John S. Blatchford.

Copies of all the editions through which the Prayer Book of King's Chapel in Boston has passed, have been placed in the archives during the past years. The first edition, printed in 1785, now very rare, indicating the original changes made from the English Prayer Book, is the gift of the family of the late Rev. Alfred L. Baury, D.D., of Newton Lower Falls. The fifth and sixth editions are the gift of Miss Georgina Lowell. The seventh is from Mr. Samuel H. Russell. The second, third, and fourth editions were obtained from other sources. These several editions indicate all the changes and modifications through which this Prayer Book has passed from 1785 to the present time, and are consequently of considerable historical significance.

Miss Hannah Shuttleworth of Dedham presented to our archives, by the hand of the Rev. Carlos Slafter, "The Diocesan Register," printed in Ded-

ham in 1812. It contains a calendar, a list of our Clergy, and other important information, and is the first of the kind issued in the interest of our Church, in the United States, which has come to our knowledge. It was edited by the Rev. William Montague, then Rector of Christ Church (since changed to St. Paul's), Dedham, assisted by Mr. John Ruggles Cotting.

The Diocese is indebted to the Hon. Charles H. Bell of New Hampshire for several valuable historical pamphlets, and among them one entitled the "Constitution of the Prayer Book and Tract Association for the Eastern Diocese." On the titlepage is imprinted the Diocesan Seal, which is circular in form; and around the border, in Roman letters, is EASTERN DIOCESE OF THE UNITED STATES. In the field are four mitres, symbolizing the four Dioceses of which the Eastern was composed: the mitres occupy the angles formed by the crossing of two croziers after the manner of St. Andrew's cross. At the top of the seal is a gloria, radiating from a plain cross, beneath which are the letters I. H. S. This Society was organized more than seventy years ago. We have in the archives several of the Tracts published under its auspices; and, as it is very desirable, we hope in time to complete the whole series.

The Rev. Phillips Brooks, D.D., has presented to our archives thirty-four sermons of the Pre-revolutionary or Colonial period, issued mostly as occasional discourses by the Puritan Calvinistic divines of New England, which illustrate the great change that has come over this class of religious teachers in the selection of subjects, the method of treatment, and the motives appealed to in initiating, moulding, and maintaining the Christian character.

St. Matthew's Church, South Boston, has presented, through their senior Warden, Mr. David Clapp, two valuable folios; viz., an English Bible and Prayer Book, printed in 1760, and the American Prayer Book, printed by Hugh Gaine of New York in 1796.

There have been received during the year numerous Reports of the Society for the Propagation of the Gospel in Foreign Parts, making, in all, thirty-five of those issued between 1701 and 1800 now belonging to our historical collection. Their value can hardly be over-estimated, as they constitute an important source of information touching the English Church in Massachusetts, and in the other colonies, during a large part of the Pre-revolutionary period.

Mrs. Nicholas Hoppin has forwarded for the archives, by the hand of the Rev. Arthur C. A. Hall, several important and interesting documents relating to her grandfather, the Rt. Rev. Samuel Parker, D.D., the second Bishop of this Diocese. Among them are certificates of his ordination, both as Deacon and Priest, "in the Chapel Royal at St. James Palace, in Westminster," on Feb. 24th and 27th, respectively, 1774. These are on parchment, signed by the Bishop of London, the Rt. Rev. Richard Terrick, D.D., and accompanied by a license to "perform the office of a Minister, or Priest, in the Parish of Trinity, in Boston, or elsewhere within the province of New England, in North America." Among these papers is a diploma of the honorary degree *Sacro-sanctæ Theologiæ Doctor*, conferred upon Bishop Parker by the College of Philadelphia on the 29th of July, 1789; and likewise a certificate of his consecration as Bishop of the Protestant Episcopal Church in the Commonwealth of Massachusetts, on the fourteenth day of September, 1804, signed by Bishops White, Claggett, Jarvis, and Moore.

The valuable gift of eight sermons and eight addresses, in manuscript, of the Rt. Rev. Alexander V. Griswold, D.D., Bishop of the Eastern Diocese, has been kindly forwarded to us for the archives, by his grandson, Mr. Howard

M. Griswold. These autograph papers will always be highly appreciated by this Diocese.

The official seal of Bishop Griswold, recently found in Dedham by the Rev. Arthur M. Backus, Rector of St. Paul's Church in that town, has been received. It is engraved on brass, is circular in form, and an inch and six-sixteenths in diameter. A mitre is displayed on a plain field; and beneath the mitre, on a scroll, is ALEXANDER, in Roman letters. It is affixed to a handle of dark, heavy wood resembling ebony, three inches in length, and one inch and seven-eighths in diameter.

All the memorials and manuscripts of the Bishops of Massachusetts, which may be presented for the archives, will be carefully and sacredly preserved in the fire-proof safe belonging to the Diocese.

Mrs. Jacob B. Morss has kindly presented a package of manuscript sermons and correspondence of her father-in-law, the late Rev. James Morss, D.D., Rector of St. Paul's Church, Newburyport, whose ministry in that Parish extended through a period of nearly forty years. One of the sermons was delivered at the funeral of Mrs. Bass, the widow of the first Bishop of this Diocese; and another was in behalf of the "Prayer Book and Episcopal Tract Society," already referred to, which did eminent service in the Eastern Diocese half a century ago. The gratitude of the Diocese is due to Mrs. Morss for this valuable gift.

During the year a large collection of historical pamphlets, with many Convention Journals, has been contributed by the American Antiquarian Society, through its librarian, Mr. Edmund M. Barton. Valuable packages of historical pamphlets have been kindly presented by the Rev. Francis W. Smith of Woodstock, Vt., and by Miss E. S. Meriam from a collection of her mother, the late Mrs. Esther L. Meriam of Greenwood, Mass.

Several interesting manuscript letters and a number of Diocesan Journals, to fill vacancies in our series, have been contributed by the Rt. Rev. Bishop Paddock, and a manuscript sermon of Bishop Bass, together with several important historical pamphlets by the Rev. George M. Hills, D.D., of Burlington, N.J.

The sumptuous "History of the American Episcopal Church," edited by Bishop Perry, has been added to our collection, the generous gift of Jonathan French, Esq.; and the richly illustrated "History of the Church in Burlington, N.J., by the Rev. G. M. Hills, D.D.," through the liberal kindness of Mr. Edward N. Perkins.

The papers of the Standing Committee for 1885 have been received from the Secretary, the Rev. George S. Converse, and the original manuscripts of the Centennial Discourses, delivered last year, from the Rev. Edward Abbott, and deposited in the fire-proof safe. The Journals for 1885 of all the Dioceses have, with hardly an exception, been duly received.

I ought not to trespass too much upon your time in describing in detail the numerous gifts that have been made to us during the last year, and will therefore only add that the lasting gratitude of the Diocese is due to the following persons, who have made, directly or indirectly, most important additions to our historical collections: viz., Mrs. James S. Amory; Mrs. John F. Andrew; Mrs. William Appleton; Samuel Batchelder; E. Pierson Beebe; J. Arthur Beebe; Mrs. J. M. Beebe; Miss E. B. Beebe; the Rev. J. S. Beers; Mrs. G. N. Black; Miss A. L. Borland; Martin Brimmer; Joseph Burnett; Mrs. John A. Burnham; Miss Maria D. Burnham; the Rev. Erastus Burr, D.D., Portsmouth,

O.; Alexander Cochrane; Edward W. Codman; Mrs. T. M. Cogswell; the Rev. J. D. McCollough, Spartanburg, S.C.; Mrs. T. J. Coolidge; David Clapp; William Cornwall, Louisville, Ky.; Mrs. J. G. Cushing; John Ward Dean; Stephen G. Deblois; F. Gordon Dexter; the Rev. C. W. Duffield; Mrs. Frances L. Fiske; the Rev. Francis Foxcroft; Jonathan French; the Rev. W. C. French, D.D., Cleveland, O.; the Rev. Andrew Gray; the Rev. Horatio Gray; the Rev. A. E. George; the Rev. John Gregson; Dr. J. Orne Greene; William Glidden; the Rev. Samuel Hart, D.D., Hartford, Conn.; Miss Eunice Hooper; the Rev. C. L. Hutchins; William Hyde, Ware, Mass.; the Rev. W. F. Lhoyd; Prof. William Lawrence; Amos A. Lawrence; the Rev. L. C. Manchester; the Misses Mason; C. J. Morrill; Edward S. Moseley; the Rev. George F. Pratt; Edward D. Peters; R. T. Paine; Miss Palmer; Miss M. A. Palmer; Mrs. Henry A. Rice; Mrs. B. S. Rotch; Mrs. David Sears; Mrs. H. G. Shaw; Dr. George C. Shattuck; the Rev. Charles L. Short; G. W. Shinn, D.D.; the Rev. Edmund F. Slatter; Mrs. Howard Stockton; A. J. C. Sowdon; the Rev. James H. Smith, Fond du Lac, Wis.; Mrs. Nathaniel Thayer; Miss A. G. Thayer; William B. Trask; the Rt. Rev. Thomas H. Vail, D.D., Bishop of Kansas; Nathaniel Walker; the Rev. Samuel H. Webb, Providence, R.I.; D. R. Whitney; Mrs. Thomas B. Williams; the Rev. G. Morris Wilkins, Newtown, Conn.; the Rev. W. C. Winslow; the Hon. Robert C. Winthrop; Mrs. R. C. Winthrop; the Hon. C. W. Woodman, Dover, N.H.; the Rt. Rev. George Worthington, D.D., Bishop of Nebraska.

We have received for the Diocese a portrait in oil of the late Rev. E. M. P. Wells, D.D., executed and presented by Miss Elizabeth A. Clapp of Boston; likewise a portrait in oil of the late Rev. Benjamin C. Cutler, D.D., Rector of Christ Church, Quincy, from 1822 to 1829, and subsequently Rector of St. Anne's Church, Brooklyn, N.Y., presented by the Rev. Horatio Gray. We have also received a silhouette of the late Rev. Nathaniel Fisher, who died in 1812, having been Rector of St. Peter's Church, Salem, over thirty years, presented by Mr. George R. Curwen.

We have, in the archives, engraved portraits of a considerable number of the Bishops and other Clergymen who have been distinguished in the annals of the Church. At the request of the Registrar, photographs of a large number of the Clergy of the Diocese have been deposited in the archives. It is intended to make the collection as complete as possible, including not only those now connected with the Diocese, but those who have been connected with it in former years. Each Clergyman of the Church, in his work and character, constitutes an important part of its history. It is desirable, therefore, that all the published works, large or small, of our Clergy, in this Diocese and beyond its limits, even down to the earliest publication of Colonial times, should be added to our collection. The Clergy can do much to advance this undertaking by sending to the Registrar as many as possible of the publications within the limits of this wide field. Our collection may be greatly enriched by completing numerous series of which we now have imperfect sets, and by adding a vast number of volumes, which, in their subject and treatment, hold a close relation to the history of the Church. We have added during the year, one hundred and eighty-one, making, in all, two hundred and eighty-seven bound volumes now in our collection. They are all bound in half-turkey morocco, in a strong and durable manner, and will continue in good condition, we may well believe, for several centuries.

We have added, during the year, sixty-five printed sermons and pamphlets by Clergymen of this Diocese, one hundred and fifty-two by our Clergy outside of the Diocese, and one hundred and nine emanating from non-Episcopal Churches and religious bodies.

The undersigned has received, from the Treasurer of the Diocese, \$25. The same has been expended as follows: viz., postage on 550 letters sent out by the Registrar, \$11; postage on reports and pamphlets, \$3.52; binding pamphlets, \$10.48; total, \$25.

EDMUND F. SLAFTER, *Registrar*.

On motion, the Third Resolution of the Rev. Dr. GRAY's substitute —

3. *Resolved*, That it might be expedient to adopt such rubrics of those submitted as may secure a reasonable amount of elasticity in the use of the Prayer Book, specially in the Order of Morning and Evening Prayer, until final action on the matter of revision by the General Convention; said rubrics to be printed upon a fly-leaf, and not requiring insertion in the body of the Prayer Book — was not adopted.

On motion, the Fourth Resolution of the Rev. Dr. GRAY's substitute —

4. *Resolved*, That this Diocese, while thus expressing its opinion, desires its deputies to the General Convention to go thither untrammelled by pledges, and ready to act as they may be led to decide after discussion and interchange of views with representatives of other Dioceses of this Church —

was not adopted.

On motion, —

Resolved, That the Rev. Dr. Gray's substitute as a whole be adopted.

Which was not adopted.

The consideration of the Rev. Dr. COURTNEY's Preambles and Resolutions having been resumed, Mr. EDMUND H. BENNETT, LL.D., moved to amend them by striking out the two preliminary clauses, —

Whereas, The Book Annexed, notwithstanding the care which has been bestowed upon its preparation, is in its present form an imperfect work; therefore be it

Resolved (I.), That this Convention does not favour the adoption, by the General Convention, of the proposed alterations and additions in the Prayer Book, as given in the Official Notification and in the Book Annexed Modified, without a further revision of them —

and inserting the introductory clause, —

Whereas, The approaching General Convention will be called upon to deal with the proposed changes in the Prayer Book, of which Official Notifications has been given to this body.

Which amendment was adopted.

On motion, it was moved to further amend them, by inserting the Rev. Dr. GRAY's First Resolution : —

Resolved, That this Convention of the Diocese of Massachusetts expresses its grateful appreciation of the ability, learning, wisdom, and fidelity displayed in the work of the Commission by whom such changes have been proposed.

Which amendment was adopted.

The Rev. LEIGHTON PARKS moved to further amend them, by striking out the clauses, —

(2) The *Venite* may be said or sung entire, as given in Psalm xcv., from the Psalter.

(3) The *Benedictus* may be said or sung entire, as given in the Hymnal.

(4) The *Magnificat* and *Nunc dimittis*, as given in the Hymnal, may be said or sung in the Evening Service, after the first and second Lesson respectively, —

but withdrew the motion for the present.

The Rev. EDWARD ABBOTT moved to further amend them, by inserting the word “among,” before the words “these rubrical notes,” in the Second Resolution, so as to read “among these rubrical notes,” etc. ; which amendment was adopted.

On motion of the Rev. JAMES P. FRANKS, —

Resolved, That, in view of the late hour, the report of the Committee on a new Canon governing the registration of Communicants, be recommitted, to be reported at the next annual meeting of the Convention.

The Rev. EDWARD M. GUSHEE, for the Committee on Constitution and Canons, presented the following Report: —

The Committee on the Constitution and Canons, to whom was referred a proposed amendment of Canon 2, Sect. 4 (1), Title I., report that they are unable to see that the amendment, although allowing the phraseology of the present Canon, contemplates any other change in the opening service of the Annual Diocesan Convention, than the substitution of the Bishop's Address, or Charge for a Sermon. To bring the proposed change in the Canon before the Convention for their action, they offer the following resolution in the place of the one submitted to them for consideration:—

Resolved, That Canon 2, Sect. 4 (1), Title I., be amended by striking out all that comes after the words "Divine Service;" and by substituting for the words removed, the following: "On the first morning there shall be the Ad-

ministration of the Holy Communion and the delivery of the Bishop's Address, or Charge."

The Committee also recommend the shortening of the opening service of the Annual Diocesan Convention by the omission of Morning Prayer and Litany before the Administration of the Holy Communion, in accordance with the existing section of Canon 2, and as the Canon will also stand if amended as proposed.

The Committee also state, that an amendment of the Standing Order of Business will be required to correspond with the above amendment to the Canon, and the above recommendation, if adopted.

EDWARD M. GUSHEE.
HENRY F. ALLEN.
EMELIUS W. SMITH.
JOHN E. SANFORD.

The Report was accepted. The Amendment of Canon 2, Sect. 4 (1), Title I., offered by the Committee, was adopted by vote of a majority of each Order, and the accompanying Recommendation was adopted.

The Rev. EDWARD M. GUSHEE moved the following Amendment to the Order of Business, for the First Day of the Session of the Diocesan Convention : —

APPENDIX C., ORDER OF BUSINESS, FIRST DAY OF THE SESSION, A.M., ART. II. — For the words "Morning Prayer, and Sermon or Charge, and the Administration of the Holy Communion," substitute, "the Administration of the Holy Communion, and the Bishop's Address or Charge."

The Amendment was adopted.

The Rev. EDWARD M. GUSHEE, for the Committee on the Constitution and Canons, presented the following Report : —

The Committee on the Constitution and Canons having considered the proposed Amendment to the Constitution, Sect. 3, Art. II., whereby there would be added after the word "represents," the words "nor unless such Parish shall have paid its Convention Assessment for the year next preceding," etc., respectfully report, that inasmuch as it is not found that any inconvenience arises from delinquencies of this nature, this change in the Constitution seems to be unnecessary, and they therefore do not recommend the passage of this amendment.

EDWARD M. GUSHEE, *Chairman*.

The Report was accepted, and adopted.

The Rev. R. KIDNER offered the following Resolution : —

Resolved, That Article III., Section 8, of the Order of Business, shall read, "A recess may be ordered."

For which Resolution the Rev. G. S. BENNITT offered the following substitute : —

Resolved, That a Committee of two Clergymen and one Layman be appointed to report to the next Convention such changes as they may deem necessary in the Standing Order of Business, on account of the shortening of the Opening Services of the Convention, and the time of the delivery of the Annual Address of the Bishop.

The Substitute was adopted.

(For the Standing Order of Business, see Appendix C.)

The CHAIR appointed as the Committee on the Adjustment of the Order of Business, —

The Rev. G. S. BENNITT, the Rev. R. KIDNER, Mr. HENRY HYDE SMITH.

Mr. HENRY HYDE SMITH, for the Committee on Finance, made the following Report : —

The Committee on Finance respectfully report, —

That they have examined the accounts of the Treasurer of the Convention for the past year, and find them correct and properly vouched for ; and

That in view of the fact that in addition to the ordinary Convention expenses, a deficit of \$600 from the previous year must be provided for, and also the travelling expenses of the deputies to the General Convention this fall, as well as the annual travelling expenses of the Bishop, as voted by the Convention, all requiring the sum which an assessment of three per cent on the salaries of the clergymen would yield, they recommend that such assessment at three per cent be made.

JOHN S. BEERS,
HENRY HYDE SMITH, } Committee.
JAMES CUNNINGHAM, }

The Report was accepted, and its Recommendation was adopted.

Mr. ROBERT M. LAWRENCE, M.D., from the Episcopal Church Association, presented the following Report: —

ANNUAL REPORT OF THE EPISCOPAL CHURCH ASSOCIATION.

The work of the Association has been continued during the past year. About two hundred meetings have been held at the Rooms since our last report, and fifty-eight clergymen not connected with this Diocese have registered their names. It is difficult to over-estimate the value of a central Headquarters, as a means of systematizing the many branches of Church-work. The present efficient Superintendent daily dispenses information which could hardly be obtained so readily elsewhere. The regular meetings of the Clergy have been held at the Rooms every Monday forenoon, with the exception of Dec. 28th, and April 19th and 26th. The average attendance has been thirty, showing a marked increase compared with last year, when the average was nineteen.

The Committee in charge of these meetings are: the Rev. GEORGE Z. GRAY, D.D., the Rev. WILLIAM C. WINSLOW, and the Rev. GEORGE H. BUCK, *Secretary*.

At the regular meeting held May 3rd, 1886, the following Resolution was unanimously adopted: —

Resolved, That the thanks of the Episcopal Clerical Association be extended to the Episcopal Church Association for its kindness in granting the use of its Rooms during the year.

At the annual meeting held Nov. 1st, 1885, the following officers were chosen: —

Honorary President. — The Rt. Rev. BISHOP of the Diocese.

President. — ARTHUR J. C. SOWDON.

Vice-Presidents. — JOSEPH S. FAY, GEORGE C. SHATTUCK, M.D.

Clerk. — HENRY M. UPHAM.

Treasurer. — ROBERT M. LAWRENCE, M.D.

Superintendent. — Miss CECILIA SAINT CLAIR ELTON.

Directors. — JOHN S. BLATCHFORD, CHARLES W. DEXTER, WILLIAM C. LOVERING, ROBERT T. PAINE, EDWARD N. PERKINS, CHARLES G. SAUNDERS, HOWARD STOCKTON.

Respectfully submitted in behalf of the Board of Directors,

ROBERT M. LAWRENCE, *Treasurer*.

The Trustees regret, that, although the number of volumes distributed is somewhat larger than last year, yet it is not commensurate with the Society's resources, as will be seen by the balance of Income in the Treasurer's Report, \$808.51, nearly as much as the expenditure. They desire more effectually to aid feeble Parishes, Missions, and those endeavoring in remote places to plant the Church acorn.

Application for grants of Books should be made to the Bishop of the Diocese, or to the Treasurer, Mr. H. M. Upham, of Cupples, Upham, & Co., 283 Washington Street. It is hoped that during the coming year more books may be distributed, and the Income of the Society expended "for the glory of God, and the furtherance of His kingdom on earth, as it is in heaven."

Respectfully submitted for the Trustees,

EDWARD NEWTON PERKINS, *Clerk.*

The SECRETARY presented the following Report of the Southern Convocation : —

REPORT OF THE SOUTHERN CONVOCATION.

The Secretary respectfully reports as follows : —

There have been three sessions of the Convocation during the past year, — the first in October, at St. Thomas' Church, Taunton; the second in January, at the Church of the Ascension, Fall River; and the third in May, at Emmanuel Church, Boston. The session in Fall River was one of special interest, missionary meetings being held simultaneously, in the evening, at the Church of the Ascension, St. John's, and St. James' Churches.

At the annual meeting, held on Tuesday, May 11th, the following officers were elected : —

Dean. — The Rev. LEONARD K. STORRS.

Secretary and Treasurer. — The Rev. FREDERICK B. ALLEN.

Members of the Board of Missions from the Convocation. — The Rev. REGINALD H. HOWE and Mr. SAMUEL G. SNELLING.

There are now fifty-four clergymen members of the Convocation.

FREDERICK B. ALLEN, *Secretary.*

Boston, May 24, 1886.

The SECRETARY presented the following Report of the Western Convocation : —

The Secretary of the Western Convocation respectfully reports as follows, for the year 1885-86 : —

A meeting was held at St. John's Church, Ashfield, Sept. 21st and 22nd, which was full of interest because of the report of the very successful mis-

sionary tour undertaken last Summer in Berkshire, under the auspices of the Convocation, by Messrs. Grant and Addison, members of the Cambridge Theological School.

Another meeting was held at Christ Church, Springfield, Feb. 15th and 16th, at which the General Secretary of Board of Missions, and also Rev. Dr. Bunn, Rev. Mr. Wicks, and Miss Carter, were present, and which was devoted to a consideration of the general Missionary work of the Church.

It will be seen from the topics selected for these meetings, that the members of the Convocation thoroughly appreciate their coming together as offering valuable opportunities for the study of their duties, both within and without their own limits.

The following officers have been elected for the present year:—

Dean.—Rev. P. V. FINCH.

Secretary.—Rev. J. C. BROOKS.

Treasurer.—Rev. C. J. PALMER.

Members of Board of Missions.—*Clerical,* Rev. J. C. BROOKS; *Lay,* Judge C. C. CONANT.

JOHN COTTON BROOKS, *Secretary.*

SPRINGFIELD, May 25th, 1886.

The SECRETARY presented the following Report of the Trustees of the Chapel of the Good Shepherd:—

The Trustees of the Chapel of the Good Shepherd made their last report to the Convention of 1881.

At that time the amount of their indebtedness was \$18,500.

With the income of the Huntington House, this amount has been reduced to \$11,500. It will probably be entirely paid within seven or eight years.

Besides providing a Church for the parish of the Good Shepherd, the trustees have annually contributed to its support, thus performing the work contemplated by the founders of the trust.

JOSEPH W. WOODS, *Clerk.*

BOSTON, May 26, 1886.

The SECRETARY presented the following Report of the Church Home for Orphan and Destitute Children:—

REPORT OF THE CHURCH HOME FOR ORPHAN AND DESTITUTE CHILDREN.

Since the last meeting of Convention, thirty-three children have been admitted into the Home, to replace those who had been returned to their parents, or otherwise provided for. Of these about one-third were girls, the rest were boys. Two of the girls were sent to the Industrial Training School connected with the Young Women's Christian Association, and, after the usual course of instruction, obtained excellent situations, where they have since done well. Ten children have been baptized, and one has died; these statistics are included in the report of Rev. John Wright, Rector of St. Matthew's Church, and Chaplain of the Home.

The Home mourns the loss of two faithful friends during the past year. Dr. William R. Lawrence, one of the original Board of Trustees, and always deeply interested in the welfare of the Institution, although latterly he had not been actively connected with it, died in September. Only a month before,

Dr. Joseph R. Draper, for sixteen years the unfailing friend and skilful physician of the Home, was called from his labors here, to higher service.

A heavy load of anxiety has been lifted from the hearts of the Board of Managers by the comparative restoration to health of the Assistant Matron, Miss L. Dexter, after a long and dangerous illness; and the prospect of her entire recovery gladdens the whole household. The absolute devotion of the two Matrons to the welfare of the Home, has been an important factor in the good work which it has accomplished.

Respectfully submitted,

SARAH A. C. BOND, *Secretary*.

The SECRETARY presented the following Report of the Trustees of St. Luke's Home for Convalescents : —

REPORT OF THE TRUSTEES.

The Trustees of St. Luke's Home for Convalescents present the fourteenth Annual Report of its condition and charitable work, together with the Treasurer's Statement.

The Treasurer's Account shows a total of receipts in Donations, Miscellaneous Offerings, and Annual Subscriptions, of \$7,991.55, against \$6,610.89 in 1884. The expenses and repairs amounted to \$7,336.83, against \$8,306.72 last year.

Except in Annual Subscriptions, which fell off \$206, the receipts from other sources were larger, enabling the Trustees to pay off the debt for rebuilding the retaining wall on the north side of the Home, and leaving a balance in the Treasury at the close of the year.

The year has been prosperous, and the work of the Home has been greatly blessed. There have been nearly the same number of patients as last year, and by reference to the Treasurer's Statement it will be seen that the expense of Hospital maintenance has been about the same.

The Trustees feel that they have reason to thank the friends of the Home for their liberality, showing that the work is approved, while they also almost feel as if they would be sustained in an enlargement of the Home, to accommodate the increasing demand upon its resources and benefits.

F. C. FOSTER, *Secretary*.

The Rev. EDWARD W. OSBORNE presented the following Report of the Massachusetts Branch of the Church Temperance Society:—

FOURTH ANNUAL REPORT OF THE MASSACHUSETTS BRANCH OF THE CHURCH TEMPERANCE SOCIETY.

The fourth year of our Society has been marked by distinct progress all along the line. Not, indeed, that our progress is all that we could wish, or perhaps that we hoped for, but certainly far more than many expected.

A few words will state our numerical growth. We have now twenty Branches, and five Juvenile Branches in the Diocese, reporting a membership of one thousand and sixty-five adults, and two hundred and seventy-five children. As some of the Branches have not reported numbers, and others have

not reported their increase during the year, this does not represent the full number. With the one hundred and thirty-four members of the Diocesan Branch, there are not less than fifteen hundred persons enrolled in our Diocese under the banner of the Church Temperance Society.

It is sometimes asked, How many of these are total abstainers? The Executive Committee cannot answer this question exactly; but the following figures will give an approximate proportion.

Four of the largest Branches, which together report four hundred and sixty-three members, give three hundred and fourteen on the total-abstinence pledge against one hundred and forty-nine on the wider pledge, — a little over two-thirds of the whole number. This may be taken as a fair average of all the Branches, with one remarkable exception, in which the members under Declarations B and C are as six to one of those under Declaration A (Total abstinence). Of course, all the children are received on the Total-abstinence Pledge. They are not included in the above estimate.

The following is a full list of Branches, with their membership, as far as reported :—

Of course, as before, there is a great difference among the various Branches as to methods of work, and also as to their active and aggressive character. This is partly dependent on local circumstances, but perhaps more so upon the

vigor and earnestness displayed by the officers of the Branch. We hope for much growth, both in numbers and in life, from the work of the newly appointed Organizing Secretary.

This appointment is our chief mark of progress in the year past.

Attention was called in the last Report to the need of a Secretary or Agent, who should be able to give all his time to the carrying on and developing of the work of the Society. The Executive Committee, having appointed a Committee to secure subscriptions, and obtain the services of such a suitable agent or Secretary, experienced some little difficulty in finding the right man for the place. They believe, however, that they succeeded fully when the appointment was offered to the Rev. SAMUEL HAVEN HILLIARD, of Woburn, Mass. Knowing him to be a man of wide experience in Mission-work, and gifted with organizing power, and much energy in work, tempered with prudence, they feel that they can with confidence recommend him to the Clergy and Laity of the Diocese, as an efficient and conscientious helper and leader in the cause of the promotion of Temperance.

Mr. Hilliard entered on his duties as Organizing Secretary of the Massachusetts Branch of the Church Temperance Society, on Feb. 15, 1886, and has already met with much encouragement in the work. He has visited the Branches already established, giving addresses and studying their methods. He has also visited and spoken in parishes where no organized work as yet exists, and has taken active part in the formation of a new Branch at Chelsea.

Of the work in the Diocese he is able to report, that he "has not found any Rector who regrets organizing a Branch of the Society;" and to add in another report, "I think, that, with time and patience and prudence, it will be found that most of the parishes will be glad to have connection with the work in some way or another."

Of a visit he has made to the Central Society in New York, he says, "The visit left in my mind the impression that work of this kind is certain to become, every year, a more important part of the Church's work in every Diocese, and that, slowly but surely, it will become one of the most effective agents in the influence of the Church upon the nation. . . . The large meeting which I addressed for Mr. Graham at Annex Hall was so exactly the kind of meeting which would offer chances for personal rescue work, and for stirring up men of the working classes to work for their fellows, that I was most glad to have seen it. It is an ideal which I do not want to feel is possible for our Church to realize in New York, but not in Boston. . . . The Knights of Temperance, of which two companies drilled together at Calvary Chapel while I was in New York, seemed to me a most practical way of getting and keeping a hold upon boys and young men."

In addition to the work mentioned above, Mr. Hilliard has visited the Police Courts, and many of the Homes and charitable institutions of Boston, and the State, some with a view to gather information, others that he might address the inmates. On a visit to a Home for Girls who need care and reformation, he was asked to baptize two young girls, who had been anxiously awaiting the opportunity that a visit from a Clergyman of our Church would afford.

The occasional visits of the Organizing Secretary to the different Branches will tend to promote unity among them, as well as increase of life and interest. Unity of purpose and method may probably be well promoted by

the gathering of Parishes and Branches into small local districts or unions, for mutual help and sympathy. Such districts or unions may also be usefully formed among parishes in which it does not seem expedient at present to form a local Branch. This plan is under consideration and experiment by the Organizing Secretary and Executive Committee.

The expenses and salary of the Organizing Secretary will be met by a special Fund raised for the purpose. To this Fund, eleven Churches and Branches, and thirty-six private individuals, have contributed \$1,303.51, besides a number of other contributions promised, but not yet collected.

The appointment of an Organizing Secretary is not the only matter for congratulation. We must note with real gratitude the large growth of interest amongst the Clergy of our Church.

In three successive years, the Executive Committee have, with the endorsement of our Diocesan, asked that the Clergy would, upon a given Sunday, address their people upon the subject of Temperance and the work of the Society. To this request there were last year not less than sixty responses; that number of sermons or addresses being delivered on or about Sunday, Nov. 8. This Sunday was that chosen for united effort in the eleven Dioceses comprised in New York, Pennsylvania, New Jersey, and Connecticut, in which together the number of sermons amounted to six hundred.

The annual Public Meeting of the Society was held in Horticultural Hall, Boston, on Monday, Nov. 9, 1885, when there was a large and enthusiastic audience. Speeches were made by the Chairman, the Bishop of the Diocese; the Hon. Charles C. Coffin, well known in connection with the Boston Police Bill; the Rev. Christopher K. Elliot, the Rev. Edward Abbott, and the Rev. A. C. A. Hall.

The Executive Committee have held eight meetings during the year, at which many matters of interest have been discussed, in addition to the carrying-on of the work of the Society.

Attention has been called to the Metropolitan Temperance Board of New York, formed under a resolution passed at the last Annual Convention of the Society. It is probable that in the near future some such organization may be desirable for advancing Temperance work, and overcoming obstacles to it, in the city of Boston.

The Executive Committee have been asked by one of the Branches to consider the advisability of the introduction of a High License Bill for Massachusetts, similar to that which the Central Society has been mainly instrumental in introducing into the Senate at Albany. It seems, however, wise to wait and see the result of that effort, and perhaps of the working of High License in other States, before making the attempt here. The Prohibitionists, who, with strange inconsistency, make common cause with the distillers and liquor-sellers in opposing High License, are so numerically strong in Massachusetts, that it seems more than doubtful that success would follow the introduction of such a measure into our Legislature.

The financial condition of our Society is good, and the prospect for the coming year encouraging. The Society has to its credit at the Bank \$197.25, besides \$1,141.71 on account of the Special Fund. It has no debts or outstanding accounts.

In submitting this Report, the Executive Committee desire to express their thankfulness to Almighty God that He has been pleased thus far to bless their work; and they most earnestly commend the Massachusetts

Branch of the Church Temperance Society to the prayers, not less than to the aims, and labors of the faithful.

The Massachusetts Branch of the Woman's Auxiliary to the Board of Missions presents its Eighth Annual Report.

One hundred and six Parishes are now associated in this Missionary organization. During the winter of 1885-86, there has been an average representation of forty-nine Parishes at the monthly meetings, — a larger attendance, and more general interest manifested than ever before.

The Annual Sermon was preached in St. Paul's Church, Boston, by the Rev. WILLIAM S. LANGFORD, D.D., Secretary of the Board of Missions.

The Auxiliary aims to increase its work with the increased needs of the rapidly extending Mission-field; and the record of the year ending September, 1885, proves that no Missionary enterprise fails to secure sympathy and substantial aid, so far as is practicable. The Report, published last October, shows results as follows: —

The Rev. WILLIAM C. WINSLOW presented the following Report of the Free Church Association (Massachusetts Branch):—

REPORT OF THE FREE CHURCH ASSOCIATION—MASSACHUSETTS BRANCH.

The Executive Committee of the Free Church Association (Massachusetts Branch) respectfully presents its Fourth Annual Report to the Convention.

On Nov. 1, 1885, occurred our annual service, when the Rev. R. H. HOWE, of Longwood, preached the sermon, at the Church of the Good Shepherd, in Boston; the Rev. Messrs. CONVERSE, PRESCOTT, and WINSLOW taking part in the service. On the following day, the annual meeting was held at the Church Rooms; Dr. SHATTUCK presiding, and the BISHOP of the Diocese opening the meeting with prayer. The following officers and board were chosen for 1885-86:—

President.—GEORGE C. SHATTUCK, M.D.

Vice-President.—REV. GEORGE J. PRESCOTT.

Secretary.—REV. WILLIAM C. WINSLOW.

Treasurer.—I. WELLS CLARKE.

Directors.—REV. REGINALD H. HOWE, REV. L. B. BALDWIN, REV. SUMNER U. SHEARMAN, REV. JOHN T. MAGRATH, HON. JOSEPH BURNETT, A. J. C. SOWDON, J. D. W. FRENCH, JOHN S. BLATCHFORD, and JOHN P. REYNOLDS, M.D.

Following the meeting was a well-attended Conference, when a letter was read from Archdeacon FARRAR, and addresses were made by Dr. SHATTUCK, the Rev. Dr. COURTNEY, and the Rev. Messrs. MAGRATH, PECK, CONVERSE, HALL, A. GRAY, BALDWIN, and WINSLOW. Among the Lay speakers were Messrs. SOWDON, H. M. UPHAM, and E. R. HUMPHREYS, LL.D.

An important and useful tract has been issued, entitled, "Some Practical Suggestions as to the Inauguration and Conduct of the Free Church System," which, with other tracts and sermons, are for general distribution.

We simply add that the recent discussions on the subject of Free Churches in the press, and the evidences of their steady increase in the land, are very gratifying; for they indicate how deeply our Church is interesting herself in the welfare of the masses, as well as in the voluntary support of a parish by its people.

Respectfully submitted, etc.,

WILLIAM C. WINSLOW, *Secretary.*

Boston, May 25, 1886.

The Rev. THOMAS F. FALES presented the following Report of the Massachusetts Church Missionary Society:—

REPORT OF THE MASSACHUSETTS CHURCH MISSIONARY SOCIETY.

This Society has not been engaged in the active prosecution of Missionary work during the past year; but it has contributed to the Diocesan Board the interest of trust funds which it holds, and has authorized the Trustees of Donations to transmit to the same Board the net income of the fund bequeathed by Bishop Eastburn, for the year ending May, 1887.

The following officers for the ensuing year have been elected:—

President.—MARTIN L. BRADFORD.

Vice-President.—RUSSELL STURGIS, jun.

Secretary.—REV. THOMAS F. FALES.

Treasurer.—STEPHEN G. DEBLOIS.

Executive Committee.—REV. PHILLIPS BROOKS, D.D., REV. GEORGE W. DURELL, REV. WILLIAM LAWRENCE, REV. AUGUSTINE AMORY, REV. LEONARD K. STORRS, RUSSELL STURGIS, jun., and CHARLES W. DEXTER, Esq.

THOS. F. FALES, *Secretary.*

The SECRETARY presented the following Report of the Society for the Relief of the Widows and Orphans of Deceased Clergymen of the Diocese:—

THE ANNUAL REPORT OF THE SOCIETY FOR THE RELIEF OF THE WIDOWS AND ORPHANS OF DECEASED CLERGYMEN OF THE PROTESTANT EPISCOPAL CHURCH.

The Society, in compliance with the provision of its By-Laws, presents to the Convention of the Diocese its Report for the year 1885-86,—the forty-sixth year of its existence.

In the death of its First Vice-President, the Rev. NICHOLAS HOPPIN, D.D., which occurred on Monday, March 8, 1886, the Society has been deprived of the services of one who had been a Trustee from the year 1858,—the long period of twenty-eight years. His Christian character, courteous deportment, and unflinching interest in the work of the Society, greatly endeared him to his co-laborers.

In March last, a circular, explaining the purposes and working of the Society, was prepared and sent to all the Clergy of the Diocese by our deeply interested and very efficient Treasurer: it is hoped that it will be the means of inducing many of them to avail themselves of the very great advantages provided for them by the Society.

By a vote of the Society, it is required that all applications for relief, whether for the first time, or for the renewal of that previously granted, shall be made in writing to the Officers and Trustees, and shall give the reasons why such assistance is desired; such applications to be regarded as strictly confidential.

With each new year of the Society, from the increased and increasing number of widows and orphans of deceased clergymen of the Diocese, there is an increased number of calls on the Charity Fund for gratuitous relief.

Not to respond favorably to these calls, would be to prolong painful and wearing straitness, if not actual suffering; so to respond, requires much anxious thought and untiring endeavor. Will not the Clergy and Laity of the Diocese so think upon these things, that they will be made to feel that it is their bounden duty to liberally aid in carrying on the good work given the Society to do?

The Treasurer's Report for the Society's year shows the following items:—
Income from investments, \$4,832.74.

ANNUITY FUND.

The present market value of the Annuity Fund is \$69,252.95.

The cash value of the annuities of the contributing Clerical members is about \$36,000; leaving a surplus over all liabilities of \$33,252.95.

New investments: from cash, \$2,119.60.

For the year the income of this Fund was \$3,319.85, of which \$2,964.85 was from investments, and \$355 from annual subscriptions.

The sum of \$475 has been paid to the families of deceased clergymen.

Two contracts have been cancelled, upon just and equitable terms, by the payment of \$758.75.

CHARITY FUND.

The present market value of the Charity Fund is \$39,744.

For the year the income of this Fund was \$2,821.34, of which \$1,867.89 came from investments, \$948.42 from contributions, and \$5 from payment of a member.

During the year the sum of \$2,235 has been distributed among the families of *thirteen* deceased clergymen.

The total amount of the market value of the Annuity and Charity Funds is \$108,996.95, — a gain of \$5,278.60 since the previous year — being \$7,377, — a gain of \$3,154.75 since the previous year — above their par value.

All interested in the welfare of the Society have great reason for gratitude to the Treasurer for the great care and unsparing labor bestowed upon the management of its Funds, the evidence of which is seen in their remarkably prosperous condition.

Respectfully submitted in behalf of the Society,

WM. HENRY BROOKS, *Secretary*.

In conclusion, the Trustees ask the co-operation of the Clergy and Laity of the Diocese, that, with their warm sympathy, generous gifts, and earnest prayers, the new era on which the Institution has just entered, may, God giving His blessing, be one of greatly enlarged prosperity and usefulness.

Respectfully submitted in behalf of the Trustees,

By a Resolution of the last Convention, the Committee on the Centennial
 Observance was "instructed to have printed at least two thousand copies of

the Commemorative Discourses delivered on the occasion of the observance of the One Hundredth Year of the Organization of the Diocese of Massachusetts, for distribution by the Secretary of the Convention."

In accordance with this vote of the Convention, an edition of two thousand copies of the Three Discourses was printed, and five hundred copies of the Bishop's Discourse as a separate issue.

Of this edition of two thousand copies, twelve hundred and thirty-eight copies have been distributed under the direction of the Secretary of the Convention. The distribution has included all the Clergy canonically connected with the Diocese; three copies to each Parish in the Diocese; the Bishops of all the Dioceses and Missionary Jurisdictions; the Secretaries of Conventions; Registrars of Dioceses; and a miscellaneous distribution to the press, libraries, etc.

The Committee on the Centennial Observance, in making this its final report, recommended to the Convention, that the Secretary of the Convention be authorized to adopt such means as he may deem expedient to place the remaining copies of the Commemorative Discourses within reach of those who may desire to procure them, at a price that shall cover all costs pertaining to custody and distribution.

Address.

DEAR BRETHREN OF THE CLERGY AND LAITY :

Full of the joy and gratitude that came like a flood-tide on our souls at the review, a year ago, of our first Diocesan CENTENNIAL, we all went back to our respective fields for a new and buoyant year of labor. It has been a fruitful season. God has greatly blessed us with returns of peace, increase, and prosperity. In many important respects the Diocese is somewhat in advance of any thing it has ever before reached. And still, so far as I know, there have not been any unusual or newly discovered spiritual agencies at work, or methods adopted. I am not aware that there has been any marked revival of religious influences among Christian bodies generally, in this Commonwealth. God's help has come to us standing in the old paths of the Church, and asking after the old ways. Possibly, *more* of enduring gracious influences would have reached us had we tried some of the new methods : I do not disparage them, but I am grateful that we have been much blessed using what we have already.

But, before I allow myself the pleasanter part of my canonical duty, I must reverently pause to give God thanks for the good examples of those of our Diocesan household who have departed this life in His faith and fear, and who have left us the poorer for their departure.

Five such have gone ; and, save one, all had lived beyond three-score years and ten, while one was in his eighty-sixth year. The Rev. John Thompson Burrill died within the precincts of his last Parish, St. Luke's, Chelsea, on the twentieth day of September, 1885. It was a matter of regret to me, that all arrangements for the last offices were completed before I was notified ; for a change

of two hours would have enabled me to be present. This most venerable servant of God was in his eighty-sixth year; and, because of deafness and other infirmities, had long been unequal to labor, waiting until his appointed time should come. Beginning his work for Christ as a Methodist minister, he wrought until he was well past fifty years of age, in that connection. Then becoming a Church Clergyman, he took charge of Christ Church, Quincy, for several years; was for thirteen years Chaplain of the House of Correction, South Boston; for eleven years Rector of Christ Church, Boston; and then, after a rest of two years, he entered upon the charge of St. Luke's, Chelsea, in 1871. Here he toiled on, amidst many infirmities, until 1880, when the burden became too heavy. Mr. Burrill was greatly and deservedly esteemed by my predecessor in the Episcopate; and, to the end, he commanded the respect and esteem of all who valued true worth and humble piety.

On the 16th of October last, the Rev. Charles McIlvaine Nicholson, Rector of the Church of the Messiah, Wood's Holl, suddenly, as in an instant, departed this life, in the thirty-sixth year of his age. But alas! how sorely had he been disciplined by pain, anxiety, and almost helplessness, before his deliverance came. His disease, a necrosis of the jaw, was full of physical horrors and called for heroic remedies. The surgeon's knife and caustic were familiar things to him; but, during the many months of his stay at the Massachusetts General Hospital, I never saw him otherwise than cheerful and hopeful. I am sure it is only God who giveth such songs in the night. He died at home, whither he had gone in the hope that the chief dangers were past and the way to recovery was open. By some effort, I was enabled to be at his Church for the last offices. He sleeps in peace, under the shadow of the chancel of his own loved Church.

On Jan. 16, 1886, the Rev. Henry Norman Hudson, LL.D., almost seventy-two years of age, went to his rest with God. He died in Cambridge; and we reverently bore his body to and from the chancel of St. Peter's Church, which was his ecclesiastical home. The greatness of this master of Shakspearian literature is undisputed wherever the English language is read. His goodness, blamelessness, and conscientiousness are equally well known to a smaller circle. His peculiar gifts he exercised to the glory of

God, the increase of truth, purity, and true manliness, and to the lasting benefit of religion. Only one such man is given to a generation.

In Cambridge, on the 8th of March last, the Rev. Nicholas Hoppin, D.D., gladly and happily commended his spirit into the hands of the Lord Jesus, after seventy-three years of probation and service. Learned far beyond most of us, faithful and fearless in all his convictions, saintly and self-sacrificing in his daily life, this good man walked with God, and finally "was not; for God took him."

His approach to the end was gradual, and the outward man was decaying for many months; but the inward man was renewed more and more, day by day. His life was long and arduous, blurred by no spots or stains. I think he was the founder of St. John's Church, Bangor, Me. After a brief stay at St. Andrew's, Philadelphia, he came, in 1831, to Christ Church, Cambridge; and he toiled on, beloved of very many, until the middle of my first year in the Episcopate. He it was, who, on the 2d of October, 1873, so unexpectedly to me, and so graciously, became the spokesman for fifty of his assembled brethren, and bade me welcome to the Diocese, as I concluded my first Episcopal act, — the consecration of St. Peter's Church, Cambridge. Six months later he laid down the pastoral staff which he had borne so humbly and effectively for more than thirty-four years; and he undertook no Parish — but much work — after that. I stood over his bier in the Church of St. John the Evangelist, Boston, last March, sure of our loss and his great gain.

Only very recently, on the 4th of May, our excellent and venerable brother, Francis A. Foxcroft of Cambridge, departed this life, in the seventy-eighth year of his age. Ordained to the Diaconate in 1832, under the guidance of Dr. Alonzo Potter, Rector of St. Paul's, Boston (afterwards the great Bishop of Pennsylvania), he wrought for a time in Maryland, but was much hindered from regular work by infirm health. He has had no stated work since my acquaintance with the Diocese began, declining it of necessity. His quiet, holy, humble life insured him the respect and love of all who knew him; and we give God thanks for his good example.

If, in this now great Diocese, I dared to begin the enumeration of our yearly losses among the Laity, how could I overlook Dr.

William R. Lawrence, one of the honored builders of the beautiful Longwood Church, following too soon good Samuel L. Bush of that Church ; and James D. Brewer of Christ Church, Springfield ; and Judge Churchill of All Saints', Dorchester ; and Charles Hovey, for almost half a century a pillar in St. Anne's, Lowell ; and others, men and women, honored, useful, and lamented, full of faith and good works : but I must not allow myself entrance on this broad and difficult field. We miss some every year, and can only rejoice in their gain.

I note briefly, but reverently, the Church's loss of three of her Bishops. Bishop Lay, of Easton, died at the Church Home, Baltimore, Sept. 17, 1885, in the sixty-second year of his age, and after an Episcopate of a quarter of a century. Whether as " Missionary Bishop of the South-West," or as Bishop of the " Diocese of Arkansas in the Confederate States of America," or as Bishop of Easton, he was ever the same clear, wise, holy man. To him, chiefly, we owe our improved Lectionary. " He was a good man, and full of the Holy Ghost and of faith." His influence was very marked in the House of Bishops, where his knowledge, clearness, and admirable judgment were conspicuous.

Bishop Young of Florida, on the 15th of last November, and in the sixty-fifth year of his age, died in a New-York City hotel, with few friends around him, after a very brief and almost unnoticed illness. Such a departure is very sad for us who knew and loved that godly and noble man. But I fear it is a *natural* way for a Bishop to find the gate of Paradise in some strange place, perhaps alone, away from home and its loved ones. The Bishop of Easton, you remember, died away from home. God help us all in our journeyings, never to be far away from Him and His Holy Angels ! Bishop Young had done wise and enduring work for almost a score of years, and his works do follow him. He was a man of studious and holy life, full of sympathy for his Churches and Pastors, and able, as well as willing, to cheer them in their isolation and poverty. As an expert in Liturgics and Ecclesiastical music, he had few superiors ; and his scholarship was rich and varied.

One cannot record the sudden breaking and the death of the strong, manly, godly Bishop of Missouri, without a peculiar pang of sorrow. Bishop Robertson died in St. Louis, on the first day of this present month, in the fifty-second year of his age, and the

seventeenth year of his Episcopate. Plucked from a country Parish, he became a Bishop at thirty-three years of age, and lived long enough to see his eighteen Clergymen multiplied to more than sixty, and to rejoice over seventy new Churches built. He was one of the most truthful, honest, loving, just men ever found in our Episcopate. He knew not how to do a hard, unjust, or dishonorable action. But it cost him a great price, recently, to do what he thought was his canonical duty. All discipline is made costly for Bishops now-a-days. The only other Bishop who has been compelled to pronounce sentence this year, after an "Ecclesiastical trial," has borne such contumely for his acts, that he says to his Convention that this has been the saddest year of his life. Is this a wholesome condition of Church Discipline? It will ever be a sad remembrance that Bishop Robertson's sudden physical downfall and wrecked power were probably hastened and intensified by vehement attacks on his conduct in a most painful case of discipline, where he was discharging conscientiously a canonical duty, — attacks which laid a needless cross on already overburdened shoulders, offered his sensitive spirit gall to drink, and pressed the thorns home to his pierced heart. But his name is untarnished; and, if the righteous shall be had in everlasting remembrance, surely the Church will hold this fearless, strong, and tender-hearted Bishop in lasting honor.

I am expected, by canon, to lay before you the record of my official acts since last we met in Convention. No statement of public acts can convey a very accurate impression of the duties of my office, and of their attempted discharge: the things unrecorded form much the larger half of my work. No mention is canonically required of the many hours spent in travel, or of the consumption of time and strength in never-ceasing correspondence, and in interviews with men and women on a vast variety of subjects, rarely useless or trivial. No mention need be made of merely social or recreative duties or pleasures, for I have no time for any. If I did not find — as, thank God! I do — my pleasures in my work, I should not have many. But the record of certain outward and visible signs of occupation will be found in the "Journal of Official Acts," which is appended to this address, not to be read unless called for by the Convention.

I have made 157 formal Visitations, besides taking part in 37

other Services, ordinary and extraordinary, such as Ordinations, Consecrations, Convocations, and the like. Such work as belongs to meetings of Committees, Trustees, Examiners, etc., — often somewhat laborious and responsible, — I have been engaged in 94 times. Of Sermons, Addresses, and Catechisings, I have delivered 363. And, on 165 different occasions, I have confirmed 1,650 persons, — a number larger by 204 than in any previous year of my Episcopate, and 467 larger than the average for the last 12 years.

I now read the names of the Parishes or Missions in which (or for which, in some cases) Confirmation has been administered, and the numbers for each. Administrations in private are not distinguished in this summary, although, of course, counted.

Rectory in building	1

It is the natural instinct of gratitude to note, among the first things, in our yearly review, the Churches, Parish Houses, and Rectories built or bought since we last met in an Annual Synod. There have been consecrated Grace Church, Chicopee, of which the interesting particulars were given in my last address; Epiphany, Winchester, of which I spoke then; St. John's, Jamaica Plain, erected two or three years ago, and cleared of debt last summer, largely by the munificent gift of a single family; and St. Margaret's, Brighton, built years ago, but never till now ready for consecration. Unexpected circumstances postpone until next Tuesday the consecration of the unique and attractive Church of the Holy Spirit, Mattapan, of which I will now say no more, than

that it is a precious and costly gift in stone and rich colors, from a loving daughter, as a memorial to her father, the late Benjamin S. Rotch of Emmanuel Church, Boston. The gift is a worthy one. The example of this young disciple of Christ is worthier still, and should be a living epistle to our men and women of wealth, some of whom are well on towards life's sun-setting, and have not yet made a single grand offering to the Church, by which they can be remembered by an ever-grateful posterity. Why stand they all the day idle?

In all, I have consecrated four Churches; but that is not all of the grateful record. We have gained other Churches besides these. Ascension, East Cambridge, has bought and paid for the excellent building of brick and stone in which it has been worshipping as a "hired house;" thus obtaining from the disintegrated society abandoning it, a church, with bell, organ, etc., at the cost of \$6,000, which it would require three times that amount to place to-day on that desirable corner-lot. It should now receive some needed improvements and simple decorations from favored friends of poor and free churches, and then be presented for consecration. St. James', Fall River, of which I spoke last year, — an admirable structure, — was completed and opened last autumn. The Chapel of the new Parish of the Incarnation, Lynn, which, with its lot, cost \$16,000, and on which \$10,000 has been paid, was opened last February, and is found to be very inconvenient, on account of the frequent experiments at seating three hundred people where two hundred and fifty only are provided for. This is a noble success for a city of forty-six thousand, in which many excellent people have believed until lately that there was no room for more than one Episcopal Church. The first one was never so crowded as now, since the second was a success; and both live in brotherly love. There are other Lynns still left in Massachusetts, which badly need conversion. St. Paul's, Gardner, has been completed and opened under too heavy a debt, and some grave discouragements; but, with its vacancy just now well filled, the Mission is full of courage. St. Philip's, Easthampton, led on by the laborious and most skilful management of its Minister, has completed, on its excellent lot, a section of a new and handsome brick Church, at a cost of \$4,200. Here, too, the attendance has outrun the expectations; and they are greatly surprised and in-

commoded. They have still \$750 to raise, in order to be free ; and the generosity of Churchmen should continue to flow that way. The very pleasing and commodious St. Matthew's Chapel of the City Mission, South Boston, was formally opened soon after the last Convention, and is doing an excellent work. These six Church buildings, built or bought, but not yet consecrated, are among our gains for the year now closing.

Besides these, I may record that the Church of the Redeemer, Lexington, has nearly completed its new Church. Trinity, Lenox, is far advanced in the construction of a beautiful stone Church ; Trinity, Melrose, blessed by the bounty of a departed sister in Christ (Miss Catharine Louisa Tyer), with a gift of \$10,000, which, under circumstances of peculiar nobleness, was doubled by her living relatives, is about to erect a memorial Church of stone ; and, finally, Christ Church, Andover, whose ancient edifice was burned an hour before the Bishop's visitation, and which found its chastisement more tempered by mercy than is usual in such losses (the admirable wisdom of *insurance* being never better illustrated), is now erecting a stone Church of much cost, the gift of one generous man, — *in memoriam*. But of these, more fully next year, if it please God. Thus we are now building four Churches.

In other lines of Church-extension, I may add that Trinity, Woburn, has added a modest Chapel, or Sunday-school room, to its Church ; St. Mark's, Southborough, has built a new Choir-room, and must soon enlarge its Church ; Holy Trinity Mission, Marlborough, under the Rector of St. Mark's, Southborough, has bought a desirable lot for a Church ; St. James' Mission, West Somerville, has moved its Church to a better lot, and decorated it suitably ; St. James' Church, North Cambridge, has improved its Chancel, and built a new vestry-room. The Good Shepherd, Watertown, has secured an admirable site, and begins to think of building.

Besides the above gains, we have done something in Parish Houses and Rectories. Trinity, Melrose, has completed its Parish House at a cost of \$2,500. Christ Church, Quincy, has built an excellent Parish House, Chapel, etc., costing about \$6,000. The Rectory enlargement and renovation at St. John's, Ashfield, mentioned last year, have been accomplished, at a cost of \$1,200. The elegant stone Rectory and cloisters at Longwood have been com-

pleted, at a large cost, and given to the Parish forever, by a noble woman; and a valuable house has been given to the Parish, as an abiding source of income for the care of the Church's property, by a member of the Church of the Saviour, Longwood, who never rests long from noble acts of bounty. On a very costly lot next St. Paul's Church, Brookline, a beautiful stone Rectory has been erected, as a gift and a loving memorial of that noble layman, Henry S. Chase, whose death was a great loss to the Church. This is, next to Trinity Rectory, Boston, the costliest Rectory in the Diocese. A venerable friend of St. Paul's, Dedham, has given to the Parish, with his well-known unweariedness in well-doing, an excellent Rectory. And St. John's, Northampton, has built and partially paid for a like home for its valued Minister.

I almost fear I shall weary you with these most grateful evidences of God's blessing, if I go on to tell of the many lesser visible tokens of interest and advance in our houses of God. Nor do I know them all. But I will be most brief. From the spire of St. John's, Worcester, there ring out the tones of a superior bell, put there in memory of the Rector's father. St. Stephen's, Lynn, rang, on Easter morning, a chime of ten bells, said to be almost perfect, and costing \$5,250, contributed to by almost everybody in the Parish, as a memorial to the late Enoch R. Mudge, of blessed memory. St. Peter's, Salem, has a superior chime of nine bells, costing, perhaps, \$4,500. Christ Church, Springfield, has erected an organ worthy of the great Church, and costing \$5,000. The Church of the Messiah, Boston, is newly decorated, at an expense of \$1,200. St. Matthew's, South Boston, has expended for a like object \$1,000. St. Margaret's, Brighton; Grace, Medford; the Church of the Saviour, Longwood; St. Paul's, Brookline; St. John's, Boston Highlands; St. John's, East Boston; St. Mary's, Dorchester, — have all been improved and adorned. Christ Church, Fitchburg, has expended for such work upwards of \$3,000. St. James', Great Barrington, has expended in carpets, chancel furniture, etc., \$1,400. Old St. Paul's, Newburyport, is enriched by new windows of cathedral glass, and St. Luke's, Chelsea, by a handsome memorial window over the altar. St. Peter's, Salem, is greatly bettered by its chancel improvements. Ascension Memorial, Ipswich, ever quietly gaining in good things, has a new pulpit, reredos, etc. St. John's, Charlestown, is bettered by good

taste and loving hands in its chancel fixtures. St. John's, Williamstown, has painted its exterior. Venerable St. Michael's, Marblehead, has, in like manner, thoroughly renewed its Church and Chapel. At St. James', Amesbury, and St. Matthew's, Worcester, new and costly steam-heating apparatus proves more valuable than adornments. Trinity, Haverhill, has gotten an organ costing \$2,500. And I doubt not many other good things have been done, which have not come to the knowledge of your Bishop.

It will, I hope, be counted by this body a token for good, that the Massachusetts Branch of the Church Temperance Society has grown courageous enough to appoint a General Secretary, who devotes all his time to the work of the Society. It is his labor and desire to present the cause wherever he can find a hearing in our Parishes, whether Parish societies be contemplated or not; to meet and address such existing societies; and in all proper ways to commend the good cause to the attention of the people of our Commonwealth. The Society gains ground, but not rapidly and with enthusiasm. In some villages, with existing organizations effecting much good and restraining a great, dominant sin, it would be felt doubtful wisdom to press the claims of our Society. But there is room enough, and an all-devouring evil rampant and defiant. I pray God's blessing on this agency, as also on that admirable ally of temperance, soberness, and chastity, "*The Law and Order League*." The Rev. S. H. Hilliard of Boston is the efficient Secretary of the Church Temperance Society, and I commend him to all our Ministers and Parishes.

The Massachusetts Branch of the Woman's Auxiliary continues unwearied in well-doing, accomplishing great good. Its chiefest blessing for us is its invaluable efficiency in the instruction of its members—delegates from over a hundred of our Parishes—in the principles, methods, and results of the Mission-work of the Church. I am satisfied, that the most intelligent members of our Communion, in matters that are essential to a true and abiding interest in Missions, are now to be found among the women, rather than the men, of our Massachusetts Churches. The Woman's Auxiliary has contributed during the year covered by its last Report, upwards of \$8,000 in money, and about \$10,700 in value of boxes sent to Missionaries and Missions: in all, \$18,700.

Our two incorporated Church Schools for Boys are in full vigor ; both St. Mark's (Southborough) and Groton seek no scholars, but are sought of many who cannot be received. The latter has added a new Dormitory to its buildings : the former, new lots to its domain, and now has upwards of forty acres in possession. A school, not incorporated, the " Keble School " at Hingham, abundantly competent, I think, to do a blessed work for our younger girls, struggles on almost unknown and uncared for by the Church in the Diocese. I pray God in His good time to put it into the heart of some steward of His bounty to make a Church School for Girls a success in this Diocese. We need it greatly. Why not this?

In my Address of last year I commended, as warmly as I could, "the Enrolment Plan" for the creation of a noble fund for the Church's General Missions, and said, "Would to God I might say to our next Convention, that there is not a Parish or Mission in Massachusetts totally unrepresented in that possible triumph!" I cannot yet say it; and unless many Rectors and Missionaries deem it worth while to move at once to secure some names, however few, it must be reported in September that the majority of Churches in this ancient and strong Diocese care not to have part or lot in the matter. Some are doing nobly: probably every Church in the Diocese could send in a few names at least, if the effort were made. Names of laymen have been sent in through other channels, because their Ministers proposed to do nothing in their own Churches. It is painful to think how cold many can be towards a plan, which, in its essential features, has been welcomed by Methodists and Congregationalists, and which has produced among them magnificent results. To cry aloud from morning until noon-day, "The people of the Lord are we," but not to do the things which He says, does not prove the claims of our Apostolic Church to the satisfaction of the American people.

During October next the General Convention will be in session in Chicago. Matters of the greatest moment must come before that body. The upheaval of our industrial and social life by the irrepressible conflicts between labor and capital might wisely interest that Assembly,—conflicts not *necessary* because of any essential antagonism between the contending parties, or because of the advance of civilization, or because of any unprecedented

tyranny or hard-heartedness on the part of the capitalist met by an unheard-of selfishness or lawlessness on the part of the laborer. The contentions arise because the great prosperity and growing greed of gain, too little dominated by a religious sense of stewardship and brotherhood, naturally collide with the general ignorance of the laws of social and political economy, combined with natural, if not always lawful, ambitions; and then the latter are easily driven into illegal and ruinous antagonisms and tyrannous dictation, under the leadership sometimes of well-meaning but not always far-seeing men, sometimes of mere demagogues and unprincipled theorists. Rich and poor, capital and labor, cannot live together with "sweet reasonableness," except under the presence and power of the Religion of Jesus Christ. And it is the agnosticism, scepticism, and materialism in high places and among people of wealth and culture, percolating in time through the lower strata of society, by a very law of their nature, that are responsible for most of our social disorder and unhappiness. When will men learn that Religion has the promise of this life as well as of that which is to come?

Whether the General Convention ponders this question or not, it will be a meeting of vast moment to the Church; and every Diocese is bounden by the most solemn responsibilities to choose, without fear or favor, its truest, wisest, strongest, best men among the Clergy and Laity, whom it will not "instruct," but whom it will altogether trust, after full hearing of all questions, to speak and act for the Diocese which sends them. And such men should go up from all parts of the land, religiously consecrated to stay unweariedly by the work to which the Church calls them, giving all their time, patience, and strength to this one business. I know the labor, the trial, sometimes the excessive weariness, of this devotion; but the Church is not thinking of her representatives' honor and enjoyment, but of her own vast interests at stake. "Ye serve the Lord Christ." And as no provision for entertainment is henceforth to be expected, agreeably to the new rule of the last General Convention, every Diocese should make provision for its Deputies' necessary expenses; so that no suitable man may be passed over by the electors, or forced to decline if elected, because of pecuniary inability.

Great matters deeply concerning the Missionary character and

conduct of the Church will occupy attention, and demand wisdom and courage. The Foreign field was never before so ripe to the harvest as to-day: witness China and Japan. Missions at home and abroad should be the one engrossing, all-absorbing topic, if this great Synod is to expect the blessing of God on the Church for which it speaks and acts. Among other questions of great moment, not improbably the question of a Court of Final Appeal will be rightly pressed upon the Convention; — a question which from some points of view is of great urgency, but would be greater, I think, did the conscience of the Church now demand, or did its public sentiment universally approve, any discipline whatever for well-nigh unquestioned and sometimes vaunted breaches of the Church's law of doctrine and ritual, or quick, indignant, straightforward condemnation of all breaches of honor, covenant, or morals. I suppose the discipline of this Church was never at a lower ebb than now; and some good men rejoice in the laxity, who, nevertheless, have covenanted before God to "be ready, with all faithful diligence, to banish and drive away from the Church all erroneous and strange doctrines contrary to God's word." I would not willingly think evil of any brother; but as I survey this national Church, and note not only tendencies but overt acts and outspoken deliverances, it seems as if *indifferentism* were becoming a high ecclesiastical virtue; and as if in our new "charity" which "rejoiceth in the truth," sometimes, it is held by some Clergymen and many Laymen, that a minister may teach and worship as he will, according to his inner light, or darkness, if only he will let others do the like. Nay, I fear that here and there it is almost proclaimed that Christianity may be preached as an evolutionized heathenism, or as a baptized philosophy, *provided*, it may also be preached as a nineteenth-century mediævalism, or as a Salvation-army revivalism; each teacher cheerfully conceding the rights of all the others, and leaving the unchanging "*Truth as it is in Jesus*," "*the Faith once delivered*," the only friendless defendant. If this, or any thing like it, be our attitude, it is evident that we shall not greatly need courts of appeal; for we have not many matters which will be brought to trial. We shall need no courts to appeal to, because we shall have no courts to appeal from. But it is refreshing to some to note, just at this time of singular contempt of clerical discipline, a considerable revival of zeal among many

members of the General Convention, in respect to the urgency of canonical legislation for the better discipline of—the Laity.

Probably, most serious-minded Churchmen regard the question of Prayer-Book Revision as the most interesting and perhaps important matter that can come before the Convention. I am not going to assume the office of instructor of such a body of men as I see before me, as to what changes are expedient or inexpedient, what parts of the Book proposed are worthy of grateful adoption, and what portions call for amendment or even rejection. But you will, I think, suffer me to say, first, that our Prayer Book of 1789 is not an inspired volume incapable of amendment, or enrichment, or adaptation to the vastly changed circumstances of a century later. Secondly, that even on the accepted and only possible basis of revision, viz., the eschewing of doctrinal changes, *a revision can never be reached* if every man is to demand satisfaction on every point which his personal tastes and judgment approve or condemn, and is to oppose the whole because he is in the minority as to some part. Thirdly, if the noble devotion and labors of that Committee, — unequalled in the history of our American Church, — which during three years wrought on the volume which it laid before the Convention of 1883, are to go for nothing, and the Book as amended then is either to become the Book rejected, or to fall out of its present honorable status as the accepted basis of a fully determined revision; then the courage and faith of the Church are demoralized, and the Deputy is not now elected who will see during his time any *true revision* of our Prayer Book, or any thing more than a few cheap rubrical make-shifts and necessary licenses, barren of enrichment, and tending only to economy in public worship, and to liturgical poverty. The Book of Common Prayer is not capable of holy enrichment and increment of spiritual power, by any amount of work with saws and axes. And, lastly, should the revised Book be ignominiously dismissed because of the fear that a Prayer Book wisely adapted to all our present necessities would bind the conscience in the ministration of the Church's Doctrine, Sacraments, Discipline, and Worship, more stringently than a Prayer Book ill adapted could do; then irregularities must increase, apologies for dishonored law and breaches of solemn covenant be bolder and more welcome, and the Church soon part with its already marred prestige as the Church of Common Prayer and Praise.

God grant to this old historic Diocese, in this serious hour of the Church's history, "that it may both perceive and know what things it ought to do, and also may have grace and power faithfully to fulfil the same!"

To one other matter of general interest I would respectfully call your attention. I have reported to you this year the smallest number of Candidates for the Ministry, which I have reported for nine years. I told you of more who sought Christ's Ministry when we had fifteen and a half thousand of Communicants, than I can to-day tell you of with twenty-two thousand. And this is not the worst of it, because *our* deficiency may be of short duration: but what if along the Church's whole line the deficiency is notable? For twenty years there has been no marked and unvarying increase in the number of men ordained year by year; and the average yearly gain over losses by death is about 50, — less than one for each Diocese and Jurisdiction. Meanwhile the Church has gained nearly 150 per cent in the number of Communicants, and should have to-day more than 550 Candidates instead of 272. I suppose that any average mind can see whither all this tends, and what frustration of the Saviour's Prayer it is working, and what a crippling of the Church's power at its very centre it portends.

Where are the young ministers who should spring forward eagerly to bear the Gospel and the Church into our poorest Mission-fields at home, choosing to *endure hardness* as good soldiers of Jesus Christ? Where are our volunteers for foreign service? Where is the company which will remind this Church of the score of men who urgently asked to be sent just where Bishop Hannington and his comrades met their recent glorious martyrdom? Where those who will emulate the fifty-three Cambridge University men, who have just asked the English Church Missionary Society to send them to China, or wheresoever it will?

We have all causes assigned for the deficiency in Candidates for the Ministry except the right one; viz., the lack of ceaseless prayer for more laborers, of sympathy and help for them while training for their work, and of resolute *Christian* education of our hopeful youth. If any Christian Minister or man dare desire to see *fewer* laborers sent into the harvest, there is no better way invented than some of these following: Christians may discourage young men from thinking of the Ministry, by reminding them that God

has placed them in poverty, and it is unmanly to accept the outstretched hand of the Church, which is both divinely obligated and is willing to help them acquire the laborious and costly education. Christians may throw them under influences which hold the Christian faith, the Church of the living God, the calling of the Ministry and personal consecration to it, in light esteem, and which consequently leave only a pitiful fraction of those so trained who will elect the disparaged "profession." Christians may instruct young men that the necessity of soundness in the Faith, and the honorable obligation either to preach and teach the truth as that Church holds it which commissions and supports them, or else to lay down their office, is an intolerable burden and bondage, which no independent mind and high-toned spirit can endure. Christians may figure it out on the slate, that some young Deacons will not receive at first—perhaps not for some years—more than twice as much money as the similarly placed young lawyer or physician will earn; and may, even through most or all of their Priesthood, have little more than food, raiment, and shelter; and, as educated and self-respecting men, they should not therewith be content. Christians may forewarn them that should unrighteous Vestries vex their righteous souls, neither Canons will, nor Bishops can, always protect them; and, further, that the Church is shamelessly negligent of its aged and broken Ministers; and, finally, that they can look forward to no Courts of Appeal when they shall be tried for heresy or immorality. Strange as it may seem to us, every one of these discouragements is brought before our devout youth *by Christians*. And the world, the flesh, and the Devil grow gleeful over the success, and re-enforce the objections to a noble young man of high culture and good prospects serving so poor a paymaster as the Lord Jesus Christ, and so hard a steward as the Church of God. Oh, for shame! Oh, treason! Good Lord, awaken thy Church from its worldliness; teach it to glory in the Cross; fire its heart with the spirit that once forsook all things to become Christ's servant; send it to the study of the great souls from the Apostles' day down to this, who have served an ungrateful, unappreciative, unremunerative, sneering, persecuting age or generation,—souls of whom the world was not worthy; and who, moved by none of these things, "finished their course with joy, and the Ministry which they received of the Lord Jesus," and now triumph forever

with Him, who, "in bringing many sons unto glory," made "the Captain of their Salvation perfect through sufferings."

In my last Annual Address I was moved to say, among other things concerning Missions in this Diocese, that we stood in no need of tinkering the machinery—"the wheels"—of our Missionary agencies, but in great need of "*the Spirit of the Living Creature in the wheels*;" and that "we want the same sort of instruction from every Pastor, as to the principles, the motives, the methods, and the successes of Missions in general, and in the Diocese, that he gives in every other branch of the Christian life. . . . We want—what they would never be without in the best ordered Churches of England and the Colonies—a meeting for Missionary prayers, praises, and addresses, in every Congregation of the Diocese, at least once a year." Thank God! the Diocesan Board has wrought nobly on that line during the last year, aided by more offers of Clerical and Lay assistance than could be used. At vast labor on the part of the Special Committee to which the Board intrusted the matter, and especially on the part of Mr. Blatchford, our Treasurer, a great and good work has been more than inaugurated. In no less than seventy-four different Churches have Missionary meetings been held by the Board, usually with three speakers at each meeting, and a good—sometimes very large—attendance. No less than fifty different speakers—some Laymen among them—have given us one hundred and sixty-seven addresses for this cause; and, in the name of the Diocese, I thank them, from a grateful heart, for this noble service. It is unprecedented in the history of this American Church. I know that some one may say, "Your fifty speakers have not all been great or original or eloquent men. Some among your one hundred and sixty-seven speeches have been not quite pertinent, perhaps commonplace, uninteresting, not greatly helping head or heart." Yes: not every Parish has had our greatest men; with all the generosity of some of our foremost Rectors in the Diocese, they cannot be made to reach every Parish; *nor need they*. Still I venture to say that, from all the records of Missionary and Convocation work during the history of this Diocese, you cannot call out any seventy-four meetings of so high a spiritual plane, of fuller Missionary instruction, and of better ability, than the seventy-four which the Board has given to this Church since we last met. From large

opportunities of observation among our Parishes, I have reached the conclusion that the meetings have been almost universally acceptable to our Clergy and Laity. They have done not a little in laying hold on *the spiritual life*, and, by quickening that, have laid the only broad foundation for interest in Missions. This large experiment has much more than paid its way, as men say. But if earnest presentation of fundamental Gospel teaching as to every Christian's duty; if fervent appeal to the most spiritual motives; if clear views of the claims of the world-wide field, and definite knowledge of precisely our work in our own Diocese; if encouragement from the grand successes of Missions here and everywhere, — if these Gospel methods (not tried by every Rector as yet) have not lost their usual power through the Divine Spirit, then this Diocesan Church is repaid for these labors "tenfold into its own bosom." God bless the workmen, their errand, and the Churches that bid them welcome!

The Treasurer will presently show you a cheering report of the Board's finances. It will appear that we have met all our liabilities for our work, and, owing to vacancies in some places entitled to a stipend, we have a balance of a few dollars. But, oh, that we could escape this bondage to an unchanging income expected from an ever-growing Church! Oh, that your Board might not be *compelled* to see good and successful men straitened almost cruelly, because the Church does not enlarge year by year its agents' abilities to bestow! We are only "your servants for Jesus' sake," — your stewards. Remember this, dear Brethren of the Ministry, and ye Churches as well, when you chide us for not giving you more than the Church gives us. A feeble Church, with a zealous head, determined very recently, after one of the Board's Missionary meetings, to raise during the next year fifty dollars, as an extra offering for the work now appreciated. There are Churches that could raise two or three thousand dollars, and not a few five hundred, with less of sacrifice. But God give us patience, and make us love toil and weariness for the dear Saviour! Rest and fruition will come by and by.

It only remains that "I commend you to God, and to the word of His grace, which is able to build you up, and to give you an inheritance among all them which are sanctified." His is the Kingdom: His be the power and the glory forever.

*Of the Mode of Securing an Accurate View of the
State of the Church.*

SECTION 1. — As a full and accurate view of the state of the Church, from time to time, is highly useful and necessary, it is hereby ordered that every Minister of this Church, or, if the Parish be vacant, the Wardens, shall present, or cause to be delivered, on or before the first day of every Annual Convention, to the Bishop of the Diocese, or, where there is no Bishop, to the President of the Convention, a statement of the number of Baptisms, Confirmations, Marriages, and Funerals, and of the number of Communicants in his Parish or Church; also the state and condition of the Sunday Schools in his Parish; also of the amount of the Communion alms, the contributions for Missions, Diocesan, Domestic, and Foreign, for Parochial Schools, for Church purposes in general, and of all other matters that may throw light on the state of the same. And every Clergyman, not regularly settled in any Parish or Church, shall also report the occasional services he may have performed, and, if he have performed no such services, the causes or reasons which have prevented the same. REMARKS.

The Parish made an extra effort during the last year to increase the carpet fund, and to diminish the debt on the steam-heating apparatus. Before the carpet can be put down on the Church floor, money must be raised to repair the ceiling of the Church, so that the fund will have to be increased about \$300 yet before any thing can be done.

The \$75 given as coming from other source, towards liquidating the debt on steam-heat, was not raised in the Parish this year: it comes from a debt due the Parish for a few years back. We were very glad to receive it now, being very much needed.

Miss Kate Tyer — a former member of the Parish, but of recent years a member of Trinity Church, Melrose — died, intestate, on the 7th of November. On Sunday evening, Feb. 28, the Church building "was burned to the ground." A new Lecture Room of stone, in course of construction, is to be paid for out of the insurance money. The Lecture Room will be connected with the new Church, which will be ready for consecration about Christmas time. The Church is the gift of Mr. John Byers of New York, formerly of this Parish, and will be a memorial of his father and mother. The Chancel windows will be a memorial of his brother, Peter Smith Byers. The organ for the new Church is the gift of Mr. Horace H. Tyer and his sister, Miss Kate Tyer, since deceased. REMARKS.

The Receipts are from February, 1885.

About nine persons receive the Holy Communion; but not one, to my knowledge, has brought a transfer, or commendatory letter, from the Church where he formerly communed.

Service was started here through the efforts of Mr. F. S. Howard. He, by the advice of the Rev. G. J. Prescott, asked the Rev. J. S. Beers, General Missionary of this Diocese, to officiate. This clergyman held the first public Service in Beachmont, in the "Union Evangelical Church," on Sunday morning, Feb. 8, 1885. Regular Service has been held since May 17, 1885. I took charge of the Mission, Nov. 8.

The Sunday school was started March 14, 1886.

REMARKS.

A much larger amount has been given to Missions and Church work without the Parish than is given in the foregoing statement. Through the Guild of the Disciples, 36 Parishes throughout the country have been assisted in furnishing their altars. The sum of \$6,000 was offered to the Corporation towards the completion of the Church, by the parishioners, upon the condition that they should have the privilege of nominating to the Corporation, to fill existing vacancies in that body, the names of persons, of whose fitness the Corporation should judge. The Corporation rejected the proposal; and the completion of the Church is delayed by the refusal of the members of this close Corporation (a number of whom are connected with other churches) to allow the worshippers and supporters of the Parish a representation in their body.

REMARKS.

The Parish has been greatly assisted in its efficiency by the Sisters of the Community of the Holy Name, and I append a brief summary of their report.

Their work is to visit and assist the poor, and to nurse the sick, in their own homes. 1,631 visits have been made during the past year, and their ministrations have been carried into 139 different families. During the summer of 1885 the Sisters were enabled, by the help of personal friends, to support a house in the country, — at Weymouth, — where they took such women and children (70 in all) as were in need of change, fresh air, and good food. All were allowed ten days' stay, and such as needed it were kept several weeks. The beneficial effect of this charity on its recipients having been very marked, the Sisters will, God willing, re-open the Home this season.

The Community is organized under a constitution, revised and approved by the Bishop of the Diocese, and works constantly subject to his supervision and authority.

REMARKS.

The two features of the past year which seem to call for notice here are the development of St. Augustine's Mission, of which a separate report is appended, and the formation of a Missionary Association, which is designed to spread an intelligent interest in the general missionary work of the Church, among all connected with our Congregation. The work of the Association, both in circulating information and in collecting alms, is mainly carried on by means of committees chosen from among the members, and representing the different departments of the Church's Missionary work, — Diocesan, Domestic, Foreign, and among the Indians and Freedmen. At the first quarterly meeting held in Lent, the different committees reported not less than \$608.18 collected for missionary purposes. The obligations for membership in the Association are to say, daily, the Prayer of the Association, to subscribe twenty-five cents yearly to its funds, and to attend its quarterly meetings.

REMARKS.

This being the first report to Convention of this Mission, it seems well that a brief history of the work should be put on record. On Sexagesima

[B.]

Sunday, Feb. 17, 1884, a small hired room was opened on Cambridge Street, Boston, for the purpose of a Sunday school for the colored children of the neighborhood. Notice was given by means of small handbills, and eighteen little ones presented themselves on the first opening. The school was carried on by lay workers, most of them being colored communicants of the Church, under the direction of the Mission Priests of the Society of St. John the Evangelist. The numbers increased steadily; and so much interest was manifested among the colored people, many adults asking to be allowed to come, that a larger room soon became necessary. On May 1 a building formerly used as a Methodist meeting-house, situate at 37 Anderson Street, was hired; and on Rogation Sunday, May 18, 1884, the school was opened therein with thirty scholars. From that time the growth and interest has been steady.

On the nineteenth Sunday after Trinity, Aug. 19, 1884, it was thought well to begin a Sunday-evening service for adults, which has been kept up regularly since, with a growing and attentive congregation. The Rev. C. E. Gardner, of the Society of St. John the Evangelist, at this time took especial charge of the work. On his failure in health, the Rev. W. H. Longridge, of the same Society, followed. In July, 1885, the Rev. W. B. King, late of the Diocese of Nova Scotia, assumed the care of the work, and continued for eight months, until he was called to the post of assistant at St. Luke's Cathedral, Halifax, N.S., when the Rev. J. W. Elliott succeeded him, and is at present in charge of the Mission. On Feb. 23 (the Eve of St. Matthias), 1886, the Bishop of the Diocese visited the Mission, and confirmed one man and two women. This is, without doubt, the first occasion on which a Bishop of Massachusetts visited a congregation of colored people as such, and threw open the doors of the Church to them as a race. The importance of this fact and work can hardly be over-estimated, when it is remembered, that, until this work began, the Church in this Diocese was ministering to less than five hundred souls out of a colored population of over eighteen thousand, and that, of these eighteen thousand, fully twelve thousand belong to no religious body whatever. On Low Sunday, May 2, 1886, an altar was placed in the chapel, and the Holy Eucharist celebrated for the first time with seventeen communicants, four of whom were of the Sisters of St. Margaret, and thirteen colored members of the congregation. The work is at present in a prosperous condition, as regards attendance and interest shown. No contributions have been asked from the people as yet, they being all of the poorest class; the expenses of the work being borne by the Mission Church of St. John the Evangelist, and its friends.

In addition to the Sunday services, there are classes on almost every evening in the week, for mothers, Sunday-school teachers, for singing, sewing, and for boys and girls separately. Much of this work is done by the Sisters of St. Margaret, to whose patient and loving labor the Mission owes much of its success. It is earnestly hoped that a permanent building may be secured at an early date, that the colored people in and around Boston may feel that they have at last a home of their own within the Church. To secure this home-like feeling, it is really necessary that the colored people should have a church-building and organization of their own. Only by this means can they at present have any opportunity to take an active part in the work of the Church, and feel that they have an active interest in it. It is to be noted, that, with the exception of some of the Sisters of St. Margaret's Community, the Sunday school has been taught from the beginning by colored communicants, who have thrown themselves heartily into a work for the benefit of their own race. The prayers of the faithful are asked, that the blessing of God may rest upon this endeavor to work for a people of whom the Church in New England has been hitherto entirely neglectful.

REMARKS.

We have moved from the private hall, where a Sunday School and services had been held for several years, into the beautiful new Chapel, which was formally opened by the Bishop of the Diocese, assisted by several of the Clergy, on the evening of May 13, 1885, being the eve of Ascension-Day. Two services and a Sunday School began to be held each Sunday, with the omission of one service on certain of the Sundays during "the heated term."

In February, 1886, my connection with St. Matthew's Church, South Boston, as its Assistant Minister, ceased; and on March 7, 1886, I began regular Morning Service at the Chapel.

In trying to estimate the "total of souls," I have called four the average number of members in each family; although many of these families have only the most slender hold upon the Chapel.

The "Chapel Fund," accumulated during past years by various efforts, amounts now to about \$1,200.

A Sewing Guild of women works for needs of the poor and of the Chapel.

On Easter Sunday eight children of the Sunday School received a prize Certificate for perfect recitation of the Church Catechism.

REMARKS.

The Parish has made most satisfactory progress during the past year. There have been many additions to the congregation, as well as to the number of communicants. The superiority of the Free Church system is well illustrated in our case. The offerings have steadily increased, being far larger in amount than in the previous year, so that we have now no deficit. Sufficient money has been raised, in addition, to pay for furnishing the Church with lamps, and to extinguish our only debt of \$350. The Ladies' Guild has been especially active and helpful in this, and in much charitable work.

REMARKS.

The Vestry, in the name of the Mission, has just bought a new site for the future uses of the Church in this city, — a lot of land containing some 16,000 square feet, at a cost of \$10,000. This is by far the most important move that has yet been made in the temporal interests of the Church here, and there is no reason to doubt that the growth of the Church will be rapid in the future.

REMARKS.

The Mission of the Ascension having always been a free Church, and established among persons dependent on their own efforts, has been chiefly supported by the weekly offertory, and has never been in debt from its beginning in 1875.

A building fund, begun during the ministry of the Rev. A. V. G. ALLEN, and stimulated under that of the Rev. C. W. DUFFIELD, has reached sufficient proportions to authorize the purchase of the large house of worship of the Third Congregational (Unitarian) Society of Cambridge, with all the appointments of bell, organ, chandeliers, furnaces, etc., and the brick-and-granite structure has been deeded to the Trustees of Donations of the Diocese. The Unitarian Society which owned it was for many years strong and influential, but has diminished in numbers until the building was no longer required; and the Church has now entered into possession of it.

REMARKS.

The above report, it should be noted, includes the figures for both St. James' Church, Cambridge, and St. James' Chapel, Somerville, constituting one parish. It is not probable, however, that this unity will long continue. While entire good-feeling binds the two sections of the Parish together, the natural and inevitable tendency of growth is towards a separation. During the past year, indeed, the Chapel has been granted by the Vestry a provisional independence, as an experiment; and the plan has worked so well that its continuance has been voted, with the prospect that before long it will be made permanent. The Chapel has been greatly improved by removal to its new site, and by entire re-decoration within. At the Church a new Vestry-room has been erected, connecting the Church and Parish House, and a Lych-Gate has been built at the North Avenue entrance to the new Churchyard,—an enlargement gained by the acquisition of the "Corner lot." The year has been one of activity and prosperity, in all respects; and the Parish has much more than met all its financial obligations.

REMARKS.

This Chapel being open to the public, after that provision is made, according to the terms of its gift, for professors and members of the School, and of Harvard University, is attended by a considerable number of people, as above indicated. These statistics, however, indicate only such persons as have definitely connected themselves therewith; for many worship in the Chapel who are not recorded, or are not members of the Church. The attendance averages about four hundred, and the Easter Communion was

attended by nearly two hundred. The worshippers bear all expenses, by subscriptions and collections, and contribute generously to charitable causes. There is, of course, no parochial organization, nor any connection with the Convention. For such work as is done in, and in connection with, the Chapel, authority was given by the Bishop and Standing Committee, at its erection, in 1867.

REMARKS.

The Mission hires an attractive hall in the town-house, but does not control it. Since Advent, 1885, Morning Service, Sunday School, and Evening Service have been held every Sunday. From August, 1884, when the Mission was started, until Advent, 1885, Sunday School, an Evening Service, and, on one Sunday a month, a Morning Service, were held. There are several communicants of the Church in Stoughton, who occasionally attend the services in Canton. They are *not* included in any of the figures given above.

¹ A legacy of \$500 having been given during the past year.

² Not including the cost of a beautiful Memorial Window in the Chancel.

REMARKS.

The past year in this Parish has not been unlike its two predecessors in the largeness of its death-rate. We have been called to mourn the removal from us of several of our most valued and faithful workers. We cannot soon forget them, and shall miss them sorely. But they rest from their labors, and their works do follow them.

Our congregations, however, have suffered no perceptible diminution. Our decimated ranks have been filled by accessions. The services are usually hearty, spirited, and very well attended.

A beautiful *Memorial Window*, of roll-Cathedral glass, was unveiled on Easter Even, and was seen by the Congregation for the first time on Easter Sunday Morning. Both in design and execution, the work is worthy of all praise. It is inscribed to the memory of "*Jennie C., wife of William G. Wheeler, M.D.*," and will serve to keep her name and memory fresh.

Benjamin Judkins will begin his ministry at Concord, contemplating a residence there; and his name, therefore, is presented with this report.

The first business meeting to consider the subject of establishing services permanently was held Feb. 5. The name "Grace Church" was chosen March 2. The statistics given above are necessarily very imperfect. Our services are held in the G. A. R. Hall, which is neatly fitted up for our use each Sunday. We are already indebted to kind friends for valuable gifts, — a large Bible, a Prayer Book and Hymnal, a Memorial Communion Set, hangings for our chancel furniture, hymn-books for the Sunday School, etc.

REMARKS.

St. James' Parish was organized Dec. 7, 1884. Since then a Church has been built, costing about \$12,000. The debt on this remains about \$6,400. During the past year the growth of the Parish has been very much retarded by the stopping of the mills. The present year begins with many indications of a prosperous and successful year. The mills are running, with every indication of work for the whole year.

With the assistance of many friends of missionary work, and by the self-denying efforts of the Parish, this debt has been considerably diminished during the year. The Parish has to acknowledge gifts towards the debt, to the amount of \$1,792.71.

REMARKS.

The Mission at South Framingham has steadily progressed. With the assistance of a lay reader, regular Sunday services have been held since last September. These have been held in a hall hired for the purpose. The attendance and interest has been well maintained. Last October a lot of land for a Church was very generously given by Mr. R. M. Everit, of New Haven; and the proceeds of a fair held by the ladies, and an entertainment given by friends, above reported, is the beginning of a fund for building a Church. We expect more definite measures to this end will be taken the coming year.

Total valuation of the property belonging to the parish, \$8,000.

RECEIPTS FOR PAROCHIAL EXPENSES. — For all current expenses, including salaries, about \$1,200.

REMARKS.

The Missionary has just entered on his work. He can find very few data in shape for an annual report. Such as are available have been incorporated in the above report. It may be added, that an excellent spirit prevails in the Parish, and there is a good foundation for successful work. Our late Senior Warden's death leaves a vacancy not yet filled. The Parish feels seriously the decease of Dr. David Parker. It is matter of regret that only so meagre a report can be made; but it is the best possible with the limited information to be obtained, and the brief residence of the Missionary.

Keble School finishes its first year, in June, under the efficient management of Mrs. Dukes. A Boarding School for Girls in this Diocese has been long desired. An opportunity, not often presented, is now offered for such Institution. It needs only to be known to become a success. Its firm establishment would be a great and welcome support to the Church in this place and neighborhood.

The present incumbent took charge in November last. The reported charitable offerings are only for the subsequent six months, the record of the previous six months being probably reported by the resident and visiting Clergy.

We have, during the winter, re-organized our Guild, and have opened and fitted up a convenient Guild Room, which has already been of great service. We have also, by means of a course of lectures, been enabled to completely renew our altar, and obtain cross, dossel, and, by gift of the Newton Altar Society, altar linen, — much-needed improvements in our pretty Church. The ladies have been especially active in making new surplice, cassock, and dossel, and in preparing a generous box for the sufferers in East Lee. Services have been held in South Lee two Sundays in each month.

The year has been one especially rich in improvements to our Church property, and in enlargement of our work. The Rectory, the munificent gift of Mrs. Amos A. Lawrence, to which allusion was made last year, has been

[L.]

erected, and is a beautiful and convenient house. It stands upon the same lot with the Church and Parish Room, with both of which it is connected by the Cloister, which the Parish has erected simultaneously with the Rectory. Following upon this gift is the very generous one of Mr. Amos A. Lawrence, of a piece of Real Estate, the income of which is to be applied to the repair of the several buildings and the charitable work of the Parish. The Church has been beautifully decorated throughout by funds raised by the Guild, and a Week-Day School has been opened. A stone and brass tablet has been placed in the Church, in memory of Samuel L. Bush, so long a faithful Warden of the interests of the Parish. The death, on Sept. 20, 1885, of William R. Lawrence, M.D., took from our midst the bodily presence of one who was most active in the establishment of the Parish, together with his brother, building and giving our Church edifice, its Senior Warden for many years, and a constant benefactor.

REMARKS.

The present Rector entered upon his duties, Nov. 1, All Saints' Day. During these six months, he has made six hundred parochial calls, and thereby become acquainted with the people. Previous to his coming, a new parish had been formed, thereby strengthening the Church in Lynn, and affording privileges to those who live in a remote part of the town from the Mother Church. The seating capacity of St. Stephen's becoming inadequate.

[L.]

quate, one hundred and fifty new sittings have been furnished by new pews in the North and South alleys of the Church. A Chime of ten bells was rung for the first time on Easter Day. The Chime is a Memorial to the Hon. E. R. Mudge, presented by the people; more than six hundred persons, including children, contributing to the fund.

Costly altar-hangings for each season of the year have been given. A Guild of over eighty members has done much aggressive work in the Parish and for Missions. The Parish desires to record its sense of obligation to Mr. Meneely of Troy, N.Y., for his liberal donation toward the Chime of bells, thereby relieving the Church of a portion of the original cost.

REMARKS.

The first meeting for the purpose of forming a new Parish in Lynn was held at Mrs. Dr. I. P. Haywood's residence, on the evening of April 21, 1885, at which about thirty former communicants of St. Stephen's Parish were present; but no organization was formed till the evening of April 24, when a Mission, to be known as the "Mission of the Incarnation," was organized, with Standing Committee and all necessary officers, and the Hon. William F. Johnson, then Senior Warden of St. Stephen's Parish, appointed Lay Reader by the Rev. Louis De Cormis, Rector of St. Stephen's. The first Sunday service was held at the residence of Mrs. Dr. Haywood, May 3d following, at which Mr. Johnson officiated, and also the succeeding Sunday, May 10, at Mr. Charles Healey's residence. From that time to the entering into the Chapel, Feb. 21, 1886, regular Clerical services were held in Templar's Hall. I was called to take charge of the Mission, and entered upon the work July 1, 1885; so that this report of work done covers the period of only ten months. The work of organizing a parish was begun at

[M.]

once; and the 22d of September following, the organization of the Parish of the Incarnation was completed; and on the 25th of the same, the Bishop, assisted by the Rector and a number of the Clergy in this vicinity, laid the corner-stone of what is now the handsome stone Chapel of the Incarnation. The Parish has continued to grow and prosper far beyond any one's expectations, as this report will show; and these wonderful results serve to show how great was the necessity of another Church parish in this rapidly growing city. Especially will this appear to be the case, when we see that our prosperity has not diminished St. Stephen's Parish in the least; for, during the past year, it has gained more in numbers than it lost.

To the ever-blessed Trinity be ascribed all the glory of the marvellous growth of the Church in this city, during the past year!

REMARKS.

The list of Communicants, as given, includes only those who have actually communed within the year. The Rector has had much care taken of his hands by the faithful services of chancel and flower committees. The

[M.]

Church has had gifts from members, of a Bishop's chair, new gas-fixtures, and white altar-cloth.

A Chapel, joining the Church, has been built and completely furnished, including organ, and was opened by the Bishop. The cost was over three thousand dollars, met by the generous, large and small, gifts of the congregation. It has proved itself already a most important help in parish work. The "Cheerful Workers," a part of the Sunday school, made thirty articles for Indian children, and fifty-five for Mrs. Buford's Colored children. The Parish Sewing Circle, besides much valuable parochial assistance, has sent a number of articles to a Western Hospital. The sum of twenty thousand dollars, including a bequest of ten thousand dollars, from a Communicant in Paradise, has been given to the parish for a stone Church, in loving memory of Henry George, Elizabeth, George Austin, and Catharine Louise Tyer. Additional land has been bought, and the foundations soon will be laid. It is hoped that this munificent gift may be to the greater glory of God, and an inspiration for good to the Parish and town.

Parochial institutions: Mission House of St. Thomas; Day Nursery, in charge of St. Luke's Sisterhood. Church: Value, \$15,000; sittings, 500. The parish owns only about \$350 in personal property. The church-building is owned by one person, who allows us the use of it.

RECEIPTS FOR PAROCHIAL EXPENSES. — For all current expenses, including salaries, \$1,126.36. For improvement of property, \$10.50. Total, \$1,136.86.

REMARKS.

There were no Parish records kept, whatever, by the first Rector, as far as we know. Mr. Sweet, the late Rector, reported the same number as Rev. B. A. Brown. It seems but honest to say, that, as far I can learn, including at the present time all Communicants in good standing, there are not more than I have stated, which gives one the idea of a fearful going back, while the Church has really grown. The Church in which we worship belongs not to the parish, but to Mrs. T. W. Huse. She allows us the free use of it unconditionally.

SUMMARY. — For objects within the parish, \$1,860.62; for objects without the parish, \$21. Total, \$1,881.62.

REMARKS.

The number of Communicants given within includes quite a number who have for a year or more failed to attend the services of the Church, and, in the absence of a pastor, have been somewhat lost sight of. I trust to be able to find and recover them. The same remark may also be made in regard to families reported.

The valuation of the Church property has not diminished the past year; although, by the within figures, it appears to be less than half the amount previously reported. This apparent decrease is owing to former excessive valuation. My figures were obtained at the office of the assessors, as desired. Nor has there been a decrease in sittings, although the number reported within is less than former reports. Same explanation as above, — over-estimate.

[N.]

The number of Communicants reported last year was 281. The addition of 28 the present year would make 307. The actual number is ascertained by careful investigation to be 288, as here given. The discrepancy is due to the fact, that the returns upon which last year's estimate was based have been found to be incorrect.

At this date, Newton, with a population of less than twenty thousand, has five self-supporting organizations, — four of them regular parishes, and the fifth in process.

At the invitation of residents of Chestnut Hill, the Rev. G. W. Shinn, D.D., began services on Advent Sunday, 1885, in a private Chapel at this place. Subsequently, the Rev. F. W. Webber was engaged as his assistant. Services have been regularly held on Sunday afternoons; and the Holy Communion has been celebrated once each month, in the morning. The Rev. Arthur W. Eaton, of New York, was invited to become Minister in charge, and entered upon his duties, May 2, 1886.

The enterprise is self-supporting, and the outlook is promising. Until a Parish is regularly formed, the work is carried on by a provisional Association, known as St. Andrew's.

The outlook for "old St. Mary's" is most encouraging.

REMARKS.

During the past year the mortgage debt has been diminished \$600, in addition to the interest paid on the same; the Ladies' Sewing Society having contributed \$356 of this amount, their contribution being at this date on deposit for the above purpose. The mortgage now is \$700. Although the Parish is but three years old, it has already become a Mother-Church, having established a Mission at Needham, within its limits, the attendance at which has averaged fifty-five. This Mission is self-supporting, and has services on alternate Sundays. A barge was run from Needham to the Parish Church until cold weather, bringing, free of charge, all who desired to attend the services on the Sundays on which there were no services at the Mission.

SUMMARY. — For objects within the parish, \$3,427.42; for objects without the parish, \$466.52. Total, \$3,893.94.

REMARKS.

The number of Communicants is much reduced, as the list includes only those who have communed within the year, except that I have given each person the benefit of the doubt where it was possible, or of any hindrance, such as long sickness or ill health.

In the Parish there are, Confirmed persons, 211: Confirmed, but not Communicants, 19; Confirmed, but non-communicating for one year or more, 34; Communicants in good standing, 158.

Among the English people it is common to find a person who has been scrupulously careful about Confirmation, but utterly neglectful of the Holy Eucharist. It may be they dare not receive that Sacrament in a merely perfunctory way.

SUMMARY. — For objects within the parish, \$2,216.54; for objects without the parish, \$114.62. Total, \$2,331.16.

REMARKS.

Since last Easter a very convenient and commodious house has been built, costing, with the land, some \$5,700, by two members of the Vestry, as Trustees for the Parish, and an agreement entered into between the said Trustees and the Parish, whereby the Parish becomes an owner in the House and Lot to the extent, and as fast, as it may pay for it; ten years being allowed for the Parish to make full payment of cost price. It has paid in \$658 already. This method offers two advantages to those who cannot afford to pay the entire amount at once. First. The Parish incurs no debt or responsibility, save that of paying the interest, and has the privilege of becoming full owner any time within ten years. Second. It furnishes a house immediately for the use of the Rector, and within the control of the Parish.

The Parish is now in a very hopeful condition, and looks forward to a period of greater usefulness, strength, and influence, in the near future.

REMARKS.

The present Rector has been in charge since last July, before which time the Church had been closed. Owing to the efforts of the General Mission-

[P.]

ary, the work was again begun. But the work was undertaken under peculiar existing difficulties, which have grown little less as time goes on. There is a growth of *attendance* on the Services, and a marked growth of interest in them; but, from the Church's standpoint, the result is not that which is likely to encourage a Pastor very much, not bringing the sheep into the Fold, and to the sweet Communion of Saints (owing to the lack of proper material).

As regards the temporals, we have done fairly well. The parsonage has been partially reshingled, to the amount of about \$60; and other little repairs have been made. It is now rented to one family, for \$150 per year. The report of the agent not being handed in, the exact account cannot be given.

The second collection for the Board of Missions will be taken up before the end of the Rector's year, when their amount due, it is hoped, will be raised; also the collection for the Convention Fund.

It is hard, however, for the Parish to do, as they heartily desire to do.

We are about to lose from the Parish one of its most faithful families, and strongest adherents, the Senior Warden. His departure is universally regretted and deplored.

REMARKS.

I.

THE BARKERVILLE MISSION.

The old Chapel building at Barkerville, which had gone to ruin, has been put in complete repair by the inhabitants of West Pittsfield, and, in the absence of any title to the property by the Vestry of St. Stephen's Parish, has been placed in the care and keeping of the local temperance society. The building has been made over again, and has been comfortably and tastefully furnished. Rev. Mr. Turner, in addition to his school duties and his services at St. Stephen's, holds service regularly in the Chapel on Sunday evenings; and the Rector visits this interesting mission once a month. The attendance at these Sunday-evening services is large, and a great deal of interest is manifested.

II.

THE NEW RECTORY.

The ladies of the Rectory Association have bought the residence of Mr. Johnson on Bartlett Avenue, for a rectory, at the price of \$8,900. This property is to be held by trustees.

It is the purpose of these trustees to hold this property until all indebtedness is paid off, and then to place the title of this rectory in the hands of the Diocesan Trustees of Donations in Boston.

III.

ST. STEPHEN'S GUILD ROOMS.

The Guild Rooms, facing the park, have been an indispensable adjunct of the life of the Church this year. The parlor, large hall, pantry, kitchen, and sexton's rooms adjoining, have been the scene of some very delightful Parish receptions in the year past. The "supper parties" of the Rectory Association and St. Phebe's Guild, at which our musical and elocutionary friends have kindly given us their services, have been a conspicuous feature of the year's work. All the Guilds and Parish associations are now sheltered under the hospitable roof of this Parish building, and find a fitting place for the exercise of their distinct energies in "St. Stephen's Parish Rooms."

REMARKS.

I entered upon this Mission, July 12, 1885. The temporary failure of my health in April and May, 1886, obliges me reluctantly to resign, and seek needed rest.

Since the last preceding Report made by this Parish to the Convention, the Parish Church has (chiefly through the generosity of one family of summer-residents) been thoroughly renovated. Two stained-glass windows, a gift from the Episcopal Theological School, Cambridge, have been inserted; the platform in front of the Chancel re-arranged; the Chancel painted; the Vestry Room re-papered, carpeted, and re-fitted; the entire Church newly carpeted; and other improvements made, at a cost of \$255. A box was sent to General Missions, \$13. The proceeds of a Fair amounting to \$103.87. An Entertainment netting \$14. Diocesan Missions, \$8. And the Offertory for the year ending Easter, 1885, amounting to \$425.10.

REMARKS.

A few months ago we inaugurated a movement looking to the building of a Church for our Mission. A subscription-book has been opened, and

[S.]

several friends in Boston have made very generous gifts for this purpose. Owing to the limited means of our own people, we are largely dependent for the accomplishment of this plan upon the offerings of others outside of Sandwich, who have the means and the kindness to give of them for such objects as this.

The members of the Mission, however, are determined to give to their utmost, both in money and in work; so that we may obtain what we all so earnestly desire, — a Church, which we can call our own, and to which we can freely invite all who may desire to worship with us. The earnings of St. John's Guild, which are considerable, are all being devoted to the erection of the Church.

The past year, through the increased offerings of the people, we have been enabled to do without any assistance from the Board of Missions, and shall in future try to depend upon our own resources. But we shall not, therefore, cease to be deeply grateful to the Board for their fostering and sustaining care of us. Our outlook is pleasant, and full of promise.

REMARKS.

Emmanuel Church is at a critical period of its existence, in the opinion of the present board of Officers; and it is for this reason that they respectfully invite your attention to a more extended report than it has been their custom to make. For the past two years this Mission has had no settled rector, but has been living on hope. The old adage, that "hope deferred maketh the heart sick," holds good in Wakefield as well as in other places. Our Parish, to-day, is composed almost entirely of young, earnest, and zealous members. We have received, during the past year, more young people to our ranks than ever before. They are attracted by our service, eager and desirous to see our Parish grow, and are willing to strive for that end. In a number of cases, their parents, not attached to any other denomination, look with favor upon us, but hesitate to make it their church until we get a settled rector. These young people are nearly ready for Confirmation: some of them have been confirmed already. Most of them do not show upon the within statistics.

We have lost, by removal, during the past year, a number of our parishioners who contributed generously and very materially to our support. Those who have filled their places, while able to do perhaps even more by their work and encouragement, as yet are unable to contribute as those going out have done: they will soon; and those whom they may bring in are likely to make up pecuniarily for what we have lost. As we have intimated, we consider this a turning-point in our existence. What we need, at once, is a young, unmarried, and earnest rector settled among us, and devoting his whole time and energy to the welfare of the Parish, and also, for a year or two, a generous assistance from the Diocesan Board of Missions. Two years' work from such a rector would show a surprising result, we doubt not. The harvest is ripe. To accomplish this, however, he must be paid a living salary, or his work cannot be thorough. We cannot pay that alone; but the results of his work will be permanent, and may, and we think would, soon enable us to. Discouragement now, and the non-fulfilment of the Parish's hopes, would leave the people more disheartened than they have ever been. We are seeking new pledges, and those who had not pledged are responding. What we need is a strong arm at this moment.

REMARKS.

The Minister in charge of this work is glad to make his grateful acknowledgement of the efficient aid rendered by Major Edmondston, both in the offering of public worship, and as Superintendent of the Sunday school. The Parish, too, owes him a debt of gratitude for his earnest services, which it can never fully pay.

During the year a liberal-hearted parishioner has provided the means for painting and carpeting the Chapel; and this, with the additional gifts of an altar-cloth, dossal, and antependium from the children of the Sunday school, has made the Chapel almost as comfortable and attractive a place to worship in as the Church. It is used for the Sunday School, and for week-day Services in Advent and Lent.

Another generous parishioner has beautified the grounds about the Church.

The Woman's Auxiliary, and the Children's Sewing School have been very helpful the past season, and have proved a blessing, in ways that cannot be shown on paper, to the workers, as well as to those for whom the work was done.

REMARKS.

The congregation at Watertown has enjoyed a prosperous year; an increasing number gathering about this enterprise, and upholding it. The day of the writing of these lines, a very fine corner building-lot, of sixteen thousand feet, was bought, in a quarter of the town that is rapidly growing; and within the coming year it is expected that the erection of a Church will be begun. March 12, the congregation took the Parish form, under the name of the Church of the Good Shepherd.

REMARKS.

The Parish has made some advances the past year, especially in a widening of interest in the spiritual life. Three Guilds have been organized; two of which have become fully established, and are doing a good work for the training of the young. A Parish Building is in contemplation, and, if erected this summer, will aid materially in giving the Church a permanent hold upon the hearts of the people. While there is yet much to be done in this place, we have great reason to "thank God, and take courage" in what has so far been accomplished with the Divine blessing.

REMARKS.

This parish has lost much by the death and removal of some of its principal supporters, so that it has been more difficult for the people to meet the expenses. But, notwithstanding this loss, there has been a marked gain for the better. The attendance at the services has been largely increased; and although the Parish has lost some of its wealthiest members, yet it is in a better condition now than it has been for many years. It begins the year at Easter, with all bills paid, and a surplus in the treasury. The reason for this improvement is the great harmony of the people, and their united efforts in behalf of the Parish. The present Rector entered upon his duties on the 21st of June, 1885.

REMARKS.

The statistics presented show a natural increase beyond those of last year. In some instances they are the largest yet recorded in the Parish history.

With regard to the Communicant list, the number reported represents as nearly as possible those who have received the Holy Communion during the past year.

The large number entered under the head of "lost" is the result of a careful revision of the list, which the Rector's unfamiliarity with his cure made impossible at an earlier date. Many of these names are retained on the Parish register, though not reported, until their permanent removal from the city can be definitely ascertained, and letters of transfer requested. The number of accessions to the list of regular Communicants within the past year all but balances the total of "removed," which really represents the losses of several years. Inasmuch as no new Communicant removing into the Parish is entered as such until properly transferred, the total of those in Communicating attendance at present is in reality considerably larger than the figures returned indicate.

In the financial statistics no report is made of the sums of money earned and expended for charitable objects by the parochial organizations, with the exception of the Woman's Missionary Society, and the Sunday-school Lenten Offering for Missions.

PERSONAL REPORTS.

[A, B.]

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

I have fulfilled my duties, as heretofore, in the Episcopal Theological School, in Cambridge, and have officiated on Sundays and other days in the services of the Church, as opportunity has presented.

ALEXANDER V. G. ALLEN.

CAMBRIDGE, May 4, 1886.

To the Rt. Rev. the Bishop of Massachusetts :

During the past year I have solemnized one marriage, have assisted frequently in the administration of the Holy Communion, and have preached a few times.

WM. R. BABCOCK.

NARRAGANSETT PIER, May 25, 1886.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

To Nov. 1 of the present Convention year I continued in the rectorship of St. Mark's Church, Boston, and for that short period make the following report of official acts, which may not otherwise appear. Baptisms: Infants, 10. Marriages, 9. Burials, 5.

That portion of the city of Boston in which this Parish was established, for the purpose of securing to it the ministrations of the Church, has experienced a social change unforeseen at the time of its organization. It has witnessed the almost entire substitution of a fluctuating, transient, and irresponsible population, for a once comparatively substantial and stable community. This has forced the result which was foreshadowed, and anxiously apprehended, in my parochial report last year, the cessation of the active work of the Parish, owing to the lack of financial support.

In view of the utter inability of the Parish for self-maintenance, notwithstanding the strenuous efforts made for its sustentation, the Vestry felt constrained to yield to the inevitable, and to abandon a work, which, unaided, could not be sustained, and which could offer no better outlook in the future. In consequence, services were discontinued in October, 1885, and the Church edifice surrendered to its owners. The Epitaph reads:—

SAINT MARK'S CHURCH.

BORN, 1851; DIED, 1885;

AGED 34 YEARS.

"She hath done what she could."

[B. C.]

It was with feelings of keen regret that I relinquished a post of labor where, for six toilsome years, I had stood and studied the problem of the life and influence of the Church in this necessitous field; but it was the profitless task of endeavoring "to make bricks without straw."

Since, I have officiated in this, and in other Dioceses, as opportunities came.

Very respectfully,

LEONIDAS B. BALDWIN.

BOSTON, June 1, 1886.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts:*

I have continued work as General Missionary of the Diocesan Board through the year; and the record of my official acts will be found in my report made to the Diocesan Board of Missions, printed in the Journal.

Yours respectfully,

JOHN S. BEERS.

NATICK, May 26, 1886.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts.*

During the past year I have been engaged in the work of teaching, as a Master at Groton School, and of preaching occasionally in the Mission at Groton.

Very respectfully yours,

SHERRARD BILLINGS.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts:*

During the last twelve months my health has somewhat improved. I have officiated and preached thirty-nine times in the Diocese of Vermont, and once in the Diocese of Long Island.

I have also administered the Sacrament of the Lord's Supper seven times, baptized one infant, solemnized one marriage, and officiated at six funerals.

Faithfully yours,

E. H. CANFIELD.

ARLINGTON, VT., May 4, 1886.

To the Rt. Rev. Benjamin Henry Paddock, D.D.:

I have performed service once at Barnstable, once at Sandwich. Have held services, on Sundays, regularly, at home, during the year.

HIRAM CARLETON.

May 15, 1886.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts:*

During the past year I have regularly discharged the duties of my office, as Chaplain of the City Institutions, South Boston. In the Chapel of the "House of Correction" may be found representatives from almost every State in the Union, — 587 natives of the United States, — and from foreign countries, as Ireland, England, Scotland, and the Provinces; as also from European states, Australia, West Indies, and the Sandwich Islands, etc., about five hundred more.

[C, D, F.]

From such data, it will readily be seen that we must have every variety of belief, and every shade of religious opinion; and yet the Great Law of the "Old Testament," and the singularly effective grouping of the practical truths of the "New Testament," may be found adapted to this medley of nationality and education. The "Prayer Book" and the "Bible" are freely distributed in the cells of these prisoners; so that, with the instructions received at Public services on Sunday, and the voluntary reading of the "Scriptures" during the week, it cannot be said that such persons are ignorant of their duties to God and man.

A prisoner's life is one continued school of discipline. Over a thousand criminals leave this institution every year — whither? These scores of young men fall under the direct and immediate influence of the Chaplain. During the year now past 1,043 were individually advised and counselled; and this is a daily duty. The "Lunatic" Assembly is more like an ordinary "Christian" gathering; for these enter with great delight into the service, making full responses, reading the "Te Deum" and reciting the "Creed" with reverence. My duties at the "Hospital" are confined chiefly to "Chapel" services, and reading the Burial Service over the dead.

During the suspension of Sunday services at the "Institutions," in the month of August, I officiated at St. Luke's in Chelsea. When possible, I have assisted the Rector of St. Matthew's, South Boston, and also the Minister in charge of the Mission Chapel, South Boston.

JONAS B. CLARKE, *Chaplain City Institutions.*

SOUTH BOSTON, May 26, 1886.

To the Rt. Rev. Benjamin H. Paddock, D.D., Bishop of Massachusetts :

The Rev. Louis DeCormis respectfully reports: That he is in charge of the "Church of the Reformation," Brooklyn, N.Y., in the absence of its Rector.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts.*

I beg to report, that owing to illness in my own family and my father's, and my own bereavement, the amount of work done publicly during the current Conventional year has been small.

I have celebrated the Holy Communion twice in St. John's Church, Haverhill; three times in St. Margaret's Church, Brighton; once in Mission of Duxbury; once in Christ Church, Morristown, N.Y.; several times *privately* in my father's house in Simcoe, Ontario, by permission of the Rector.

I have preached four times in St. John's Church, Haverhill; once each in Trinity Church, Haverhill, Trinity Church, Simcoe, Christ Church, Morristown, St. John's, Ogdensburg, N.Y.; twice in Mission of Duxbury; several times in St. Margaret's, Brighton; and in addition have assisted the Clergy of the Mission Church of St. John the Evangelist, Boston, since Nov. 19, last, when not hindered by absence at bedside of my father; the report of my official acts during this period being included in the report of Mission Church of St. John the Evangelist.

Your faithful and obedient servant,

WM. J. W. FINLAY.

MISSION HOUSE OF ST. JOHN THE EVANGELIST, BOSTON.
F. of Sts. PHILIP and JAMES, 1886.

[G.]

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

During my journey to the South and West last spring and summer, I preached in St. Mark's Cathedral, in San Antonio, Tex.; assisted in St. Paul's Church, Los Angeles, Cal.; preached and celebrated the Holy Communion in Trinity Church, San Francisco; assisted in Grace Church of that city; preached in St. Mark's Cathedral, and St. Paul's, Salt Lake City, and addressed St. Mark's School; assisted in St. John's Cathedral, Denver, and Trinity Cathedral, Omaha; preached in St. Mark's Church, Waterloo, and St. Mary's Church, Iowa, which were the first parishes of my ministry; and assisted in St. James' Church, Chicago.

In subsequent parts of the Conventional year I officiated two Sundays in Barnstable, two in Vineyard Haven, and one Sunday in Sandwich, and preached in Natick and South Framingham. After the death of the Rev. Mr. Nicholson, Rector of the Church of the Messiah, Wood's Holl, I took the duty for six weeks, when I was taken ill, and continued in feeble health through the winter. I held a service on Good Friday evening in Grace Church, Vineyard Haven; preached and celebrated the Holy Communion on Easter Sunday in the Church of the Good Shepherd, Wareham. I solemnized one marriage, performed the Burial Service for two persons, and assisted the Bishop at the burial of the Rev. Mr. Nicholson.

Very faithfully yours,

BENJAMIN R. GIFFORD.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

Rt. Rev. and Dear Sir, — During the past year I have continued to exercise my duties as Dean of the Faculty of the Episcopal Theological School, and Professor of Systematic Theology, including the care of the services in St. John's Memorial Chapel, in which work the Rev. William Lawrence is associated with me, by direction of the Trustees. I send herewith the report of this latter part of my duties; and it will be seen that the congregation which avails itself of the open doors of the Chapel continues to be numerous, and to generally support the charities of the Church. The members of Harvard University, for whom the Chapel was erected, continue to attend in encouraging numbers; and the work of Mr. Lawrence among them is fruitful of good, as was hoped when he was appointed thereto by the Trustees.

As to the School, there have been on our list twenty-two names, of whom ten belong to this Diocese, and I am happy to testify to their general fidelity and promise.

The School experienced, in December last, the great loss of the Rev. Elisha Mulford, LL.D., Lecturer upon Apologetics. The expressions which have come from every quarter, as to his rare worth and ability, confirm our own feelings, that the cause of Christ and His Church lost by his death a great and valuable servant.

There has recently been added to our staff the Rev. M. L. Kellner, as Instructor of Hebrew; his proficiency in Semitic studies having led us to anticipate valuable aid at his hands.

With the coming autumn, this Institution will enter upon the twentieth year of its history, and will have prepared for the sacred ministry one hundred and seven candidates. This is so far beyond the expectations of the faithful men who began the work with small beginnings, that it is cause for devout thanksgiving, and for hope for the future.

Yours very respectfully,

GEO. Z. GRAY.

CAMBRIDGE, May 6, 1886.

[G, H.]

To the Rt. Rev.[Benjamin H. Paddock, D.D. :

My Dear Bishop, — My health has been such, for much of the past year, that I have been able to do little but render some slight services in the way of assistance to the Rector of St. James' Parish here.

I have officiated at one marriage, the record of which is included in that of this Parish.

Respectfully yours,

LEWIS GREEN.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

I have the honor to report, that, since the date of my last report, I have continued to discharge my duties as Chaplain at this Post. I have baptized six (6) persons, presented one (1) person for Confirmation, married two (2) couples, and officiated at four (4) funerals. The Post Chapel (Centurion Church) has been painted both inside and outside; liberal contributions have been made to the various claims of the Church, particularly to the general fund for disabled clergy, and the widows and orphans of deceased clergy; also, to persons who were impoverished by the great fire in Key West, Fla., March 30, and in which the beautiful Church was destroyed.

I was obliged to be absent last summer, two months, on account of poor health; and I am now just recovering from a severe sickness.

Very respectfully, your obedient servant,

OSGOOD E. HERRICK, *Post Chaplain U.S. Army.*

FORTRESS MONROE, VA., May 10, 1886.

To the Rt. Rev. B. H. Paddock, D.D. :

My Dear Bishop, — My report of official acts from May to October, 1885, is included in the Parochial Reports of St. George's, Lee, and St. Paul's. Otis, which parishes I resigned Oct. 1, to assume the Rectorship of Trinity Church, Woburn. My official acts from that date to May 1, 1886, are included in the report of the latter parish. On May 1, 1886, I resigned Trinity Church, Woburn, to assume the office of Organizing Secretary of the Massachusetts Branch of the Church Temperance Society, which position I now occupy.

Very respectfully yours,

S. H. HILLIARD.

Boston, May 26, 1886.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

Rt. Rev. and Dear Sir, — When the last report was written for the Diocesan Convention, which met May 4, 1885, I was a Deacon in charge of St. Paul's Church, Gardner. Since that time I have been ordained to the Priesthood, and my first priestly act was the opening of a new church, in the name of our Saviour; the money to construct which had been raised, under my direction and personal solicitation, in Gardner, Boston, Worcester, and Fitchburg, during my Deaconate. The Church was first opened for worship, Sunday, June 21, 1885. Since the opening of the Church the attendance has been very large. The Sunday school increased fourfold, and there was an evident manifestation of zeal and work upon the part of the new-comers. Nov. 2, 1885, I gave official notification of my intention of

[H, J, L.]

resigning my charge, which took effect Feb. 2, 1886. The time of my resignation was a good opportunity for withdrawing from a field to which I had been urgently called by the members of St. Paul's Church. The work which I went to do in Gardner had been completed. The church structure, with the exception of the Sunday-school room, had reached completion, and had been open for worship for several months. God had blessed our labors, and rewarded my sacrifice of time, money, and better opportunities. My first experiences of the Christian ministry were obtained in a very difficult field of Church work, but they were not without fruit. In the providence of God, the little flock which I had found worshipping in the basement of the Town Hall, had grown to be a large congregation, in possession of a handsome church, and with increased facilities for paying current expenses. Such being the case, I felt fully justified in resigning my charge into other hands. Since my resignation of St. Paul's, I have not ceased to labor in the Master's vineyard. I have been engaged almost every Sunday and many week-days, exercising the functions of the Christian ministry. I took charge of St. Luke's, Linden, for six Sundays during the Lenten season, conducting three and sometimes four services each Sunday, with celebration of Communion. I have also preached and administered Communion in St. Peter's Church, Cambridge, and in other churches. I have also visited the sick, and in many other ways exercised my functions as a minister.

Yours faithfully,

THOMAS A. HYDE.

CAMBRIDGE, MASS., May 4, 1886.

To the Rt. Rev. Benjamin H. Paddock, D.D., Bishop of Massachusetts:

To the Rt. Rev. Benjamin H. Paddock, D.D., Bishop of Massachusetts:

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,

LEXINGTON, MASS., May 26, 1886.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts:*

Dear Bishop,—During the summer of '85, until the last of September, I was at Mattapoisett the most of the time, attending the ministrations of the Church under the charge of the Rev. Dr. Oliver of New York City, but performing no ministerial duties myself, owing to want of good health and opportunities for such labor. The last of September I went to Eatontown, N. J., where I contemplated remaining for a year or more, engaged in teaching, and assisting vacant pulpits with occasional services. After assisting the Rev. W. H. Capers, Rector of St. James' Memorial Church,

[P.]

in the services one Sunday in October, I was, while discharging my duties as teacher in a school, attacked with what seemed to be a malarial, catarrhal fever, which forced me to relinquish my scholastic labors; consequently I left, and came to Buffalo, where for several weeks I remained unfit for any kind of labor. When able, I have attended the ministrations of our Church at St. Luke's on Niagara Street, under the charge of the Rev. Walter W. North, but have done no ministerial work this year, so far, on account of my physical disabilities. Praying for the advance of the Church in her labor of love and patience of hope,

I remain your humble but faithful servant in Christ,

DANIEL S. C. M. POTTER.

325 PORTER AVENUE, BUFFALO, N. Y., May 1, 1886.

To the Rt. Rev. Bishop Paddock, Mass. :

I have the honor to report, that since my resignation of St. James' Church, New Bedford, which took place in July, 1885 (between that time and the last Convention Report I was in Europe), I have been actively engaged in Church-work, mainly under the direction of the Bishop of Connecticut, my family residence being in this Diocese.

I. That since my last report I have *married one couple*; have *christened twenty-one children*; have *officiated at nine funerals*.

II. That I have officiated at three and often four services, with sermons or addresses, *every Sunday for the past eight months*, driving my own horse the twenty or twenty-five miles necessary to accomplish this work.

III. That I have, beside this, officiated on eight different occasions in St. Peter's, Cheshire; once in Christ Church, New Haven; and twice in St. John's Church, Bridgeport.

IV. That I have also given a course of lectures upon the Prayer Book, before a large class of adults, on Friday evenings, for *twenty consecutive weeks*, in Christ Church, Ansonia.

V. That I have also lectured at different times for various local Christian associations upon religious topics, or upon the history of the Church, mainly to young men and to those not connected with the Church.

VI. That I have also upon various occasions given public addresses on secular topics for charitable purposes, notably in New Haven and in adjoining towns.

Also, as I am able to take a five-mile walk each day without fatigue, I believe myself to be in perfect health.

With respect,

C. H. PROCTOR.

DERBY, CONN., May, 1886.

Rt. Rev. and Dear Bishop :

On the eve of leaving Marion, I beg leave to report, That I took charge of St. Gabriel's on the sixth Sunday after Trinity, and have officiated for the past eleven weeks, yesterday being the sixteenth Sunday after Trinity.

I have held two services every Sunday, preaching twice on each Lord's day, except on two Sundays.

I have baptized five children of the residents of Marion.

The offerings, during the entire season, have been much larger than I had for.

The Sunday school was organized soon after my arrival. The music has

been very good, owing to the painstaking fidelity of Miss Gillespie and her teachers. My aim has been, from the first day until now, to magnify the name of our Redeemer; and I pray that not in vain was I sent here to pro-

claim to the children of our Heavenly Father "The truth as it is in Jesus."
Our services closed with the administration of Holy Communion, on St. Matthew's day.

Most sincerely, yours in our one Lord,

JOHN J. ROBERTS.

MARION, MASS., St. Matthew's, 1885.

To the Rt. Rev. Benjamin H. Paddock, D.D. :

I beg leave to report, that, during the last Conventional year, I have officiated so far as the state of my health has allowed, and occasion has served.

Among others, I would mention two Sundays at Barnstable, on one of which I celebrated the Holy Communion; also that, on Easter-Day, at Christ Church, Plymouth, I took the Services, and celebrated the Holy Communion for the Rev. Dr. Douglass, who was ill. I am anxious for better health and more constant duty.

Yours very respectfully,

J. A. SANDERSON.

PLYMOUTH, May 26, 1886.

To the Rt. Rev. B. H. Paddock, D.D., Bishop of Massachusetts :

I have the honor to report to you, that during July and August, and part of September, by invitation of the Trustees, I officiated in Trinity Church, Cottage City. The Holy Communion was celebrated every Sunday, Morning and Evening Prayer were said, and a sermon preached. One adult and two children were baptized, and one funeral took place from the church.

J. W. SHACKELFORD, D.D.,

Presbyter of the Diocese of New York.

NEW YORK, May 21, 1886.

To the Right Rev. B. H. Paddock, D.D., Bishop of Massachusetts :

My Dear Bishop—My public services the past year have been chiefly in assistance of the Parochial Clergy, and occasionally supplying in the absence of a minister, or in a vacant parish. Have celebrated the Holy Communion twice, and assisted therein nine times. One baptism. Have also read prayers and preached on several occasions. Health, as yet, sufficient for my daily routine duties; though an organic trouble admonishes me of a probable early union with the great majority who have already passed the gates of time.

Respectfully yours,

SAM'L R. SLACK.

BOSTON, May 26, 1886.

To the Rt. Rev. B. H. Paddock, Bishop of the Diocese of Massachusetts :

Having been wholly occupied in teaching during the past year, I have performed no Clerical duties.

CARLOS SLAFTER.

DEDHAM, May 4, 1886.

To the Rt. Rev. Benjamin H. Paddock, D.D., Bishop of Massachusetts :

During the past year, I have devoted a large part of my time to such work as was necessary for the enlargement of the historical collections of the Diocese. As in former years, I have assisted in the administration of the Holy Communion at Trinity Church, in this city.

EDMUND F. SLAFTER.

BOSTON, May 26, 1886.

[S, T, W.]

To the Rt. Rev. Benj. H. Paddock, D.D. :

Dear Sir,—For the year last past I have lived in Leipzig, and attended lectures at the University. During this time I have read Service twice for the English Chaplain, and have also preached twice for him.

Yours respectfully,

LANGDON C. STEWARDSON.

TÜBINGEN, May 3, 1886.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

During the Conventional year I have been engaged in my regular work as Minister-in-charge of St. Paul's Chapel, College Point, in the Parish of St. George's Church, Flushing, L.I. (New York), and in my duties as Classical and Historical Master in the New York Latin School, 108 West 49th street, New York City.

EDW. H. TRUE.

NEW YORK, 108 WEST 49TH STREET, April 29, 1886.

To the Rt. Rev. Benjamin H. Paddock, D.D. :

I beg to say, that I have been occupied with my usual duties, as a writer, during the Conventional year, and have officiated, in various ways and places, nearly every Sunday. I regret that, though it is my constant effort to extend among men the knowledge of Christ and His Church, the nature of my engagements is such, that they do not properly come within the scope of a report to the Convention.

JULIUS H. WARD.

*To the Rt. Rev. Benjamin H. Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

During the year, from May 8, 1885, to date, May 4, 1886, I have officiated at Plymouth five Sundays, Newton Highlands five Sundays, Wrentham and Everett each two Sundays, Barnstable, Beachmont, and Chicopee each one Sunday; making a total of seventeen. Thirty-five Sundays have found me ready and waiting to do the work of an evangelist, and to make full proof of my ministry, but without a field, save that of assisting my son five Sundays, and conducting services in All Saints' Chapel, Montvale, four Sundays. I have administered the Holy Communion on four occasions, and assisted on three. The one baptism, three marriages, and four burials are recorded in the Parish books. Desiring to work while it is called to-day, having been often tried, never denied, and always ready to be tried again in precisely such fields as the Divine Finger appears to indicate,

I remain, dear Bishop, Faithfully yours,

J. FRANK WINKLEY.

To the Rt. Rev. Benjamin Henry Paddock, D.D., Bishop of Massachusetts :

My usual and constant round of Sunday and other services, my work in the Church and other associations, my connection with several historical and Oriental societies, — which includes papers read and addresses made, — my official correspondence, at home and abroad, my efforts to secure financial support for the Biblical and other explorations of the Egypt Exploration Fund, and particularly my editorial and other press-work for the religious and secular journals and reviews, have made the past the busiest year of my life.

WM. C. WINSLOW.

RULES OF ORDER.

RULE I. When the President takes the chair, no member shall continue standing, or shall afterwards stand up, except to address the Chair.

No member shall absent himself from the Convention, unless he have leave, or be unable to attend.

When any member is about to speak or deliver any matter to the Convention, he shall, with due respect, address himself to the President, confining himself strictly to the point in debate.

No member shall speak more than twice in the same debate, without leave of the Convention; nor more than once, until others desiring to speak shall have spoken.

While the President is putting any question, the members shall continue in their seats, and shall not hold any private discourse. Every member who shall be in the Convention when any question is put shall vote, unless he be personally interested in the question, or be excused by the Convention for reasons assigned.

RULE II. All Special Committees shall be appointed by the President, unless otherwise ordered by the Convention.

RULE III. No motion shall be considered as before the Convention, unless seconded by a member not belonging to the same Parish with the mover; and every motion shall, if required, be reduced to writing, and the name of the mover appended.

RULE IV. When the report of a Committee is presented, it shall be read, and entered on the Minutes, unless otherwise determined by the Convention; and, if accompanied by resolutions, the question shall be on adopting them.

RULE V. When a question is before the Convention, it shall be in order — 1, To lay on the table; 2, To postpone to a day certain; 3, To commit; 4, To amend; 5, To postpone indefinitely; and motions for any of these proceedings shall have precedence in the order in which they are here named, and a question on any of these shall be decided before the original motion.

RULE VI. If the question under debate contains distinct propositions, the same shall be divided at the request of any member, and a vote taken separately, except that a motion to strike out and insert shall be indivisible.

RULE VII. All amendments shall be considered in the order in which they are moved. When a proposed amendment is under consideration, a motion to amend the same may be made. No after amendment to such second amendment shall be in order; but a substitute for such second amendment, or a substitute for the whole matter, may be received. No proposition on a subject different from that under consideration shall be received under color of a substitute.

If a motion to lay on the table an amendment be carried, the matter before the Convention shall be proceeded with as if no such amendment had been offered.

RULE VIII. A motion to lay upon the table shall be decided without debate.

RULE IX. A motion to adjourn shall always be in order when no member is speaking, and, if unqualified, shall be decided without debate.

RULE X. All questions of order the President shall decide, subject to an appeal to the Convention.

RULE XI. Record shall be made upon the Minutes of every motion or resolution which is put upon its passage, or upon which any action allowed by Rule V. shall have been taken; but, with the consent of the Convention, the mover may withdraw a motion or resolution at any time before such action

has been taken, or it has been put upon its passage, in which case it shall not be entered on the Minutes.

RULE XII. An address or communication from the Bishop shall be in order at any time.

RULE XIII. A question having been decided shall not be reconsidered during the same session, without the consent of two-thirds of the members present, nor unless the motion to reconsider be made and seconded by members who voted in the majority on the original decision.

RULE XIV. In elections by ballot, the polls shall be closed when the Tellers or Committee appointed to count the ballots withdraw from the room in which the Convention is held; and no clerical or lay members shall be allowed to vote after that time, except by direct permission of the Convention, on the application in form of each member desiring so to vote; and the reasons of his not having previously voted shall be stated by him to the Convention before his application is entertained. The Secretary of the Convention shall cause to be printed, and distributed among the members of the session, two (2) printed ballots as follows: The first shall be headed, "Standing Committee elected by the preceding Convention;" then shall follow the names of the members of said Standing Committee. The second shall be headed, "Deputies to the General Convention elected by the preceding Convention." Then shall follow the names of such Deputies and Substitutes; and this second ticket shall be presented to that Convention only when such election would be in order. And in each ballot there shall be, after the printed names, a blank space not less than the amount of space occupied by the printed matter in each ticket.

RULE XV. At the request of the President, or on motion, the Convention may resolve itself into a committee of the whole.

RULE XVI. When the Convention is about to rise, every member shall keep his seat until the President leaves the chair.

RULE XVII. The Rules of Order shall be read at the opening of every Convention.

RULE XVIII. For the suspension of any part of the Standing Order of Business, or of any of the Rules of Order, the consent of two-thirds of the members present shall be necessary.

GUIDE IN ORGANIZING NEW PARISHES.

A Resolution of the Convention (Journal of 1871, pp. 45, 46, and 196) recommended, as a guide to new Parishes in organizing, a Form of Constitution and By-Laws.

At the Meeting of the Convention in 1883, a Special Committee was appointed to consider the possible legality of the Form for Constitution and By-Laws in the organization of Parishes.

At the Meeting of the Convention in 1884, this Committee reported a Form of Constitution or By-Laws for Parishes, which (Journal of 1884, pp. 91-94) was substituted for that adopted in 1871.

The Form adopted in 1884 is preceded by important requirements of the Constitution of the Diocese; viz.,—

ARTICLE 12.

ADMISSION OF A PARISH INTO UNION WITH THE CONVENTION.

SECTION 1. To entitle a Parish to admission into union with the Convention, such Parish shall submit to the Convention a certified copy of its Articles of Association, or other satisfactory evidence of its organization (or, if spe-

cially incorporated, of its Charter), and of its Constitution and By-Laws: in which it must be declared that such Parish accedes to the Doctrines, Discipline, and Worship, the Constitution and Canons, of the Protestant Episcopal Church in the United States, and to the Constitution and Canons of this Diocese; and such Parish shall lay before the Convention written evidence, subscribed by the Wardens and Vestry, that it has been duly organized as such for the space of one year, and during that time has held regular public services.

SECT. 2. Copies of said Articles of Association or Charter, and of the Constitution and By-Laws of such Parish, together with the circumstances and need of its organization, must also be submitted to the Bishop and Standing Committee of the Diocese, at least one month before the Annual Session of the Convention, and be approved by them respectively; or, if not so approved, he or they shall report to the Convention the reasons in writing of such disapproval. The whole subject, with all the documents, shall be referred to a special committee of three Clerical and three Lay Members of the Convention, to report thereon.

The Resolution and the Recommended Form of Constitution or By-Laws for Parishes are as follows:—

Resolved, That in order to secure as much uniformity as local circumstances will permit, and also to place the management of Parish affairs on a wise and just basis, the following Form of Constitution or By-Laws is recommended:—

FORM OF BY-LAWS FOR PARISHES, RECOMMENDED BY THE CONVENTION.

[Note that ten or more persons are required in order to form a religious society under the laws of Massachusetts. The forms to be observed in order to become a corporation are very distinctly stated in the Public Statutes, Chapter 38, Sections 25 and 26.]

COMMONWEALTH OF MASSACHUSETTS.

PUBLIC STATUTES, CHAPTER 38.

SECT. 4. Persons belonging to a religious society shall be held to be members thereof until they file with the clerk a written notice declaring the dissolution of their membership; but, after filing such notice, they shall not be liable for any grant or contract thereafter made or entered into by such society. No person shall be made a member of such society, without his consent in writing.

SECT. 5. A religious society may make by-laws not repugnant to the laws of the Commonwealth, and may in such by-laws prescribe the manner in which persons may become members.

SECT. 9. Moderators of meetings held for the choice of officers shall be elected by ballot. Clerks, assessors, treasurers, and collectors shall be elected by ballot, and shall be sworn. Other officers shall be elected in such manner as the society may determine.

SECT. 10. The prudential affairs of such societies shall be managed by their assessors, or by a standing committee specially appointed for that purpose; and the assessors or committees shall have like authority for calling meetings, as selectmen have for calling town-meetings.

SECT. 12. The assessors or committee shall insert in their warrant for calling a meeting any matter, the insertion of which five or more qualified voters of the society may, in writing, request. Nothing acted upon at a meeting shall have any legal operation, unless the subject matter thereof was inserted in the warrant for such meeting.

SECT. 14. The clerk, or if there is no clerk, or if he is absent, one of the assessors, or of the standing committee, shall preside in the choice of a moderator; and a clerk may then be chosen, either *pro tempore* or to fill the vacancy, as the case may require. SECT. 25. Any justice of the peace may, upon application in writing by five or more of the qualified voters of such society, issue his warrant directed to some one of the applicants, stating the objects of the proposed meeting, and requiring him to warn the qualified voters of the society to meet at a time and place appointed by the warrant; and such warrant may be served by posting an attested copy thereof on the principal outer door of the meeting-house of such society, or by leaving such copy with, or at the last and usual places of abode of, the qualified voters of the society, seven days at least before such meeting; and upon due return thereof, the same or any other justice of the peace may preside at the meeting for the choice and qualification of a clerk, who shall enter at large upon the records of the society the proceedings had in the organization thereof; and the society may thereupon proceed to choose a moderator, and to do such other things as parishes are by law authorized to do at their annual meetings: *provided* the subject matter thereof is inserted in the warrant.

SECT. 26. Any ten or more persons, male or female, who desire to form a religious society, may make for that purpose an application in writing to a justice of the peace; and such justice may thereupon issue his warrant directed to one of the applicants, stating the objects of the proposed society, and requiring him to warn said persons to meet at a time and place appointed in the warrant. The Eastern Convocation of the Diocese of Massachusetts respectfully reports as follows: Meetings have been held since the last Convention, at St. Thomas' Church, Somerville; St. Paul's Church, Malden; and the Church of St. John the Evangelist, Boston.

A Memorial has been placed on our records, recognizing the great loss sustained by the Diocese in the death of the late lamented General Missionary, the Rev. JOHN S. BEERS.

At the last meeting, held in Boston, the subject of missionary work in our large cities was earnestly discussed, and a Committee appointed to confer with the Boston Episcopal City Mission, with reference to the duty of the Church towards the people of the city of Boston; and what methods should be adopted in doing the work.

At the annual meeting, held on Monday, May 9, 1887, the following officers were chosen:—

Dean. — GEORGE Z. GRAY, D.D.

Vice-Dean. — G. W. SHINN, D.D.

Secretary. — W. G. WELLS.

Treasurer. — T. L. FISHER.

NEWTON LOWER FALLS, May 9, 1887.

The Rev. GEORGE S. PAINE, from the Central Convocation, transmitted the following Report:—

REPORT OF THE CENTRAL CONVOCATION.

This Convocation respectfully makes the following Report.

There have been, according to custom, three meetings during the past year: viz., the Annual Meeting at the Church of the Good Shepherd, Clinton, on Tuesday, June 8, 1886; at St. Matthew's Church, Worcester, Tuesday, November 9, 1886; and at St. Paul's Church, Gardner, on Tuesday, February 8, 1887.

As usual, there have been sermons, essays, and debates, by the various Clerical members of the Convocation, at each meeting.

In common with the Diocese at large, this Convocation has sustained a great loss in the death of the Rev. John S. Beers, late General Missionary of the Diocese. Being a frequent attendant at the Convocation meetings, his informal reports and statements in regard to the progress of Church work in Worcester County, and elsewhere, were always instructive and edifying.

The various Parochial Reports of the local Clergy may be consulted for information in regard to special Missionary work carried on by them during the last year, within the limits of the Convocation.

At the Annual Meeting in June, the Rev. A. H. Vinton was re-elected Dean, and the Rev. G. S. Paine Secretary and Treasurer of the Convocation.

GEORGE S. PAINE,

SPRINGFIELD, May 10, 1887.

The Rev. REUBEN KIDNER, from the Committee on the Adjustment of the Order of Business, made the following Report : —

The Committee appointed at the last Convention, to report what changes are necessary in the Standing Order of Business, on account of the shortening of the Opening Services of the Convention, and the time of the delivery of the Annual Address of the Bishop, beg leave to present the following: —

Inasmuch as by the Eighteenth Rule of Order, the Standing Order of Business may at any time be changed by the Convention, there is no pressing necessity for a permanent amendment of the Order.

The Committee therefore recommend that no such permanent alteration be made at this time, but that the matter be left until the amount of time gained for the transaction of business, by the changes in the Opening Services, be fully determined by due trial.

Respectfully submitted.

REUBEN KIDNER,

For the Committee.

BOSTON, May 10, 1887.

A motion having been made to accept the Report, the Rev. PHILLIPS BROOKS, D.D., moved to amend the motion by the adoption of the following, which motion prevailed : —

Resolved, That for Rule II. of the Standing Order of Business the following be substituted: "The Administration of the Holy Communion, and the Sermon by the appointed Preacher; unless the BISHOP shall deliver a Charge to the Convention."

The motion, as amended by the Rev. DR. BROOKS, was then adopted.

On motion of the Rev. PHILLIPS BROOKS, D.D.,

Resolved, That the Committee on the Constitution and Canons be requested

to report to the Convention such amendments of Canon 2, Sect. 4 (1), as shall cause it to embody the change which has just been adopted by resolution; viz., the restoration of the Sermon to its place among the Opening Services of the Convention.

The Rev. CHARLES H. LEAROYD presented the Annual Report of the Diocesan Board of Missions, as follows (together with the Annual Account of its Treasurer, for which see Appendix C):—

THE THIRTEENTH ANNUAL REPORT OF THE DIOCESAN BOARD OF MISSIONS FOR THE YEAR 1886-87.

In presenting the Thirteenth Annual Report of the Diocesan Board of Missions to the Convention, our first thought is given to the event which has most distinctly marked the year,—the loss of the General Missionary, who rested from his labors on Nov. 20, 1886. The Board, so far as it can do so by any formal action, has expressed its sense of the loss which the Diocese sustains, in the following minute, which is made a part of this Report, and thereby becomes a part of the recorded proceedings of this Convention:—

Minute of the Diocesan Board of Missions of Massachusetts, upon the death of its General Missionary, the Rev. JOHN S. BEERS.

The Board of Missions of the Diocese of Massachusetts desires to place on record its honor for the life and character of its late Diocesan Missionary, the Rev. John S. Beers, and its sense of the loss which the Diocese and the Churches have sustained by his lamented death.

Mr. Beers had singular qualifications for the duty which he so long and faithfully performed. He possessed untiring activity, enthusiastic devotion to his work, good judgment in the perplexing questions which it involved, sincere loyalty to the authority under which he labored, and unflinching patience in the midst of a multitude of details. He had most cordial sympathy with the weak and struggling Parishes and Missions of the Diocese, and will long be remembered by them as a most faithful and efficient friend.

In personal character he is to be honored for his uprightness and purity, and for the simple faith with which he trusted his Master, and, seeking to live in devout nearness to Him, accepted the task which had been given him to do with cheerfulness and hope.

His brethren and friends will cherish the memory of him as of one who, like the first disciples of the Lord, "went and did as Jesus had commanded."

PHILLIPS BROOKS,
HENRY F. ALLEN, } Committee.
GEO. C. SHATTUCK,

What Mr. Beers accomplished in the five years of his remarkable work, in seeking out and ministering to the scattered Church people in regions remote from the established services of the Church, by thorough exploration of considerable portions of the Diocese with reference to the needs and possible enlargement of its Missionary work, and by wise counsel and always kind and faithful helpfulness in the many and important relations he held, has constituted a very interesting and important part of the work of the Diocesan Board.

The Board entered upon the year with an unusual degree of hopefulness and confidence as to the enlargement and increased efficiency of its work. The last Convention adopted the following Resolution, which was appended to the Report of the Board:—

Resolved, That in view of the opportunities opening on all sides for missionary enterprise in this Diocese, the Board desires that the annual Diocesan contributions may be increased by at least \$3,000; and it hereby asks for its work for the ensuing year the sum of \$15,000. And the Board also earnestly begs to remind the Rectors and Missionaries that it rests largely with them to secure this additional amount by bringing the matter forcibly to the attention of their people, in which effort it is confidently believed that the laity will cordially second them.

The action of the Convention in the unanimous adoption of this Resolution was regarded as indicating, on the part of the Diocese, a more distinct recognition of the great opportunities for the extension of the Church in the Diocese, and a deeper interest and more earnest purpose to extend and strengthen its Missionary work.

The Board has proceeded in its work cautiously, but with hopefulness, with no lack of zeal or efficiency, and with the rigid economy of expense which has always characterized its administration. But the hopeful expectations of the year have not been realized, and the Diocese has failed to carry out the purpose to which it pledged itself by the action of the last Convention.

The receipts of the Board for the year have been \$10,816.22, from the following sources:—

From balance from account of the previous year	\$26 20
" Parish offerings	9,142 97
" Massachusetts Church Missionary Society	42 00
" Individual and special gifts	1,605 05
Total receipts for the year	\$10,816 22

The expenditure has been \$11,873.62, for the following purposes:—

For Stipends to Parishes and Missions	\$9,356 53
" Work of the General Missionary	1,382 79
" Publication and distribution of "The Diocese"	566 35
" Expense of missionary meetings	395 03
" Secretary's expense account	5 26
" All other expenses	167 66
Total expenditure for the year	\$11,873 62

As compared with the preceding year, there has been a falling-off of \$867.24 in receipts, and an increase of \$216.36 in expenditure.

The Board, therefore, comes before the Convention with a deficiency of \$1,057.40. But for the unforeseen termination of expenditure for the General Missionary work in November, the deficiency of resources for the year would be considerably greater than it is.

Seventy-five Parishes and Missions have increased the amount of their offerings the past year, the aggregate of such increase being \$1,278.71, and for this increase the Board makes its grateful acknowledgment. There have been some instances of marked increase, and, as is so commonly the case, they are

chiefly among the feeble Parishes and Missions. In many instances, this increase means earnest purpose and effort, and something of self-denial.

Sixty-two Parishes and Missions have contributed less than the preceding year, the aggregate falling-off being \$1,696.23; and fourteen have not as yet contributed this year, whose aggregate contributions last year amounted to \$388.35.

There are altogether twenty-five Parishes and Missions on the Parochial List of the Diocese which have sent no offerings the past year to the treasury of the Board.

Forty-eight Parishes and Missions have been aided during the year, as follows: Amesbury, Ashfield, Byfield, Bridgewater, Brighton, Brockton, Ascension, Cambridge, Canton and Walpole, Chelmsford, Cherry Valley, Chicopee, Concord, Danvers, Easthampton, Everett, St. James', St. John's, and St. Mark's, Fall River, Framingham, Gardner, Gloucester, Lee, Medway, Milford, Millbury, Millville, Nantucket, Natick, Messiah, Newton, Oxford, Peabody, Plymouth, Rochdale, Sheffield, Shelburne Falls, South Framingham, Swansea, Van Deusenville, Wakefield, Watertown, Westborough, Westfield, Weymouth, Wilkinsonville, Williamstown, Winchester, Woburn, Wrentham.

This is a larger number than have ever before received the appropriations of the Board in any one year. The additions the past year have been Canton and Walpole, Chicopee, Everett, St. Mark's, Fall River, Wakefield, Watertown, Weymouth, and Westborough. There have been fewer vacancies than in any previous year in the Parishes and Missions aided; and there has been a larger amount of work done for the amount expended than in any previous year.

A constant and earnest effort has been made to secure for the Parish Missionary meetings — one hundred of which have been held — a high character and influence, and this effort has been generally cordially seconded by those who have taken part in them as speakers, and by the Clergy in whose cures they have been held. Much has been accomplished in securing a recognition of their spiritual character and purpose, and much yet remains to be accomplished in this respect. Through this effort, patiently and earnestly pursued, the Board hopes to awaken a deeper sense of responsibility and duty throughout the Diocese, and to greatly strengthen the foundations of its Missionary work.

Through committees of the Board two important undertakings have been engaged in with encouraging results, — the securing a new site for St. Paul's Church, Brockton, as the first step in the development of a larger and stronger Church work in that important town; and the extinguishment of a considerable portion of the indebtedness of St. James' Parish, Fall River.

In no previous year has the Missionary work of the Diocese presented so many interesting and hopeful features, or so much of encouragement to larger and more earnest effort. The single discouragement has been the apathy and shortcoming on the part of the Diocese, as shown in the falling-off in Diocesan contributions.

The Diocesan Board has now completed its thirteenth year, and during this period the number of communicants in the Diocese has doubled. Some corresponding increase in the aggregate of annual offerings of the Parishes for the support of the Missionary work of the Diocese would naturally and confidently be expected, but such has not been the case. There has been increase,

it is true; but it has been small and wholly out of proportion to the increase of communicants. The receipts from Parish offerings in 1885-86, amounting to \$9,792.94, were but \$2,181.26 more than was received from the same source ten years before — in 1875-76. In only five of these thirteen years has the Board been able to complete the year without debt; and its work has been carried on, year by year, with a constant sense of uncertain and inadequate support, and with frequent and sometimes serious embarrassment.

Notwithstanding these difficulties and restrictions, a great and good work has been done. Over sixty Parishes and Missions throughout the Diocese have been enabled to maintain the services of the Church, ministering to over 3,000 communicants and 4,000 Sunday-school scholars. Ten of these have relinquished the aid of the Board and have become self-supporting, and at least three more will retire from the appropriation list on or before July 1 next. This relinquishment of aid by Parishes and Missions which have become self-supporting, and the consequent release, year by year, of some small portion of the resources of the Board for work in new fields, has enabled it somewhat to extend its work, though never in any degree corresponding to the opportunity and need.

There has been great increase of Church life in the Diocese in these years, and much of it has been in no way dependent upon or due to the Diocesan Board. With few exceptions, however, the relation of the Board to the *extension* of the Church has been direct and important. Within the last six years the services of the Church have been newly established or revived in the following places: Watertown, Concord, Linden, Saugus, Mattapoisett, Barnstable, Berkshire, Shelburne Falls, Duxbury, Cottage City, Vineyard Haven, Newton Highlands, Chestnut Hill, Canton, Walpole, Chicopee, Lincoln Square, Worcester, Easthampton, Lexington, Marion, Mattapan, South Framingham, Winchester, Marlborough, Medway, Manchester, Sandwich, Wareham, Westborough, Hingham, St. James' and St. Mark's, Fall River, Winthrop, Beachmont, and Everett.

In nineteen of these thirty-five places, Church buildings have been erected, and, with two exceptions, paid for.

A chief purpose of this Report is to call the attention of the Convention to the remarkable opportunities and need for the extension of the Church's work in this Diocese, and the great and increasing responsibility that rests upon the Diocese as a necessary consequence. There are 346 towns in the Commonwealth, with a population of over 1½ millions. The services of the Church are established in 105, and in some of these but feebly and inadequately. Of the remaining 241 towns, in nearly all of which it is probably safe to say that the service of the Church has never been heard, there are scattered Church people sufficient in number to call for some systematic and adequate provision for their spiritual care. In every town and every community there is a considerable and often a large proportion of people who attend no place of public worship, and are not reached by any existing provision for spiritual ministrations. There are few, if any, communities now in this Commonwealth that will not gladly welcome whatever work the Church will undertake to do. All conditions are favorable to the work and growth of the Church, and it is of the utmost importance to the Diocese that the opportunity and responsibility be clearly recognized.

The Board cannot ask for less this year than it did last. It could use wisely and effectively a larger sum than \$15,000. It hesitates to append to this

Report, as has been customary, a Resolution which, as a part of the Report, may be adopted by the Convention with no better result than has followed the adoption of the Resolution appended to the last Annual Report. Instead of securing an increase of Diocesan contributions, there has been a considerable falling-off in the same, and the Board is compelled to report to the Convention a debt of \$1,057.40.

The Missionary work of the Diocese is its most important interest, and should be its chief concern. The Board asks for it the careful consideration of this Convention, and such action as shall secure for it a support in some measure adequate to its opportunities and needs, and that shall more distinctly recognize the responsibility of the Diocese with reference to it.

On motion of Mr. EDWARD L. DAVIS, the Report was accepted, and the following Resolution adopted : —

Resolved, That we, the Clerical and Lay Delegates to this Convention, are deeply impressed by the statements contained in the Report of the Diocesan Board of Missions, as to the large opportunities existing in the Diocese, for the extension of its missionary work; and we cordially pledge ourselves to an earnest effort to bring up the offerings for the coming year to a sum not less than \$15,000.

The CHAIR appointed the following as the Special Committee on the reference of that portion of the BISHOP'S Address concerning Clerical Support : —

The Rev. SAMUEL H. HILLIARD,
 " " A. ST. JOHN CHAMBRÉ, D.D.,
 Mr. WILLIAM L. WAINWRIGHT,
 " SAMUEL BATCHELDER,
 " JOSEPH W. WOODS.

The Hon. L. BRADFORD PRINCE was then presented by the BISHOP to the Convention, and addressed its members on the work of the American Church Building Fund Commission.

The Rev. CHARLES H. LEAROLD, in behalf of the Committee on Form of Constitution or By-Laws for Parishes, made the following Report : —

To the Diocesan Convention of the Diocese of Massachusetts, May 11, A.D. 1887.

The committee to whom was referred, at the last Convention, the whole form of the Constitution and By-Laws for New Parishes (Convention Journal, p. 69), have considered that subject, and beg to report as follows : —

In Art. II. upon membership (on p. 224 of Journal of 1886) they recommend several changes.

1st, To strike out the word "baptized" before the word "person," so that baptism shall not be a requisite to mere membership of a Parish.

To insist upon it would, in the opinion of the committee, prevent many

useful and active persons from taking any interest in the Parish, which in many places, especially new fields of labor, seems to be inexpedient. The Parish is a civil and not an ecclesiastical organization; a temporal corporation and not a Church; and the qualifications for Church-membership may well be different.

The doors for admission to the Parish should be as wide and convenient as due regard to safety will permit.

The entrance into the Parish, and the consequent interest in its affairs, will naturally tend to lead its members up to, and acceptance of, the rite of baptism.

Interest in the Parish will be a useful means of exciting interest in the Sacrament. There seems to be no more reason in requiring baptism for admission to the Parish than to insist upon confirmation.

This requirement is new in the Diocese, never having been suggested until the year 1884, and your committee are not aware of any evils or inconveniences arising during the last century which call for any such innovation at the present day.

2d, The committee recommend striking out the word "male" before the word "person" in the same section as to membership. This is not the time and place to discuss the general question of woman suffrage, but the statutes of the Commonwealth expressly recognize the propriety of admitting women to membership in religious societies; and in many Parishes, by virtue of pew-ownership, they are already members.

Their interest in, and importance for successful Parish work is universally admitted.

Why should the most useful and most interested workers in a Parish be excluded from any part in its proceedings?

Of course, every Parish will have the right to admit them or not, as they see fit, since our form is only a *proposed* form; but are we willing, at this day, to recommend that women *shall not* be admitted to membership where their co-operation is most needed?

3d, The next suggestion the committee have to make in regard to this section on membership, is one of style and perspicuity, and is not designed to make any alteration in the meaning of the article as it now is.

We suggest the propriety of inserting the words "of the Parish" after the word "meeting" in the fourth line, on page 225, and changing the next line so that it will read "either by regular attendance on such public worship, or by pecuniary aid therefor, shall be considered a member of the Parish," etc.

4th, Another amendment to this section is of more importance. The article now provides that any member who shall have refrained from regular worship, and from contributing to the support of the Parish, for one year, may by a vote of the Parish be dropped from the list of members.

No provision is here made for notice to the alleged delinquent member, or any opportunity given him to refute or explain the accusation; which seems to be contrary to the plainest principles of natural justice; and it has moreover been recently decided by the Supreme Court of the Commonwealth, that such a by-law is illegal, and a removal of the member under it invalid.

We therefore commend the insertion of these words after the word "may" in the tenth line, on p. 225 of last year's Journal, "after due notice and an opportunity to be heard thereon."

5th, In Article V., 9th line, we recommend to change the words "Parish Meeting" to "Special Meeting," so that regular business transacted at the annual meeting of the Parish need not be previously mentioned in the notice of the meeting.

6th, In Article VI., on the election and authority of the Rector, the committee renew their report of last year, viz., to substitute for the existing article the following :—

"The Rector shall be chosen by the Parish at a meeting duly called for that purpose, or by the Vestry, if so authorized by the Parish.

"No person shall be eligible to the office of Rector, unless he is a qualified Minister of the Protestant Episcopal Church in good standing."

In support of the principle of electing a rector by the Parish instead of the Vestry alone, the committee are of opinion that such a practice will better conform to the usages, traditions, and habits of our people, than the opposite.

Election by the Vestry has never before been recommended by this Convention, and as by the other provisions of this Constitution the rector is for the first time made a member of every Vestry, entitled to preside and vote in its proceedings, the expediency of giving him a vote in the election of his successor is, in the judgment of your committee, more than doubtful.

Besides, it is at least questionable whether denying the right of the Parish to elect its own Rector is not contrary both to the letter and spirit of the Constitution of the Commonwealth. Our Bill of Rights provides that :—

"As the public worship of God, and instructions in piety, religion, and morality, promote the happiness and prosperity of a people, and the security of a republican government; therefore the several religious societies of this Commonwealth, whether corporate or unincorporate, at any meeting legally warned and holden for that purpose, shall ever have the right to elect their pastors or religious teachers, to contract with them for their support," &c.

If therefore our Parishes are "Religious Societies," if our Rectors are "Pastors and Religious teachers," it is not easy to see why all Parishes have not a constitutional right to elect them, which cannot be taken away and vested in any other body; but the present form of constitution attempts to provide that "The Rector *shall* be chosen by the Vestry."

The amendment now recommended recognizes the right of the Parish to elect in the first instance, but that it may delegate the power to the Vestry, by special vote or standing by-law; which seems to be both a legal and convenient course.

As to the other existing provision about the powers of the Rector over the music, furniture and arrangements of the chancel, it seems to the committee both unwise and unnecessary.

He already has control over the time and manner of public worship and the music, and there is no occasion for any legislation in regard to the furniture and arrangements of the chancel.

The Rector has control over the chancel furniture as he also has control over the bell and the organ, the alms-basin, the communion vessels, the font.

We have no law in our Church defining the extent of this control. But English ecclesiastical law has clearly decided that these so-called Ornaments in the Church cannot be removed by Rector alone, or by Wardens and Vestry alone, but by the joint consent of all. This agrees with common sense.

The Parish for whom these things are, is stable; while rectors in this country come and go with great rapidity.

Besides, by the next provision of the existing form of the Constitution it is made the duty of the Wardens to provide the furniture, books and vestments, and all things necessary for the due celebration of divine service.

The form for Article VI., which the committee recommend, is simple in statement and sufficient for the purpose; and before entering upon fuller definitions of the Rector's duties and relations, it seems best to await the action of the General Convention, which is considering the subject of the "Functions of Rectors, Wardens, and Vestrymen."

7th, In Article VIII., line 6, we recommend the insertion of the words, "and whenever so required by the vote of the Vestry," so that treasurers must exhibit their accounts whenever the parties interested therein so desire.

8th, In Article XI., strike out the last line, "or from the rights of the Rector previously defined in these By-Laws."

This clause ought to be stricken out, whether the amendment before suggested about the power of the rector in Article VI. is or is not adopted by this Convention.

We ought not to recommend a by-law that the Parish never should have power to change its by-law in this respect, if they unanimously wanted to do so, which the present language of Article XI. would forbid.

On motion,

Resolved, That the proposed amendments be considered separately.

Mr. WILLIAM I. PARKER presented the following communication from Grace Church, Medford, asking the approval of the Convention to the making of an amendment to Article Third of the Constitution of that Parish, which communication was referred to the Committee on the Constitution and Canons.

A TRUE COPY FROM THE MINUTES OF THE ADJOURNED SESSION OF THE ANNUAL PARISH MEETING OF GRACE CHURCH PARISH, MEDFORD, MASS., HELD ON THE EVENING OF MAY 9, 1887.

Voted, That the proposed amendment to Article Third of the Constitution, which is this day received from the Vestry with their recommendation, be and is hereby approved in form as follows:—

PROPOSED AMENDMENT TO THE CONSTITUTION.

That an amendment be made to the Third Article of the Constitution of this Parish, by striking out the word "while" after the words "and entitled to vote in all its affairs," and inserting the words "so long as" in its stead; by striking out the word "member" after the words "while he continues such," and inserting in its stead the words "aid and no longer;" and lastly, to amend by adding at the end of said Third Article this paragraph; viz., "The Vestry shall, at its Meeting next preceding the Annual Meeting of the Parish, revise the list of members of the Parish, dropping from the list the names of all members who have ceased to comply with the conditions of membership prescribed in this Article, and such revised list of members shall be certified by one of the Wardens, and be made a part of the record of the Annual Meeting."

The Third Article of the Constitution will then read: "Any male person of the age of twenty-one (21) years, who has subscribed to the Constitution and By-Laws of the Parish, and who has aided in maintaining public worship therein for a period of six (6) months immediately preceding such subscription, either by regular attendance thereon, or by pecuniary aid in hiring a sitting, or otherwise, shall be considered a member of the Parish, and entitled to vote in all its affairs so long as he continues such aid, and no longer. But no member who shall disclaim or refuse conformity to the authority of the Protestant Episcopal Church aforesaid, shall be eligible to any office or function in this Parish, or be entitled to vote in its affairs. The Vestry shall, at its Meeting next preceding the Annual Meeting of the Parish, revise the list of members of the Parish, dropping from the list the names of all members who have ceased to comply with the conditions of membership prescribed in this Article, and such revised list of members shall be certified by one of the Wardens, and be made a part of the record of the Annual Meeting."

"Voted, That the Clerical and Lay Delegates to the Diocesan Convention to be next held on the 11th day of May, 1887, be instructed to present the approved amendment to Article Third of the Constitution, for the approval of the Convention, as provided in the Sixth Article of the Constitution."

The House then took a recess.

CHAPEL OF TRINITY CHURCH, BOSTON,
Thursday, May 12, A.D. 1887, 3 o'clock P.M.

The Convention re-assembled.

The special order, the Report of the Committee on the Drafting of Canon to secure Uniformity in the Method of Registering Communicants, was then taken up.

The Rev. ARTHUR LAWRENCE, for the Committee, made the following Report : —

The Committee appointed to report to this Convention the draft of a new canon having in view the securing of greater uniformity in the registration of communicants, respectfully report : —

That since the last meeting of this Convention, the matter referred to, having been brought before two successive General Conventions, was made the subject, at the last General Convention, of the following resolutions : —

" *Resolved*, That the subject of the Registration and Enumeration of Communicants be commended to the careful consideration of the Diocesan Convention and of the clergy;" and

" *Resolved*, That the requirements of the Canon, that communicants removing shall procure a certificate showing that they are entitled to be received in good standing, be commended to the special attention of the Church."

To these resolutions your Committee would call the attention of this Convention, and would recommend that the Canon referred to, viz., Canon 12, Title II., of the Digest, be strictly observed in the registration of communicants in this Diocese.

But this canon, however useful so far as it goes, does not cover the whole question as to who are to be *considered communicants*. Is every person who has been confirmed and who is not excommunicate, to be registered and reported as a communicant? If not, who shall decide, and upon what grounds, when one's right to be considered a communicant ends? On what principle shall the lists be from time to time revised? So far as your committee can see, the responsibility of deciding is thrown upon the clergyman from whom the annual report is required, and there is no Diocesan or General Canon to which he can appeal for guidance, or by which his responsibility is defined.

The question is a very serious one, involving, incidentally, the subject of discipline, and the responsibilities and rights both of the clergy and laity. And not only that, but since one's right to be a communicant in one Diocese carries with it one's right as a communicant member of the whole Church, the question is more than a Diocesan one, and involves a communicant's Federal rights in the Church, if the word may properly be so used.

Your committee, therefore, feel that for the reasons already stated, and for the further reason that the annual registration and enumeration of communicants is called for by a Canon of the *General Convention*, the matter calls for legislation on the part of that Convention rather than of any one Diocese; and they recommend, therefore, that the deputies from this Diocese to the *General Convention* be instructed to bring the whole subject before that Convention at its next session.

Respectfully submitted,

ARTHUR LAWRENCE,
HENRY A. METCALF,
CHARLES G. SAUNDERS.

On motion of Mr. GEORGE C. SHATTUCK, M.D., the Report was accepted.

The Rev. ALFRED F. WASHBURN, for the Committee on Unfinished Business, made the following Report:—

The Committee on "Unfinished Business" beg leave to say, that they found four matters of business unfinished last year, to come before this Meeting of Convention, but as all of these points have been brought forward and settled yesterday and to-day, there is no further business of last year's Convention now awaiting action.

Respectfully submitted,

ALFRED F. WASHBURN,
CHARLES C. HAYES, M.D.

On motion, The Report was accepted.

The Rev. EDWARD M. GUSHEE, for the Committee on the Constitution and Canons, made the following Report:—

The Committee on Constitution and Canons having considered the petition of St. James' Parish, New Bedford, to be allowed to amend Article 3 of its Constitution and By-Laws, so as to read "any person," instead of "any male person," and inserting "he or she," respectfully report that the change asked for by the petitioners, being in accordance with the provision of the

Form of By-Laws for Parishes recommended by the Diocesan Convention, be granted.

(Signed)

EDWARD M. GUSHEE,
HENRY F. ALLEN,
JOHN C. ROPES.

The Report was accepted, and its recommendation was adopted.

The Rev. EDWARD M. GUSHEE, for the Committee on the Constitution and Canons, made the following Report:—

The Committee on Constitution and Canons having examined an amendment of the Constitution of the Parish passed at an adjourned annual meeting of Grace Church, Medford, and submitted to the Convention for approval, report:—

That in their judgment this amendment is in harmony with a corresponding article in the Form of By-Laws for Parishes recommended by this Convention, and as amended at the present session.

And the Committee recommend that the amendment be approved.

EDWARD M. GUSHEE,
HENRY F. ALLEN,
JOHN C. ROPES.

The Report was accepted, and its recommendation was adopted.

The Rev. EDMUND F. SLAFTER, Registrar of the Diocese, presented his Annual Report, which, on motion, was accepted.

The Report is as follows:—

REPORT OF THE REGISTRAR OF THE DIOCESE.

The following important additions have been made during the year to the historical collections of the Diocese. Through the kindness of the late Presiding Bishop, the Right Rev. Alfred Lee, D.D., the series of Delaware Diocesan Journals has been completed as far back as 1811, the date when the organization of the Diocese was perfected by the consecration of a Bishop; and a few have been obtained of a still earlier date.

Miss Julia C. Emery, Secretary of the "Woman's Auxiliary to the Board of Missions," has completed our series of reports of that institution, the first having been issued in 1873. We have also obtained during the year all the Reports of the "Massachusetts Branch of the Woman's Auxiliary," the first bearing date 1878.

Mrs. A. T. Twing has kindly presented Vol. I. of "Church Work," 1886, edited by herself, and a large number of other valuable printed documents.

Our imperfect set of the Reports of the "House of the Good Samaritan" has been made complete by the kind assistance of Miss Anne S. Robbins, the founder and the manager of this excellent institution from its beginning in 1802.

The Right Rev. Bishop Paddock has presented a large collection of valuable pamphlets and other printed documents, some of them supplying existing wants, and others useful in exchange.

The Diocese is under special obligations to the Rev. L. C. Manchester for a large collection of important historical publications. Similar gifts, not less munificent, have been made by him in former years.

The Rev. Phillips Brooks, D.D., has contributed some rare sermons of an early date by Clergymen of our Church, together with several bound volumes. Among the latter are the discourses of the Rev. Samuel Phillips of Andover, published in 1728, and the very rare sermon of the Rev. John Danforth of Dorchester, on the occasion of the removal of the Rev. Joseph Lord and his Church to South Carolina in 1695.

Charles H. Parker, Esq., has presented twenty manuscript sermons of the Right Rev. Samuel Parker, D.D., the second bishop of this Diocese. The earliest was preached in 1774, the year of his ordination; and the latest in the year 1803, a few months before his death.

Our thanks are due to the Rev. Francis W. Smith, Rector of St. James's Church, Woodstock, Vt., for three manuscript sermons, memorials of distinguished Clergymen of the colonial period: viz., one by the Rev. Samuel Johnson, D.D., Rector of Christ Church, Stratford, Conn., and the first president of King's, now Columbia College, in the city of New York, preached Feb. 20, 1737; one by the Rev. Thomas B. Chandler, D.D., of Elizabeth, N.J., the distinguished champion of an American Episcopate, preached May 15, 1774; one probably by the Rev. Edward Winslow, Rector of Christ Church, Stratford, Conn., but subsequently to 1763 settled in Braintree, now Quincy, in this Diocese.

The Rev. Thomas F. Fales has contributed a valuable manuscript entitled "Reminiscences of Bishop Griswold," read by him before the Episcopal Clerical Association in Boston, in February, 1887.

We are indebted to the Hon. Mellen Chamberlain for a copy, made under his direction for our archives, of a valuable original letter of the Rev. Edward Bass, subsequently the first Bishop of Massachusetts, to the Rev. Dr. Hind, Secretary of the venerable Society for the Propagation of the Gospel, bearing date of Nov. 23, 1778, while the Revolution was in progress, and for this reason historically interesting and valuable.

Dr. George C. Shattuck has placed in our collection a manuscript sketch of the history of St. Paul's Church, Newburyport, by the Rev. Edward L. Drown, and likewise a complete series of printed documents relating to the method and progress of the accumulation of the Episcopal Fund in this Diocese.

During the first quarter of the present century, there were undertaken seven different magazines in the interest of the Protestant Episcopal Church. One was published in Massachusetts, one in Vermont, one in Connecticut, one in New York, one in New Jersey, one in Pennsylvania, and one in South Carolina. Of these, we have in all thirty-seven volumes. Only a few volumes are lacking to render our whole series complete. They are all in octavo form, and historically of very great importance. They contain many charges and addresses of the Bishops, obituary notices of distinguished Clergymen and laymen, a description of newly erected churches, and the narrative of current events of more or less significance in the progress of the Church.

An attempt has been made during the last year to add to our collection such copies of the Book of Common Prayer as may have some historical importance. The following are a few of those now in our collection: viz., that known as the "Proposed Book," *Hall and Sellers*, Philadelphia, 1786; Reprint of the same, *Debrett*, London, 1789; Reprint of the same in "Reliquæ Liturgicæ," Bath, Eng., 1847; Reprint in part, known as the "Cummins Reprint," 1873. A copy of the first edition of the Prayer Book after its adop-

tion in 1789, printed in Philadelphia in 1790; other editions in Philadelphia, 1803 and in 1809. Boston imprint 1794; 1800; 1811, the year of Bishop Griswold's consecration, with his authorization; a 12mo edition of 1812, with the seal of the Eastern Diocese displayed on the title-page. The fine stereotype edition in royal octavo of 1828, issued by the Massachusetts Missionary Society, edited by the Rev. Dr. Doane, then rector of Trinity Church, Boston, with the authorization of Bishop Griswold. A Worcester imprint of 1802; New York imprints of 1794, 1803, and 1806; likewise the New York imprint of 1803, which contains the "Office of INDUCTIOX of Ministers," changed in 1808 to Office of Institution. We have seen no other edition in which this title appears. We have three editions of the Book of Common Prayer translated into French; the first of 1803, and the subsequent editions of 1831 and of 1834. We have also the Book of Common Prayer translated into the Iroquois language by the renowned Rev. Eleazer Williams, 1833. This book is from Mr. Williams's library, and was used by him in his mission among the St. Regis Indians. Wainwright's illustrated edition of the Prayer Book, 1843; also Knight's illustrated English Prayer Book, from which the illustrations in Wainwright's edition appear to be taken. Of the standard Prayer Books, authorized as such by the action of the General Convention, we have those of 1822, 1832, 1844, and 1871. These standard editions have an obvious historical interest and value. The above are only a few of the editions of the Prayer Book in our collection; others which we have are valuable, but for less obvious and important reasons.

We have been careful to obtain numerous prayer books and liturgies of other religious bodies, which are historically valuable for the purpose of comparison and illustration. Among them are the Book of Common Prayer for the "Confederate States of America," bearing the imprint of Richmond, Va., 1863; the Prayer Book of the Westminster Divines, 1661; the Prayer Book of the "Reformed Episcopal Church," 1874; the Liturgy of the Reformed Dutch Church, 1838; the "Liturgy of the New Church," more commonly known as the Swedenborgian Church, 1871; a Liturgy composed by James Martineau, 1853; and a Liturgy compiled by the late Hon. David Sears for his Chapel at Longwood.

We have recently added to our collection an English Book of Common Prayer, in folio, printed in 1762, which was evidently in use in some of our churches during the American Revolution. Prayers in manuscript, suitable for the altered relations of the people, have been pasted over the prayers for the king and royal family, wherever they occur. But they differ so much from those finally adopted by the Convention of 1789, that it is very clear that this book was used during the progress of the Revolution. By a careful comparison, the writing appears to be that of Bishop Parker; and the book was probably used in Trinity Church, Boston, or in some outlying parish where Dr. Parker was accustomed to hold occasional services. The testimony of this book is historically valuable, as showing that our patriotic clergy of the Revolution, not only omitted the prayers for the king, but introduced others in their place adapted to their new relations.

We are happy to say that we have been able to add, during the year, an unusually large number of the very scarce Reports of the venerable "Society for the Propagation of the Gospel;" one of the richest sources of information touching the early churches in Massachusetts. We have now in our collection about fifty of a date anterior to the beginning of the present century, making our own one of the largest in this country, of which we have any knowledge.

It will not be possible in the space proper for such a report as this to describe or characterize all the important additions that have been made. But we desire to state that the Diocese is under great obligations to the following persons, in addition to those already mentioned, for very valuable contributions to our collection during the past year: viz., the Rev. Edward Abbott; Mrs. John F. Andrew; Mrs. William Appleton; Miss Bayley; Mrs. John P. Bayley; the Rev. Melville K. Bailey of Branford, Conn.; Miss E. B. Beebe; E. Pierson Beebe; J. Arthur Beebe; C. H. James Grant Wilson of New York; R. C. Winthrop; Mrs. R. C. Winthrop; the Rev. Edward J. Young.

There are certain deficiencies in our collection, to which I desire to call attention, with the hope that some of them at least may be supplied, since these lacking publications can be of little or no value to their possessors except when they are used to fill up deficient series like our own.

Of the Diocesan Journals of Vermont, we lack those for 1837 and 1838; the Reports of the "Church Home for Orphan and Destitute Children" for 1854, 1859, 1860, 1864, and 1865; the Reports of "St. Luke's Home for Convalescents" for 1872, 1878, 1882, 1884, 1885, and 1886; the Reports of "St. Stephen's Chapel" for 1844, 1845, 1846, 1848, 1857, 1861; the Churchman's Almanac for 1830, 1838, 1839, 1840; the Protestant Episcopal Almanac, 1853, 1856, 1858, 1859; Sword's Pocket Almanac, 1816, 1817, 1818, 1859. These almanacs contain list of the Clergy and Diocesan Church information which can be obtained from

no other source. It is, therefore, important that our series be made complete. We lack also the "Appeal to the Public Further Defended," by the Rev. T. B. Chandler, D. D., New York, 1771.

Of the publications of the late Bishop Eastburn, the larger part have been obtained. We lack, however, the following: viz., *Four Lectures on Hebrew, Latin, and English Poetry*, 1825; *Contributions to a volume of Essays and Dissertations on Biblical Literature*, 1829.

In making our historical collections, it has been a subsidiary purpose to obtain as many illustrations as possible in the form of portraits of persons, drawings of churches, both of exteriors and of interiors, and of colleges, seminaries, and academies which have been connected in any way with the history of our Church. All these often, in the progress of time, come into relations of historical usefulness and importance. It is desirable, therefore, that Rectors and officers of parishes should procure the execution of engravings or photographs of their respective churches, or of any halls where initiatory services of the church have been held, and forward them to the Registrar for permanent preservation. In this class of historical material some progress, particularly in the line of engraved portraits and photographs, has already been made.

We have, in our collection, engraved portraits of Bishop Seabury and of Bishop Skinner, who was one of Seabury's consecrators at Aberdeen in Scotland, and was subsequently "*Primus Scotiæ Episcopus*." We have also engravings of Bishops White and Provoost, who were consecrated in England; and of Bishop Claggett, the first Bishop consecrated in the United States.

Of the Bishops of this Diocese, we have engravings on steel of Bass, Parker, Griswold, and an excellent lithograph of large size of Bishop Eastburn.

Of other Bishops, we have engraved portraits of the following; viz., Jarvis, Brownell, Henshaw, Clark, Benjamin Moore, Hobart, B. T. Onderdonk, Wainwright, Horatio Potter, Croes, G. W. Doane, Benjamin B. Smith, Richard Channing Moore, Freeman, Kemper, Philander Chase, Bowen, Gadsden, Ravenscroft, and Cummins.

Of the Clergy long since deceased, we have portraits of the Rev. George Keith, an early pre-Revolutionary missionary, the Rev. William Montague, Drs. Titus Strong, Alfred L. Baur, Harry Crosswell, Benjamin Dorr, and others.

At the request of the Registrar, about forty of the clergy of the Diocese have forwarded photographs to him, which will be carefully arranged, and mounted for permanent preservation. Clergymen who have come into the Diocese within the last two years, and others who have not already done so, are especially requested to send their photographs to the Registrar, that they may be included in the same volume.

During the past year, we have added one hundred and thirty-eight, making in all **FOUR HUNDRED AND TWENTY-FIVE** bound volumes in our collection. They are all freshly bound in half turkey morocco, with "*Diocese of Massachusetts*" on the back of each book, to indicate that it is never to be alienated from its present ownership.

The Rev. George S. Converse, Secretary, has placed in the hands of the Registrar a package of papers of the Standing Committee for the year 1886-87.

Journals for 1886 have been received from all the Dioceses, with the following exceptions; viz., that of Wyoming, Colorado, North Dakota, Northern Texas, and Western Texas. Some of these Dioceses may not have printed their Journal for 1886.

The undersigned has received from the Treasurer of the Diocese \$25.00. The same has been expended as follows: viz., postage, \$5.04; printing and stationery, \$9.00; binding books, \$10.96.

EDMUND F. SLAFTER, *Registrar*.

On motion of the Rev. GEORGE W. SHINN, D.D.,

Resolved, That the thanks of the Convention be tendered to the Registrar for his valuable Report; that an appropriation of forty dollars be made from the Diocesan Fund for the expenses of his department; and that he be authorized to print the Report of a Special Convention, held in Trinity Church, Boston, November 2, 1831, to act upon the request of the Diocese of Vermont to be allowed to withdraw from the Eastern Diocese, of which no record was made at the time.

The CHAIR appointed the following Committee to make nominations to fill vacancies in the Diocesan Board of Missions: —

The Rev. GEORGE W. DURELL,
 " " HENRY HAGUE,
 Mr. MARTIN L. BRADFORD.

Mr. EDMUND RODMAN, for the Executive Committee, made the following Report: —

The Executive Committee would respectfully recommend that the Opening Services of the next Annual Meeting of the Convention, on the fifth Wednesday after Easter, 1888, be held in Trinity Church, Boston; and the Business Sessions in the Chapel of Trinity Church.

They would nominate as Preacher, the Rev. GEORGE Z. GRAY, D.D., and as Substitute, the Rev. W. W. NEWTON.

ERNEST MARIETT.
 EDMUND RODMAN.

The Report was accepted, and its Recommendations were adopted.

The Rev. HENRY F. ALLEN, in behalf of the Committee to which was referred that portion of the BISHOP'S Address relating to his possible absence from the Diocese, in attendance at the Lambeth Conference, made the following Report: —

The Committee to whom was referred that portion of the BISHOP'S Address which relates to his absence from the Diocese respectfully report: —

Whereas in the summer of 1888 the third Lambeth Conference is expected to meet in England, which Conference is likely to be of importance to the interests of the Anglican Communion:

Therefore *Resolved*, That this Convention approves and encourages the absence of the BISHOP from the Diocese for the period of eight months for the purpose of attending the Conference.

Resolved, That this Convention expresses to the BISHOP its hearty God-speed in his contemplated departure, its hope for his safe return, and its ear-

most desire that the period of his absence may be to him a refreshment from that faithful and untiring labor which has been so blessed to this Diocese.

The Committee suggests to the Convention the desirability of providing a suitable testimonial to the BISHOP on the completion of the fifteenth year of his election as our BISHOP, and asks the authority of the Convention to take the necessary steps for the securing of the same.

Boston, May 12, 1887.

The SECRETARY having put the question before the Convention, it was, on motion,

Resolved, That the Report be accepted, its Resolutions be adopted, and the authority asked for be granted.

For this action of the Convention the BISHOP expressed his thanks in an appropriate manner.

The Rev. SAMUEL H. HILLIARD, in behalf of the Committee to which was referred that portion of the BISHOP'S Address concerning Clerical Support, made the following report :—

**REPORT OF THE COMMITTEE TO WHICH WAS REFERRED
THAT PART OF THE BISHOP'S ADDRESS BEARING UPON
"CLERICAL SUPPORT."**

Your Committee finds the reason for its appointment in the following sentences contained in the most suggestive Annual Address of our Bishop, who carries upon his heart all the interests of his Diocese :—

"The evidently insufficient support of many good men is an evil of great magnitude, and ought to rest upon the hearts of all our laity unless conscience clearly acquit them of complicity in it. Many a devout and skilled laborer in our Parishes is wasting nervous and even spiritual energy on the question how he can feed, clothe, and shelter those whom God has given him, when a quarter of a dollar more every Sunday, from every head of a family in his Parish would solve all problems, and set the finances beyond all perplexity."

These sentences show that notwithstanding the apparent respectability of the average salary, there is something wrong. But the reason for making this subject one for special consideration by the Convention is that our good Bishop has here touched upon one of the most truly live questions of the day, the question whether there is no remedy for such a condition of things as prevails all over the land, and which makes the average Minister, the older he grows the more likely to be the victim of a wrong state of things.

We believe there *is* a remedy.

Reading the financial report of a Parish in the Irish Church under the present voluntary system, we find that this Church of Ireland has not entered upon

the voluntary system without something to supplement it, namely, a "Sustentation Fund." We find amongst the regular annual offerings one, and that a *large one*, for this Fund. And on the other side of the account we find a receipt for a good sum from that Fund, devoted to the support of the Rector.

We know also that the Scotch Church has long ago adopted a similar system. We know also that the Romanists and the Methodists in this country both owe a part of their power in the land to a similar system.

We believe that the time has come in the history of our Church when there should be Diocesan movements in this direction, and would be glad to see our Diocese lead off in the appointment of a Commission with the Bishop at its head, which should have this one avowed object of seeing to it that no Minister should work in this Diocese without a fairly adequate support, according to locality and circumstances.

It is true that the Diocesan Board of Missions is doing this work to a certain extent. But the work of such a Board is chiefly the extending and broadening the field in the Diocese, and there is a temptation coming from the very rapid growth of demands, for our Church to overlook the fact that a new organization often seems better able to support a Minister than it really is, and that the pledge it makes in its first enthusiasm is often far beyond its real ability. Now, when that is the case, the whole burden falls upon the Minister, since the Board of Missions is utterly unable to supplement its original pledge.

There ought then to be a special "Sustentation Fund" in the hands of a Special Commission, which has in charge all such cases of hardship, and guarantees that whatever the Parish may do or not do, each Rector or Missionary, so long as the Bishop of the Diocese can certify that his work is a good work, shall be *sure* of a living salary.

This would work for the good not only of the Ministers, but for the great good also of many Parishes and Missions.

For the time, when there is some sudden straitening of the finances, is often the very time when the worst possible thing which can happen to the Parish is for the Minister to be driven off by starvation.

Sometimes this state of things is simply the result of some whim on the part of a section of the Parish, who by holding the purse-strings can accomplish a purpose, which will result in Parish misfortunes, lasting through many years. At such a time the assurance of independence through a "Sustentation Fund," a part of which is held in reserve for just such emergencies, will enable the faithful and wise Minister to tide over the difficulty and bring his Parish out again into smooth waters. And the mere knowledge, on the part of these members of the Parish, who are not always the most wise or even the most scrupulous, that the Minister has behind him such a source of *independence*, is enough in itself to dissipate many a gathering storm.

There is a manifest evil to be remedied, and the question of "Progress and Poverty" in the Church, with the ministry as the victim, is one which ought to be squarely met.

Therefore your Committee unanimously recommend to the Convention the following Resolutions:—

Resolved, That a Commission of seven, the majority of which shall be Laymen, with the Bishop at its head, be created by this Convention on the nomination of the Bishop, with power to create and hold a Sustentation Fund, for the purpose of supplementing the inadequate salaries of many of the Clergy of this Diocese.

Resolved, That it be the duty of this Commission to ask an annual offering from every congregation of the Diocese, and to solicit donations and bequests.

WM. L. WAINWRIGHT,
SAM'L BATCHELDER,

The Rev. HIRAM CARLETON, D.D., having moved that the Report be accepted, and the appended Resolutions be adopted,

The Rev. WILLIAM LAWRENCE offered the following amendment to this motion : —

Resolved, That the Report be accepted, and the Resolutions appended be referred to a Committee to report at the next Meeting of the Convention.

The Rev. Dr. CARLETON having accepted the amendment, the motion as amended was adopted.

The Rev. PHILO W. SPRAGUE offered the following Preamble and Resolutions : —

Whereas, The strife between labor and capital over the product of their joint co-operation often assumes among us a form so intense and bitter that production is hindered, the wheels of legitimate business clogged, and the community impoverished; while, worse than this, those whom God has made essential to each other with the expressed command that they should live together as members of the same body, often become alienated, and live in jealousy and hatred rather than in harmony and love: therefore be it

Resolved, (1) That this Church, in Convention assembled, pronounces this strife unnatural and unchristian.

(2) That it finds the explanation of this unhappy state of things in the fact that men generally carry on their business without due regard to the law of the Gospel, which says, "Thou shalt love thy neighbor as thyself;" and sees its good and sufficient remedy only in the application of this divine law to every phase of business.

(3) That this Church, therefore, exhorts every employer to be guided by this principle not only in spending his money but in making it, and to carry on his business just as much with the purpose and desire of benefiting those he employs, as of increasing his own profits; for the Gospel law is not satisfied till men labor as assiduously for the interest of others as for their own interest.

(4) That this Church exhorts all men who are in the employ of others, to remember that they are bound, equally with their employers, by the same law of love; that it is folly to try to extort justice from others by acts of injustice, to hope to win fair ends by foul means, or to claim that others should regard their interests when they wilfully disregard the interests of others.

(5) That this Church calls the attention of all those who profess the name of Christ to the fact, that there is not one word in the New Testament to warrant the supposition that the Master's law, "Do unto others as ye would they should do unto you," is inapplicable to any segment of human life, or that business cannot be successfully carried on under it.

Mr. GEORGE C. SHATTUCK, M.D., moved that the Preamble and Resolutions offered by the Rev. Mr. SPRAGUE be referred to a Committee to report at the next Meeting of the Convention.

The Rev. WILLIAM LAWRENCE offered the following as a substitute for Dr. SHATTUCK's motion: —

This Convention deprecates the so-called strife between labor and capital, and exhorts all men to live and act according to the law of Christ: "Thou shalt love the Lord thy God, and thy neighbor as thyself;" and that a Committee of three clergymen and three laymen be appointed, to whom shall be referred Rev. Mr. SPRAGUE's Preamble and Resolutions, with instructions to report at the next Meeting of this Diocesan Convention.

The substitute was accepted by Dr. SHATTUCK.

The Rev. LEIGHTON PARKS moved to amend the substitute of the Rev. Mr. LAWRENCE by the addition of the following: —

And to report, also, some suggestion by which the Church may exercise its influence toward the better regulation of the relation between employers and employed.

The amendment was accepted by the Rev. Mr. LAWRENCE, and his substitute as amended was adopted.

The Rev. GEORGE W. SHINN, D.D., moved, —

That in the Preamble, lines 3 and 4, the phrase, "the community impoverished," be omitted.

That in Resolution 2, line 1, the word "one" be substituted for the word "the" before the word "explanation," and that in line 2, of the same Resolution, the word "many" be inserted before the word "men," and that the word "generally" immediately following the word "men," be stricken out.

That in Resolution 5, line 5, the word "legitimate" be put before the word "business."

And on his motion, these amendments were referred to the Committee on the Preamble and Resolutions offered by the Rev. Mr. SPRAGUE.

Mr. GEORGE C. SHATTUCK, M.D., for the Committee on the Increase of the Episcopal Fund, made the following Report:—

**THE ANNUAL REPORT OF THE COMMITTEE ON THE INCREASE
OF THE EPISCOPAL FUND.**

The Committee on the Increase of the Episcopal Fund refers to the Report of the Trustees of Donations, which has just been read, and to which is appended for publication a list of all parishes and missions which so far have contributed nothing, and a list of those in arrears. We thus learn that twenty-three parishes and missions are in arrears, and that forty-six parishes and missions have never given any thing.

The vote adopted without a dissentient voice by the last Convention reads as follows:—

“That the Rectors and incumbents of all parishes and missions which have not contributed their assigned quota towards the support of the Bishop be urged to instruct their people as to their duty in contributing to the support of the Bishop, to exhort and admonish them, and to take up two collections a year, so that every member of the parish or mission may have opportunity to give towards an object of so vital an importance, from their abundance or from their penury.”

The Committee must not insinuate that any of these Rectors have been remiss in the discharge of a duty laid upon them by the Convention; and yet they cannot but marvel that the results of earnest work have been so small. Other Christian bodies, notably the Roman Catholics and the Methodists, understand and act upon the principle that gifts and sacrifices are of great importance in the support and development of the Christian life; but it would seem that many of our own people are content to accept spiritual privileges and ministrations, heedless of the words of the Apostle that they who minister about holy things live of the sacrifice, and that the Lord hath ordained that they who preach the Gospel should live of the Gospel.

Your Committee must remind the Convention, that the parishes reputed as wealthy came forward promptly, and that individuals contributed so as to make the fund fifty thousand dollars, and to buy a desirable house for an episcopal residence; and, again, when it was decided to add fifty thousand dollars to the fund, that, as a general rule, the parishes composed largely of the well-to-do promptly contributed their quota. Several parishes, however, declined contributing to the fund, preferring to give annually to the income, and now a considerable portion of the income is supplied in this way. Many parishes and missions give nothing, with an excuse of poverty. Your Committee believe that the story of the poor widow and her two mites, with the approval and commentary of our blessed Lord, is a sufficient refutation of the delusion that gifts and contributions are expected only from those who can give from their abundance without self-sacrifice and self-denial.

The Committee cannot close their Report without expressing their gratification at the manner in which some parishes have responded to their appeals, and they must acknowledge also that the gifts of many contributing parishes are the results of self-denial and self-sacrifice.

GEO. C. SHATTUCK.
T. P. ELLICOTT.
THOMAS AMORY.
RUSSELL STURGIS, Jun.
R. T. PAINE.

We propose the following resolution:—

Resolved. That this Convention must express its regret at the delinquency of so many parishes, and its conviction of the great importance of the provision of an adequate support for the Bishop, and urge upon the Rectors of delinquent parishes to set forth to their flocks the duty of all, men and women, contributing to this object, and that opportunity be provided in two collections a year.

The Report was accepted, and the appended Resolution was adopted.

Mr. ROBERT M. LAWRENCE, M.D., from the Episcopal Church Association, presented the following Report : —

ANNUAL REPORT OF THE EPISCOPAL CHURCH ASSOCIATION.

During the past year eighty-eight Clergymen not connected with this Diocese have visited the Rooms. And one hundred and ninety meetings of various Church organizations have been held there. We may profitably mention some of the work which is being done under the auspices of the Association. As a central Bureau of information the Rooms are of great practical utility. Strangers desiring enlightenment on any point relating to Church work, and also the visiting Clergy from all sections of our own country, and from England, and the Provinces, naturally seek these headquarters. The Organizing Secretary of the Massachusetts Branch of the Church Temperance Society has had the use of one of the rooms at stated hours during the past year. Since last October the ladies of the Altar Society have had a like privilege twice a week. The Clerical Association has held twenty-four meetings on Monday forenoons. The average attendance has been twenty-nine. A paper or essay has been read at every meeting, and much interest has been manifested.

The officers for the past year have been as follows: The *Executive Committee*. — Rev. GEORGE Z. GRAY, D.D.; Rev. GEORGE W. SHINN, D.D.; Rev. WILLIAM C. WINSLOW, and Rev. GEORGE H. BUCK. *Secretary*. — Rev. CHARLES J. KETCHUM.

At the Annual Meeting of the Episcopal Church Association, holden November 1st, 1886, the following officers were chosen: —

Honorary President. — Right Rev. BENJ. H. PADDOCK, D.D.

President. — ARTHUR J. C. SOWDON.

Vice-Presidents. — GEORGE C. SHATTUCK, M.D., JOSEPH STORY FAY.

Treasurer. — ROBERT M. LAWRENCE, M.D.

Clerk. — HENRY M. UPHAM.

Superintendent. — CECILIA SAINT-CLAIR ELTON.

Directors. — JOHN S. BLATCHFORD, ROBERT TREAT PAINE, CHARLES G. SAUNDERS, EDWARD N. PERKINS, HOWARD STOCKTON, CHARLES W. DEXTER, WILLIAM L. CHASE.

Respectfully submitted in behalf of the Board of Directors.

ROBERT M. LAWRENCE, *Treasurer*.

Boston, May 7, 1887.

The Report was accepted, and the following Resolution was adopted : —

Resolved, That the Treasurer of the Convention be and is hereby authorized to pay to the Treasurer of the Episcopal Church Association the sum of four hundred dollars.

The SECRETARY presented the following Report of the Society for the Relief of the Widows and Orphans of Deceased Clergymen, together with the Report of its Treasurer, for which see Appendix C.

THE ANNUAL REPORT OF THE SOCIETY FOR THE RELIEF OF THE WIDOWS AND ORPHANS OF DECEASED CLERGYMEN OF THE PROTESTANT EPISCOPAL CHURCH.

The Society, in compliance with the provision of its By-Laws, presents to the Convention of the Diocese its Report for the year 1886-7, — the *forty-seventh* year of its existence.

The sum of \$2,710 has been distributed among the families of *sixteen* deceased clergymen.

One of the beneficiaries (the widow of a clergyman, who died in 1856), assisted by the Society since 1863, has departed hence in the Lord, at the advanced age of eighty-nine years.

The Society rejoices that, for almost the quarter of a century, it has had the privilege of administering to the necessities of this deserving woman, who labored with her husband in the gospel.

Had this help not been granted to her, she might have suffered from the want of food and raiment, not to speak of the other comforts and conveniences of life.

The Treasurer's Report for the Society's year shows the following items: —

ANNUITY FUND.

The present market value of the Annuity Fund is \$70,859.75.

The cash value of the annuities of the *twenty-nine* contributing Clerical members is about \$34,200; leaving a surplus, over all liabilities, of about \$36,659.75.

New investments: from cash, \$2,214.

For the year the income of this Fund was \$3,555.53, of which \$3,107.30 was from investments, and \$448.23 from annual subscriptions.

The sum of \$1,075 has been paid to the families of deceased clergymen.

One contract has been cancelled upon just and equitable terms, by the payment of \$2,000.

CHARITY FUND.

The present market value of the Charity Fund is \$41,361.

For the year the income of this Fund was \$2,505.71, of which \$1,954.50 came from investments, \$536.21 from contributions, and \$15 from payment of annual members.

During the year the sum of \$2,210 has been distributed among the families of deceased clergymen.

The total amount of the market value of the Annuity and Charity Funds is \$112,220.75, — a gain of \$3,224.70 since the previous year.

Their market value is \$8,682 above their par value, — a gain of \$1,305 since the previous year.

The total income from investments was \$5,061.80.

The sum paid to families of deceased clergymen from the Annuity Fund

was increased by vote of the Officers and Trustees, thus allowing a larger distribution for the year from the total income of the Society.

The financial prosperity and the enlarging usefulness of the Society call for devout gratitude to God, and for liberal gifts from the people of this Diocese.

The Secretary of the Society has been compelled to decline a re-election to that office by reason of the pressure of his duties as Secretary of the Convention; the Rev. FRANK L. NORTON, D.D., is his successor.

Respectfully submitted in behalf of the Society.

WM. HENRY BROOKS, *Secretary*.

Boston, May 10, A.D. 1887.

The SECRETARY presented the following Report of the Society for the Relief of Aged or Disabled Episcopal Clergymen, together with the Report of its Treasurer, for which see Appendix C:—

THE ANNUAL REPORT OF THE SOCIETY FOR THE RELIEF OF
AGED OR DISABLED EPISCOPAL CLERGYMEN.

This Institution, organized June 9, 1846, taking as its name "The Trustees of the Episcopal Clerical Fund," presents itself to the Convention, for the first time, under its new name, "THE SOCIETY FOR THE RELIEF OF AGED OR DISABLED EPISCOPAL CLERGYMEN," and offers its Report for the year 1886-87, — the *forty-first* of its existence.

During the past year the sum of \$1,400 has been appropriated to *four* beneficiaries.

The Treasurer's Report for the year shows the following items:—

Received from Convention Collection	\$173 92
" " Parochial Contributions from <i>twenty-nine</i> Parishes	1,171 95
" " Bequest of the Rev. George D. Miles	506 90
" " Invested Funds	1,019 00
" " Randolph Marshall Clark Memorial Fund	480 00
" " Interest on deposit N.E. Trust Co.	12 25
" " Annual Memberships	12 00
Amount of Invested Funds	17,759 13
Randolph Marshall Clark (formerly Treasurer) Memorial Fund (established by his Father, the present Treasurer, Joseph W. Clark)	12,000 00
Total amount of Funds	\$29,759 13

As compared with the previous year, the increase in the number of contributing Parishes is *two*; in the amount of contributions, \$242.82.

To those identified with the work of this Society, it is a fact of very great interest that the Treasurer has been connected with this Institution, to its very great advantage, ever since its foundation, — the long period of *forty* years.

That it may long enjoy the benefit of his valued services, "late may he return to heaven!" He has had it in his heart to gather such a capital sum as would be sufficient to meet extraordinary exigencies as they presented

themselves; but notwithstanding his protracted efforts, and his munificent gift of TEN THOUSAND DOLLARS to this capital sum, it has not yet quite reached Thirty Thousand Dollars.

In a recent publication, an article by a clergyman, formerly connected with this Diocese, opens with these words:—

"Many years ago, the Rev. Dr. Randall, afterwards Bishop of Colorado, uttered these significant words, in view of the outlook for old age on the part of the Clergy: 'It will not be long with some of us before old age and poverty will shake hands.'

"These words were spoken on the floor of the Diocesan Convention of Massachusetts, in behalf of the society in that Diocese for the support of the clergy who had been pushed aside for younger men, because of gray hairs and advancing years, or those actually disabled for active duty by old age."

The Treasurer, in his charitable work, should have the cheerful, prompt, and liberal assistance of all those in this Diocese who desire that when "old age and poverty shake hands" with some of our clergy, the roughness and chill of their grasp may be tempered somewhat.

The Society asks assistance in its work from the Churchmen of the Diocese in the following ways:—

(1) By becoming Annual Members, by the payment annually of *Three* dollars.

(2) By becoming Life Members, by the payment at any one time of *Fifty* dollars.

(3) By Annual Collections in Churches.

(4) By Contributions from Individual Churchmen.

(5) By Bequests.

The Secretary of the Society has been compelled to decline a re-election to that office by reason of the pressure of his duties as Secretary of the Convention; the Rev. JOHN T. MAGRATH is his successor.

Respectfully submitted in behalf of the Society.

WM. HENRY BROOKS, *Secretary*.

Boston, May 10, A.D. 1887.

The Rev. FREDERICK COURTNEY, S.T.D., presented the following Report of the Massachusetts Branch of the Woman's Auxiliary to the Board of Missions:—

REPORT OF THE MASSACHUSETTS BRANCH OF THE WOMAN'S AUXILIARY TO THE BOARD OF MISSIONS.

The Massachusetts Branch of the Woman's Auxiliary to the Board of Missions respectfully presents to the Convention its Ninth Annual Report. The Diocesan Organization includes one hundred and thirteen Parochial Branches. In every department the work has enlarged, and the year has been one of unprecedented encouragement. New interest and effort have met each of the many new demands, and with devout gratitude we record larger offerings for Missions than ever before. During the season of 1886-87, there have been sustained over sixty scholarships—two children in St. Mary's Orphanage, Shanghai (China),—five free hospital beds,—and the life-insurance dues of four Foreign Missionaries.

Total value of Boxes sent	\$12,364 70
Total value of Offerings in money	11,063 29
Total amount of offerings for the year	23,427 99
Respectfully submitted.	

EMILY PADDOCK, *Secretary.*

The Convention by vote having recognized the Massachusetts Diocesan Organization of the Girls' Friendly Society for America, the Rev. HENRY F. ALLEN presented its First Annual Report, as follows :—

GIRLS' FRIENDLY SOCIETY FOR AMERICA.

President. — Miss E. M. EDSON, Lowell.

General Secretary. — Mrs. ALFRED EVAN JOHNSON, Salmon Falls, N.H.

MASSACHUSETTS DIOCESAN ORGANIZATION.

President. — Miss PADDOCK, 26 Chestnut Street, Boston.

Vice-President. — Mrs. F. L. NORTON, Lynn.

Secretary and Treasurer. — Miss EDITH LOMBARD, Hotel Pelham, Boston.

The Girls' Friendly Society for America was organized by Miss Edson in St. Anne's Church, Lowell, Nov. 24, 1877.

The Massachusetts Diocesan Organization was formed in Boston under sanction of the Bishop of the Diocese, April 5, 1879.

There are now twenty-two organized Parochial Branches in this Diocese, and two more in the process of organization. We have about five hundred Members, one hundred Candidates, two hundred Working Associates, and one hundred and forty Honorary Associates.

The G. F. S. Home, 51 Temple Street, Boston, established in 1880, is the centre of the Society in this city. Its purpose is to provide a home for working girls, who may be without family or friends in the city, where they can board at a reasonable rate, and where they may have the protection and influence they might otherwise lack. The Home is in charge of a Matron, and Classes and Social Meetings are held in the parlors during the winter, with Lectures from time to time. The Officers of the Society earnestly request the co-operation of the Reverend Clergy in extending the work throughout the Diocese.

Respectfully submitted.

THOS. F. FALES, *Secretary.*

The Rev. EDWARD W. OSBORNE presented the following Report of the Massachusetts Branch of the Church Temperance Society : —

FIFTH ANNUAL REPORT OF THE MASSACHUSETTS BRANCH OF THE CHURCH TEMPERANCE SOCIETY.

Where all has gone well, it is needful to say but little. Our Report this year may, therefore, be brief.

The Reports presented at the conclusion of the two previous years have sufficiently laid out the principles of our Society, and the methods by which those principles are to be practically exemplified. The work has been carried forward vigorously and successfully on the lines there laid down.

The appointment of an Organizing Secretary, devoting his whole time to the work, has resulted in a widely increased interest in the Society. He has been fully occupied throughout the year, having preached or spoken on every Sunday but three throughout the year, and often twice and thrice on a Sunday, and has received a ready welcome from the Clergy and people in all parts of the State. There can be but few members of the Church in this Diocese who do not now know something of the Society and its work. The way is thus prepared for wider and more vigorous efforts, as well as for the establishment of new Parochial Branches, in the future. Eight Branches, or centres of work, have been established during the year.

Besides this general work, Mr. HILLIARD has been actively engaged in what we may term *Rescue Work*. A series of meetings have been organized and held in various parts of the city on every night in the week, and all of these are full of promise. They afford an opportunity of personal intercourse with individuals, to bring to bear upon their special needs the help the Society can give.

Of these meetings the most interesting, perhaps, has been that held in Washington Hall, a full account of which may be found in the Annual Report of the Society. This has grown from a small meeting of two or three to a solid room-full of interested boys and men, and will, without doubt, be the forerunner of other similar works.

Out of these meetings has sprung an entirely new department of work. It was soon seen that women were needed to aid in, and supplement, the work of the Secretary. A WOMAN'S AID TO THE MASSACHUSETTS BRANCH OF THE CHURCH TEMPERANCE SOCIETY has been formed, composed of representatives of the various Branches in the city, and also of some of the Parishes in which

no Branches have yet been established. When we remember what a powerful agency for good the Women's Auxiliary to the Board of Missions has become we can most gladly welcome this new band of workers. It may, though small now, one day be found worthy to take rank with the Women's Christian Temperance Union, or even with the Women's Auxiliary itself. Knowing the devotion of women, and the power of their influence, we look forward hopefully, and pray for the blessing of Almighty God on their efforts.

The Society has had no very great difficulty in collecting money for its work. The total receipts for the year have been \$3,014.71, and its expenditures \$2,323.76, leaving a balance on the General Fund of \$250.33, and on the Special Fund of \$440.62. As, however, \$435.36 of this latter balance is made up of subscriptions paid in advance for the coming year, the actual balance is \$5.22 on the Special Fund, \$255.59 in all.

A larger sum will be needed this year for the growing work of the Society and the Executive Committee are confident that it will be forthcoming.

They commend the Society and its work to the thoughtful interest of members of the Church, and also to their prayers.

The SECRETARY presented the following Report of the Church Home for Orphan and Destitute Children: —

REPORT OF THE CHURCH HOME FOR ORPHAN AND DESTITUTE CHILDREN.

The steady routine of watchful care and training, the effort to eradicate the weeds of neglect and wrong teaching, the finding of good homes for the orphan children, and the receiving in their places of new claimants on the Christian love of those who support the Home, make a doubly twice-told tale in the general history of the Home, although every individual child demands special care and thought in the detail. Such has been the history of the past year as it has been of most of those that have gone before. There have been unusual changes in the Board of Managers, but those changes bring new friends without lessening the interest of those who, for various reasons, feel obliged to withdraw their personal services. The number of those baptized during the year (11), and the number dismissed (31) and received, it will be seen, do not vary materially from the average of past years.

The Home, although a Diocesan institution, receives but little support except from the Parishes immediately in the neighborhood of Boston. It is time that its work was more widely recognized.

Respectfully submitted.

The SECRETARY presented the following Report of St. Luke's Home for Convalescents : —

REPORT OF THE TRUSTEES.

The Trustees of St. Luke's Home for Convalescents present the Fifteenth Annual Report of its condition, and of its work for the past year, together with the statement of the Treasurer. They also give the report of an adjunct in the good work of the Home, in the newly organized "Outside Relief Fund."

In December, 1881, a sale was held at St. Luke's Home for Convalescents, to raise a fund for the relief of indigent out-going and former patients of the institution. As the results were very satisfactory, the work was begun in the following year, April, 1882; and since that time twenty-five women have been helped.

Some have required aid in going to distant homes; others to pay board while waiting for operations to be performed, or till work could be obtained.

A consumptive girl was sent to the mountains, and two women ill with chronic diseases have had the happiness of keeping their own little rooms by the monthly allowance of five dollars. Neither of these is a case for a hospital, as each can in part earn her living.

A worthy woman, over eighty years old, is made comfortable, and relieved from anxiety about food, by the small sum of a dollar and a quarter a week; while another former patient has had assistance in furnishing her room.

Medicine has been provided for a third, and in more than one instance money has been given for the few weeks' much-needed rest.

The replenishing of scanty wardrobes, and sending delicacies to the sick, has taken some of the resources at the disposal of the committee.

In April, 1886, at the meeting of the Lady Associates, by-laws were adopted, and it was voted that the Trustees of St. Luke's Home for Convalescents be requested to take charge of the property of the fund. This they consented to do. The distribution of the income from the investments and the annual subscriptions is intrusted to an executive committee of five members, chosen from the Lady Associates.

Donations, unless particularly specified, go to increase the permanent means.

There seems to be no other charity which does just the same work as the St. Luke's Outside Relief Fund, so may it be seriously considered and generously supported.

The Treasurer's account shows a total receipt from donations, miscellaneous offerings, and annual subscriptions, of \$7,402.86 against \$7,991.55 in 1885. The expenses of maintenance, repairs, and improvements, are \$7,697.09 against \$7,538.83 last year, the giving-out of the roof of the chapel and the need of some new floors having increased the outlay over that of 1885.

The number of patients maintained was 208, a little less than last year, some of them remaining longer in the Home than previously.

The work of the year has been very satisfactory, and commends itself more than ever to the approval of those who are brought into close contact with the needs of the poor and dependent classes.

The Trustees learn (unofficially, however) of a legacy to the Home from the late Miss Abby Somes of \$5,000, and from the late Mr. J. W. Crackbon, a regular subscriber and kind friend of the institution, one of \$1,000.

These benefactions seem to stamp an approval by the thoughtful and benevolent, of the work of the Home.

Appendix A.

Bishop Paddock's Fourteenth Annual Address, and its Appendices.

[For the time of the delivery of the Address, see p. 11.]

Address.

MY BELOVED BRETHREN OF THE CLERGY AND LAITY :

I GREET you again, for the fourteenth time, as assembled in your representative character in Diocesan Convention, with a heart almost as full of wonder as of gratitude for God's abounding goodness to me. Had I fully comprehended the ever-growing magnitude of the work, and the vast increase of personal cares and labors as they now encompass the Episcopate of this Diocese, I do not think I could have dared to undertake my office. This Diocese is now in many important statistics the fourth, and in all respects the fifth, in size among the sixty-one Dioceses or Jurisdictions of the United States: its field is not an easy one for the Ministers of a positive Faith and an Apostolic Order: its cares and toils are measurable only by God's allotment to us of time and strength. And still the record of God's goodness to your Bishop is so conspicuous that I here gratefully, and in the presence of His people, bless His holy name for the health that enables me to say that during these well-nigh fourteen years I have not cancelled fourteen appointments on account of physical inability. I will however confess that I have discharged some in pain and weariness, where a better man would have heeded "the danger-signal" and arrested action. But God has overlooked all my mistakes, besides blessing my honest endeavors. I suppose I owe very much to the loving prayers of many good people, whom may God bless and reward seven-fold into their own bosoms!

We meet, dear Brethren, with many reasons for gratitude, although with few for easy contentment and none for self-satisfaction. As a Diocese we are prospering quite as much as we deserve, but we are lamentably dull in our appreciation of oppor-

tunities and our estimate of duties: did we to-day cast out our nets in all the places throughout this Commonwealth which God's Providence and the movement of the waters show to be "the right side of the ship," I believe that our present nets would begin to break with their blessed freights, and we should have to beckon our partners in the other ships to come and help us. But we are in no danger: a mission-field a thousand miles away in the West or South, seems to most of our good laymen a much more urgent call than twice as large and promising a field just here in Massachusetts.

Before I allow myself even the rehearsal of the canonical statistics which precede any review of our Diocesan condition, I must revert to our losses by death during the year just closed.

The Rev. Samuel Ruggles Slack died at his home in Somerville, Sept. 17, 1886, in the sixty-ninth year of his age, after a week of illness that ended a year or more of failing health. Just a week before his death I met him on the street, and was pained by the evidences of his feebleness, but had no thought of his speedy departure. Being absent on the Berkshire visitation I knew nothing of the death or funeral, and was not present at the last rites for this devout and esteemed brother. During the thirty-eight years of his ministry he served in Virginia, Delaware, and Maryland, as well as in this Diocese. Of late years, he had discharged the duties of an office under the Secretary of State, in Boston, and ceased to have the care of a Parish, finding his health unequal to both; but he always loved his ministry and discharged its duties as often as opportunity offered. Mr. Slack was a blameless, straight-forward, godly man, respected by his brethren and "of good report among those that are without."

The Rev. John Samuel Beers, General Missionary of the Diocese, dropped from his place and work among us with startling and distressing suddenness, on the evening of Nov. 20, 1886, in the fifty-first year of his age. He died at his home in Natick, and few knew of his illness until after his death. Three days before that sad event I learned of his seemingly slight illness, and wrote him insisting that he should free his mind of all cares and matters in progress, sending all necessary letters to me. The letters came; but I heard no more of any serious peril until what proved to be his last evening, when I was many miles away on visitations, and

with no train to bridge the distance. It would have been useless had I succeeded in returning. He fell asleep in Jesus on that same Saturday evening. The Burial Office was said over his mortal body in St. Paul's Church, Natick, on the afternoon of Nov. 23, in the presence of many sorrowing friends and brethren : and on the following day the interment took place at Greenfield Hill Cemetery, Fairfield, near his old home in Connecticut.

No greater loss has befallen the Bishop and the Diocese for many years than the death of this honored and excellent Minister of Christ. I found him in the Diocese in 1873 as the sagacious, energetic, and devoted Rector of Grace Church, North Attleborough. From the summer of 1876 to October, 1881, he was Rector of Christ Church, Towanda, Diocese of Central Pennsylvania ; from which charge he was brought back, to become the General Missionary by the appointment of the Diocesan Board of Missions. The work has thriven marvellously under his wise, unresting care and labors : hundreds of people of our communion, scattered over the State and unknown, have been found, ministered unto, and provided for ; while not a few Missions owe their inauguration and, in some cases, their Churches to his courage, aid, and co-operation. He was clear and firm in his churchly convictions, but respectful towards all ; discreet and prudent, while unwearying, persistent, and never discouraged ; of deep piety and entire consecration ; modest and loyal. His knowledge of men was only equalled by his knowledge of affairs ; and an abiding sunshine of cheerfulness, hope, and innocent humor made him a welcome as well as an efficient agent for a good and holy cause in every house which he entered. I desire to make public record of the very large part which this esteemed and beloved man of God has borne in our vigorous revival of Missionary work in the Diocese. And to say that your Bishop lost in this departure a very true friend and a mighty helper, is what everybody in this Diocese knows already. His memory will long be blessed by multitudes in this Diocese.

The Rev. Joseph M. Turner, Assistant Minister of St. Stephen's, Pittsfield, and teacher of a select school in that village, died Jan. 22 of the present year, in the forty-eighth year of his age. He was a son of the well-known and much honored Dr. Samuel H. Turner, for many years Professor of Biblical Exegesis in the General Theological Seminary, where some of us were students of

theology in that institution of the Church. He inherited many of his excellent father's traits of mind and heart, and was from his youth a consecrated and devout spirit. His strong bent made him nearly all his life a teacher, and he wrought a good work in Colorado, in Central Pennsylvania, and elsewhere. For many months past of feeble health, he nevertheless went down into the dark valley unobserved by the Bishop and many of his brethren, and the time fixed for his burial was but a few hours distant when some of us first learned of his departure. Too modest to challenge notice, and always working a little off from the highways, he was not observed by all, but was greatly esteemed by all who knew him.

I dare not enter on the enumeration of our losses through the departure of godly laymen. If I did I could not overlook the names of that modest, pious, ever-generous and often princely benefactor of the Church, Amos A. Lawrence; and Thomas Parsons, father of the little Church at Mattapoisett, and a brother beloved everywhere; and Daniel P. Crocker, of the Diocesan Board, a light of our Church in the Connecticut Valley; and Isaac N. Metcalf, for a half-century a sweet singer, and for many years past a master of sacred song in our Worcester churches, translated instantly on Easter Day, almost singing his own dying chorals; and M. Ludlow Whitlock, a comely pillar of St. James', Great Barrington. But alas! the list is too long.

I must not leave you without notice of our loss in the death of three aged and justly eminent Prelates of the Church. Horatio Potter, D.D., LL.D., D.C.L., Bishop of the Diocese of New York, died on Jan. 2 of the present year. He was in the eighty-sixth year of his age, and had served Christ and the Church for thirty-two years in the Episcopate. For some years past his work had been committed to another, under whom it has greatly prospered, and his failing powers had ceased to be taxed by any responsibility for the oversight of his great Diocese. His was a very long life in the noblest of callings, and from the beginning was bright, pure, spotless, exemplary. He was ordained Deacon in July, 1827, and ministered for some time in the village of Saco, Me. Thence he was called to a professorship in Washington College, now Trinity, and thence to St. Peter's, Albany. After a quiet, beautiful pastorate of twenty-one years in this Church, he was elected in 1854

Provisional Bishop of New York. He became Bishop in full charge on the death of Bishop Onderdonk in 1861. He was most truly "a godly and well-learned" man; of singular humility, modesty and gentleness, but of strong convictions and unyielding firmness. His lot was cast in troublous times and vehement contentions in the great central Diocese of the land; but his wisdom, prudence, steadfastness, and power of conciliation were, with the aid of God's grace, equal to the hour and its surroundings, and his Church, multiplied into three Dioceses during his Episcopate, became a great and prosperous people.

Another apostolic man has passed away. William Mercer Green, D.D., LL.D., Bishop of Mississippi, died at his home in Sewanee, Tenn., on the 13th of February last. He had almost completed his eighty-ninth year, and had been for well-nigh thirty-seven years the Bishop of Mississippi. In one of the most difficult of fields, ravaged by war for many years, and terribly crippled by poverty ever since, he could do little more than labor, night and day, with unflinching faith and entire submission to God's ordering, and take comfort in the assurance that in God's husbandry "every man shall receive his own reward according to his own labor," not his success. No meeker, saintlier, sweeter spirit has ever adorned our American Episcopate than Bishop Green. He seemed in many most winning features, as also in venerable aspect, a second William White, of blessed memory.

On the 12th of April last our venerable, honored, and beloved Presiding Bishop, Alfred Lee, D.D., LL.D., fell asleep in Jesus at his own home in Wilmington, Del., in the eightieth year of his age, and the forty-fifth year of his Episcopate. Only important duties, laid on me by General Convention, and which could not be abandoned without loss to others, could have kept me from paying my last token of life-long respect to this good and great servant of God. For my memory of him goes back to my boyhood days when, as one of my Father's parishioners, he was making his transition from his legal profession to the sacred ministry. My first Parish Church in Norwich, Conn., saw and heard him gladly on his occasional visits to his old home, he little thinking that in later years he should be one of my consecrators to the office of your Bishop. Bishop Lee was a ripe scholar, a wise man, a fearless but loving and sympathetic Bishop, a most humble and

exemplary Christian, in all things “a pattern of good works.” The admirable clearness, calmness, and judicial quality of his intellect, the sweetness and modesty of his disposition, the depth and holiness of his spiritual life, the courage and absolute dutifulness of his daily life, the unvarying nearness to God of the whole man,—these qualities will insure him perpetual remembrance among all good Christian people.

I pass on now to the discharge of my canonical duty to lay before you, the representatives of this Diocesan Church in Convention assembled, the record of my official acts during the year past. The time has gone by when it would be judged profitable to read the long record; it grows a little longer each year; although please remember that it accompanies this address, and any portion of it may be called for during the sitting of the Convention. But I proceed to lay before you the summary of my more public official acts—the less laborious half, as I suppose, of my Episcopal cares and duties.

Of official Visitations in Parishes and Missions I have made 170, besides taking part at 51 other services or public meetings, many of which were occasions of an Episcopal character, such as Ordinations, Consecrations, Clergy-meetings, and Convocations. There is always a heavy burden of work connected with deliberative meetings, such as those of Trustees, Examiners, and Committees; the sessions often requiring more or less travel, and not unfrequently occupying more time than any religious service. Of these I have attended 136 during the year. If I add together the sermons, the catechisings, and the addresses, of the year, they number 329. I have administered Confirmation on 153 different occasions and to 1,628 candidates—only 22 less than the unparalleled number of last year, which was 467 larger than the yearly average of my Episcopate.

I herewith record the names of the Parishes or Missions in which (or, in a few cases, for which) I have ministered the Apostolic Rite, and the number belonging to each. I give them nearly in the order of my Visitations.

It is one of my most agreeable duties to note, year by year, the tokens of growth and strength, and to give God thanks for them in the presence of His people. Of churches consecrated we count three since last Convention. The Church of the Holy Spirit, Mattapan district, Boston, is a beautiful thing, whether viewed as a pile of rugged, moss-grown rocks out of the adjoining fields, artistically crowning its little knoll among the native forest trees which no man planted; or as an embodiment of a daughter's love for an honored and good man. This memorial of Benjamin S. Rotch, a valued member and Warden of Emmanuel, Boston, given by his loving daughter Annie Lawrence Rotch, designed and superintended by his son Arthur, our well-known architect, is a teacher of a great and attractive lesson to our families of wealth and benevolence. This Consecration on the first day of June was indeed like a generous handful of early and choice summer flowers offered to the Lord, and doubtless accepted by Him as "a pure offering," because fragrant with the love and piety which prompted it.

Later on, namely on Aug. 29, the Right Rev. Dr. Paret, Bishop of Maryland, consecrated for me the tasteful and excellent new building, Trinity Church, Cottage City, Martha's Vineyard; a church large and convenient as well as tasteful, and reflecting credit on all concerned in its erection. It is used only during the three months of summer, for there is no resident population to speak of at any other time. The Rev. Dr. John J. Roberts of New York City was the laborious and devoted originator of the enterprise, at first holding services in his own cottage and grounds, and his faithful oversight continued until the new Church was completed and opened for divine service. For the last year it has been under the efficient care of the Rev. Dr. John W. Shackelford of New York City.

The third Consecration of the year was that of the new Christ Church, Andover. I cannot speak too strongly in gratitude for the splendid generosity of him who has built for us this beautiful and ample stone church in memory of his Father and Mother, once members of the Parish. Mr. John Byers has spared nothing that could make the Memorial beautiful and enduring. And the Parish by its purchase of the corner-lot on which the new structure has been reared, and by its addition of an excellent Parish building, has made one equipment complete for a great work in that classic old home of the higher education. To other equipments of that honored and famed Church, I shall allude farther on.

The Church of the Redeemer, Lexington, a very tasteful and churchly building, has been completed and opened for services. It will be consecrated within a month. It is a most praiseworthy achievement for that youthful congregation, and reflects much credit on the Rector and his faithful parishioners. St. John's Chapel, Williamstown, a plain but convenient structure with an ample and valuable lot of land, has passed from private ownership into the hands of the Trustees of Donations. This generous gift is from Mr. Frederick Leake, a cultured layman of that beautiful collegiate town, whose interest in the Church dates from its earliest inauguration. May God reward him for his good work. Through the efforts of a summer resident a simple and decent little chapel has been secured for the Mission of St. John the Evangelist, Duxbury. The plain but decent and well-placed little Church for the colored people, in which the Clergy of St. John the Evangelist, Boston, have been carrying on a missionary work with much zeal and success, has been purchased, and is now St. Augustine's Chapel, Boston. A considerable addition has been made to the size of All Saints', Dorchester; but the Church is still inconveniently full, and it is greatly to be desired that God may raise up friends to enable that Parish to build a Church suitable for the ingathering of the harvest.

We are building several Churches. Trinity, Melrose, a beautiful Memorial in stone, is nearly ready for consecration; but of that I may more properly speak another year. Trinity, Lenox, moves somewhat slowly, but its exterior is complete, and the work is as solid and enduring as the form is attractive. It approaches completion. St. Philip's Church, Cambridge, is nearly completed.

It is within the Parish of St. Peter's, and is a gift unto the Lord from the Rector of that Church. It grows out of a deep conviction of the needs of that portion of Cambridge, and the pious resolutions to make provision for them, and is a blessed and exemplary work. St. John's, Worcester, full of life and courage, is making an enlargement of its Church rendered necessary by its rapid and solid growth. A Church is in process of construction for the Parish of the Holy Trinity, Marlborough, through the generous interest of a large-hearted layman. Trinity Church, Boston, has made a magnificent offering of fifty thousand dollars, and more, with which to erect a Church and House for its vigorous mission, St. Andrew's, Boston. St. Stephen's, Pittsfield, is preparing to erect a new Church, for its new wants; and St. John's, Jamaica Plain, is soon to undertake its Parish House and Chapel.

We have acquired some Church property during the year besides our temples. Trinity, Haverhill, has received a bequest which has secured a Rectory adjoining the Church, and land for the enlargement of the Chancel. Ascension, Fall River, has bought a most desirable site adjoining its beautiful Church and will make a Parish House of the building now upon the place. St. Mark's Mission, Fall River, has bought a large and good lot for its new Church. St. Mark's School, Southborough, has added many acres to its domain, at large cost; and Groton School has added to its land. The young but brave St. Ann's, Dorchester, has bought an adjoining house and lot, and paid \$1,000 as the cost.

A beautiful Rectory, worth to-day with its choice site well nigh \$8,000, has been built by the good people of St. Peter's, Beverly. The admirable site, and a considerable part of the cost of the building are due to the sagacious and persevering efforts of the Rev. J. C. Welwood, the former Rector, and both of the good Ministers are partakers of the joy. The Rectory of St. Mary's, Newton Lower Falls, by the outlay of nearly \$2,000 has become a most pleasant home for the faithful and esteemed Rector. Venerable old Christ Church, Cambridge, has renewed its own youth and that of its ill-conditioned Parsonage by an outlay of \$3,000, making the enlarged house almost a new structure. St. James', Amesbury, has bravely rescued by a suit-at-law its imperilled fund, and has now purchased a site, and is at once to build a Rectory. Groton School, which has leaped into prosperity at a bound, has erected

gymnasium, at a cost of \$15,000. St. Paul's, Brockton, aided by its friends, has raised upwards of \$2,000 — has purchased a more desirable site, large enough for a Church and Parsonage, and has placed its present Church upon the new lot, expending for improvements and repairs upwards of \$500. The new Grace Mission, Everett, has bravely secured a most desirable site, and has paid \$3,500 on the heavy cost. This Mission ought to receive prompt and generous aid from the stronger Churches; it merits it, and would use it well. St. John's, North Adams, has purchased a house and lot next the Church, for a Parish Building, and has paid \$2,600 of its cost. St. James', North Cambridge, has purchased a most admirable corner-lot for a new Church that must soon come. St. John's, Sandwich, and the Mission at Canton have each secured lots for a Church. Calvary, Danvers, has built a convenient Parish House on its beautiful grounds and paid two-thirds of its cost. Christ Church, Andover, has erected a Chapel and Parish House in keeping with its noble Memorial Church, has placed an organ of \$4,000 cost in the Church — \$2,000 the bequest of that large-hearted Saint Catharine Louisa Tyer, and the other \$2,000 the gift of her large-hearted kindred; and has also — because of an *intimation* only, not a *requirement*, of that dear soul — received an endowment of \$10,000 as a Fund for the maintenance of the music and the care of the ample grounds of the Church. Such bounties as these, and the \$20,000 gifts from the same open hands for the new Trinity Church, Melrose, should stir the hearts of God's people like the voice of a trumpet, and the memory of them this Diocesan Church will not willingly let die. St. John's, Boston Highlands, has paid \$2,500 on the now small mortgage debt remaining; the payment of upwards of \$2,000 on the debt of St. James', Fall River, leaves an incumbrance no longer oppressive; all but \$1,500 of the debt of St. Mary's, Dorchester, has been paid. These are cheering things to rehearse, for which we give God thanks.

Every year sees some tokens of zeal and love in the improvement of our Churches, and we should be a dead Diocese if it were not so. I have no opportunity of knowing all such tokens, but I note a few. A valuable organ has been gotten for the young and prosperous Parish of the Epiphany, Winchester, and a like addition with a seemly pulpit, has been secured by the efficient Missionary for St. Matthew's Chapel of the Episcopal City Mission,

South Boston. St. James', Great Barrington, is largely renovating and beautifying its interior by decoration, several memorial windows, etc., at a probable cost of about \$3,000. Trinity, Milford, has laid out for repairs and improvements \$300. St. John's, Ashfield, has placed a good bell in its tower, a persuasive voice to all in the neighborhood of that beautiful mountain village. Christ Church, Plymouth, at much sacrifice has procured a new font, an appropriate silver set for the altar, and a Sunday School organ. St. James', Amesbury, has expended \$400 on improvements and within its Church. An excellent organ has been gotten for St. John the Evangelist's, Haverhill, at a cost of \$800. It rejoices my heart to say that St. John's, Worcester, has placed an elegant brass Lectern, costing \$300, in its Chancel, bearing this inscription, "To the glory of God and the Memory of the Reverend John S. Beers: Easter, 1887." Emmanuel, Somerville, has been strengthened and covered anew, and also decorated within, at a considerable cost, towards which it has already paid about \$1,000. St. John's, East Boston, has been much improved at the cost, which I am most thankful to note, of many evenings of labor on the part of its young men, after their hard day's work was ended. St. Paul's, Peabody, has made some valuable changes in its structure. Grace, Lawrence, has very effectively renovated its interior at a cost of about \$3,500. A beautiful Pulpit has been erected in St. Peter's, Cambridge, in memory of two Christian women, earnest and beloved fellow-workers in the Gospel. St. Paul's, Holyoke, has considerably enlarged its capacity by the erection of a gallery, at a cost of nearly \$1,000.

We have lost one place of worship, known as St. Mark's, Boston. The Parish has long been feeble and has at last ceased to hold services, returning to "the Trustees of the Greene Foundation," Trinity Parish, the property the use of which St. Mark's had enjoyed since its re-organization—free of rent. I am assured that this bountiful generosity was still open to the worshippers had it been within their power to maintain public worship.

Our Charities and Schools are, I believe, in a healthy condition. Both St. Mark's School for Boys and the Groton School are overflowing all the time. A school for girls, the Kehle School, Hingham, is worthy of vastly better appreciation and encouragement than it receives: it gains on the confidence of those who know it,

but the number should be greatly increased. Our St. Luke's Home for Convalescents gains friends and multiplies its benefactions every year. Our Church Home for Orphans is strong and honored. The Diocesan Branch of the Church Temperance Society has multiplied its Parochial Branches largely, is doing a considerable work, and now occupies all the time of a General Secretary.

The Girls' Friendly Society which you remember originated for this country, in this Diocese, has had a year of remarkable development, having Branches in twenty-two of our Parishes. The White Cross Society, although somewhat misunderstood by some, is making decided growth. It has received the public approval of nearly all of our Bishops, and is already a great power in England. The Massachusetts Branch of the Woman's Auxiliary at its recent Ninth Anniversary reported "larger attendance at its meetings," "more work accomplished, and greater financial prosperity than in any year of its existence." It has become a powerful and far-reaching agency for the holy cause of Missions.

The Diocesan Board of Missions will present you with an important report, showing you an outlay during the year of \$11,873, and a serious indebtedness. It has done a noble service for Christ and the Church. A larger number of Churches have been aided than ever before: fewer vacancies than usual have existed: and the Board has held one hundred Missionary Meetings in as many places and arranged for two hundred and thirty-one addresses during the year. When we remember that the subject of these addresses is Missions, not Diocesan Missions exclusively, good must be done, unless God's word to the Churches and to the souls of men is expected to "return unto Him void," not "accomplishing that whereto He sends it." The universal testimony is that great good has been wrought in our Parishes and Missions. But our Diocesan Board yet staggers under the sudden blow that took from it its invaluable General Missionary, of happy and sainted memory. And the very unexpected and unaccountable delinquency of some of our Churches, strong as well as weak, is a sad disappointment to your Bishop and to many zealous hearts in this Diocese. This Board of Missions was instructed by the Convention of a year ago to rely on the Churches for \$3,000 more than the offerings of last year. A week ago thirty-three Parishes and Missions had not given one penny to save the honor of that unanimous vote; while

fifty-seven had given less than they had just given when they instructed the Board to spend more. These ninety Churches had thus reduced the Board's income by \$2,760. — Matters have greatly bettered since: but, dear Brethren, fifty-one weeks of inaction to one of activity is out of proportion morally, and is full of painful anxiety to your agents.

Your Committee of last Convention on the form of the Parochial Report will present a draft which has a little broader interest than merely Diocesan. The House of Deputies in General Convention has formally requested the Ecclesiastical Authority of every Diocese to endeavor to have such statistical information secured at each Annual Convention as may furnish a complete and uniform exhibit of every Diocese and Jurisdiction, and thus of the whole Church, at each Triennial Meeting of the General Convention. The reasonableness and desirability of such accurate information will account for some new features in the proposed Form of Parochial Report, and will, it is hoped, prevent its serious curtailment on grounds of mere taste or preference.

I respectfully bespeak the careful attention of the Convention to the Report of the Committee on the matter of registration of Communicants. Honesty requires something different from the present lax and varying methods in our several Parishes. Cases have come before your Bishop where a legal meaning must be fixed on the word, for legal rights are involved. It would seem very easy to rule for this Diocese that it should be lawful to erase from the list the name of a Communicant who, without reasonable cause, and subject to an appeal to the Bishop, has not communicated for three or more years last past.

Last mid-summer I ventured to issue to all of our Diocesan Clergy a circular whose object was thus stated: "I am desirous of securing accurate information, of some interest and possible value, in the matter of clerical support; and respectfully ask the co-operation of all the Clergy of my Diocese who are in charge of Parishes or Missions, or are engaged in teaching." My inquiries covered every necessary point, under seven different questions; and within a couple of months one hundred and thirty-eight clergymen — nearly every one concerned — had answered every question. I have tabulated their replies; and it will be of interest and perhaps value to the clerical and lay members of this Convention to learn a few of the facts and conclusions thus reached.

My object being to know the *sum total* of each Minister's regular income from settled ministerial work whether as Rector, Missionary, or Teacher, I have of course counted as such income the salary, the value of the Rectory, if free, and the Missionary stipend, if such there be. I have not sought to know the value of perquisites and surplice fees, whether large or, as in most cases, very small; nor have I concerned myself with the emoluments of the few engaged in secular work, or of the larger number indisposed by reason of age, infirmity, or preference only, to undertake the regular cure of souls in any Parish or Mission. There are but a very few of any other class ever standing long unemployed in this Diocese.

I do not know that the general results derivable from our statistics of to-day would differ much from those of last mid-summer. At any rate I can give you only the latter.

Of the 138 Ministers reporting to me, two originated their own fields of labor, each resolving under God's loving eye and, I am sure, approving smile, to see a Church at his own loved home; neither of them having asked Missionary aid, although receiving but a fraction of his living from his loving people; one of them tasking his facile pen while securing a noble Church site, and the other having given Church and Rectory out of his paternal inheritance and homestead. They must forgive this allusion: I cannot say less: may the Almighty bless them for their devotion; and ye godly laymen and laywomen, learn by such examples to set your standards of indebtedness and consecration to the Lord a little higher.

Omitting these, whose income represents much love, although little money, I begin my record with sorrow when I tell you that there are *twelve* good Ministers in this Diocese who receive from \$600 to \$750 only as their yearly income. True, some are non-resident and give but a portion of their time; some are infirm of health and unequal to full work, and some are beginners in the Ministry; but, on the other hand, some have families. I thank God for the privilege which is now and then given me, through the bounty of good laymen, of cheering a little some of these ill-paid laborers: I pray that some of you who are abundantly able may more frequently entrust me with this blessed ministration.

Then I note *thirty-three* with an income not less than \$800 nor

more than \$1,000, nearly one-half of them receiving the latter amount. *Twenty-three* more received not less than \$1,000, and not more than \$1,250. *Twenty-two* follow, ranging from above \$1,250 to \$1,500, about two-thirds reaching the latter figure. Next come *nineteen* from above \$1,500 to \$2,000, about one-half reaching the latter sum. *Six* more range from above \$2,000 to \$2,500, the larger part again reaching the latter figure. I rejoice to say that I find *nine* having upwards of \$2,500 to \$3,000, and *nine* more enjoying from above \$3,000 to \$4,000; while *three* conclude my tale with the remuneration — handsome for *our* calling, although it would be twice as much in some others — of \$6,000, \$8,000, and between \$9,000 and \$10,000.

Averages in such matters as these are not of much moral value: it does not make an ill-paid Minister with a family, struggling on almost hopelessly with eight or nine hundred dollars a year, feel quite content and happy because he learns that the average salary is considerably beyond his own: it ought not make the inexperienced Minister of three or five years only, discontent because he gets only seven or nine hundred a year, while our diocesan Ministers average much more. If he has only himself to care for — although statistics show that, somehow or other, Ministers claim a divine right to marry much earlier than physicians, lawyers, and merchants do — if he assumes no responsibilities until he is able to sustain them, then the \$700 in the village is a better support for the single man than the \$1,500 in the city for the man with a family. Besides, it should be remembered that not all of our settled Clergy are experienced and well-trying men. One in every four of those reporting to me were in what would be the long *Lenten Season* of the legal and medical professions, not having been in their sacred calling over five years: two-thirds of this one-fourth, i.e., one in every six, had served from three months to three years only.

But I will give the average, nevertheless, for perhaps honesty requires it. Counting all of the 138 returns in my possession (nearly every one of those concerned having reported), I find that the official yearly income of those engaged in regular and stated work in this Diocese averages \$1,627 for each: and that in less than a dozen cases only is the salary reported as “not usually paid promptly.” But I hardly think that the two instances named

first in my exhibit — viz., of voluntary work without contract for remuneration — and the three exceptionally large salaries named last, have a place in an average having what I may call workable value. If I leave out then these five, the average for the 133 returns will be \$1,507. I find that the regular stipends of thirty Clergymen (not counting the two first mentioned) range below \$1,000; those of seventy are from \$1,000 upwards, but not reaching \$2,000; those of twenty range from \$2,000 to less than \$3,000; those of thirteen are from \$3,000 upwards, including \$4,000; and three remain (not counted at this moment) from \$6,000 upwards.

One hundred and thirty-three in all, of the one hundred and thirty-eight reporting, and of the one hundred and forty-five whom at that time the report concerned.

I am not going to detain you, Brethren of the Clergy and Laity, with any moralizing on these facts. But I will suggest two or three points for your further reflection. In the first place, it is time to stop salving our own consciences, discouraging young men of godliness, and wounding the Church's good name, by saying that good men cannot expect a living if they enter the Church's Ministry. The support averages far better from the beginning to the end than in the Methodist Ministry, and those workers have not filled the air with their grievances. If a young man cannot begin his service of the Lord who bought him, without being assured of at least twice the living which his fellow-student looks for in Law or Medicine, in the name of God let him stay away from the Ministry of the Lord Jesus. It was never intended for such traffickers.

But further, the evidently insufficient support of many good men is an evil of great magnitude, and ought to rest upon the hearts of all our Laity, unless conscience clearly acquit them of complicity in it. Many a devout and skilled laborer in our Parishes is wasting nervous and even spiritual energy over the question how he can feed, clothe, and shelter those whom God has given him, when a quarter of a dollar more every Sunday, from every head of a family in his Parish, would solve all problems and set the finances beyond all perplexity. Give me your cigar money, all ye men bearing the seal of Christ, and you shall hear no more of distressed and anxious Ministers, and we will throw in our expenses for all Diocesan Missions besides. And yet you say the *average* support

is fairly good. It is: but alas for the particulars! I know very well that it is an absurdity sufficiently great to be acceptable even to Communism, to suppose that, under our voluntary system, all men should receive the same remuneration, regardless of talents, skill, manners, common sense, strength, piety, success. They *do* not under any system under the sun, and the world cannot be worked on such theories; nor does He who entrusts to us the five talents, the two, and the one, expect it. But no one knows better than a Bishop of a large Diocese, how many unhappy alliances are formed between the suitors and the Parish that wants no counsel in its attachments; and what a growth of jarring lives and ultimate divorces are the consequence. Too high an estimate of some qualities, and not high enough of others, ignorance of many matters of great moment to the pastoral relation, and in many cases the careless or sometimes careful avoidance of the Bishop's counsel, hopelessly confound the optimistic theory of always finding, sooner or later, "the right man in the right place." He who has few expenses and no superior qualifications is where the support is equal to the man of family; and the latter starves in a Parish amply sufficient for the former. The footsteps of a lonely man echo in the Rectory, and the brother with wife and children breathe the close atmosphere of the narrow tenement and go ill-fed in order to meet the rent. Parishes, without being penurious, do not think of these things, they do not always remember that they who preach the Gospel must live of the Gospel, and therefore for some Churches some men should have the preference. I do not know any complete cure for this under our voluntary system which looks askance at age and large families, and I do not for a moment prefer the system of the Church of England *just as that system is*; while I believe that a plan made up of the best features of each might do much for us. In the mean time I do entreat the lay-members of Christ never to cease their care and labor for the bettering of the condition of those over them in the Lord, wherever the support is evidently insufficient. And I entreat every member of the Church to do all that in him lies to increase the Church's provision for her aged or broken Ministers, and for the widows and orphans of the Clergy. For the former, of our Diocese, we devote the offering this day. Such a congregation will make it bountiful, but there should be 175 such offerings in our Churches before next Convention.

Nothing can exaggerate the existing need and moral demand for a nobler and juster provision for our aged and infirm Clergy of this land, and for the widows and orphans of those who have died rich in faith and good works, but poor in worldly substance.

Since we last met in Convention, the great representative Synod of the Church has held its triennial meeting. It was a most interesting and laborious one, fraught with results of exceeding importance to the Church; and, despite all the eager labors and over-confident prophecies of a few writers who somewhat magnified their office, the achievements of the Convention were generally accomplished by great and representative majorities. In the hearty and honest expression of *the mind of THE WHOLE CHURCH, its Clergy, Churches, and Communicants*, lies, I think, our safety. I believe that a great national Church, seeking and finding the aid of the Holy Ghost, will not go greatly astray.

But we have in this Church an artificial and unreal method of representation unknown to any other branch of the Church, I think, and now becoming more of an experiment than ever before by reason of our fuller development. Our method of allowing to the 300 Clergymen, 200 Churches, and 45,000 Communicants of one Diocese no more voice or vote than is allowed to one-twentieth of such spiritual forces in another Diocese, can hardly be called a representative arrangement; unless indeed a Priest, a Church, or a Communicant in some one region, is of right entitled to twenty times as much influence as the same is allowed in other regions. And it does not help the ideal of justice in so grave a matter, to have invented a way by which weak Dioceses as well as strong can work a multiplication of their power by the process of division.

Unless I mistake, the possible danger in the recently mooted proposition to change the name of the Church lies just here. Undoubtedly, even so dear a heritage as an honored name, with a noble century of struggle and victory behind it, may lawfully be changed under new necessities and the clear ordering of Providence. Undoubtedly a family may repudiate the honored name under which in three generations they have grown to be great and respected. But undoubtedly they cannot wisely or righteously cast it off, if the hundreds having a right in it are to be unwillingly dispossessed by the tens who, under some peculiar compact, may have the power. Undoubtedly the Church may call

itself by a new name, and it may be better, clearer, and more comprehensive than the old ; but I submit, so great a change, deeply concerning the 3,800 Ministers who serve at its altars, and the 425,000 Communicants whom they serve, may not wisely or righteously be made by votes representing a tithe or even a quarter of these numbers. It would, I believe, shake this Church to its centre as it never has been shaken before, should a small majority of *Dioceses*, overpowering a vast majority of *Clergy, Churches, and Communicants*, ever become able and willing to disinherit this Church of its historic name in favor of a new title distasteful to the greater number. The *gravamen* would not lie in the mere matter of the merit or demerit of the new name. So simple and Scriptural a name as "The Church," the only name conceivably proper in the days when believers in Christ were one, should not be forced upon a majority, if they believed it so variously and legally in common use in this land as to be as indefinite and valueless for a title in law as a cloud or a shadow ; or if they held that such a corporate title, as a *claim of exclusive right*, would be the closure of a fundamental question in theology which has been an open one among all sorts of Churchmen since the English Reformation ; or if such a synodical decision in favor of exclusion, having the force of a decree although obtained as a mere *obiter dictum*, would be at once pronounced ecclesiastically untrue, by the many able theologians who more or less respect either Protestant or Roman claims. Nor, again, would a new prefix or suffix to the Scriptural title be wisely made, even if no longer than the words which Rome and Constantinople have for ages found it necessary to use for definiteness, and if no less incomplete, inaccurate and misleading than our present title is said to be by those who want to find all the notes of the Church in its corporate name, if such supposed improvement were imposed upon the *many* by the *few* in our household of faith. When any new name comes to stay it will be because the great Body that must wear it wants it. Meanwhile, I have no great anxieties about the matter ; while I do entertain fears as to the immediate consequences of the agitation.

There are some achievements of our General Convention which call for co-operative action. The new organization of the Missionary work of the Church puts the vast spiritual interests of the Colored Race in this land into the hands of a Special Commis-

ably and fitly constituted. I beg careful study of the claims of this cause by the Clergy, and a kindly response to the most urgent appeal which it presents on the part of our people. And I also entreat the Clergy to see to it that no year goes by without an offering or offerings to the General Missions of the Church. If only instructions were given, interest awakened, and an offering, however small, were taken annually in every Church in this Diocese, untold good would be done.

I again commend, as last year, the Enrolment Fund, warmly endorsed and urged by the recent Convention, although it was able to report only about seventy thousand dollars towards its desired million. I thank some of our Rectors for their noble zeal in the matter; and I urge many more to awaken to their duty in a cause teeming with possible blessings for the Church.

I am in full and unreserved sympathy with the Church Building Fund scheme of the General Convention. I cannot understand why — unlike all other strong religious bodies — we should prefer to compel our Bishops, Priests, and Deacons, to spend so much time, money, strength, patience, grace, away from their closed Churches and un-shepherded flocks, chasing each other through the streets of our chief cities, begging for that which ought to be given or loaned them at once by a responsible Board, or in some cases refused altogether. But as I have the pleasure of saying that the able Commissioner of the Fund, the Honorable Judge Prince, Ex-Chief-Justice of New Mexico, will be in attendance at this Convention, and, should the House be enabled to give him a half-hour this afternoon, will set the matter before us, I forbear further speaking.

The Prayer-Book has been slightly, but yet noticeably, altered, and your due allegiance, dear Brethren, to *the Book as it is*, is as certain as your Ordination vows and covenant. I am thankful for most of the changes, content with them all, and hope for a completion of the work at the next General Convention. It is a slow process, but safe: never in Church history has there been a Liturgical revision so slowly, carefully, deliberately carried on, the most minute item having been at least three years before the Church since first discussed and favorably acted on by the great Synod; while many matters will have had six or nine years' consideration before all is done. But I have no call to praise or blame, — any more than have you: — that is not our office. I only desire to

express my official conviction and my affectionate entreaty also, as to the duty of every Clergyman in the Church under the premises. We should loyally adopt in our daily practice every provision of the Prayer-Book as it now is. At great labor the Church has reached certain enrichments, omissions, and some rubrics of easement or variation. Let us lay aside our own preferences and fancies, and "hear the Church." So only can we "with one mind and one mouth glorify God, even the Father of our Lord Jesus Christ."

It is not of great importance to you, but of a little interest, that the late General Convention laid upon a Committee of two Bishops, four Presbyters, and three Laymen, the very heavy and uncomfortable task of presenting to the next Convention the draft of a new Hymnal. I only want to bespeak for the men chosen to that task your sympathies and your courtesies as they step forth, like the late Revision Committee, a target for all arrows, a subject for all scalpels, an exhaustless theme for all critics. Doubtless every critic — and a thousand besides, could make a better Hymnal than the Committee will offer; but, alas! the Committee are not allowed to exchange places with them. Judging from the past, one must fear that it may be a necessary as well as lawful appeal to the charity of the Church, if the unfortunate body of men who have been charged with the preparation of a new and acceptable Hymnal should hasten to ask patience and generosity on the part of the Church at large, if on no other and higher ground, at least on that of respect for honest effort, courage, and endurance, in an unsought struggle and on an undesired arena. It would help the Committee much, the critics more. Remember how the fair-minded spectators encouraged the enforced gladiators as they strode forth before the serried ranks of the countless thousands in the Roman Coliseum, eagerly looking for the people's approbation, while not forgetting to bow before imperial majesty with the salutation, "*Nos morituri te salutamus.*"

I have delayed to the last moment, dear Brethren of the Clergy and Laity, a personal matter which I felt ought not to disturb your consideration of the more important matters which I have laid before you. I speak of it now with timidity, for it may seem ill-advised, and, at any rate, I have long since learned that I do not own much of the future: and yet if I do not this year bring it

before the Convention, it will be too late for me to be benefited by its opinion and counsel. Should I live until next Convention, I shall have completed fifteen years since my election as your Bishop, and, a few weeks later, may finish my fifteenth annual Visitation of the Diocese. Thank God, the work grows a little larger and heavier each year; and yet, so great has been His goodness to me, I have not needed to stop my official work for a fortnight during all these years, nor have I gone hither or thither for rest, save during my usual mid-summer vacation. I have more than once declined honorable invitations to cross the ocean for duty and pleasure in England and Scotland.

The Third Lambeth Conference of all the Bishops in communion with the Anglican Church is already announced to the Bishops by His Grace, the Archbishop of Canterbury, for the summer of 1888. I think it usually occupies more or less time during a month. Could I feel assured that my Diocese was entirely willing to release me for a considerable period, — say for six or eight months of travel and entire change of scene and habits, and in the loved company of those whom God has given me, — it might prolong my working days for a cause and a Church which I love above my highest joys. I should so arrange, by some anticipated Visitations probably and for the remainder on my return, that the Ecclesiastical Authority of the Standing Committee would suffice during my absence. And, if I go, it will be with my wife and children around me: life nears the sun-setting, perhaps, and I cannot — unless God's will require — separate myself by an ocean's breadth from God's dear gifts who make up so much of my life's sweetness and brightness. I leave the subject in your hands, dear friends. But I pray you be honest, for I shall not doubt your wisdom and your love. Remember it is not *necessary* for me to go, and perhaps it is not God's will. Whether I go or stay; whether my loved home and work hold me fast, or an ocean separate me from my loved Diocese, believe me when I say with St. Paul, "Ye are in our hearts to die and live with you." "Now the God of peace be with you all. Amen."

SECTION 1. — As a full and accurate view of the state of the Church, from time to time, is highly useful and necessary, it is hereby ordered that every Minister of this Church, or, if the Parish be vacant, the Wardens, shall present, or cause to be delivered, on or before the first day of every Annual Convention, to the Bishop of the Diocese, or, where there is no Bishop, to the President of the Convention, a statement of the number of Baptisms, Confirmations, Marriages, and Funerals, and of the number of Communicants in his Parish or Church; also the state and condition of the Sunday Schools in his Parish; also of the amount of the Communion alms, the contributions for Missions, Diocesan, Domestic, and Foreign, for Parochial Schools, for Church purposes in general, and of all other matters that may throw light on the state of the same. And every Clergyman, not regularly settled in any Parish or Church, shall also report the occasional services he may have performed; and, if he have performed no such services, the causes or reasons which have prevented the same. And these reports, or such parts of them as the Bishop shall think fit, may be read in the Convention, and shall be entered on the journals thereof.

REMARKS.

The above Report is from Easter Monday, 1886, to the end of the present Conventional year. Last year's Report ended with Easter; hence, so as not to omit the interval between Easter and the Convention, this Report goes back to Easter Monday, 1886.

Since the last Report, it has been learned that St. James' Parish was organized Oct. 8, 1833, and admitted into Union June 15, 1836. This information comes from notes handed to the Rector, last autumn, by the late Rev. J. S. Beers.

Considerable change has taken place in the interior of the Church within a few months. The ceiling has been sheathed; the pews have been varnished, and those in the centre of the Church furnished with new cushions; and the floor has been covered throughout with a new carpet.

Next year seventy-five dollars must be raised for insurance, and it is hoped an effort will be made to start a fund for painting the exterior of the Church. A member of the Congregation presented a beautiful black-walnut Lectern to the Parish at Easter.

REMARKS.

The past year has been one of steady growth and increasing prosperity. The Rectory debt of \$813 has been fully paid, thus making our whole Church property free from incumbrance. A valuable addition to the Parish Library has been made through the gift of the late Edward Tuckerman, Esq. In all, about four hundred volumes, handsomely bound, have been added. Much has been done in the way of Church decoration and other improvements. But the most encouraging signs are the increased attendance upon the services, and the amount of contributions for Parochial and other purposes which is greatly in excess of those of former years.

REMARKS.

The beautiful Church, referred to in the Report of last year, built as a tribute of love and reverence by Miss Annie Lawrence Rotch, in memory of her father, the late Benjamin Smith Rotch, of Boston, was consecrated by the Bishop of the Diocese, assisted by a goodly number of the clergy, and in the presence of a large and deeply interested congregation, on the first day of June, 1886.

The Church is built of rough stone, with tower rising from the intersection of the nave and transepts, and contains sittings for two hundred persons, all of which are free and unassigned. The pews and chancel furniture are of oak.

The bell, the font, the lectern, the books, and the elegant and costly communion vessels are memorial gifts.

During the year the congregation and the Sunday school have grown steadily, both in numbers and in interest.

A Branch of the Woman's Auxiliary, and a Chapter of the St. Andrew's Brotherhood, have been organized.

It is expected that morning service (in addition to the regular afternoon service and Sunday school) will be held from Whitsuntide onward.

With thanksgiving to Almighty God for His marvellous loving-kindness in the past, the congregation moves forward in faith, and hope, and zeal to a future bright with promise.

In connection with the above report, it ought to be remembered that the Parish was without a settled Clergyman for four months. When the present Incumbent took charge, he found upon the records 102 Communicants connected with the Parish, and this report is made upon that basis. There may have been removals during the summer which are not recorded here; but he could not discover from the records, as presented to him, when the removals took place, and so has made his report strictly from the records as he found them after taking charge.

The Church has been beautified by various gifts during the year, among them a beautiful white altar-cloth from the Ladies' Aid Society, worked by one of its members, a white dosseil, three portières, and an altar-deak in brass, "in memoriam."

REMARKS.

The Missionary Association, which was formed last year, has succeeded both in raising a large sum of money for missions, and in stimulating a general and intelligent interest in the different departments of the Church's Missionary work.

One of the chief developments in our work during the past year has been in the establishment during the winter of evening classes, which are held in rooms kindly placed at our disposal, primarily for the use for secular purposes of our different Guilds. The generous help of friends has enabled us to have weekly classes for instruction in cooking, and modelling (for girls), in carpentering, and woodcarving, and gymnastics (for boys), and a housekeeper's class for younger children. A reading-room has also been provided on different evenings for boys and girls.

REMARKS.

A full account of the establishment of this Mission was given in last year's report. The figures in the report for this year will tell of the advance of the work. The Chapel is now generally full on Sunday afternoons and evenings. The Holy Communion is celebrated every month, and on greater festivals. Classes of different kinds are held every evening by the Rev. J. W. Elliott, who has special charge of this department of our work; and by the Sisters of St. Margaret, to whose labors the success of the work is largely owing. The week-day classes having outgrown the accommodation provided in the Chapel building, we have been allowed the use, for secular purposes, of a disused school in an adjoining street. Here a reading-room for colored lads is open on three evenings in the week. A drum and fife band has also been formed in connection with the Mission. We have received, largely from friends interested in the work outside of our own congregation, sufficient money to purchase the Chapel proper; and we hope that we may shortly be able to secure some adjoining buildings, so as to secure a permanent home for the Mission.

REMARKS.

We have added to our Chapel a fine two-manual Hook & Hastings pipe organ, at the cost of \$1,111.75. This was formally dedicated on the evening of Nov. 4, 1886, when the Bishop kindly was present at the festival service, and addressed us.

We have also put into the Chapel, at the cost of \$78.25, a new pulpit of handsome design. This was used for the first time by the Bishop, at his visitation for Confirmation, on the morning of Sexagesima Sunday, Feb. 13, 1887.

A Standing Committee, recently appointed, of five laymen of the Chapel, is doing most efficient work and helping the interests of the Chapel. A debt of over fifty dollars, in current expenses, was entirely swept away, and a handsome balance left in the treasury, by the generous offerings on Easter Day, 1887.

The "Chapel Fund" amounts now to about \$1,200.

On Whitsun Day, 1886, three children of the Sunday school, and on Easter Day, 1887, five children of the Sunday school, received a prize certificate for the perfect recitation of the Church Catechism.

St. John's Church, Jamaica Plain, has greatly assisted them.

Mrs. Hardon, a sister of the Community of the Holy Name, and sisters from St. Margaret's Home, have rendered very valuable service.

On Dec. 5, 1886, I commenced to hold service every Sunday morning.

A Church building is greatly needed.

The past year has been an eventful one for this Mission, in that we have been enabled to purchase a new site for the Church and Parish Buildings, of some sixteen thousand square feet, at a cost of \$10,000. The vestry have also spent \$500 on repairs to our present Church edifice, which has been removed to the new site, and put in thorough order. The spiritual life of the Mission was never more encouraging. Signs of a coming harvest of souls already appear.

The Communion has been celebrated every Lord's Day (with one exception), with an irregular but increasing attendance. The number communicating at Easter was forty-six, against thirty-five, the largest number the year before. A considerable part of the money raised by the Men's Club, and by the Young Women's Club, has not been included in the above return. The Sewing School, started and managed exclusively by one lady belonging to the Mission, has been held once a week, throughout the greater part of the year, and four times a week in July and August.

I have to acknowledge much valuable assistance in holding service, from the Rev. Charles P. Parker, of Harvard University.

REMARKS.

During the past year the Parish has accomplished a much-needed practical work in the enlarging and improving of its Rectory. More than \$2,500 has been expended for this purpose, and the house is now quite comfortable as well as convenient. It is perhaps worthy of remark, that Christ Church, the mother Parish of Cambridge, is the only Parish in this city which has a Rectory.

REMARKS.

This Chapel is open to the public after provision, according to the terms of the gift, for persons connected with the School and the University, and is attended by a considerable number of people, as above indicated. Many attend casually, who are not included in these statistics of those regularly worshipping and registered. They meet the expenses of the services by subscriptions and the offertory, and give generously to charitable causes. There is no organization, and no connection with the Convention. The statistics, therefore, as to persons, cannot be as precise as they would otherwise be. The Sunday School is a voluntary affair of the worshippers, but is

[C.]

cared for, at their request, by the Rev. William Lawrence, who is also charged with all duties connected with the attendance of Harvard men upon the services, of whom the number is about a hundred and twenty-five. For such work as is done in, and in connection with, the Chapel, authority was given by the Bishop and Standing Committee, at its erection, in 1867.

REMARKS.

The present Rector began his work in the Parish of Chicopee, July 1, 1886, until then Mr. D. D. Addison acting as lay-reader.

The Chicopee (Grace Church) Parish Register had long since been unused,

[C.]

and the present Rector began his work as an entirely new Parish or Mission, no names being recorded in the Register save two or three of the old members.

There was, last July, no organization whatever, except the committee, so called, of four. There was great need of Church re-organization. A Ladies' Helping Hand Society was established, which bids fair to do much good. The Men's Church Guild was organized last Christmas (only communicants eligible), and much earnestness in Church-work promoted.

Last Easter Monday, at Parish Meeting, a strong desire being manifested by the members of the Church to organize a Vestry, and the Parish being in union with the Convention, recorded 1885, Wardens and Vestrymen were elected of good standing, all being communicants save one. Under proper care, the Parish bids fair to do much good work the coming year. A fine brass altar-desk was presented to the Parish by Mr. Perkins Smith of Roxbury, Mass.

TRINITY CHURCH, COTTAGE CITY.

The Rev. JOHN W. SHACKELFORD, D.D. (Rector of the Church of the Redeemer, New York), *In Charge*.

I have the honor of reporting that during July and August services were held regularly in Trinity Church, Cottage City; there being every Sunday a celebration of the Holy Communion, Morning Prayer, Sermon, and Evening Prayer. The congregations were large, the building frequently not containing all who came. During the summer one infant and two adults were baptized. These adults, with two other adult members of the family, have since been confirmed in Boston, and admitted to the Holy Communion. Thus is the influence of this little summer Church felt far more widely, doubtless, than we know.

Aug. 29, being the tenth Sunday after Trinity, the Right Rev. William Paret, D.D., Bishop of Maryland, at the request of the Bishop of the Diocese, consecrated the Church to the worship and service of Almighty God, being assisted in the service by the Rev. B. R. Gifford, the Rev. George W. Strong of the Diocese of Georgia, the Rev. R. W. Kenyon of the Diocese of Albany; the Sermon being preached by the Priest in charge.

COTTAGE CITY, April 21, 1887.

REMARKS.

A "Parish House" has been built during the past year. It meets a want which has been long felt. The amount of money which has been paid for the building has been raised by the exertions of the "Ladies' Society," by special subscriptions within the Parish, and donations from several kind friends outside. The benefit of the "House," we believe, has been already manifest, and we pray that it may be productive of good results, both as to the temporal and the spiritual welfare of the Parish.

REMARKS.

Services were first held here in the summer of 1881, by the Rev. James A. Sanderson, then Rector of Christ Church, Plymouth. No services were held in 1882. In the summer of 1883 services were resumed, being conducted by

[E.]

a member of the Cable Staff, as lay-reader, with occasional assistance from Rev. Charles D. Barbour of Plymouth.

During the following winter sufficient money was raised in Duxbury and Boston to purchase a lot of land and the present simple Chapel. In the three following summers regular services were maintained, covering a period of three months each, conducted by a number of different clergy. Eleven baptisms, one marriage, twenty-one celebrations of Holy Communion, and offerings amounting to \$503.31, are recorded during this period.

The present incumbent undertook the charge of the work on the first Sunday in October last, since which time, except when insuperable obstacles prevented, regular services with preaching have been held on Sunday afternoons, preceded by sessions of the Sunday school. Since the beginning of Lent, a Wednesday service with lecture has also been maintained. On Thursday in Easter-week, April 14, the congregation organized on the Mission basis provided by canon. On St. Mark's Day the Bishop of the Diocese made his first visitation.

These "remarks"—already, perhaps, too long—would be incomplete without the following: The success of the work hitherto, and its promise for the future, are due, under God, chiefly to the fidelity and zeal of one devoted daughter of the Church, a member of the Parish of St. John Evangelist, Boston, whose name deserves to be held in affectionate and most grateful remembrance by all who are or who may hereafter be connected with the Mission.

REMARKS.

It is proper to report that the Mission has selected a lot for Church purposes. The size of lot, 18,572 feet; the cost, \$6,500. On this has been paid by Easter offering, and gifts otherwise raised, the sum of \$3,374.41; borrowed on Trustee note, \$500; temporary loan, \$125.59; total, \$4,000.

The rental of house and stable upon Church lot will more than meet the interest on mortgage and loan, and leave a handsome balance in favor of Mission, per annum.

In the present condition of the Mission, a gift or gifts amounting to ten thousand dollars, to pay remainder due on Church lot, and build a suitable Church, would place the enterprise in the rank of a strong suburban Parish. A noble opportunity is thus opened to some individual, or combination of Churchmen.

REMARKS.

The present year, 1887, is a great one in our Parish history. May 1, 1837, being the date at which the Parish was incorporated, May 1, 1887, was duly observed as our semi-centennial. Coming on Sunday, the Mother Church and her Missions were able to unite as one family in the Church of the Ascension. Two special events strikingly mark the year: (1) the independence of St. Mark's Mission, which parted from the Mother Church Easter Tuesday, April 12; and (2) the purchase of the Battelle estate, in the rear of the rectory, for \$5,000, by which the Church property is greatly increased in value, and a good house secured, which, with some alterations, will serve for Parish use until a Parish House of stone can be built. A printed report of the historical sermon and services of our semi-centennial has been sent to the Registrar of the Diocese.

REMARKS.

The present rector assumed charge of the Parish June 25, 1886. The year's report shows some progress, but the figures given above do not indicate all that has been done. For several years past a fund has been accumulating for repairing and decorating the Church. Of late it has grown to a respectable amount, and immediately after Easter the work was begun. Besides being newly painted and decorated within, the Church will receive stained-glass windows, four of them memorial gifts. A handsome chancel window, to the memory of the Rev. D. G. Anderson, will replace the three small lancet windows. The entire cost of these improvements, including the value of private gifts, will amount to \$3,000. The work will be completed early in the summer. A great loss was sustained last fall by the Parish, in the decease of Mr. M. Ludlow Whitlock, for many years its senior warden. A true man, a zealous Churchman, a devoted Christian, he adorned the doctrine of God our Saviour in all things. May he rest in peace!

REMARKS.

The Parish has acknowledged by special action its just appreciation of the earnest efforts of Mrs. Dukes, teachers and pupils of Keble School, to give life and interest to the services of the Church during the past winter. It would be difficult to say what would have been our record without their so cordial help. No better missionary work can be done in this portion of the Diocese than by establishing on the firmest foundations this most excellent school. Are there not among us those who by the gift of a thousand dollars might have the privilege of sending there three daughters of Clergymen, or other earnest workers in the Church?

REMARKS.

In the Report of this Parish for 1883 it appears that a small debt of \$350 was due on account of building the Rectory. Since then so much has

[H, I.]

been needed in the way of repairs and improvements, that it was deemed best to let this deficit remain. Up to the time of our last Report we had expended nearly \$1,500 in this way. Last fall, however, the last vestige of this debt was wiped out; and this spring, in answer to a demand for additional seats, we have built a gallery in the Church, increasing our sitting capacity about one-fifth. This with other improvements, *all paid for*, makes nearly \$1,600 raised for improvements and repairs this year over our ordinary current expenses.

REMARKS.

Last summer the interior of the Church was greatly improved by removing the plaster ceiling, and building in a handsome open-timbered roof with rafters and dormer windows. Besides this the Church was repainted, and a memorial window was put in. The cost of the improvement was nearly \$3,500, the whole amount of which was raised by pledges and subscriptions between the months of July and January. In March some property behind the Church was purchased with a view to protecting the Church land, and eventually to enlarging the Church and building out a new Chancel. The Parish expects soon to pay the entire indebtedness on this new property, and to be prepared for the anticipated growth of the city in its neighborhood.

REMARKS.

A year ago, we recorded the death of Dr. William R. Lawrence. Since then, on Aug. 22, at an interval of a little less than a year, entered into life his brother, Amos Adams Lawrence. Together, as a memorial to their father, they built and gave our Church edifice, and through all its history were faithful members and generous benefactors of the Parish. Not only the Parish, but the community, will mourn Mr. Lawrence's death, while yet they give thanks for such an example of what a Christian man may be. The Church built as a memorial to their father now becomes a monument to them, and one of that best of all kinds,—a blessing in the future, as it has been in the past, to many souls.

REMARKS.

This important post of the Church has suffered, during the past year, from loss of some of its most useful parishioners, by the formation of Grace Church, Everett, which new departure was evidently necessary for the best interests of the Church at large; while from the growth of population we still report larger numbers than before. Much good and self-sacrificing work has been done here since last Convention, which neither figures nor any report can fairly represent.

REMARKS.

This report covers from Easter, 1886, to Easter, 1887. The figures concerning value of Church and land and endowments or invested funds, are only approximately correct, as a beautiful Church of stone is in building and will soon be ready for consecration. It takes the place of a Church-building of wood, and is a memorial gift from one family.

The "Cheerful Workers," a part of the Sunday school, besides \$10 in money, sent a box for Mrs. Buford's colored children, one member also sending a box of her own. The Parish Sewing Circle, besides much valuable parochial assistance, made twenty-four garments for the Sisters' Orphanage at Haverhill.

The Rector gratefully acknowledges, that, in the absence of a Rectory, the Parish, during the past year, subscribed for a house for his use, also partially furnishing it, besides adding to the salary. Trinity is a free Church, without even the envelope system, and, during the past year, has more than met every obligation.

REMARKS.

Some kind friends of the Parish, particularly Mrs. White of Cambridge, and Mr. W. P. Furniss, placed certain sums of money in the hands of the Rector for use in the Parish. These were difficult to classify, since part of the money is included in the above summary, and also because they were not, in a strict sense, offerings of the Parish. So far as they are not included as above, they amount to about thirty dollars.

The Rector, in leaving the Parish and the Diocese, calls attention to the revived life of this Parish, and commends it to the protection of the friends of the Church, earnestly begging that this portion of the Lord's flock may not be neglected.

REMARKS.

The falling-off in the number of Sunday-school children reported this year, is due to the opening of a Mission School — which promises well — in a part of the town where many families connected with the Parish reside.

A branch of the Girls' Friendly Society, recently organized, is working successfully, with a large and increasing attendance. An eagle lectern, of brass, has been placed in the Church by the children of Christopher Almy Church, as a memorial of their father.

REMARKS.

The present Rector began work the first Sunday of last Advent. The Parish had been without a Minister in charge since the preceding July.

Services at the Mission in Needham, spoken of in last year's report, were continued until about Feb. 1, when it was thought best to discontinue them for the present, at least.

The marked falling-off in the number of communicants since last year is accounted for mainly by the recent revision of the list of communicants.

This is not a barren field, if properly worked.

The confirmation of one candidate by the Bishop of the Diocese, at his annual visitation in 1886, not having been mentioned in the Parochial Report for that year, is noted here.

On Nov. 1, the Parish received, as an All Saints Memorial, a new and suitable set of Eucharistic vessels in silver, — the gift of a few friends, chiefly without the Parish.

On Christmas Eve, a font of quartered oak and a reed-organ for Sunday-school use, were received. The indebtedness of the Parish to the Wednesday Club of All Saints, Worcester, and other friends, for their kind assistance in the acquisition of these essential adjuncts, is hereby gratefully acknowledged.

The Deacon in charge desires also to put on record his appreciation of, and gratitude for, the loyalty and hearty co-operation extended by all within his cure. His thanks are especially due, and most gladly given, to the resident Priest, the Rev. James A. Sanderson, for the great assistance rendered by him in the matter of celebrations, etc.

REMARKS.

The work of the Mission has gone steadily on through the year; two services besides the Sunday school, each Sunday, have been provided for. We

[S.]

have observed the Saints' days with Evening Prayer, and through the Lenten season maintained three services each week. The Rev. C. A. Hayden of Gloucester came every Friday evening for Evening Prayer and sermon, also celebrated the Holy Communion three times during the season. We feel a deep sense of gratitude to Mr. Hayden for the kind manner in which he has responded to our calls; also to the Rev. A. C. A. Hall, Minister of the Mission Church of St. John the Evangelist, for sending the Rev. H. M. Torbert, the second Sunday in Lent, for the Holy Communion, thus giving us one Sunday celebration, giving our whole number of communicants an opportunity to receive.

The Rev. Mr. Bodley of North Adams very kindly ministered to us three Sundays last August, which we highly appreciated; and the kindnesses of some of his parishioners, who came with him, are not forgotten.

Mr. George C. Tate of Malden has been our benefactor, not only the Sundays he lay-read for us, but the Sacred Volume that rests upon our humble lectern tells only a part of the story.

We miss our sainted missionary; we look in vain for his return. How much St. Mary's Mission honored and loved this man of God, words utterly fail to convey. We only hope that his mantle may fall on the right man to take up the great work where he was ordered to lay it down.

O. E. SMITH.

REMARKS.

Touching the gathering of means for the erection of a Church edifice: while we have received many generous benefactions and promises from friends outside of Sandwich, our people have not been idle, as the record of their earnings and gifts will show at a glance. And now our hopes seem on the eve of realization. The plans and specifications are in the hands of a Building Committee, who are earnestly going ahead with the work, and doubtless the Church will be ready for occupancy early in the autumn.

A word in memoriam: Miss Nannie Gibbs Dillingham, who died last February, left by her will a sum of money, to be used with other money, for the purchase of a silver service for the Communion. This will ere long be bought, and dedicated to God's glory and the memory of this saintly and noble woman, and always devoted friend of St. John's Church.

REMARKS.

St. James' Church, West Somerville, was built in 1876, as an offshoot from St. James', North Cambridge, the Rev. T. S. Tyng being then Rector. Two years ago, there were established two regular Sunday services, and stated celebrations of the Holy Communion, and at the same time a provisional separation was granted by the mother Parish, under whose care the Somerville Chapel had heretofore been living. For two years it has had full control of its own affairs; and, at the Easter Meeting of the Cambridge Parish, the petition from the Somerville Church for full and final separation was granted, and steps are now being taken towards Parish organization. It is within the last two years that a new lot has been bought, to which the Chapel has been removed, and at the same time re-decorated, and much improved in many ways.

REMARKS.

St. Anne's Church continues without a settled minister, and without the pecuniary ability to sustain one. No Sunday, however, has been allowed to pass without the ministrations of one or other of the clergymen whose names are recorded above, for which, according to its means, the congregation has provided liberally. Nor has the pastoral work of the Church been neglected. If the situation of the Church building in a sparsely populated part of the town be considered, the attendance upon the Sunday services has been good. For the first time in nine years, the Treasurer reports all current expenses paid up to Easter Sunday, and money in the treasury. While the Parish has received no aid from without, its contributions have been required for its own necessary Parochial work.

This Mission has been greatly afflicted the past year, owing to the death of our beloved Brother and Warden, Dr. W. D. Stewart.

He had been connected with the Mission from its commencement, and rendered his efficient services until September last. He died Oct. 31, 1896.

Owing to this and other causes, we have not been able to have constant services the last six months, but we hope to be able to do so during the coming year.

REMARKS.

The Minister has held regular Sunday services at Reading, two miles distant, from Nov. 14, 1886, to April 10, 1887. For this purpose \$105 was raised at Reading, and the Rev. Phillips Brooks, D.D., generously contributed \$25. These sums do not appear in the report of Emmanuel Church. The average attendance at these services was about 70. Those who were interested in these Missionary services, and contributed to their support, have in no case been reckoned in the preceding Report, unless they have associated themselves with the Church at Wakefield. There is thus an additional field for pastoral administration, concerning which no accurate statistics can be presented.

REMARKS.

We have not many events to chronicle for others' reading, but to us of the Good Shepherd the year has been one of much interest, because of the effort we are making to fulfil our mission, and to exercise the functions which a body of Christians ought to exercise toward the community at large, not connected with the Church. And we are glad to say that we have been blessed in our effort with a measure of success, which is very encouraging to us.

The Right-Hand Society, an organization of the little girls of the Sewing School, has done much good the past year, having earned nearly a hundred dollars, a great part of which they have given away for various charitable purposes. One other thing we would record. Since the beginning of winter we have had a double quartette of men to lead the musical parts of the worship. This has greatly beautified, and rendered our public worship more helpful to us. The choir is composed of young business and professional men, who voluntarily give of their time and skill to this service.

We cannot let this opportunity pass without again recording our gratitude for the faithful ministrations of Major Edmondston, our Lay Reader. With the exception of a few weeks vacation, he has been at his post every Sunday throughout the year.

CLASSIFICATION OF CONTRIBUTIONS. — For Parochial objects, \$1,986.23. For Diocesan objects, \$109.28. Total, \$2,095.51.

REMARKS.

This report is somewhat imperfect, and somewhat deficient also as to what this Parish ought to show of growth and advance this past year. The long illness of the Rector, and consequent absence from the Parish for four months, will sufficiently show the cause. There is no reason for discouragement, however, since the material for growth is all at hand, and under the restored leadership of the Rector can be used this coming year to better advantage, it may be, for the discipline of the trial to which the Parish has been subjected. A new Guild Room has been opened this past year, as a centre of Church work, which will prepare the way, we hope, for the erection of a Parish Building at an early day.

REMARKS.

The present incumbent entered upon his charge Jan. 16, the last Minister having removed in May. Mr. Charles H. Perry read service for a time, and various ministers officiated occasionally; the Rev. J. H. Watson of Hartford, for a number of Sundays. Some of the time of vacancy no record was kept of the offerings, and I have accordingly made an estimate.

Since the last Convention the property has been presented by Mr. Frederick Leake to the Diocese, in accordance with the desire of the Bishop. The site is very convenient, and the lot of ground is valuable. The Chapel is generally in a fair state of preservation, and is neat in appearance. The roof needs shingling anew.

This Report is necessarily not as full, on account of the long vacancy during the year past.

REMARKS.

The beautiful brass eagle lectern mentioned in the foregoing report was placed on Easter Day, to the memory of the Rev. John S. Beers, the late General Missionary of the Diocese.

Our invaluable and devotedly faithful Junior Warden and musical director, a musical director for over half a century, Isaac Newton Metcalf, died instantaneously, at the close of Easter Day. Handing in his report of the day for next morning's paper, he exclaimed, "It has been a perfect Easter!" and in that moment of joy at completed work, passed from his Easter music and the Easter flowers into the brighter joys of Paradise. He rests from his labors; his works do follow him.

Recognizing the pressing need, the Parish voted unanimously, at its annual Easter meeting, to proceed at once to the enlargement of the Church.

[W.]

The whole west side will be carried out far enough to give room for another aisle and row of pews. Further gain will be made below stairs, in the corresponding enlargement of the Sunday-school room, and other rooms for Parish uses. The Parish feels pleased and thankful that it can offer such report as the above,—made possible by unitedly faithful work,—at this its second appearance in Convention.

HIRAM CARLETON.

EAST SANDWICH, May 11, 1887.

To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts:

During the past year I have regularly discharged the duties of my office as Chaplain of the City Institutions of South Boston. I have found in the Chapel on Sundays, at the House of Correction, 606 natives of the United States, 276 natives of Ireland, 73 of the English Provinces, 63 from England, 14 from Scotland, 7 from Germany, 6 from Italy, 5 from Sweden, 4 from Finland, 3 from Norway, 2 from Russia, 1 from Cape Breton, 2 from France, 2 from Denmark, 1 from Austria, 1 from Australia, 1 from Cuba, and 1 from Spain, amounting in all to 1,072. Of these, 122 can neither read nor write; 900 of these may be considered intemperate. All these persons have been interviewed by myself during the past year, and have been supplied with Bibles and Prayer Books, as their several cases required; also, the same have been furnished with reading-matter from our Prison Library. The longer I have been associated with these criminals, meeting them each day in the corridors, in the hospitals and workshops, and in the various departments of the Institution, and especially in the guard-house (where I have immediate contact with each individual prisoner), the more I study their history and their lives, as connected with the outside world, the more certainly I am convinced that the best remedy for crime will be found in the treatment of the *ex-convict*. The laboring point evidently is *how* to secure their employment in their various trades and modes of labor. If *such* could find work easily on leaving the walls of the institution, they would return again to active life with *good* hope, and would become good citizens; but otherwise they will fall under the influences and temptations of life as aforetime.

In the Chapel of the Lunatic Hospital, the services have been as usual each Sunday. In the prosecution of my work at the Prison, the question continually repeats itself, "What are the best methods by which the Church can reach the *criminal classes*?"

During the suspension of Sunday services at the Institutions, in the months of July and August, I have officiated at St. James', Amesbury; also have aided the Rectors of St. Matthew's and St. Matthew's Chapel, South Boston.

Respectfully,

JONAS B. CLARKE.

807 BROADWAY, SOUTH BOSTON,

To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts:

Rt. Rev. and Dear Sir, — I have not entirely recovered from the effects of the illness which obliged me to resign the Parish at Plymouth, Mass., about one year ago. But my general health has so far improved as to encourage me with the hope, that by the autumn I may be able to undertake the responsibility of a Parish charge. During the year preceding the first day of this month of May, I have conducted eight services in public; have assisted at twenty-eight services; have administered the Holy Communion two times;

[D, F, G.]

and assisted in its administration six times. I have also preached twenty-three times, and made six addresses.

I am, with very great respect and regard,
Faithfully yours,

MALCOLM DOUGLASS.

RIDLEY PARK, PENN., May 5, 1887.

To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :

Rev. William J. W. Finlay begs to report, that during the past Convention year he has resided at Simcoe, Ont., in attendance upon his father; that he has performed all the clerical duty that offered, except upon two occasions, when prevented by press of private business affairs.

He has assisted the Rector of Simcoe many times, both during the latter's absence in England and when he has been present; assisted and taken duty for the Rectors of Tilsonburg and St. Mark's, Hamilton, Ont., besides occasionally officiating in Christ Church, Morristown, and St. John's, Ogdensburg, N.Y.

WILLIAM J. W. FINLAY.

SIMCOE, ONT., May 5, 1887.

To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :

During the past Conventional year I have taken Church duty as follows: Five Sundays in Vineyard Haven (Grace); one in Cottage City (Trinity); one in Woods' Holl, besides preaching at another service; two in Sandwich, including Easter; one in Barnstable; one in Marion; four in Wareham, also on Christmas Day. I have also preached in Falmouth village, Bridgewater, and Natick. I assisted in the Consecration service of Trinity Chapel, Cottage City; assisted in the service, and presented two persons for confirmation at the Bishop's first visitation in Barnstable, and presented two persons for confirmation at the visitation in Grace Church, Vineyard Haven. I have baptized one child, and performed the Burial Office at the funeral of the Senior Warden of Grace Mission, Vineyard Haven, and performed the Committal part of the Office for one person in the same village. On July 2 I delivered an address at the fifteenth anniversary of the first Episcopal service in Brockton, which I held fifteen years before, while I was Rector of Trinity Church, Bridgewater. In the autumn of the same year I commenced regular services in that town, which soon developed into a Mission. It is gratifying to know that in the south-eastern part of the Diocese, which has so long been such a barren field for the Church, there has been of late an increase of interest, and that the Church is gradually gaining ground in the establishment of Missions and the building of Chapels. I am most willing to do what I can, though it be in a feeble, humble way, to further the good work.

BENJAMIN R. GIFFORD.

WOODS' HOLL, May 11, 1887.

To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :

Rt. Rev. and Dear Sir, — I have continued, during the past year, my duties as Dean of the Faculty of the Episcopal Theological School in Cambridge, and Professor of Systematic Theology, including the care of the services in St. John's Memorial Chapel, in which latter work the Rev. William Lawrence is associated with me, by the direction of the Board of Trustees. I add herewith my report of this department of my duties, and it will be seen that

[G, H.]

the Chapel continues to be well attended, and does a good work for the Church and its causes.

On the roll of the School, there have been eighteen names, of whom three candidates for orders belong to this Diocese. This is a smaller number of students than usual, but the prospects for the future are that the former average will be again reached. We have every reason to be grateful for the success granted our work for Christ in the Church, in this important intellectual centre, and for our present outlook.

There is little need for detailed account of that work, in view of your own acquaintance with it, and your many kindnesses, for which, in personal and official relations, I would express my thanks.

GEO. Z. GRAY.

CAMBRIDGE, May 10, 1887.

*To the Right Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

My Dear Bishop, — My health and strength have been such, during the past Conventional Year, that I could do but little in the way of public services in the Church. I served one Sunday for the Rev. Mr. Huntington, in St. John's Church, Ashfield, and I also assisted in the Holy Communion on one occasion at the same Church. I do not now recall any other service during the year.

Respectfully and truly yours,

LEWIS GREEN.

GREENFIELD, April 28, 1887.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

The undersigned has responded to every call for clerical services made upon him during the past Ecclesiastical Year. He has preached ten times, administered the Holy Communion five times, and assisted in Divine Service or in celebrating the Sacrament three times.

D. G. HASKINS.

To the Rt. Rev. Benjamin H. Paddock, D.D., Bishop of Massachusetts :

I have the honor to report, that since the date of my last report, excepting four months when I was sick and absent, I have conducted services regularly in Centurion Church (Post Chapel); that I have baptized six (6) persons, presented one (1) for confirmation, married one (1) couple, and officiated at five (5) funerals.

Very respectfully, your obedient servant,

OSGOOD E. HERRICK, *Post Chaplain U. S. Army.*

FORTRESS MONROE, VA., May 11, 1887.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

I have been engaged throughout the year in my duties as Organizing Secretary of the Massachusetts Branch of the Church Temperance Society. These duties have involved preaching Temperance Sermons in Churches in all parts of the Diocese, every Sunday, with three or four exceptions when I have not been able to secure appointments. At such services I have very frequently assisted in the administration of the Holy Communion. I have also made a large number of Sunday-school addresses.

On week-days I have been engaged in visiting Branches already formed,

[H, J, K, L.]

in organizing new ones, and especially in making addresses at a series of weekly temperance meetings organized in Boston for rescue work. Six of these meetings have been held every week since Oct. 1, some of them under my personal supervision, others under the care of four of the Boston Clergy, and occasionally visited by me.

Very respectfully,

S. H. HILLIARD.

Boston, May 11, 1887.

To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :

Rt. Rev. and Dear Sir, — During the past year I have conducted Church service two and sometimes three times, every Sunday except three Sundays. I have been in charge of Parishes from one week to four months' duration, visiting and doing regular Parish work. I have preached one hundred and twelve sermons, delivered fifteen addresses, superintended Sunday school, taught Sunday-school classes; celebrated Holy Communion publicly ten times, privately two times; performed one wedding, two funerals, two baptisms, and made many weekly visitations on the aged, sick, infirm, deaf, and blind. In addition to this purely ministerial work, I have contributed many essays and articles of a theological and homiletical nature to Church magazines and papers. In this way I have reached, for good, a greater audience than I could by preaching.

Yours respectfully,

THOMAS A. HYDE.

To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts:

During the last Conventional year, I have been almost constantly employed in the discharge of my ministerial duties in various Parishes in the Diocese. To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts:

I would respectfully report that during the Conventional year, now at its close, I have officiated in the offices and duties of my order in the sacred ministry in various Parishes and Churches and Missions in this and other Dioceses continuously. I have made report of special ministerial acts performed by me to the respective Rectors and Ministers in charge.

Presbyter of the Diocese of Massachusetts.

LEXINGTON, MASS., May 10, 1887.

To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts:

My Dear Bishop, — During the summer of 1886, I was at Mattapoisett, Mass., but not engaged in any ministerial labor, my health not justifying any engagement. While there I attended the regular ministrations of Rev. A. Oliver, D.D., at the Church of St. Philip.

In November I returned to Buffalo, where I have remained through the winter and spring, not having engagements in the Ministry through the severe and inclement weather of the season, but attending regularly upon the ministrations of Rev. Mr. Wrigley, the Rector of St. Mary's-on-the-Hill, in the city of Buffalo.

While I have not been constantly and regularly engaged in the Ministry of our beloved Church, I have by no means lost my personal interest in the cause of our common Lord, and in the upbuilding of our beloved Church, and am ready to obey her call if my services are needed.

I am, as ever, your humble servant in Christ,

I have the honor to report, that I have been regularly engaged in Church-duty under the direction of the Bishop of Connecticut, as in my last report to the Convention.

I. That I have officiated at five weddings; have baptized twenty-five persons; have presented seventeen candidates for confirmation; have attended nine funerals.

II. That I have officiated at two, and often three services, with sermons or addresses, every Sunday of the entire year.

III. That I have, beside this, officiated on three different occasions in Christ Church, New Haven; twice in the Good Shepherd, Hartford; twice

[P, S.]

in Christ Church, Stratford; once in the Colt Memorial, East Bridgeport; twice in Grace Church, Fair Haven; six times in Christ Church, Ansonia.

IV. That I have lectured for various Guilds and Associations on secular topics, notably at Meriden and New Haven, and that I close the Conventional year with a course of lectures in Charleston, S.C.

V. Also, that I remain in excellent health.

DERBY, CONN., May 1, 1887.

To the Rt. Rev. Benjamin Henry Paddock, D.D.,

During the past Conventional year I have been engaged in my parochial duties as Pastor-in-charge of St. Paul's Chapel, College Point, L.I., and in my educational work in the New-York Latin School, 108 West 49th Street, New-York City.

EDW. H. TRUE.

108 W. 49TH ST., NEW-YORK CITY, May 4, 1887.

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

The work in which I have been engaged in the last year has been the same as that of other years since I gave up the regular charge of a parish. I have been occupied fully three-fourths of the Sundays in different parishes, chiefly in that of St. Anne's, South Lincoln. My principal and constant duties, however, have been of another character, and perhaps I may be excused if they are briefly mentioned in this connection. It is often felt that when an active clergyman gives up his parochial connection, and declines to resume it, it is from an unwillingness to continue in the lines of service to which he has been consecrated. It is not from this cause that I have for several years declined all regular parish connections; it is because I have felt myself called to a different part of the field in which God has work for men to do. It has been my aim to find the parish in the newspaper; to so prepare myself by the careful study of social, ecclesiastical, and religious questions growing out of the life of our own time, that I might be able to speak the right word, if possible, when the opportunity came for speaking it through the press of the country. Such opportunities are not numerous; but, such as they are, they seem to be worth using; and though one loses the direct personality of the preacher in this service, the thoughts expressed often have great influence in giving the key-note to the religious life of the community. I do not say this to call attention to any thing that I have done, but simply to vindicate myself from the possible charge of taking an easy course for myself when others are working manfully in the great battle which all God's servants have to fight. With some personal inclination to the kind of work in which I have been engaged, the way has seemed to be opened for me in unexpected directions for the expression of opinion on current ethical and religious questions under discussion, and I have spared neither time nor effort to qualify myself for the new duties which go with the responsible position which I have attempted to hold. No man can do this work and be involved in the exacting engagements of a large parish. I have had to sacrifice my wishes in regard to one field of duty in order that I might prepare myself as well as I could for the understanding of the large questions connected with the other. I have had the strong and growing conviction that in the rapid changes through which our Christian institutions are now passing, there was much to be said of the closer relations of the collective Christian Church to the corporate life of the nation; and while I am no less a Churchman than I have been, I have tried to study our religious changes and relations in their wider significance as seen from the point of view of Christian statesmanship not less than from the outlook of our own Communion. I say this in simple vindication of my position as one who is working earnestly and with the constant remembrance of his ordination vows, in a corner of the vineyard where the harvest is great and the laborers are few. I desire all the more to say it because my duties are not reportable in statistical results to the Convention, though they may not be unimportant in their bearing upon the work of bringing men to Christ, or at least in helping to that end. It is not common to-day for a Christian minister to find his parish in the daily press,

[W.]

but it is widening the field of the Christian ministry if such a position can be honorably maintained, and if the interests of the Kingdom of Christ can be treated as an integral part of the affairs of this world. To secure this result has been my aim from the beginning.

JULIUS H. WARD

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

During the year I have officiated twenty-two Sundays, and Holy Week baptized six infants, solemnized two marriages, buried six, administered Communion several times and in private once, not elsewhere reported at Convention.

Very truly,

*To the Rt. Rev. Benjamin Henry Paddock, D.D.,
Bishop of the Diocese of Massachusetts :*

The round of Sunday and week-day services, of editorial and literary labor of historical and Oriental work of a financial and public kind, — including papers, addresses, lectures, — and of duties connected with societies as officer, has been unbroken (save the month of August) since the last Convention. Sermons, addresses, lectures, papers, or reviews foot up over three hundred in number.

A religious society that is not incorporated may, if it contains ten or more qualified voters, organize and become a corporation with powers, privileges, duties and liabilities of such societies, and may hold much real and personal estate as may be necessary for the objects of its organization, and no more.

SECT. 25. Any justice of the peace may, upon application in writing from five or more of the qualified voters of such society, issue his warrant directed to some one of the applicants, stating the objects of the proposed meeting, requiring him to warn the qualified voters of the society to meet at a time and place appointed by the warrant: and such warrant may be served by posting an attested copy thereof on the principal outer door of the meeting-house of such society, or by leaving such copy with, or at the last and usual place of abode of, the qualified voters of the society, seven days at least before the meeting; and upon due return thereof, the same or any other justice of the peace may preside at the meeting for the choice and qualification of a clerk who shall enter at large upon the records of the society the proceedings had at the organization thereof; and the society may thereupon proceed to choose a moderator, and to do such other things as parishes are by law authorized to do at their annual meetings: *provided* the subject matter thereof is inserted in the warrant.

SECT. 26. Any ten or more persons, male or female, who desire to form a religious society, may make for that purpose an application in writing to a justice of the peace; and such justice may thereupon issue his warrant directed to one of the applicants, stating the objects of the proposed society, and requiring him to warn said persons to meet at a time and place appointed in the warrant. The warrant shall be issued, served and executed, and the meeting held, in the manner and for the purposes set forth in the preceding section, and such persons, upon complying with the provisions of said section, shall become a corporation under a name to be assumed at such meeting, and shall have all the powers, rights, and privileges, and subject to all the duties, limitations and restrictions, relating to religious societies.

PROTESTANT EPISCOPAL CHURCHES.

SECT. 43. In religious societies belonging to the body of Christians known as the Protestant Episcopal Church, the rector or one of the wardens shall, unless it is otherwise provided in some by-law, preside at their meetings, and exercise all the powers of a moderator; and the warden, or wardens and vestry, shall exercise all the powers of a standing committee in accordance with the usages and discipline of said Church. Unless they assess or collect a tax on the parsonages, or pews of the members thereof, such societies need not choose a rector or assessors; and they may in their by-laws provide that the duties of assessors shall be performed by the wardens. The officers upon whom the duties of standing committee or assessors may devolve shall in all cases be elected by ballot.

For the Committee,

HENRY F. ALLEN, *Chairman.*

The Rev. EDMUND F. SLAFTER, Registrar of the Diocese, presented his Annual Report, which, on motion, was accepted.

The Report is as follows:—

REPORT OF THE REGISTRAR OF THE DIOCESE.

In enlarging the historical collections of the Diocese, the foundation of which has already been broadly laid, attention has been given to several distinct classes of material. These classes include in their combined scope all that in any way develops or illustrates the history of our Church, from the earliest colonial days down to the present time. It has therefore been our special purpose to obtain all the publications, and all the works relating to the career, of the English Clergy, the sphere of whose labors was for any length of time, anterior to the Revolution, within the present territory of the United States.

As contributing to this purpose we have already secured, in the first place, the most important of the publications of Apthorp, Johnson, Wetmore, Beach, Chandler, Boucher, Blair, the Commissary for Virginia and founder of William and Mary College, and Dr. Thomas Bray, the Commissary for Maryland. Of the last mentioned we have the most important of his publications, and among them we have his "Bibliotheca Parochialis," and the very rare report of his visitation held at Annapolis, Md., in the year 1700.

We have recently obtained a very full memoir of the life and achievements of Capt. Thomas Coram, who was at Taunton as early as 1694, and who left substantial testimony of his generosity and zeal in his attempts to establish the Church in this country. We have also an engraved likeness of Coram on steel after a portrait by the celebrated artist, William Hogarth.

In the second place, it has been our special aim to secure for our collection the publications of all the Bishops of our Church from the beginning, and such other works as relate to them or illustrate their career. Under the title of *EPISCOPIANA* the works of the Episcopate of each Diocese are brought together. For example, the *Episcopiana* of Connecticut includes all works written by or relating to Bishops Seabury, Jarvis, Brownell, and Williams. In that of Massachusetts we have already obtained all the known publications of Bishop Bass, and of Bishop Parker, nearly all of those of Bishops Griswold and Eastburn, and a large number of those of our present Bishop. The volumes containing the *Episcopiana* of the several Dioceses are so designated by the lettering on the back of each volume. We have made some progress in this collection for all the

Dioceses of the Church. In that of Maryland we have thirty-seven titles in that of Pennsylvania we have forty-seven, and in that of New Jersey we have eighty-one titles. The success that has attended our effort for the last three years leads to the belief that with this aim constantly before us, with vigilant and persistent search, we shall be able in time to make the Episcopiana of all our Dioceses nearly, if not absolutely complete.

A great historical collection, designed to furnish the material of a complete history of our Church, should embrace all the publications emanating from our clergy, of whatever character and on whatever subject. This undoubtedly comprehends a great deal, and much of this material may be thought to be ephemeral and hardly worth preserving. This, however, is not true. As a rule, our clergy do not offer to the press what is not demanded by the exigency of the time and occasion. The use of the press by them has been a powerful instrumentality from the beginning. It has occupied a field and touched cords of influence that could be reached in no other way. The history of the Church cannot be written without recognizing this arm of the Church's power in all its manifold relations. We have been careful, therefore, to solicit and accept all publications by the clergy of our Church, early and late. Most of our bound volumes are of this class. We have fourteen bound volumes of pamphlets by clergymen exclusively of the Diocese of Massachusetts. We have twenty-one volumes of pamphlets by clergymen not connected with this Diocese. In all, by clergymen of our Church, our pamphlet number eight hundred and seventy-five titles.

The additions that have been made to our collection during the last twelvemonth have exceeded those of any preceding year.

We are indebted to Mrs. Manton Eastburn for the following valuable manuscripts of the late Rt. Rev. Manton Eastburn, D.D., the fourth bishop of this Diocese. (1) Twenty-one lectures in brief delivered in early ministry in New York in 1819. (2) Four lectures delivered at the New York Athenæum in 1825 on Hebrew, Latin, Italian, and English poetry respectively. (3) A lecture before the New York Historical Society, the Stuyvesant Institute, Jan. 10, 1839, on the Rt. Rev. George Berkeley, the Bishop of Cloyne. (4) Several manuscript letters, viz., from Archbishop of Canterbury, Lady Franklin, and others.

Miss M. H. Whittingham of Baltimore has presented to the archives an unfinished manuscript sermon of the Rt. Rev. James Kemp, D.D., the sixth Bishop of Maryland, also a silhouette of the same Bishop, and a photograph of an engraved likeness of her father, the Rt. Rev. William R. Williams, D.D., the fourth Bishop of Maryland.

Mrs. Paul Trapier has kindly contributed two manuscript sermons and a manuscript letter of her father, the late Rt. Rev. Theodore Dehon, native of Boston, and the second Bishop of South Carolina.

Mr. Howard M. Griswold has presented to the Diocese forty-three manuscript sermons of his grandfather, the Rt. Rev. Alexander Viets Griswold, D.D., Bishop of the Eastern Diocese.

Having secured a sufficient number for this purpose, it is proposed to handsomely one or more volumes of the manuscript sermons of the Bishops of this Diocese, and preserve them as memorials of their distinguished services.

The Diocese is indebted to the Rev. J. Frank Winkley for the preparation and presentation to our archives of manuscript histories, of the Church of the Atonement, Westfield, and of Trinity Church, Woburn.

By the hand of the Rev. Reginald H. Howe, the manuscript records of the "Protestant Episcopal Clerical Convocation of Massachusetts" has been added to our collection of historical manuscripts. It covers the history of the Convocation from its organization Aug. 7, 1833, to April 7, 1837. At that time there was no officer of the Diocese to whom such manuscripts could be properly consigned, and the volume fortunately falling into the hands of Bishop Howe, then a presbyter of this Diocese, was carefully preserved by him for the period of fifty years. As the records of the Convocation completely fill this volume, and as the organization continued at least two years later, there was doubtless another volume of records, which may be still in existence. Whoever may have the custody of it at this time will confer a favor by placing it in the hands of the Registrar for permanent preservation. The doings and influence of the Convocation will constitute an important chapter in the history of the missionary work of the Diocese.

The Rev. William R. Harris of Somerville, New Jersey, has kindly presented a sermon printed in 1731, on the festival of Christmas, by the Rev. George Pigot, Rector of St. Michael's Church, Marblehead, in answer to a sermon against the keeping of that festival, by the Rev. John Barnard of that town. Both sermons are now in our archives bound in one volume.

The Rev. Phillips Brooks, D.D., has presented among other valuable gifts a volume of Hymns selected and printed for the use of Trinity Church, Boston, in 1808, and a sermon delivered in King's Chapel, Boston, by the Rev. Henry Caner, in 1761, on the death of King George II.

The History of St. Luke's Church, Marietta, Ohio, by Wilson Waters, A.M., has been presented by the author, now a member of the Episcopal Theological School in Cambridge.

The Rev. L. C. Manchester of Lowell has added to his generous bestowments in former years the valuable gift of a copy of the scarce edition of the Book of Common Prayer, printed by Hugh Gaine in New York in 1794, together with thirty-five pamphlets, many of them of much importance.

A complete series of the reports of the "Girls' Friendly Society," with several sermons before that association, has been kindly presented by Mrs. Alfred Evan Johnson, of Salmon Falls, New Hampshire.

Mrs. Wm. P. P. Longfellow has kindly presented a large number of rare and valuable Diocesan Journals.

Mr. John S. Blatchford has transmitted to the Registrar, the following, which had been received by him from the executors of the late Rt. Rev. Manton Eastburn, D.D., viz., thirty-two manuscripts, being Instruments of Donation, Requests for Consecration of Churches, and Certificates of freedom from debt. From the same source I have received the "Seal of the Eastern Diocese of the United States," and likewise the "Seal of the Rt. Rev. Manton Eastburn," as Bishop of this Diocese. They are both in brass metal; the former is fully described on p. 6 of my report for 1886; the latter is on a brass plate six-eighths by seven-eighths of an inch in size; on a scroll at the top is inscribed MASSACHUSETTS in Roman letters; in the centre is a mitre, and beneath it are the letters *Æ. E.* in Old English.

The Rev. Francis W. Smith of Woodstock, Vermont, has again, as in

former years, placed us under renewed obligation by the gift of a package of historical publications, and among them are Bishop Meade's Review of the Episcopal Church in Virginia; and a sermon, in chirographic character, such as were formerly offered for sale, and sometimes used by a few of the more indolent clergy of the Church of England.

We have received from the Diocese of New York, through the Secretary the Rev. Thomas R. Harris, D.D., the Centennial History of that Diocese, containing brief memoirs of the Bishops, Histories of Parishes and Church Institutions, embellished with engraved likenesses of all the Bishops of the Diocese.

It will not be possible within the proper limits of this report to describe definitely all the additions that have been made to our collection. But I must add that we are under great obligations to the following persons, as well as to those already mentioned, for very important contributions to our collection during the past year: viz., Harcourt Amory; American Anti-quarian Society by E. M. Barton; the Rev. Reese F. Alsop, D.D., Brooklyn, N.Y.; the Rev. Frederick B. Allen; Mrs. William Appleton; Mrs. John F. Andrew; Arthur Beebe; E. Pierson Beebe; Miss Emily B. Beebe; Mrs. John P. Bayley; Mrs. G. N. Black; Mrs. John A. Burnham; Miss Borland; the Rev. Leverett Bradley; the Rev. Clarence Buel, New York; Edward W. Codman; Alexander Cochrane; David Clapp & Son; Rollinson Colburn, Washington, D.C.; George E. Copeland, Davenport, Iowa; Mrs. T. Jefferson Coolidge; John Ward Dean; F. Gordon Dexter; Stephen G. Deblois; Mrs. Samuel Emery; Mrs. George J. Fiske; Mrs. Charles Fry; Jonathan French; the Rev. C. C. Grafton; Dr. S. A. Green; Mrs. Lewis Green; William T. Glidden; C. W. Galloupe; the Rev. Geo. M. Hills, D.D., Burlington, N.J.; the Rev. Samuel Hart, D.D., Hartford, Conn.; the Rev. George P. Huntington; the Rev. Thomas R. Harris, D.D., New York; Samuel Hamilton; Miss Eunice Hooper; the Rev. Frederick S. Jewell, Racine, Wis.; Mrs. Amos A. Lawrence; Francis W. Lawrence; the Rev. Professor William Lawrence; William T. R. Marvin; A. S. Manson; C. J. Morrill; Miss C. J. Neal; the Rt. Rev. W. W. Niles, D.D., Concord, N.H.; Dr. Fitch Edward Oliver; the Rev. Endicott Peabody; the Rt. Rev. B. H. Paddock, D.D.; Miss Emily Paddock; Charles H. Parker; Miss Palmer; Miss M. A. Palmer; Robert Treat Paine; Edward D. Peters; Edward N. Perkins; Mrs. Henry A. Rice; Mrs. B. S. Rotch; J. M. Sears; Mrs. J. M. Sears; M. D. Spaulding; Mrs. G. Howland Shaw; the Rev. Edmund F. Slafter; the Rev. Carlos Slafter; the Rev. C. L. Short; the Rev. Philip Slaughter, D.D., Mitchell's Station, Va.; the Rev. George A. Strong; Dr. George C. Shattuck; Mrs. M. A. E. Twing; Miss A. G. Thayer; Mrs. Nathaniel Thayer; the Rt. Rev. J. H. D. Wingfield, D.D., Benicia, Cal.; Joseph B. Walker, Concord, N.H.; the Hon. R. C. Winthrop; Mrs. R. C. Winthrop; Mrs. T. B. Williams; D. R. Whitney; Grant Walker; D. Berkeley Updike; Henry M. Upham; and the Rev. T. C. Yarnall, D.D., of Philadelphia.

Not only in this Diocese, but in many others, some of the parishes are issuing a monthly paper, made up mostly of the proceedings and enterprises of the particular parish by which it is published. These and all other documents printed by parishes are particularly solicited for permanent preservation in our archives. They constitute the *memorabilia parochialia*, and illustrate the current and substance of parish life. Publications of this kind have been maintained for several years in All Saints Church, and in St.

John's Church, Worcester. A complete series of the former has been kindly contributed by Mr. J. W. Young, and of the latter by Mr. E. M. Barton. A complete series of the "Mission Message," a local Church publication at Salt Lake City, Utah, has been generously presented by the Rev. G. D. B. Miller. The Rev. Endicott Peabody has placed in our archives catalogues from the beginning, and printed documents relating to the Groton School. The catalogues of Church Colleges and Schools, and printed papers relating to Church institutions, contain valuable historical material, and are most desirable for our collection.

Of the scarce Diocesan Journals, lacking in our collection, *ninety-three* have been obtained during the last twelvemonth.

We have added during the year one hundred and forty-four bound volumes, making in all, *FIVE HUNDRED AND SIXTY-NINE*, at the present time, in our collection, all of which are similarly bound in the most durable manner in half Turkey morocco.

Agreeably to the vote of the Convention of last year, I have caused the Journal of the Special Convention, held in Trinity Church, Boston, Nov. 2, 1831, to be printed, and copies can be supplied for completing sets of the Journals of this Diocese.

The undersigned has received from the Treasurer of the Diocese \$40. The same has been expended as follows: viz., postage, \$9; binding books, \$13.15; printing, \$2; printing five hundred copies of Journal of Special Convention held Nov. 2, 1831, \$15.85.

Mr. ROBERT M. LAWRENCE, M.D., from the Episcopal Church Association, presented the following Report : —

ANNUAL REPORT OF THE EPISCOPAL CHURCH ASSOCIATION.

The past season has been one of great activity for the Association. Two hundred and four meetings of Societies, Committees, etc., a larger number than ever before, have been held at the Rooms, and the names of more than one hundred visiting Clergy have been registered. The Organizing Secretary of the Massachusetts Branch of the Church Temperance Society has had the use of one of the rooms from 12 to 1 o'clock daily, and the ladies of the Altar Society meet there on Tuesdays and Saturdays in the forenoon from 10 to 12. The Clerical Association has held twenty-five meetings during the year. A paper or essay has been read at every meeting and short addresses have

been made from time to time by visiting Bishops and other dignitaries. The average attendance has been thirty.

The *Executive Committee* has consisted of the following gentlemen : The Rev. Geo. Z. Gray, D.D.; the Rev. G. W. Shinn, D.D.; the Rev. W. C. Winslow, D.D.; the Rev. T. F. Fales, and the Rev. Chas. J. Ketchum, *Secretary*.

At the Annual Meeting of the Episcopal Church Association holden November 1, 1887, the following Officers were chosen :—

Honorary President. — Right Rev. BENJ. H. PADDOCK, D.D.

President. — ARTHUR J. C. SOWDON.

Vice-Presidents. — GEORGE C. SHATTUCK, M.D., JOSEPH STORY FAY.

Clerk. — HENRY M. UPHAM.

Treasurer. — ROBERT M. LAWRENCE.

Superintendent. — CECILIA SAINT-CLAIR ELTON.

ROBERT M. LAWRENCE, *Treasurer*.

Boston, May 1, 1888.

The Report was accepted, and the following Resolution was adopted :—

Resolved, That the Treasurer of the Convention be and is hereby authorized to pay to the Treasurer of the Episcopal Church Association the sum of four hundred dollars.

Mr. JOHN S. BLATCHFORD presented the Annual Report of the Diocesan Board of Missions, as follows (together with the Annual Account of its Treasurer, for which see Appendix C) :—

THE FOURTEENTH ANNUAL REPORT OF THE DIOCESAN BOARD OF MISSIONS FOR THE YEAR 1887-88.

The Diocesan Board of Missions began the last Conventional year with a debt of \$1,057.40.

The total receipts for the year have been \$15,865.87, from the following sources :—

From Parish offerings	\$8,778 83
“ Individual and special gifts	1,199 52
“ Eastburn-Morgan Fund	845 47
“ Subscriptions to “The Diocese”	4 05
“ Massachusetts Church Missionary Society	38 00
“ Samuel L. Crocker, Bequest	5,000 00
	<hr/>
	\$15,865 87

The total expenditure has been \$16,213.38, for the following purposes :—

For Extinguishment of debt of the preceding year, 1886-87	\$1,057 40
For Payment of Stipends	9,253 40
“ Publication and distribution of “The Diocese”	388 32
“ Expense of Missionary Meetings	300 92
“ Investment account, Crocker Bequest	5,000 00
“ All other expenses (including printing, stationery, postage, telegraph, express, travelling expenses, and clerical assistance)	213 34
	<hr/>
	\$16,213 38

The expenditure for the year has been \$347.51 more than the receipts, and there is a present indebtedness of that amount.

As compared with the previous year (leaving out of the comparison, of course, the amount of the Crocker bequest, \$5,000), there has been a falling off of \$364.14 in the amount of Parish offerings, and an increase of receipts of \$666.97 from individual and special gifts, and of \$320.47 from the Eastburn-Morgan Fund. It therefore appears that the debt of the preceding year, which became a part of the expenditure of the past year, has been nearly met by the increase of receipts from the Eastburn-Morgan Fund, and from individual and special gifts; and that the present indebtedness is very nearly correspondent in amount to the falling off in Parish offerings. In other words, had the offerings of the Parishes the past year been equal in amount to the preceding year, the receipts would about have equalled the expenditure, and the Board would not now appear before the Convention with a debt.

It is also to be noted that but for the increase of receipts from the two sources indicated, neither of which directly represents the responsibility of the Diocese for the support of its Missionary work, and one of which — individual and special gifts — is always an unknown and uncertain resource, the deficiency of receipts for the year would be very much larger than it is, and instead of a debt of \$347.51 it would be \$1,334.96.

The expenditure for the year has been \$660.24 less than in the preceding year, by reason of some reduction in the appropriations for stipends, the cessation of expenditure on account of the work of a General Missionary, and the surrender of Missionary aid by the following Churches which have become self-supporting: — St. Thomas', Cherry Valley; Trinity, Concord; St. Paul's, Peabody; and Epiphany, Winchester.

The only new appropriations during the year have been to St. Paul's Mission, Beachmont; the Church of the Holy Trinity, Marlborough; Olivet Mission, New Bedford; St. Mary's Mission, Rockport; and St. John's Mission, Winthrop.

In presenting this brief summary of the year's work, it is the duty of the Board to recall the action of the last Convention upon the acceptance of its annual report, as expressed in the following Resolution which was adopted: —

Resolved, That we, the Clerical and Lay Delegates to this Convention, are deeply impressed by the statements contained in the report of the Diocesan Board of Missions, as to the large opportunities existing in the Diocese for the extension of its Missionary work; and we cordially pledge ourselves to an earnest effort to bring up the offerings for the coming year to a sum not less than \$15,000.

As already shown, there has been no increase of Parish offerings the past year, but, on the contrary, a falling off of \$364.14; and, with a few encouraging and gratefully appreciated exceptions, the Board has had no evidence of any increased interest or effort on the part of the Churches of the Diocese to carry out the purpose of the Resolution of the last Convention.

This repeated failure on the part of the Diocese to carry into effect a Resolution of the Convention, or even to make any serious effort to do so, and the apparent general indifference with reference to the Missionary work of the Diocese, both as regards its present needs and its great opportunities and possibilities, affords matter for the serious consideration of this Convention.

If the Missionary interests of the Diocese are its most important interests, is there any other matter that can so rightfully claim the most careful and earnest consideration of the Convention?

The year just completed is the fourteenth since the organization of the Board in May, 1874. In only five of these fourteen years has it been able to complete the year without debt. With the present annual report it has reported to the Convention nine times in the fourteen years an insufficiency of receipts for its annual expenditure, and has appeared before the Convention nine times with a debt. Its work has been carried on with always a sense of restricted scope and inadequate resources, and with frequent and sometimes serious embarrassment.

The annual average of Parish offerings for the preceding thirteen years has been \$8,081.15. The receipts from this source the past year have been but \$697.68 above this average for thirteen years, and but \$1,167.15 more than they were twelve years ago — in 1875-6 — from the same source. In the mean time, the number of Communicants in the Diocese has doubled, with only a slight increase in the amount of the annual offerings of the Churches for the support of its Missionary work.

There is, of course, no question as to the *ability* of the Diocese to contribute larger offerings. Taking the amount of Parish offerings for the previous year — 1886-7 — (\$9,142.97) and the number of Communicants reported for the same year (23,403), the average of offerings, per Communicant, is a little less than thirty-one cents; and for the past year, with its increase of Communicants and a falling off in Parish offerings, the average is still less. But the actual average is less than appears. The returns from some of the larger Parishes of the amount of offerings for Diocesan Missions is sometimes misleading, by reason of the large gifts of the few which constitute often the larger part of the offering; and it is undoubtedly the case that there is a large proportion of our Communicants who contribute little or nothing to this work. To some extent this is due to the fact that no opportunity is afforded the Parishes to contribute. There are twenty-one Churches, reporting in the last Convention Journal an aggregate of 1,903 Communicants, which have sent no offerings the past year to the treasury of the Board.

These two facts — the low average of offerings, and the number of Churches which wholly disregard the provision of the Canon and send no annual offering — afford significant and discouraging evidence of the indifference of the Diocese with reference to its most important interest.

The Board has striven by various means to inform and interest the Diocese with reference to the work, and to excite a more earnest effort for its adequate support. The Canonical provision of two offerings a year from every Parish and Mission affords a fitting and adequate means for presenting the claims of the work to the Churches, and for affording them the opportunity to discharge their duty and responsibility in the matter; and this Canonical provision for two offerings each year would undoubtedly afford adequate support, if the obligation which it imposes were duly recognized and faithfully discharged. The difficulty is not in the Canon. Its provision is simply *not made effective*. There are always some delinquent Parishes that contribute no offering; others send but one, and consider their responsibility discharged; and too commonly, it is to be feared, the offerings sent represent but little of intelligent interest or earnest purpose on the part of those who send them. Finding the provision of the Canon less regarded and less effective than it ought to be, an effort was made for a few years to increase the amount of offerings by calling upon the Parishes in Convention to make annual pledges. Some slight increase in the aggregate of Parish offerings resulted, but the method possessed no continuing value. On the contrary, the sums pledged

were, as a rule, carefully gauged by the amount of previous annual contributions, and were kept within so easy a limit, as to the ability of the Parish, as generally to preclude any increase of effort. The amount of the pledge came to be regarded as the limit of the responsibility of the Parish, and the system became, more or less, a practical barrier in the way of an increase of offerings and an enlargement of the work, and on this account was discontinued.

Much has been hoped from the system of Parish Missionary meetings held throughout the Diocese under the auspices of the Board. It is impossible to state at all accurately what the result of these meetings has been. There has not, as yet, been such increase in the amount of offerings as might have been anticipated. There can, however, be no doubt that good has been done; there has been much of earnest, prayerful effort that must yet bear fruit. And here again, if there is any failure of result, it is not from any want of excellence in the method, but because of the lack of spiritual earnestness to make it effective.

This is the real underlying difficulty in our Missionary work, which is regarded too much as a mere matter of method and business detail. It can not be remedied merely by change of method. Without the spiritual motive, and a due recognition of the high spiritual character and purpose of the work, no method, however perfect in itself, can be largely or permanently effective. The existing provision in our Missionary Canon is undoubtedly adequate for its purpose if it were earnestly and faithfully carried out: and it is this spirit alone which can make *any* method valuable and effective.

The Board, with a full knowledge and appreciation of all the difficulties that pertain to the prosecution of its work, desires to press upon the attention of the Convention, more earnestly than ever before, the fact, which this and all previous reports of the Board have set forth with more or less distinctness and emphasis, that the opportunities and needs of the Missionary work in this Diocese are much beyond the present scale for annual offerings, and that, for any enlargement of the work, and for any more adequate discharge of our responsibility in this most important matter, there *must* be an increase of offerings.

The Board is but the servant of the Diocese to administer its Missionary work as wisely and effectively as the means given it will permit. No administration of the work can ever be altogether perfect, inasmuch as it has to deal more or less with conditions over which no Executive Missionary Board has control. It can *only*, on its part, set forth clearly the condition, opportunities, and needs of the work. The responsibility for its support rests upon the Diocese; and it is a responsibility and duty and privilege which attaches to every Communicant of the Church in the Diocese.

The Board has no power to enforce the Canonical provision, or any method that may be made use of to increase the offerings of the Parishes. An earnest interest and faithful effort on the part of the Clergy in their respective cures, can alone make any provision or method effective to adequately support and effectively prosecute the Missionary work of the Diocese.

The Board needs larger offerings for its work. Can it obtain them? It is to no purpose, it is *meaningless*, for the Convention, as a body, to pass a Resolution pledging itself to earnest effort to bring up the offerings to a sum not less than \$15,000, and accompany it by little or no zealous *individual* endeavor to realize this larger sum. Many of the Clergy and of the Laity have no doubt done their full duty, but your Board are more than ever convinced that it rests chiefly with the *Rectors* and the *Missionaries* to determine

whether the Board shall receive such offerings as it ought to have or not. *They* make the opportunities for the people. *They* touch the springs of *spiritual* motive, which are the strongest and the most abiding.

Missionary meetings may do something, but they never can discharge that which is the office and duty of every Rector; namely, to keep his people informed in regard to the Missionary needs of the Diocese, and to urge his own Congregation to their duty. When each Rector and Missionary will see to it that at least two offerings are taken each year for the Board, that full announcement is made of them on the Sunday or Sundays preceding, that the people are given *facts* with regard to the work, and all is accompanied by an earnest and direct appeal, there will be no lack of funds, and the necessity for all special, spasmodic, and abnormal methods will disappear. Most earnestly does your Board ask each Rector seriously to lay this to heart, and to try the effect of it this year upon the offerings of his own parish.

On motion of the Rev. THOMAS F. FALES,

Resolved, That the consideration of this Report be made the Order of the Day after the delivery of the Bishop's Address.

The Rev. REUBEN KIDNER, from the Society for the Relief of Widows and Orphans of Deceased Clergymen of the Protestant Episcopal Church, presented the following Report (together with the Report of its Treasurer, for which see Appendix C):—

THE ANNUAL REPORT OF THE SOCIETY FOR THE RELIEF OF THE WIDOWS AND ORPHANS OF DECEASED CLERGY OF THE PROTESTANT EPISCOPAL CHURCH.

The Society, in compliance with the provision of its By-Laws, presents to the Convention of the Diocese its Report for the year 1887-8,—the forty-eighth of its existence.

The sum of \$2,950 has been distributed among the families of 50 deceased clergymen.

One of the beneficiaries has died during the past year, a widow who had relied upon this Society for many years for her only income.

The Treasurer's Report for the Society's year shows the following items:

ANNUITY FUND.

The present market value of the Annuity Fund is \$70,784.05.

The cash value of the annuities of the twenty-nine contributing Clergymen members is about \$36,300; leaving a surplus, over all liabilities, of \$34,484.05.

New investments: from cash, \$1,215.55.

For the year, the income of this Fund was \$3,705.55, of which \$3,380.10 from investments, and \$325 from annual subscriptions.

The sum of \$875 has been paid to the families of deceased clergymen.

CHARITY FUND.

The present market value of the Charity Fund is \$40,145.50.

For the year, the income of this Fund was \$3,082.76, of which \$2,624.96 came from investments, \$447.80 from contributions, and \$10 from payment of annual members.

During the year, the sum of \$2,350 has been distributed among the families of deceased clergymen.

The total amount of the market value of the Annuity and Charity Funds is \$110,929.55, — which shows a falling off from last year of \$1,291.20, owing to the depressed condition of the market for securities.

Their market value is \$5,425.25 above their par value.

New investments of cash of the Charity Fund amounted to \$487.50.

The total income of the Society from investments was \$6,005.46, — an increase over last year of \$913.66. This includes an item in the Charity Fund of \$464.53 of withheld taxes on bank stock for the years 1885, 1886 and 1887, which the State Treasurer paid over upon the conclusion of a suit by the banks to recover, the decision being adverse.

The sum of \$500 was paid from the Annuity Fund's income to increase certain annuities, the Officers and Trustees being authorized by the By-Laws to do so.

Shortly before the Annual Meeting, the Rev. Frank L. Norton, D.D., the Secretary elected last year, announced to the Treasurer his intention of a journey to Europe, and his consequent inability to prepare a report.

No mention has yet been made of the regret the Society must feel at the resignation of its former Secretary, the Rev. William Henry Brooks, S.T.D., whose activity in, and interested care of, the Society's affairs, have smoothed its path in aiding others. The Society takes this opportunity of expressing its gratitude to him for his services in the past five years.

Respectfully submitted in behalf of the Society.

HARCOURT AMORY, *for the Secretary.*

During the past year the sum of \$1,500 has been appropriated to five beneficiaries.

The Treasurer's Report for the year shows the following items: —

Received from Convention Collection	\$129 74
" " Parochial Contributions from twenty-six Parishes	899 75
" " Invested Funds	1,063 00
" " Randolph Marshall Clark Memorial Fund	480 00
" " Drawn Bonds	1,500 00

As compared with the previous year, the decrease in the number of contributing Parishes is *three*; in the amount of contributions, \$272.20. The attention of the Convention is hereby earnestly called to the forcible and suggestive words, explanatory of the purpose and needs of this Society, as found in the Report made to the last Annual Convention.

Respectfully submitted in behalf of the Society.

JOHN T. MAGRATH, *Secretary*.

The following Report of the Massachusetts Branch of the Woman's Auxiliary to the Board of Missions was received from its Secretary, Miss Emily Paddock : —

REPORT OF THE MASSACHUSETTS BRANCH OF THE WOMAN'S AUXILIARY TO THE BOARD OF MISSIONS.

The Massachusetts Branch of the Woman's Auxiliary to the Board of Missions, respectfully presents its Tenth Annual Report.

With reverent thanksgiving to Almighty God, for His Blessing upon our labors, we report a year of unprecedented activity and prosperity — a marked increase in number of co-workers, the successful accomplishment of new and extended efforts, and an offering (in money and Missionary boxes) of \$29,217: nearly \$6,000 more than any annual offering ever presented by this Branch of the Woman's Auxiliary.

The year has completed the first decade of our existence as a Diocesan organization; and it is encouraging to note the development and steady growth of Missionary spirit. In every part of our own land, in Africa, China, Japan, Mexico and Haiti are Churches, Schools, Hospitals and Missionaries strengthened and cheered by the aid and sympathy of the Church-women of the Diocese of Massachusetts, and our records show, that during this period of ten years it has been our privilege to contribute to the cause of Missions the sum of \$189,460.33.

Respectfully submitted.

The Rev. EDWARD W. OSBORNE presented the following Report of the Massachusetts Branch of the Church Temperance Society:—

SIXTH ANNUAL REPORT OF THE MASSACHUSETTS BRANCH OF THE CHURCH TEMPERANCE SOCIETY.

It is with real thankfulness that we are able to present to our friends the Sixth Annual Report of the Massachusetts Branch of the Church Temperance Society.

The record of the past year shows a sustained and growing interest in the work we have in hand. Our Society is a well established fact, and the Temperance work has become a recognized part of the work of our Church. There

is no longer any question whether or not the Church ought to undertake distinctly Temperance work, nor whether she is able to do it. She has taken it up, and is carrying on with vigor and successfully a work which could not now be easily laid down.

But when we speak of growth we must not be understood to refer merely to numbers. Numerically our gain has perhaps not been very great. The growth has been one of life and vigor and power.

This has shown itself partly in the Parochial Branches, but chiefly in the more general work of the Organizing Secretary.

Three new Branches have been organized: of the others the fortunes have been various. A few have languished, but where Minister and people have been in earnest, and have worked together determined to succeed, there has always been interest, energy, and result, and some of our Clergy have come to look upon the Parochial Temperance Society as the best thing in the Parish.

Turning to the more general work, we can say that the Organizing Secretary has found plenty to do.

He has preached or made addresses in fifty-five different Churches during the year, into several of which he had not been able to obtain entrance before, and finds everywhere a growing interest. This interest is also manifested by the fact that thirty-three Churches sent collections or contributions to the funds of the Society, an increase of ten over last year.

Mr. Hilliard's work has not been confined to Churches. In various public institutions his voice has been heard, and he has been allowed to plead the cause of Temperance before St. Paul's Society at Harvard University, St. Mark's School, Southborough, and the School at Groton. Through St. Paul's Society has come a corps of Harvard students to give efficient help in the rescue work at the Coffee House in Boston's North End.

This rescue work has gone steadily forward, and is increasing. At St. Augustine's Mission for colored people, and at the Wells Memorial Workingmen's Institute good results have been achieved. Other centres for work have been sought, and we hope to make an early beginning at the South End of Boston and also in South Boston. The expense of all this rescue work has been met by contributions gladly given in Churches where Mr. Hilliard has told his story, supplemented by gifts from individuals. The country has also come to the help of the city, some quite large contributions being sent from country Parishes for this rescue work.

We must also report that during the Summer an attempt was made to reach the pleasure-goers at the seaside. The Organizing Secretary pitched a tent at Crescent Beach, and made an experiment in tent-services and meetings sufficiently encouraging to lead us to believe in the possibility of a larger and really useful work another year.

One of the best developments of the Society is the *Woman's Aid to the Church Temperance Society*, springing out of the need of women's assistance in the work at Washington Hall. Most effectually have the women aided. They have opened and carried on a Coffee House for men and boys, and have now opened a second for women and girls, collecting about eleven hundred dollars for the purpose. Night after night they have attended, bringing their gentle yet powerful influence to bear upon from fifty to one hundred boys and young men, gathered from the neighboring streets, and this with marked result for good.

The *Woman's Aid* now numbers seventy-five members. We hope the number will be largely increased during the year. Most cordially do we com-

send the *Woman's Aid* to the notice of Church-women. Many who seem to have no opportunity for Temperance work, because it is not possible at present to organize a Society in their Parishes, might find full scope for their energies in connection with this branch of the work.

The Executive Committee have appointed a sub-committee to confer with the *Woman's Aid*, with a view to fuller co-operation and further extension of the work.

In this connection it may be well to say that the time seems to be near when it will be necessary to take some step to organize more fully the rescue work in the City of Boston. It will be for consideration whether this can be best done by a special Committee, by the formation of a Metropolitan Temperance Board, or in co-operation with the Episcopal City Mission.

The attention of the Reverend Clergy is respectfully called to a vote by which the Executive Committee have determined to ask that sermons on Temperance be preached simultaneously, and if possible an appeal for funds for our Society be made, on *Septuagesima Sunday* in each year. Should *Septuagesima* fall on the first Sunday in the month, it is suggested that *Sexagesima* be chosen instead.

We are not able to state accurately the number of sermons and addresses given on our behalf in the Churches of the Diocese during the past year, but including those preached by the Organizing Secretary, they cannot be less than one hundred.

The Treasurer's account shows again a balance on the right side, evidencing an increased interest and willingness to contribute on the part of our people. This is the more marked because by reason of the death of some and absence of others of our friends we have not been able to collect about \$200, which were pledged last year. The balance in hand is \$785.67, about \$400 more than last year.

In view of the present prosperous condition of the Society and the work that has been accomplished in the year, the Executive Committee feel that we have every reason both to be thankful and hopeful.

We again commend the Church Temperance Society to the consideration and prayers of the Churchmen of the Diocese.

On behalf of the Executive Committee.

EDWARD OSBORNE, *Secretary*.

The following Report of the Church Home for Orphan and Destitute Children was received from its Secretary, Mrs. SARAH A. C. BOND : —

REPORT OF THE CHURCH HOME FOR ORPHAN AND DESTITUTE CHILDREN.

The Church Home for Orphan and Destitute Children has received a large number of children than usual during the past year, forty-two, of whom fourteen have been baptized at the Home. One death has occurred, and twenty-nine children have been returned to their friends and two placed in families. A certain amount of industrial training has been introduced, very elementary of course, as the children are too young and average too short a stay in the Home to make any thorough teaching possible: the foundation is laid in the faith that others may build upon it.

The Home depends very largely upon donations of clothing, books, fruit, etc., as well as of money, but these have been much smaller than usual during the past two years, probably from the increasing pressure of other claims, but the diminution is very sensibly felt.

Respectfully submitted,

SARAH A. C. BOND, *Secretary*.

CAMBRIDGE, May 2, 1888.

The following Report of St. Luke's Home for Convalescents was transmitted by its present Secretary and Treasurer, Mr. WALLACE H. HAM: —

REPORT OF THE TRUSTEES OF ST. LUKE'S HOME FOR CONVALESCENTS.

The Trustees of St. Luke's Home for Convalescents present to its friends and the public the Sixteenth Annual Report of its condition and of its work for the past year, together with the statement of the Treasurer.

The Treasurer's account shows a total receipt from donations, miscellaneous offerings, and annual subscriptions of \$6,605.59 against \$7,402.86 in 1887. The expenses of maintenance, repairs, and improvements are \$7,617.47 against \$7,697.09 last year.

The number of patients maintained was 240, an increase of 32 over last year, while the extra cost of maintenance was only about \$200 over that of 1886.

The work of the year has been increasingly satisfactory and encouraging, as the various reports show, and has been characterized by the same wise and thoughtful management as in the past. The Trustees feel that they can confidently point to these reports as the best evidence of the importance and value of such a home and work, which they hope will commend itself anew to all.

The several legacies mentioned in last year's report, from the late Miss Abby Somes, \$5,000, and from Mr. J. W. Crackbon, \$1,000, both of Boston, also from Miss Parmela H. Beal of Kingston, \$2,000, have been received by the Treasurer, and invested, increasing the Permanent Fund by that amount.

F. C. FOSTER, *Secretary*.

The following Report of the Massachusetts Branch of the Church Association was transmitted by its Secretary, the WILLIAM C. WINSLOW, D.D., LL.D. :—

REPORT OF THE FREE CHURCH ASSOCIATION—MASSACHUSETTS BRANCH.

The Executive Committee of the Free Church Association (Massachusetts Branch) respectfully submit their Sixth Annual Report to the Convention.

The annual sermon was preached by the Right Rev. N. S. RULISON, Assistant Bishop of Central Pennsylvania, on Nov. 20, at St. Paul's Church, Boston, in the presence of a large and representative congregation. The service was read by the Rev. Drs. Courtney, Harris, and Winslow. The sermon was a forcible and wise exposition of a conservative progress in establishing the principles and practice of the Free and Open Church, and much was weighed greatly in influencing the minds of the listeners awaiting light. An interesting feature, among the signs of growth, is the frequent discussion of the subject by our brethren of the denominations about their call for tracts. We think the prevalent rule of consecrating Church new Parishes free will obtain more and more, so as to make the consecration of a pewed Church a rare exception. The statistics for Free Church apparently in one direction, both in Massachusetts and elsewhere.

At the Annual Meeting in November, the following elections occurred:
President.—GEORGE C. SHATTUCK, M.D.

Vice-President.—The Rev. GEORGE J. PRESCOTT.

Secretary.—The Rev. W. C. WINSLOW, D.D.

Treasurer.—I. WELLS CLARKE.

Directors.—The Rev. R. H. HOWE, the Rev. S. U. SHEARMAN, the Rev. T. MAGRATH, the Rev. HENRY F. ALLEN, JOSEPH BURNETT, A. J. C. S. J. D. W. FRENCH, CHARLES G. SAUNDERS, and GEORGE C. TATE.

Respectfully submitted.

WM. C. WINSLOW, Secretary

The Rev. JOHN C. BROOKS offered the following Resolution which, on his motion, was referred to the Committee on Unfinished Business, with instructions to report at this Meeting of the Convention: —

Resolved, That the sessions of the Convention include hereafter a business meeting on Wednesday Evening.

The hour having arrived for the consideration of the Order of the Day, the Amendments to Articles II. and III. of By-Laws for Parishes, proposed at the last Meeting of the Convention (*Journal of Convention*, 1887, p. 49) by Mr. CAUSTEN BROWNE, unanimous consent was granted to Mr. BROWNE for a correction in the wording of the second Amendment proposed by him, so as to make it read as follows: —

Amend Article III. of Form of By-Laws for Parishes by inserting in line 12, after the word "shall," the words "be baptized men and shall."

The first of the two Amendments proposed by Mr. Browne: —

Amend Article II. of Form of By-Laws for Parishes by inserting in line 1, the words "baptized male" after the word "any."

Being under consideration, on motion of the Rev. EDWARD A. RAND,

Resolved, That the phrase "baptized male" be divided — the word "baptized" being considered by itself, and the word "male" by itself.

A motion to limit speakers to five minutes each, and to close the consideration of the subject in fifteen minutes, was lost.

Divided, 3.

There having been a non-concurrence in the vote of both Orders on the adoption of the proposed Amendment, it was lost.

Upon the question of the insertion of the word "male," before the word "person" in line 1 of Article II, of Form of By-Laws for Parishes, a division of the House was ordered, with the following result: —

Ayes, 102.

Nays, 87.

The proposed Amendment therefore was adopted.

Upon the question of the insertion of the words "be baptized men and shall" after the word "shall" in line 12 of Article III. of Form of By-Laws for Parishes, the Rev. PHILLO W. SPRAGUE moved that it be laid on the table, which motion was lost.

The proposed Amendment of Article III. of Form of By-Laws for Parishes was adopted.

The BISHOP announced that the hour had arrived for the consideration of the special Order of the Day, the Report of the Committee on Form of Memorial to the General Convention, on the Method of Representation in that Body.

Mr. ARTHUR J. C. SOWDON moved that when a recess is taken it be at 20 minutes past 1 P.M., and continue until 3 o'clock P.M., which motion was carried.

The Rev. WILLIAM LAWRENCE, from the Committee on Form of Memorial to the General Convention, on the Method of Representation in that Body, made the following Report:—

The Committee appointed at the last Convention to present a form of Memorial on the subject of Proportional Representation in the House of Deputies of the General Convention, which on approval shall be presented to the General Convention, respectfully offer the following form of Memorial:—

Whereas the present method of Representation and voting in the House of Deputies of the General Convention is by Dioceses and not proportional to the number of Parishes, Clergy, or Communicants, and

Whereas, through the development of the Church in the past century and the multiplication of Dioceses, the delegates from the Dioceses containing a small minority of Communicants can outvote those representing the Dioceses containing a large majority of the Communicants: and

Whereas such a condition is unjust to the minority in placing upon them responsibility for legislation without conferring proportional powers of administration, and is unjust to the majority in making them liable to be overwhelmed by the minority in some important question of legislation, and if allowed to continue is a danger to the peace and unity of the Church,

Resolved, That the basis of Representation in the House of Deputies in the General Convention should be so far modified that the several Dioceses shall be represented in proportion to the number of their Clergy, their Parishes or their Communicants, or in some more just and equitable method than the present: and that the Deputies in said Convention should vote individually, or by Orders, and not by Dioceses.

The Rev. GEORGE W. SHINN, D.D., nominated Mr. FRANCIS J. PARKER. The Rev. HENRY S. NASH nominated Mr. JOHN C. ROPES.

On motion,

Resolved, That in the election of the fourth Lay member of the Standing Committee of the Diocese, balloting be dispensed with.

On motion,

Resolved, That Mr. FRANCIS J. PARKER be the fourth Lay member of the Standing Committee of the Diocese.

On motion of the Rev. SAMUEL H. HILLIARD,

Resolved, That the Report of the Committee on Clerical Support be recommended to the same Committee, to report at the next Meeting of the Convention.

The Rev. HENRY F. ALLEN, from the Committee on the Constitution and Canons, made the following Report:—

The Committee on the Constitution and Canons to whom was referred the amendment, viz., to insert in Title IV., Canon 2, Section 5, after the words "of the number of communicants in his Parish" the words "who are known by him to have communed within the two years just preceding,"—respectfully report, that the Committee, in the absence of one of its members, finds itself divided on the expediency of this amendment, and in consequence has no recommendation to make.

EDWARD M. GUSHEE, *Chairman*.

The Rev. EDWARD W. OSBORNE moved the following amendment, which motion was carried.

That in the Resolution offered for adoption the word "communicated" be substituted for the word "communed."

The Rev. CHARLES C. GRAFTON moved the adoption of the Report as amended, which motion was lost.

On motion of the Rev. THOMAS F. FALES, the whole matter was indefinitely postponed.

The Rev. HENRY F. ALLEN, from the Committee on the Constitution and Canons, made the following Report:—

The Committee on the Constitution and Canons—to whom was referred the amendment of Title IV., Canon 1, by the insertion as Section 2 of the following words: "SECTION 2: The site of any existing Church, Chapel or Congregation shall not be changed without the written consent of the Bishop of the Diocese and the formal approval of the Standing Committee. But such action of the Standing Committee shall not be taken until previous notice has been given to the Rectors and Vestries of the three Churches or Congregations whose places of public worship shall be nearest to the site proposed for the new place of worship, and until at least one month has been given them for the expression of any opinions they may have,"—respectfully report, that in their judgment the object of the proposed amendment can be best secured by altering the third sentence in Section 1 of the same Canon so that it shall read—

"No Parish shall be formed within the limits of an existing Parish, nor shall the site of any Church or Chapel be changed without the consent first given of the Rector and Vestry of such existing Parish."

On motion of the Rev. WILLIAM LAWRENCE,

Resolved, That the amendment as to the establishing of new Parishes, which was referred to and reported upon by the Committee on the Constitution and Canons, be referred to a Committee of five, to report at the next Meeting of the Diocesan Convention.

On motion of the Rev. GEO. ZABRISKIE GRAY, D.D., the Report was referred back to the Committee for amendment, to be submitted later in the session.

Subsequently, the Report, as amended, was presented, as follows:—

The Committee on the Constitution and Canons to whom was referred "a draft of By-Laws" from the Church of the Messiah, West Newton and Auburndale, with the request that it be allowed by the Convention, respectfully report, that they have found nothing in the afore-mentioned draft of By-Laws which should prevent its allowance by the Convention.

E. M. GUSHEE, *Chairman*.

On motion,

Resolved, That the approval of the Convention be given to the By-Laws of the Church of the Messiah, West Newton and Auburndale.

The special Order of the Day, the consideration of the Reports of the Committee on the Relation of Employers and Employed, having been reached, the Rev. PHILIP W. SPRAGUE presented the Majority Report, as follows, and moved its adoption:—

MAJORITY REPORT OF THE COMMITTEE ON THE RELATION OF EMPLOYERS AND EMPLOYED.

The Committee to whom were referred the preamble and resolutions offered by the Rev. Mr. Sprague at the last meeting of Convention, and who were also instructed to report "some suggestion by which the Church may exercise its influence toward the better regulation of the relation between employer and employed," would respectfully report as follows:—

Beginning with the suggestion above required, the Committee have realized the extreme difficulty and delicacy of the question, and have entered upon their task with the utmost diffidence. At the same time, they have felt that the case lies eminently within the scope of the Church's work, and imperatively demands her influence.

The relation between employer and employed, as being theoretically voluntary, is one with which experience has taught that it is wise to interfere or very deliberately by legislation or by force. For just this reason it can most effectively be reached by the moral judgment of men, and influenced by public opinion. The Church exists for the express purpose of bringing in the kingdom of God which is "righteousness, and peace, and joy in the Holy Ghost." But that kingdom consists not only in putting new principles and motives into the hearts and lives of individuals, but also in putting the great laws of God into active and recognized operation in the relations of men to each other. It was not enough that the master should be a follower of Christ and the slave also a follower of Christ. Where the kingdom of Christ really came in, there ceased to be masters and slaves, for the relation was felt to be incompatible with the spirit of that kingdom. Though the relation between employer and employed stands on radically different moral grounds from that between master and slave, there can be no doubt that in the relation itself, for the most part actually exists to-day, there is abundant room for the Church to exert her utmost influence to bring in a spirit more thoroughly in accord with the command of Christ, "Thou shalt love thy neighbor as thyself."

Nor is the necessity for the Church to exert this influence lessened by the fact, which your Committee think should be most emphatically stated, and most thankfully noted, that, on the whole, things are undoubtedly much better in this respect than ever before, and that this improvement is most certainly due to the influence of Christianity. That much has been done, is no argument for inactivity, when so much remains to do. For the fact that the barriers between classes have been broken down, that men have been brought nearer to each other as children of a common Father, that into all the social relations of life so mighty and beneficent an influence has come from the teachings of our Master,—let us thank God and take courage. But the fact must not induce us for an instant to close our eyes to the work at our hands.

As preliminary to any lasting influence for good which the Church may exert in this matter the following conditions are indispensable:—

(1) Such influence must come from intelligent interest in the whole question. The relation between employer and employed is a question not simply of economics, but also of ethics. With its merely economic side the Church can have but little interest; but as a question of ethics it is of vital interest to the Church, and calls for the Church's influence. As such it would seem to deserve a special share of interest and attention at the hands of the Church's ministers.

(2) There must be unswerving faith in the ethical teaching of Christ as the only key which can help to solve our social problems. It is certainly difficult to conceive a worse and more insidious form of unbelief than that which maintains that Christ is the Son of God, yet holds that he proclaimed as the law of God, binding upon all his disciples, a principle of action, which, in the affairs of every-day life, is inapplicable, impracticable, and impossible.

Your Committee would therefore suggest, as in their judgment the most effective way in which the Church can use her influence toward the better regulation of the relation between employers and employed, that her ministers with the intelligence which comes from living interest in and study of the problem, and, above all else, with unfaltering faith in the practicability and all-sufficiency as well as the Divine origin of the command, "Thou shalt love thy neighbor as thyself," press home upon their people the sacred obligation resting upon all who call themselves by the name of Christ, to be actuated by the spirit of this command in every concern of life. The Christian heaven has not done its work till this Divine law of love is applied to man's buying and selling, his renting and letting, his producing and consuming, the rate of wages he gives and the rate of wages he demands. It is a very grave question, which no amount of optimistically contrasting the condition of the masses of men past and present can ever set at rest, how far a community, however cultured and apparently religious and philanthropic, can justly be called Christian where the law of Christ is tacitly, if not avowedly, supplanted in a large portion of its life, by the law of our lower nature, "Every man only for himself," or by the first murderer's question, "Am I my brother's keeper?" A better day than this must surely come. To bring in that better day is the mission of the Church. To accomplish that mission the Church's ministers must be true to their vocation as ministers of reconciliation and servants of the Prince of Peace by intelligently, confidently, courageously, and persistently pressing upon their congregations and the community the law of Christ, "Love thy neighbor as thyself," as the law of God for business as for every other interest in life, — for the one just as much as for the other.

The preamble and resolution previously referred to in this report were evidently offered in this spirit and to promote these ends. Having made several verbal changes which seemed to them advisable, the Committee would therefore recommend their adoption in modified form, as follows:—

Whereas, The strife between labor and capital over the product of their joint co-operation often assumes among us a form so intense and bitter that production is hindered, the wheels of legitimate business clogged, and the community made to suffer loss; while, worse than this, those whom God has made essential to each other with the expressed command that they should live together as members of the same body, often become alienated, and live in jealousy and hatred rather than in harmony and love: therefore be it

Resolved, (1) That this Church, in Convention assembled, pronounces this strife unnatural and unchristian.

(2) That it finds one of the chief causes of this unhappy state of things in the fact that men generally, both employers and employed, do business without due regard to the law of the gospel, which says, "Thou shalt love thy neighbor as thyself," and sees its good and sufficient remedy only in the application of this Divine law to every phase of business.

(3) That this Church, therefore, exhorts every employer to be guided by this principle not only in spending his money but in making it, and in all the

conduct of his business to have not only a kindly regard for all persons employed, but also a purpose to benefit them, as well as to increase his profits; for the Gospel law is not satisfied till men labor assiduously for the interest of others as well as for their own interest.

(4) That this Church exhorts all men who are in the employ of others to remember that they are bound, equally with their employers, by the same law of love; that it is folly to try to extort justice from others by acts of injustice, to hope to win fair ends by foul means, or to claim that others should respect their interests when they wilfully disregard the interests of others.

(5) That this Church calls the attention of all those who profess the Gospel of Christ, to the fact that there is not one word in the New Testament which warrants the supposition that the Master's law, "Do unto others as ye would that they should do unto you," is inapplicable to any part or lot of human labor, or that business cannot be successfully carried on under it.

All of which is respectfully reported by your committee,

PHILO W. SPRAGUE,
GEO. W. SHINN,

Mr. DOUGLAS FRAZAR presented the Minority Report of the Committee, as follows:—

MINORITY REPORT OF THE COMMITTEE ON THE RELATION BETWEEN EMPLOYERS AND EMPLOYED.

To the Diocesan Convention of the Diocese of Massachusetts, May 2, 1888.

The undersigned, a minority of your Committee appointed by the preceding Diocesan Convention, to whom was referred the Preamble and Resolutions offered by the Rev. Philo W. Sprague, pertaining to the "strife between labor and capital" with instructions to report to this Diocesan Convention, beg to submit the following.

A careful perusal of the Journal of 1887, page 48, will show that the matter was finally amended, adopted, and referred to this Committee for consideration and report, was the following, to wit:

"This Convention deprecates the so-called strife between labor and capital. It exhorts all men to live and act according to the law of Christ, 'Thou shalt love thy neighbor as thyself;' and that a Committee of three clergymen and three laymen be appointed, to whom shall be referred the Rev. Mr. Sprague's Preamble and Resolutions, with instructions to report at the next meeting of the Diocesan Convention."

"And to report also some suggestion by which the Church may exercise its influence towards the better regulation of the relation between employers and employed. And several minor changes in the phraseology and construction of the original Preamble and Resolutions."

Your Committee in compliance with the duties imposed upon them have held several meetings, and the undersigned beg leave respectfully to present the following Minority Report.

First.—The undersigned heartily indorse the language contained in the resolution made by the Rev. William Lawrence, and adopted as the opinion

sentiment of the preceding Convention, namely, that, "*This Convention deprecates the so-called strife between labor and capital, and exhorts all men to live and act according to the law of Christ, 'Thou shalt love the Lord and thy neighbor as thyself,'*" and believe that this embodies in itself a sufficient expression of opinion of the Church, on the subject-matter contained in the Preamble and Resolutions referred to this Committee.

Second.—In reference to the following amendment (referred to this Committee) of the Rev. Leighton Parks, accepted by the Rev. William Lawrence, and adopted by the Convention, namely:—

"*And to report, also, some suggestion by which the Church may exercise its influence towards the better regulation of the relation between employers and employed.*"

The undersigned, a minority of your Committee, would respectfully report, that it is deemed by them inexpedient, and beyond the province of the Church to consider this subject, which seems to be wholly a question of political economy.

Third.—In accordance, therefore, with the foregoing, it is recommended that the further consideration of the said Preamble and Resolutions, and the matters appertaining thereunto, submitted to this Committee, be indefinitely postponed, and the Committee discharged.

DOUGLAS FRAZAR,
STEPHEN C. EARLE.

Resolved, That the List of Clergymen of this Diocese, appended to the Journal, be printed both alphabetically, and in the order of seniority in canonical residence.

On motion of the Rev. REGINALD H. HOWE, the following Resolutions were adopted:—

Resolved (1), That this Convention in adopting the Report of the Diocesan Board of Missions to which no Resolution was this year appended, believing that it does lie very largely with the Clergy to determine what the amount contributed for the work of the Board shall be, earnestly seconds its request that every Rector and Missionary will see that not less than two offerings for this object are taken in his Church each year, duly announced beforehand and accompanied by some suitable information and an earnest appeal.

Resolved (2), That it as earnestly asks of the Laity, that they will sustain and encourage the Clergy in their endeavor to carry out this or any plan contributing which may seem wise.

Resolved (3), That while it is hoped that the two Canonical offerings may be taken in every place and that any other plan employed may be supplementary to this, the question of method for satisfying the spirit of the Canon be left to the judgment of each Rector in consultation if he so desire with his Vestry.

Resolved (4), That this Convention has heard with great satisfaction of the appointment by the Episcopal City Mission of the Rev. F. B. Allen as its General Superintendent, and would express the hope that his sphere of work with such assistance as may be put in his power may be made as comprehensive as possible so as to embrace all the fields in the City in which our Church is not now working, and to give to already established Parishes such additional assistance as may be required, and that, relieved as it is now by this action of the Episcopal City Mission of present responsibility at least for the City of Boston, the means may be forthcoming to enable the Diocesan Board of Missions to work more effectively than heretofore in the other Cities and larger Towns of the State.

Resolved (5), That with a view to clothing him with all the authority it is competent in it to confer, and of giving him its hearty interest and support in his work, the Episcopal City Mission be hereafter recognized by the Convention and through the General Superintendent have the right to report to this Body.

The Rev. JAMES H. VAN BUREN offered the following Preamble and Resolution:—

Whereas, The Diocesan Board of Missions has indicated that the sum of \$15,000 would be adequate for its present annual expenditure,

Resolved, That each Parish and Mission in the Diocese be requested to contribute a definite sum for the current year, the said sum to be estimated by the Board of Missions, upon the basis of the amount contributed by the Parish or Mission during the past year; the several amounts being in the aggregate equal to the sum desired by the Board as aforesaid.

The Rev. EDWARD W. OSBORNE moved the following as a substitute for the Preamble and Resolution offered by the Rev. Mr. VAN BUREN, which motion was lost: —

Resolved, That in the opinion of this Convention, some plan should be devised by which application should be made by the Board of Missions directly to the individual members of the Church, rather than the burden be thrown upon the Clergy of the Parishes and Missions.

The Preamble and Resolution offered by the Rev. Mr. VAN BUREN were adopted.

The Rev. CHARLES M. ADDISON offered the following Preamble and Resolution, which were adopted, the vote being 60 in the affirmative, and 20 in the negative.

Whereas, There is a wide-spread sentiment that there is larger opportunity for the work of the Board in our larger Cities and their institutions and in relation to our immigrants, and

Whereas, It is believed that the response of the people would be more free and liberal were this larger work assumed, and

Whereas, It is recognized that any radical change in the policy of the Board can result only after due deliberation,

Therefore be it

Resolved, That the subject of the administration of the funds entrusted to the Diocesan Board of Missions in a larger and more distinctly missionary spirit, and the subject of the best method of raising such funds, be referred to a special Committee, to consist of five Clerical and two Lay members, two of the Clerical and one of the Lay members to be taken from the Board of Missions, said Committee to report at the next Meeting of the Diocesan Convention.

REPORT OF THE COMMITTEE ON FAST DAY RESOLUTIONS.

Your Committee respectfully reports, That having considered the matter presented to it, it recommends to the Convention the following Preamble and Resolutions, and moves their adoption.

Whereas, The Annual Fast Day appointed by the Governor has become obsolete, so far as its observance as a Fast Day is concerned, and

Whereas, A national religious day of yearly recurrence (which is all that a so-called Fast Day could pretend to be) is properly and acceptably provided in our Thanksgiving Day which now has a national, and not merely a local, observance, and

Whereas, A Spring Holiday in the month of April (which the so-called Fast Day has now become) is desirable and needed by the people; but should not be designated by the misnomer, Fast Day, and

Whereas, It is deemed unadvisable that Fast Day should be continued, and appointed upon Good Friday, a day that is being observed by a constantly increasing number of Christians as the most solemn and significant day of the year,—and observed not only in the religious services of the Churches, but in quiet and retired thought and good works; a day, the observance of which will not be promoted in the way that those who value it would wish to have it observed, by making it identical with a general holiday that bears the title but not the character of a Fast; a day, the due observance of which can only be secured by the gradual growth of the people to its meaning and to its acceptance as a day they choose to keep,—

Therefore, be it

Resolved, (I.) That this Body respectfully petitions the Governor and Council of this Commonwealth to abolish the present Fast Day by suspending its appointment.

(II.) That it further petitions the Governor and Council of this Commonwealth to appoint a holiday for general observance upon a fixed date in the month of April, suggesting the latter part of the month because of the more advanced Spring, and the 19th, Lexington Day, as a day of significance in this Community,—or Arbor Day, a day now recommended for observance in several States.

The Rev. THOMAS F. FALES presented the Minority Report of the Committee, as follows:—

MINORITY REPORT.

As a member of the Committee to whom was referred the Resolutions respecting Fast Day, the undersigned respectfully expresses his dissent from so much of the Report of the majority of the Committee as recommends the discontinuance of the Day appointed by the Governor and Council for "Public Humiliation, Fasting, and Prayer," on grounds well expressed in a protest sent to the Committee, "that humiliation and prayer for rulers are as much needed now as ever, that to omit a usage like Fast Day will be a disastrous concession to prevailing worldliness and folly, and that it will be far better to keep the day, and try to observe it in a proper spirit." He fully agrees in the opinion expressed by the majority that the change to Good Friday would be exceedingly undesirable, but fails to see that it is expedient for this Convention to petition, as suggested, for the appointment of another day with another object in view, and therefore recommends the passage of the following Resolution:—

Resolved, That the whole matter now under consideration be indefinitely postponed.

The reconsideration of the motion substituting the Minority Report of the Committee on the Relation between Employers and Employed for that of its Majority Report having been called for,

The Rev. EDWARD ABBOTT moved to amend the Minority Report by inserting the words " thy God " after the word " Lord " in the two places where it occurs, by striking out the word " First " before the words " The undersigned heartily endorse, etc.," and by striking out the Sections designated as " Second " and " Third," making the Report to read as follows : —

**MINORITY REPORT OF THE COMMITTEE OF THE RELATION
BETWEEN EMPLOYERS AND EMPLOYED.**

To the Diocesan Convention of the Diocese of Massachusetts, May 2, 1888.

The undersigned, a minority of your Committee appointed by the preceding Diocesan Convention, to whom was referred the Preamble and Resolutions offered by the Rev. Philo W. Sprague, pertaining to the "*strife between labor and capital*," with instructions to report to this Diocesan Convention, beg leave to submit the following.

A careful perusal of the Journal of 1887, page 48, will show that the matter, as finally amended, adopted, and referred to this Committee for consideration and report, was the following, to wit:

"*This Convention deprecates the so-called strife between labor and capital, and exhorts all men to live and act according to the law of Christ, 'Thou shalt love the Lord thy God, and thy neighbor as thyself: 'and that a Committee of three clergymen and three laymen be appointed, to whom shall be referred the Rev. Mr. Sprague's Preamble and Resolutions, with instructions to report at the next Meeting of the Diocesan Convention.'*"

"*And to report also some suggestion by which the Church may exercise its influence towards the better regulation of the relation between employers and employed.*" And several minor changes in the phraseology and construction of the original Preamble and Resolutions.

Your Committee in compliance with the duties imposed upon them have held several meetings, and the undersigned beg leave respectfully to present the following minority report.

The undersigned heartily indorse the language contained in the motion made by the Rev. William Lawrence, and adopted as the opinion and sentiment of the preceding convention, namely, that, "*This Convention deprecates the so-called strife between labor and capital, and exhorts all men to live and act according to the law of Christ, 'Thou shalt love the Lord thy God, and thy neighbor as thyself,'*" and believe that this embodies in itself a sufficient expression of opinion of the Church, on the subject-matter contained in the Preamble and Resolutions referred to this Committee.

Mr. ROBERT TREAT PAINE moved as a substitute for the whole matter under consideration the adoption of the Preamble and Resolution appended to the Report of the Majority.

The Rev. Mr. ABBOTT accepted the substitute.

The Rev. THOMAS F. FALES moved to amend Section (2) of the Resolution appended to the Report of the Majority, by striking out before the words "both employers and employed" the words "men generally" and inserting instead the words "too often," which amendment was accepted by Mr. PAINE.

The Rev. WILLIAM LAWRENCE moved that the vote on the subject under consideration be taken at 9½ o'clock this evening, if not reached earlier, which motion was carried.

The substitute offered by Mr. PAINE, as amended by the motion

of the Rev. Mr. FALES, being as follows, was adopted; and by subsequent action, the vote of adoption was made unanimous.

Whereas, The strife between labor and capital over the product of their joint co-operation often assumes among us a form so intense and bitter that production is hindered, the wheels of legitimate business clogged, and the community made to suffer loss; while, worse than this, those whom God has made essential to each other with the expressed command that they should live together as members of the same body, often become alienated, and live in jealousy and hatred rather than in harmony and love: therefore be it

Resolved, (1) That this Church, in Convention assembled, pronounces this strife unnatural and unchristian.

(2) That it finds one of the chief causes of this unhappy state of things in the fact that too often both employers and employed, do business without due regard to the law of the gospel, which says, "Thou shalt love thy neighbor thyself," and sees its good and sufficient remedy only in the application of this Divine law to every phase of business.

(3) That this Church, therefore, exhorts every employer to be guided by this principle not only in spending his money but in making it, and in all the conduct of his business to have not only a kindly regard for all persons employed, but also a purpose to benefit them, as well as to increase his own profits; for the Gospel law is not satisfied till men labor assiduously for the interest of others as well as for their own interest.

(4) That this Church exhorts all men who are in the employ of others, to remember that they are bound, equally with their employers, by the same law of love; that it is folly to try to extort justice from others by acts of injustice, to hope to win fair ends by foul means, or to claim that others should regard their interests when they wilfully disregard the interests of others.

(5) That this Church calls the attention of all those who profess the name of Christ to the fact that there is not one word in the New Testament which warrant the supposition that the Master's law, "Do unto others as ye would that they should do unto you," is inapplicable to any part or lot of human labor; or that business cannot be successfully carried on under it.

On motion of the SECRETARY, —

Resolved, That, after the reading of the Minutes, not already approved, and action thereon, and the usual devotional services, this Meeting of the Convention adjourn.

The Minutes, not already approved, were read and approved.

After Prayer and the Benediction by the BISHOP, the Ninth Annual Meeting of the Convention adjourned *sine die*.

Bishop Paddock's Fifteenth Annual Address, and its Appendices.

[For the time of the delivery of the Address, see p. 30.]

Address.

DEAR BRETHREN OF THE CLERGY AND LAITY :

WHEN, a twelve-month ago, I addressed this body, I could not refrain from prefacing my address with the public recognition of God's marvellous goodness towards me, in that, "during well-nigh fourteen years, I had not cancelled fourteen appointments on account of physical inability." God's goodness to your Bishop has not been shortened, nor has His loving hand slackened; but I can no longer offer quite the same demonstrations of His wise and fatherly ordering. In many ways He leadeth us, but He always deals with us as sons, and, rightly used, His disciplines always work together for good to them that love God.

From some inexplicable cause I found myself under a peculiar but not uncomfortable hoarseness on the day of my returning to public duty, early last September. It did not appear venturesome to continue my Visitations as arranged, during the next six weeks; for the ailment seemed painless and of little moment save its inconvenience. But early in November I began to cancel more and more Visitations, and by the end of the month I was practically incapacitated. During December, I was not within the Chancel of a Church, and spent much of the month away from home, in great quietness. On Jan. 1, I was allowed to resume work in full, so far as the number of appointments was concerned, but very quietly and moderately in respect of the use of my voice. It was an experiment, and I had arranged for the aid of a neighboring Bishop should the experiment prove a failure. But I was graciously encouraged to continue, and I improved steadily though very slowly, under a full schedule of work. So that, through God's goodness, I am now well again, and the Annual Visitations have been com-

pleted. I am sure that the prayers of very many have helped me, as their sympathy, patience, and loving messages have cheered me. May God reward them all, for I cannot.

Since we last met, death has taken from us a most godly man and exemplary Minister of Christ, the Reverend Lewis Green, of Greenfield, who died at his home, June 16, 1887, aged sixty-eight years. Few men have had a frailer tabernacle for an altar on which the fires never went out, and for a shrine where the Divine Presence was always manifest, than Lewis Green. Even the easy burdens of little Ashfield among the maple-topped hills—our Bemerton—were often too much for our George Herbert; and a few years ago he was obliged to lay down all care, and serve the Lord in silence. He was a man of choice reading and scholarship, and of saintly life.

On the 25th of last September died at his little summer home in East Wareham, the Reverend Malcolm Douglass, D.D., at sixty-two years of age. His last cure was Christ Church, Plymouth, where he is most affectionately remembered, and where a beautiful memorial altar cross will keep his name precious; before that, he was for some years the Rector of Christ Church, Andover; and still earlier, he was president of Norwich University at Northfield, Vt. No one could know Dr. Douglass but to love him. His "simplicity and godly sincerity" were so complete, and his health so delicate, that at times he seemed ill fitted to meet the difficulties that grow out of the shrewd, business-like expectations, and the more rugged life, of our average Parishes. He would have shone as an English country Parson—that position so much honored, and coveted too, in the Mother Church. A purer, truer, more guileless spirit I never knew; and I speak from a friendship that goes back to our college days.

I should most gladly bear my witness to the character and the efficiency of some of our godly laymen departed, but the blessed company has grown to be too large. There rise before me the venerable and scholarly Edward S. Davis of St. Stephen's, Lynn; and the brave soldier and cultured Christian, General A. B. Underwood; and the wise counsellor of our Standing Committee and the learned and incorruptible judge, William S. Gardner; and the consecrated laborer with God, Stephen G. Deblois; and the ever active, loyal and devoted Warden, Samuel Batchelder;—but the cloud of

witnesses increases, and I cannot venture to name them. My heart misses them, as I see the vacant places on my journeys throughout the Diocese.

The Church at large has lost an eminent Bishop by the death of William Bacon Stevens, D.D., LL.D., Bishop of Pennsylvania, who died on the 11th day of last June at the age of seventy-one. His was one of the *great* Episcopates of which we have only a few, marked by singular abilities, moral, intellectual and spiritual, by extraordinary judgment and aptitude, by exemplary holiness of life, and by grand achievements. It must be many years before his works cease from following him. A few of you may remember—for more than forty of our Presbyters heard him—with what spiritual grasp and power he delineated “*The Working Bishop*.” his chosen subject, when in Grace Church, Brooklyn Heights, he preached my Consecration Sermon almost fifteen years ago.

Who does not remember the fervid, sometimes fiery, sometimes flowery, always spiritual, eloquence of Bishop Robert Woodward Barnwell Elliott, D.D., the heroic Missionary Apostle of Western Texas? He died at Sewanee, Tenn., Aug. 22, 1887, at forty-seven years of age. His was a life of such intensity, labor, sacrifice and devotion, that, by a law of nature, it could not be a long life. Abundant warnings were given, and he heeded them so far as it seemed to him practicable; but the fire of God was glowing, and it consumed the sacrifice, and the wood and the stones of the altar also.

Another Missionary Bishop, George Kelly Dunlop, D.D., of New Mexico and Arizona, has laid down his heavy burden, and gone to his rest. Bishop Dunlop died at Las Cruces, N.M., at fifty-seven years of age. He was a man of unquestioned piety, of modest deportment, of fine scholarly equipment, wise in judgment and counsel, and efficient in administration. The conditions afforded by New Mexico and Arizona were not favorable to rapid growth of the Church; but he was a wise master-builder, and his work will abide, and another may build thereon in due time, to the glory of God and the good of the new generation.

This morning, May 2, died at Fond du Lac, Wisconsin, the Rt. Rev. John Henry Hobart Brown, S.T.D., Bishop of the Diocese of Fond du Lac. I have opportunity only to bear witness to the purity, single-mindedness, and consecration of Bishop

Brown's life and character. As the first Bishop of a new and feeble Diocese, he found it beyond his power to accomplish what men call great things for Christ. But, God be thanked! bishops like other Christian men, are to be rewarded according to the labor, not their success; and the unweariedness of the godly minister in well-doing has been exemplary. His work was to sow, and another shall reap; but he that soweth and he that reapeth shall rejoice together.

It is my purpose, Brethren of the Convention, to confine myself in this Address somewhat strictly to the facts showing "the state of the Church" in this Diocese. Episcopal Addresses are now, not infrequently, *Semi-Charges*, and therefore are held to discharge the canonical duty of an occasional Episcopal Charge. But all that is *required* is a statement of "the affairs of the Diocese since the last meeting of the Convention," with such details of official acts, and such lists and statistics as may throw light thereon. All such will be found in this Address, and its Appendix; the latter accompanying the Address, but not being read to your weariness, I should fear—unless desired by members of the Convention.

It is, perhaps, my first duty to make declaration to the Convention, agreeably to the requirements of Art. 12, § 3, of the Constitution, that the Parishes of Grace Church, Fiskdale, and St. Mary's for Sailors, Boston, have, on every condition there specified, "forfeited their connection with the Convention," and are "no longer entitled to representation in the same." Unless the Convention see fit to take other order, this constitutional declaration on the part of the Bishop will cause the Secretaries to erase their names from the List of Parishes in union with the Convention.

Certain statistics of my official acts must appear smaller than usual, because of my long-continued physical hindrances; and yet—thank God—I was enabled to do so much between last Convention and the 1st of November, and again so much between Jan. 1 and this 2d day of May, that I have fallen only eleven behind the number of Visitations last year, this year's record being 158. But God has blessed the labors of the Clergy very abundantly, so that the number confirmed on 160 different occasions, public and private, has reached the unprecedentedly large

figure of 1,734, being 106 more than last year. To God be all the glory. Every Parish or Mission usually visited — and some besides — has been either visited or provided for; in a dozen cases, perhaps, I have appointed one of two neighboring Churches as the place for the Visitation of both for official acts. Counting these unions, however, as only one Visitation, I have made 158 Visitations during the past year, besides taking part in 29 other Services and public functions, many of them of an official character. Of deliberative meetings — a laborious line of work — I have been present at 96. The public speakings of the year, sermons, addresses, etc., number 202.

I now read you the list of Parishes or Missions, in or for which I have ministered the Laying-on of hands, and the numbers belonging to each.

I have a cheering list of Churches consecrated since last year, but I have alluded to most of them while in building, and will not detain you save to rehearse the goodly list. The Church of our Redeemer, Lexington, was consecrated on the 16th of last, and is a great achievement for that new Parish. On the twenty-first day of that same month occurred the Consecration of Trinity, Melrose, a beautiful and costly stone Church, the gift of Catharine Louisa Tyer, whose generous bequest, by the munificence of her kindred, rendered this noble gift not possible. On the 17th of last November, I consecrated the Church of the Holy Trinity, Marlborough, attractive and well equipped by the gift of a zealous member of Christ, who is thus secur-

ing a blessing for the many in need in that large town. May God reward him seven-fold ! On the thirtieth day of the same month, I consecrated that noble edifice, Grace Church, Newton, erected a few years ago. The management of the entire work, and the spiritual and temporal development of the Parish, reflect the highest credit on the zeal, wisdom and perseverance of both Pastor and people. On Jan. 8 of the present year, I consecrated St. John's Church, the Chapel of Groton School, that admirable and strong school of the Church, whose rapid growth and high achievements are something rarely equalled.

We have built and opened for use five Churches which are not yet ready for Consecration. St. Philip's, Cambridge, a tasteful structure, is an offering unto the Lord on the part of its present Minister (the late Rector of St. Peter's, Cambridge), and of his family. It is well placed, and is a truly noble and exemplary offering ; and I learn that so great is the pressure of new comers that the generous Minister and his wife are now contracting for its immediate enlargement to more than twice its present seating capacity. Surely, dear Brethren of the Clergy and Laity, here is an example full of stimulus to us all and worthy of all honor. I often wonder how some of our great stewards can be content to live and die never having given to the Lord out of their abundance *one whole Church*, to be a memorial and a blessing to the many who shall there be born to everlasting life. All things considered, no work of benevolence or mercy can compare with a House for the consummation of all benevolences and mercies — the Gospel of Jesus Christ. St. John's, Saugus, is completed and in use, and will soon be consecrated. Nothing but unwearied effort and holy zeal could have achieved so great a success in this new field. St. Mark's Church, Fall River, is now ready for use, but with heavy burdens, and is a picturesque and unique building affording many conveniences for a working Church. St. Paul's, Beachmont, a beautiful structure, has, I suppose, just been entered upon by a self-sacrificing and grateful people. All of these Churches reflect great credit on both Pastors and people ; the two last named still need, and must have, our well-merited assistance.

Several Churches are in building. Trinity, Lenox, is ready for Consecration, and the day is set. St. Andrew's, Boston, a very

costly and large enterprise under the care of Trinity Parish, Boston, is nearly completed. A new St. Stephen's, Pittsfield, is to occupy the site of the former Church. The Church of the Good Shepherd, Watertown, a solid and attractive rural Church, admirably placed, is rising. St. Mary's, Dorchester, whose Church was burned last autumn, is erecting a better Church on a more convenient site. Christ Church, Springfield, is erecting a Chapel and Parish House of stone, at large cost, and it is approaching completion. St. John's, Jamaica Plain, has begun work on a like building.

We have secured a convenient Rectory in Trinity Parish, Haverhill, immediately in the rear of the church. St. John's, Taunton, has completed, through the noble bequest of the late Samuel L. Crocker, an admirable Rectory beautifully placed. A Rectory is bought and paid for in St. Paul's Parish, North Andover. St. James', Amesbury, has just completed and paid for an excellent Rectory. St. Margaret's, Brighton, has built a suitable Rectory.

Besides these five Rectories, we have gained in other Church buildings and property. St. Mark's, Adams, is building an admirable Parish House in stone. Trinity, Haverhill, and St. Ann's, Dorchester, have erected convenient Houses. New sites for a future Church have been secured by Epiphany, Walpole; St. John the Evangelist's, Winthrop; St. John's, Sandwich; St. Paul's, Roslindale; St. Paul's, Newton Highlands; Grace, Everett; and St. Mark's, Worcester. The last three are costly sites, and Newton and Everett secure dwelling-houses with them.

I note not a few improvements in our Churches, but doubtless many have not come to my knowledge. Trinity, Haverhill, has built a new Chancel, received a handsome memorial pulpit of brass, and has newly decorated the entire Church. St. John's, Worcester, and All Saints', Dorchester, have been compelled by increasing congregations to enlarge their respective Churches. St. Mary's, Newton Lower Falls, has a massive memorial pulpit of oak in excellent keeping with the other appointments, and has otherwise improved its Chancel. New memorial windows and a memorial eagle lectern adorn that beautiful temple, Grace Church, Newton. Ascension, Fall River, and St. James' also, have received some substantial improvements. St. Paul's, Malden, has been repainted, and is greatly improved in its interior. The venerable

St. Michael's, Marblehead, has most thoroughly and with excellent taste renovated its interior at a cost of about \$4,500. Emmanuel, Somerville, has been greatly improved without and within, at considerable cost. Christ Church, Springfield, by the generous contribution of \$5,000, has helped to secure a park forever, immediately adjoining the Church buildings, a most wise outlay.

The removal of some incumbrances from Parishes is a matter of thankfulness. Grace, Amherst, has freed its rectory by raising nearly a thousand dollars. St. Matthew's, Worcester, by a most commendable effort, has raised \$1,500, and freed its Parish House from debt. Grace, North Attleborough, by an effort within its own limits, has removed the \$3,000 indebtedness on its Rectory and lot, and now owes nothing. These efforts are as commendable as any I can record this year.

I have nothing new to say of our Church Schools for Boys, St. Mark's, Southborough, and Groton School, Groton. They well deserve the patronage which fills them with scholars, and keeps a long list of waiters for vacant places. A new School for Boys, the well-known "Highland Military Institute," Worcester, an institution of full age and standing, henceforth becomes a Church School, and will, I trust, do good service for the cause of Christian education. I bespeak for it your interest, encouragement, and patronage. The Keble School for Girls, at Hingham, continues to challenge the patronage of Churchmen by its good work and gracious influences, but, I am sorry to say, meets so feeble a response as to imperil its very existence.

I do not think it necessary or wise to detain you longer to speak of our Societies and Institutions. It is a matter of regret to me that the devout Women of "the Community of the Holy Name," Sisters faithful and beloved, have felt it their duty, for the sake of increased work for Christ, to remove to the Diocese of Texas, and have accordingly been transferred to Bishop Gregg. The Church Temperance Society makes progress under its efficient organization, but we row against wind and tide. The Girls' Friendly Society is building more rapidly and strongly than ever before. The Woman's Auxiliary is still unwearied in well-doing, and an ever increasing scale of achievement. Our Church Home for Orphans and St. Luke's Home for Convalescents merit all the favor they receive. Our Diocesan Board of Missions merits vast

very disproportioned to the ability of the parishes, and
and failures to give a penny to help those poorer than them-

miliating record for the past year, dear Brethren. Fifteen

and eight hundred received from our probably twenty-five
Communicants, — and consequently to-day a debt of four
dollars. Men of Israel, help! Roll off this stigma from
Society, — or rather from the *Diocese*, — and do
in seeing that it never wounds us again.

sit" from my Diocese — a valued because sincere and he "Depart in Peace" — has become a most generous and gratifying "Testimonial," both in words and in money, of your love, esteem, best wishes, and, I hope, constant prayers for your Bishop and his family. Especially remember me and mine in our Churches, dear Brethren, on the first Sunday of July next, when we shall be on the sea. I do not deserve all your kindness; because I have *tried* to do my duty by all the varied interests of the Diocese, the Clergy, the Parishes, the missions, the institutions, and agencies, — the good Lord pardon all my failure. I know you do, — I accept your generous words and acts, and renewedly consecrate myself to the Master's service with you. He will reward you all if I cannot. I cannot even thank the good of the bountiful offering, individually: your Committee have revealed to me a name, and have thought that no one desired thanks, while they have assured me of the loving and cordial response of many good people to their suggestion. I sincerely thank such of them as may hear or read these words, and God to bless their goodness.

It is not my intention to put the Diocese in commission into any other Bishop's hands, for there seems now to be no necessity. The Standing Committee will be the Ecclesiastical Authority for the Diocese during my absence. It is arranged that some of our Autumnal Visitations will be anticipated before I sail, in June; so late have been my usual Winter Visitations, on account of illness, that few Parishes will wait many weeks beyond August before I shall be with them again, if the Lord will. It is fortunate also that the Conventional year on which we now enter will be three weeks longer than the present, our next Convention falls as late as May 22, 1889. But I desire to say most cordially to my Brethren of the Clergy that should any Church desire a Visitation earlier than my return in February, I shall rejoice to know that it has had that favor from any Bishop whose kind offices it has secured: — only being careful to inform me of the arrangement at the earliest moment, that I may know how to adjust my Scheme of Visitations for immediate duty on my return.

Our present work as a synod now impatiently awaits our action; and may the Spirit of love and of power and of a sound mind be with us in all our deliberations, that they may be for the glory of God and the good of His Church.

Canon 17 (Title I.) of the General Convention.

Of the Mode of Securing an Accurate View of the State of the Church.

SECTION 1. — As a full and accurate view of the state of the Church, from time to time, is highly useful and necessary, it is hereby ordered that every Minister of this Church, or, if the Parish be vacant, the Wardens, shall present, or cause to be delivered, on or before the first day of every Annual Convention, to the Bishop of the Diocese, or, where there is no Bishop, to the President of the Convention, a statement of the number of Baptisms, Confirmations, Marriages, and Funerals, and of the number of Communicants in his Parish or Church; also the state and condition of the Sunday Schools in his Parish; also of the amount of the Communion alms, the contributions for Missions, Diocesan, Domestic, and Foreign, for Parochial Schools, for Church purposes in general, and of all other matters that may throw light on the state of the same. And every Clergyman, not regularly settled in any Parish or Church, shall also report the occasional services he may have performed; and, if he have performed no such services, the causes or reasons which have prevented the same. And these reports, or such parts of them as the Bishop shall think fit, may be read in the Convention, and shall be entered on the journals thereof.

REMARKS.

Much progress has been made the past year. The usual ministrations of a resident Pastor have continued uninterruptedly. A lot has been bought, and a Church, from plans by Mr. W. P. Wentworth of Boston, erected upon it, at a cost of about \$3,000.

We gratefully acknowledge gifts for the Church edifice from our brethren in Boston, Brookline, Dorchester, Lynn, Manchester-by-the-Sea, Salem, and Roxbury; also the gift of a beautiful stone font by the Vestry of Trinity Church, Melrose, and handsome Communion plate by a friend in Baltimore, Md.

We trust that we shall be able to pay the debt now resting on the Church in about four years. The above report includes families living in Crescent Beach, Winthrop Junction, and Revere, and attending Church in Beachmont.

The Rev. John C. Hewlett gave up the charge of this Congregation on Easter Day, April 1.

Changing the hour of the Sunday School has diminished somewhat the number of Scholars, which we hope soon to replenish.

REMARKS.

The Standing Committee of laymen has done good work towards furthering the interests of this Church.

A new society called "The Appleton Association," made up principally of young men and young women of the Church, has been useful in awakening an interest among young people in religious and social matters of this Church. At Easter, 1888, the Appleton Association presented a handsome pair of brass altar-vases, of the value of \$14.28.

"The Women's Sewing Guild" has bought for its work a sewing-machine. It has also given handsome red-and-gold cloths for altar, pulpit, and lecturn which are a great addition of beauty to the Church furnishing. They were used for the first time at the visitation of the Bishop.

On the evening of January 25, with the annual Confirmation, was held also a service in memory of the late Hon. William Appleton, to whom a handsome

[B.]

tablet has been erected by the Episcopal City Mission, in this Church. Samuel Elliot, L.L.D., delivered a scholarly and beautiful address, "in commemoration of William Appleton, the Founder, and E. M. P. Wells, the Missionary, of St. Stephen's Chapel, Boston."

The "Chapel Fund" amounts now to \$1,215.88.

There are many in this Church who were confirmed years ago, but who never have been here to the Holy Communion since this Church was opened, in May, 1885. Consequently, they became practically non-communicants, and are not included in the foregoing statement of the number of communicants, which excludes also some who receive Communion here, but whose names are still on the books of other Parishes.

REMARKS.

The work at St. Augustine's as regards the *number* of persons gathered under the influence of the Church is probably as extensive now as it will be, until we are enabled to erect a permanent and more capacious Church building. The moulding influence which the Church exercises upon those brought under her ministrations is continually and perceptibly increasing. Until the Epiphany, the Rev. John Woods Elliott was in special charge of

[B.]

the work. And from that time until Easter we had the assistance of the Rev. Reeve Hobbie.

The chief fresh feature in the past year's experience has been the opening of St. Monica's Home, on Phillips Street, by the Sisters of St. Margaret, who receive there sick colored people who would not be admitted into other hospitals. The House serves also as a centre of influence in the neighborhood, and as a meeting-place for some of the Women and Children who are under the Sisters' care and instruction.

REMARKS.

In the absence of the Rector in Europe, on account of ill-health, since December 11, the Wardens present this Report, necessarily imperfect in some of its details,

On the morning of June 16, 1887, our Church building, which we had occupied for thirty-seven years, was burned by an incendiary. The destruction was total, the salvage amounting to barely \$80. The building and organ were insured for \$11,000, out of which our debt of \$1,500 was cancelled, and also an encumbrance on the land to the amount of \$500. It having long been the opinion of the Rector and many of the people that the old site was unfavorable for the growth of the Parish, the land was sold for \$5,000, and a new lot purchased at Upham's Corner. Plans have been accepted and contracts made for building, the ground is broken, and it is hoped that the new Church will be ready for occupation before another winter. The contributions of many kind friends are gratefully acknowledged.

Since the fire, Services have been regularly continued in Winthrop Hall, Upham's Corner, and a Mission Sunday School has been established near Mount Bowdoin to accommodate children unable to attend at so great a distance from the old site.

They are not included in the statistics. The actual number present, as a rule, is scarcely represented by the above data. Many of the particulars requested cannot, in the nature of the case, be given under the circumstances. The Sunday School is due to the desire of the worshippers that their children have such instruction; and, at their request, Mr. Lawrence exercises supervision over it.

REMARKS.

We have not had a settled Rector since January, 1888. We have held on Service a Sunday (morning), the Rev. J. Frank Winkley in attendance, and under his care we have gained in strength, and the Mission looks more prosperous than ever, and with a Church lot, and the same paid for, we are hoping this year to build a Chapel, and we are working now to see what can be done. We want a building costing not more than \$2,000, and with outside help we hope to have our building ready for worship the coming Fall. All of our members are in moderate means, but they are hard at work, and trying to build up Christ's Church.

REMARKS.

On the first Sunday in October the Rev. F. W. Merrill took charge of this Parish as officiating minister, awaiting his letter of transfer from the Diocese of Adelaide, South Australia.

The large number of Communicants reported as removed or lapsed is accounted for mainly by a careful revision of the list of Communicants made upon the basis of the Christmas and Easter Communions.

The introduction of the surplice choir under the efficient direction of Mr. H. K. White, jun., has proved a great success.

A very beautiful white satin altar-cloth was presented to the Parish on Christmas by friends, chiefly outside the Parish.

REMARKS.

The present Rector, the Rev. Arthur H. Proffitt, having completed almost two years as Rector of Grace Church, Chicopee, tendered his resignation, to take effect May 1, 1888. At this date, I am happy to say that the Parish begins its Conventional Year free from debt, all expenses having been paid. During the year, St. Andrew's Brotherhood was established, beginning with a membership of nine. Much spiritual earnestness was shown by many, and strong devotion to the Church. For a time, the Rector held Night School, with the assistance of Mr. Charles H. Hamilton as Assistant, and some good was accomplished among our boys. Many little gifts have been presented to the Church, for the adornment of the chancel, etc., not recorded elsewhere. The present Rector resigns on account of a throat affection, making absolute rest necessary for a time.

The congregations were large, frequently filling the Church, and were apparently much interested. The influence of this Summer Church for good, cannot be questioned.

REMARKS.

In making this Report, so far as parishioners and actual communicants, I have had to depend largely upon the one of last year, as no complete or official list is at hand.

When the ground has been covered by a careful canvass, there will beyond a doubt be found many more, thus making the list somewhat larger.

A note of \$500 on Church land has just been taken up, and the prospect of a building for temporary use is good; this to be used while waiting for a permanent edifice.

As a Mission field, Everett is one of large prospects, and of more than usual encouraging features, and a grandly successful work is beyond a doubt.

REMARKS.

The features of the past year have been heavy losses by death and removal; the transfer of about 50 communicants to St. Mark's; great activity in Parish work, and most liberal giving on the part of the people. Especial mention should be made of the beautiful memorial window, placed this year in the chancel by Dr. James W. Hartley, in remembrance of his son Richard, who died at Vienna, May 29, 1881. It was uncovered in the Church Sunday, June 3, 1887, and was made in London by Cox Sons, Buckley & Co.

REMARKS.

The Parish has to thank the Church of St. John the Evangelist for a new altar and a beautiful brass cross which were first used at Easter. In January the Rev. Edward Osborne preached a Mission in St. James' of twelve days. This is the second Mission in the Diocese. It has proved the means of a marked revival of the life of the Parish, and is especially note-

[F.]

worthy in the increased number of men who are now very enthusiastic the work of the Church. This interest increases. The work of the Parish entirely composed of mill operatives, is somewhat burdened by the remaining debt of \$3,500.

In addition to the work in St. James', the Rector has held a service at Christ Church, Swansea, since the beginning of Lent. This Parish is in great need of a Rector, for the work is especially promising. The congregations have doubled in numbers, and the interest has greatly increased.

REMARKS.

There was placed in the hands of the Rector during the year, about \$175. This sum was from various friends interested in the peculiar work which falls to the lot of the Church in this neighborhood. A portion of this still remains to be used as occasion requires; the rest has been distributed as need requires. Boxes of clothing have also been received and given to those in need, and much suffering among the wives and orphans of the seamen has been thus alleviated. The past year has seen much of distress among this class, and the aid thus afforded has been most timely.

The statistics of families and individuals in the Parish as given above can only be given approximately. Our population is very unstable, families and individuals are constantly coming and going.

There are very many in the city who hold a nominal connection with the Church, and who are continually calling for the offices of the Church, and yet are only occasional attendants upon the services, and from whom no financial support is derived by the Parish. They need to be ministered to, and yet are so loosely held that they can scarce be counted in the official account of our strength. Even of the 125 confirmed reported, probably not above 75 even of that number are actual communicants. It is, therefore, exceedingly difficult to make an accurate enumeration, but the best that could be done under the circumstances is given above.

REMARKS.

During the past year the Parish Church has been repaired, decorated, and furnished with new windows, five of them handsome memorials by Charles Booth of New York and London. That in the chancel was provided by a popular subscription in memory of the Rev. D. G. Anderson, who was rector of St. James' from 1870 to the date of his death in 1882. The other four are gifts from as many families in memory of loved ones now in Paradise. The total expenditure on these improvements (including funds accumulated for the purpose prior to 1887, and reported to previous Conventions), has been over \$3,700. Important repairs have been made on the rectory. With the adoption of the systematic offerings plan, the contributions to missions show a gratifying increase over those in previous years. The past Lent witnessed the formation of a Parochial Branch of the Woman's Auxiliary, which has done good work already, and gives promise of greater usefulness in the future. By a resolution of the Vestry, adopted St. Mark's Day, St. James has become a free Church.

REMARKS.

The Parish has received many beautiful gifts. A handsome wrought-iron Rood Screen, a brass Pulpit and Chancel Rail, a stone Font, Altar Hangings and Linen.

A great blessing has been vouchsafed the Parish in the form of a Mission held for ten days commencing April 15, and lasting until April 25. It was conducted by the Rev. Father Hall of the Order of St. John the Evangelist. The pure word of God was preached with power, a favorable sentiment created in the city in favor of the Church, and many have been brought to Baptism as the immediate result.

I have held services in Merrimac Village, have officiated also in South Groveland.

REMARKS.

There is no increase in numbers to be recorded. A vigorous branch of the Young Woman's Friendly Society has been planted, and has already brought forth much fruit. Very great improvement of the land about the Church has been made, giving grace and beauty to its surroundings. The Church School has lent its very important and valuable help. This School deserves the support of liberal-hearted men. It would have a very sad effect upon the prospects of the Church in this part of the Diocese, were the School allowed to fail for the want of that support.

Special mention is made here of a new Communion Service of Sterling Silver which has been given to the Church through the efforts of the children of the Parish, and was used first at the Easter Festival of this year. It is a service of seven pieces manufactured from designs made for this purpose by a Boston house, and forms an enduring memorial of the labors, faithful and self-denying, of our children. The Lord's Table has also been adorned by gifts of an Altar Cross and two Vases in heavy brass, from the Ladies' Parish Guild.

REMARKS.

No Services in the Parish for a long time. The friends that are faithful to the Faith of their Fathers are not endowed with a great deal of this world's good, but would cheerfully help according to their means. It is a pity to see this Ancient Parish get so backward in this age of progress. We have had no Church Building for many years, but we hope a change will come for the better.

I am yours respectfully,

JAMES FIRTH BRAITHWAITE,
Clerk and Junior Warden.

REMARKS.

The present Rector took charge of the Parish, September 15, 1887, after interim of three months, during which period the Parish was supplied by different clergymen, the former Rector, the Rev. J. T. Magrath, having signed on June 5, 1887. Consequently the Report embraces the work a little more than seven months.

The Parish never was in a more united condition; the steady growth showing the disposition of all to work, and work hard. St. Andrew's Brotherhood held a Kermis, netting \$800, which has been expended for the benefit of the Parish. St. Margaret's Chapter have met and worked faithfully and regularly. The Ladies of the Parish sent off a box to a Missionary in Indiana. The Altar Chapter have provided beautiful and seasonal Altar vestments and hangings. A handsome brass memorial Altar Cross was given by an earnest working member of the Parish, Mr. Charles P. Fox. The Church is now lighted with gas; the polished brass gas-fixtures being the gift of St. Andrew's Brotherhood. It is purposed before next winter to build a Parish House on the Church grounds for Sunday school and other purposes. Christ Church Parish begins a new Convention Year with bright prospects of even greater increase both as to numbers and spiritual interest.

REMARKS.

The great event in the Parish history during the past year has been completion and furnishing of the stone Church, a memorial gift from family. A finely carved stone font was given by his widow in memory of Samuel Rice, the first Warden of the Parish, and in the Church there carved stone, once forming part of Melrose Abbey, sent from Melrose to the Parish. The Church consecration was on the 21st of June, the Queen's Jubilee, for certain reasons a very appropriate day.

The sermon was preached by the Bishop, and to him was given the offertory, to be distributed in the Diocese at his discretion. The Parish met with unusual loss in the deaths within a day of each other of two senior Wardens.

Boxes of work done by the ladies and girls of the Parish have been sent to the Church Orphanage at Memphis, Tenn., and to Christ Hospital, Jersey City, N.J. I should value these at about eighteen or twenty dollars. The large numbers visiting Nantucket as a Summer resort, have convinced us of the necessity of enlarging the Parish Church. A fund has been started for this purpose, and about three hundred and fifty dollars have been paid in. This is not included in the above financial report.

Services were held during the past Summer at Siasconset (within the bounds of this Parish) once each Sunday, to provide for the Church people visiting there, in addition to the regular services in the Parish Church. About fifty dollars were collected there, which is included in the above report. The present Rector entered upon his office the first of June last.

REMARKS.

On the third Sunday in Lent, 1887, a few zealous women from the Mother Parish of Grace Church opened a Sunday School in a deserted but then convenient building, at the extreme south end of the city, known as Olivet Chapel; one hundred and four adults and children being present.

During the Summer past, the work was faithfully maintained, and on three Sundays only were there Church services by a clergyman.

On the first Sunday in September last, the present incumbent, at the nomination of the Bishop, took charge. In October, "The Olivet Mission" was duly organized under the canons. The Parish has grown steadily, and is now in a most healthy and promising condition, being composed chiefly of English people, who most gratefully appreciate their renewed and familiar religious privileges. And the inspiring nature of the worship, the honest, hearty responses and music, are enough to lift one's soul in thanksgiving to God, that such a congregation has been gathered and added to our Communion. The preceding figures of the Report are commended to a careful consideration as, under the Divine blessing, the fruit of one year of incipient undertaking, and as the answer to the prayer of those who first went forth in fear but in faith.

Further particulars were published in the January "Diocese." God's blessing and the success justify, we humbly trust, the new organization.

A most eligible lot of land for a Church is secured, and about one-fifth of the price raised by the self-sacrificing efforts of the parishioners and their immediate friends.

The present Chapel, only loaned for our use, is now far inadequate, and the pressing need is, a proper Church building, or the money to obtain it. The people are poor, and working hard for their daily bread. Much help and encouragement have been received from the Church people of New Bedford, and but little more can be expected from them. We pray that the Holy Spirit may move some hearts elsewhere to help us to build an house unto the Lord. Brethren, who are rich in this world's goods, will you not give us of your abundance for Christ's sake?

An oaken pulpit of stately proportions and elegant design, richly adorned with carved work, enriches our chancel. It is the gift, in loving memory of Caroline Livermore Abbott, of her children.

Two faithful Vestrymen, Mr. George Mills and Mr. Henry P. Eaton, have finished their earthly labors. The Parish sorely misses them from her assemblage of faithful men.

Toward this purchase, \$2,000 has been raised, \$1,255 of which came from within the Parish, and \$745 from outside.

In the absence of a definition of the term, "Communicant" in the Parochial report, all confirmed persons, and all others who have come regularly to the Communion, are classed as Communicants.

A flourishing Mission has been planted and maintained at Greylock, factory village two miles west of North Adams, by the joint effort of the Minister in charge of St. John's, Williamstown, and the Rector of St. John's, North Adams.

The attendance varies between 50 and 100. The proprietors of the Greylock Mill very kindly allow the use of a bright, commodious hall, well furnished with chairs, lamps, melodeon, etc., and heated by steam. The people provide transportation for the Clergymen, and have procured Prayer Books, Hymnals, Bible, Reading-Desk, etc.

[N.]

The Services have been held on the second and fourth Sundays of each month, but it is hoped by enlisting lay co-operation to have Divine Service every Lord's Day.

REMARKS.

It is a pleasure to be able to report a few additions to the possessions of the Church which enrich it, and increase its power of usefulness: First, a Guild Room, capable of seating about a hundred persons, and useful for occasional meetings of all kinds; second, a brass alms-basin, presented by the Sunday School as a memorial to the late William C. Robinson, formerly Chief Warden; third, through the generosity of an anonymous friend, it has been possible to purchase much-needed books for the use of the Choir and Sunday School, and to increase the attractiveness of the Sunday-school Library by the addition of many new books.

About forty of the students at Smith College attend the Church regularly, and form a source of strength which does not appear in the Report.

REMARKS.

The Mission was vacant from June, 1887, until February 1, 1888, when the present Minister took charge; so that there has been only about four months of work done in the last year on the part of a settled Clergyman. The prospect, please God, is bright for the future. I find the people earnest and ready to second the Priest's efforts. A house has just now been bought for a Rectory at a cost of \$5,000; and, when possession is had in a week or so, will be free from debt. We thank God for the good people who have made this possible. I do not include the cost of the house in the year's receipts of the Parish, as the money has not yet been paid in.

REMARKS.

The past year has been a notable one for this Parish, in that the Parish has paid off an indebtedness in notes on its property amounting to \$2,865. The money was raised almost entirely within Parish limits, and by voluntary offerings of the people. One chief feature of the work was that the amount was subscribed and paid within three months' time. Only those who know the Parish well can form an idea of how much this work speaks of its increased and increasing prosperity.

REMARKS.

The Parish has been without a Rector since the 1st of February last. A Parish was organized at Easter. This step compels it to give up the aid it has always received from the Diocesan Board of Missions, since its start fourteen years ago.

The sole source of income here is the weekly Offertory. The, so-called, "pledge" system is used.

During the past year there has been organized a Parish Guild, which includes in its Chapters a Branch of the Brotherhood of St. Andrew. A few of the older Sunday School children have earned money enough to pay the larger part of the cost of a pipe organ for the Church, and the Sunday

[P.]

School, as a whole, have undertaken the payment of the remainder. In Easter-Week a successful sale by the ladies of the Guild netted the treasury \$213, and this, with the addition of money from outside friends, will pay all bills due, and leave a handsome balance in the treasury.

Standing alone for the first time in its history, with a congregation earnest and wholly united, with no debt, with enough money assured to have a Rector entirely its own, in the midst of a busy town of 10,000 people, the outlook for this Church is certainly encouraging.

REMARKS.

The Services of the Church have been duly maintained through the year. We are indebted to the Rev. Dr. Arey of Salem and the Rev. Dr. Millett of Philadelphia, who kindly ministered to us one Sunday each last Summer. With the help of the Diocesan Board, we were enabled to have a Celebration of the Holy Communion monthly through the Winter, the Rev. Andrew Gray, of Boston, coming to us on those occasions for the small amount which we could raise.

The Rev. Charles A. Hayden, Rector of St. John's Church, Gloucester, kindly provided for our spiritual wants through the Lenten season, and has taken charge of the Mission for the coming Summer months, giving us a Service Sunday afternoon. We have entered our third year full of hope and courage, trusting in the Divine Promise, "Be not weary in well doing, for in due season ye shall reap if ye faint not."

The total amount received up to date toward the erection of a is \$2,230.36.

The financial prosperity of our Church has been very materially in with by the labor difficulties at the Glass Works, — the principal ind Sandwich. Owing to the uncertainty of the issue, the building of posed Church has necessarily been delayed. When the question in is settled and the works again set in operation, the decision, it is felt, permanent. We shall then endeavor to carry on the building of the as speedily as possible.

The parishioners have sent to Basil Courtney, the youngest son Bishop of Nova Scotia, an illuminated testimonial expressing their g for the large gift of more than five hundred dollars received from him result of his own efforts and of the generous interest he has aro others in behalf of the new building for St. John's. Such a deed in young we have deemed the Church at large would be glad to hear so we incorporate it in our Report of the year.

During the past year, the Services of the Church have been well attended, and with an increasing interest on the part of the congregation. The subscriptions for Parochial expenses have been liberal, the Treasurer reporting a balance of \$200, in the treasury at Easter.

It should also be added that the sum of \$5,000 has been given by the members of the Parish, during the past year, towards the purchase of an adjoining piece of land for a public park, at an expense of \$20,000, by which the Church is greatly benefitted.

REMARKS.

From January 1887 to January 1888, the Parish was in charge of the Rev. Albert Eugene George, being part of the joint Mission of Canton and Walpole. Services since then every Sunday, supplied.

The Rector's Record Book is in a very incomplete state, so that it

[W.]

possible to give further information as to families, communicants, etc. Since January 1888, the record has been kept up as regards additions by the Clerk.

The Sunday School has felt the absence of a Rector severely. It still is held, but the numbers present vary so that it is impossible to give any figures. With the exceptions noted, the Report should be practically unchanged from the Report of the Conventional year 1886-7, as there have been very few changes in the various families of the Parish.

The Parish owning no building, Services are held in the Methodist Chapel, so-called.

It is confidently believed that the debt on the Church lot will be cancelled within a couple of months.

The Parish was incorporated under the general law of the State, July 1, 1887.

TRINITY CHURCH, WARE.

The Rev. CHARLES WADSWORTH DUFFIELD, *Rector*.

Residence, Ware.

Baptisms: Infants, 5. Marriages, 2. Burials, 3. Communicants: Present number, 27. Sunday school: Officers and teachers, 5; scholars, 25; total of officers, teachers, and scholars, 30.

RECEIPTS FOR PAROCHIAL EXPENSES. — For all current expenses, including salaries, \$1,078.77. For purchase of lot for Church building, \$3,700. For supporting schools, or other Parish institutions, \$31.22. Total, \$4,809.99.

REMARKS.

This Parish as at present existing is but seven months old; and has therefore little to offer for a Parochial Report. In 1873 a Parish was organized, and its Reports appeared for two years in the Convention Journal. But in 1875 Services ceased, except occasionally. In the last three or four years of his life, the Rev. Jno. S. Beers, our Diocesan Missionary, held Services as often as his other duties would permit, intending soon to form a Mission, with weekly Services again. This intention has now been realized; and a future that is promising is opening before us.

We have just bought, and wholly paid for, a lot of land; and have already received some generous subscriptions for a Church building — which we purpose making a Memorial to Mr. Beers. An Architect has sketched a plan of the proposed building: it has been accepted, and we hope to see it completed in the Fall of this year 1888.

We begin with 27 Communicants, and are self-supporting as to current expenses. But we earnestly solicit aid in building our Church, — partly because we need help for this purpose, and partly because this Memorial to our late Missionary could be built with great propriety, we think, by a general subscription from the Church-people of the Diocese.

REMARKS.

Our Church was greatly honored the past year by being the scene of the translation of the Rev. Dr. Malcolm Douglass to the quiet rest and happiness of Paradise. Shortly after his return from England, — on Sunday the 25th of September, 1887, — Dr. Douglass came to assist the Rector in Divine Worship. And whilst in the midst of this — the one was taken and the other left. A mural tablet of oak and brass erected by his widow marks the place of the event. The family of Dr. Douglass desiring to make another Memorial have established the Malcolm Douglass Christmas Fund — the income of which is to be distributed yearly at the Christmas Season amongst the needy, in order that his kindly spirit, as in times gone by, may still go on ministering to the hungry and destitute brethren of Jesus. His name is placed high on the roll of the benefactors of our little Church. Along with Dr. Douglass we again make public our grateful recognition of the personal Services of Major Edmondston, the able Lay Reader of the Parish, who Sunday by Sunday has continued his faithful and devoted ministrations.

REMARKS.

The year has been one of encouraging growth. Our new Church is in process of erection. Its style is that of the early English Gothic. It will

[W.]

be of stone, and so constructed that by the addition of a north transept and lengthening of the nave, there can be enlargement when it may be advisable.

During the year, the Home at Sunnybank has been opened. This is in charge of the Sisters of St. Luke, and there are twenty children belonging to the house and receiving its faithful care. This very commendable activity, while at present taking the form of a Home for children, will soon include hospital-work, for which Sunnybank is very advantageously located.

During a part of the Summer and Autumn, Services were held in the Waverley district of the town of Belmont. Miss L. Hill, a Church-woman and principal of the Select Home-School for young ladies, offered for the Services the parlor of the Thayer Mansion in which the school is located. A Church Guild has been organized, consisting of those in the town of Belmont who may sympathize with us, and under the auspices of this Guild, Services will be resumed in the coming Summer, in the hope and expectation of deepening in this beautiful suburb of Boston an interest in the worship and work of our honored Church.

REMARKS.

It should be remembered, in connection with this Report, that the Parish was without a Rector for about six months during the past year; and that, previous to the resignation of the late Rector, he had been compelled to be absent from the Parish for about four months, on account of sickness.

The present Rector took charge on the 1st of November. Since that time there has been a large increase in the Sunday attendance, though the Parish had lost much through the long interim. A lot adjoining the Church has been given for a Rectory, and it is expected that there will be a Rectory before another Convention meets.

REMARKS.

Parish continues to be very harmonious, and the interest and efforts of the people keep increasing. The attendance on the Services has been on the increase, and a greater interest in the Church has been

[W.]

awakened in the town. We have lost members by removal and death, who were a great loss financially; but the gain in new members has more than made up for the loss, so that the Parish enters on the new year with a better financial condition. The Church is sadly in need of repairs, and efforts are now being made to raise money for these repairs. More than one hundred dollars have already been raised for that purpose; but, as more is needed, I have not included this item in the receipts, as it will be given in the next annual report. The seats in the Church are free, and the money for all expenses is obtained by voluntary contributions, and the efforts of the various societies in the Parish.

REMARKS.

A Parish under the name of the Parish of the Epiphany was organized and incorporated April 10, 1888. Since the acceptance of the work in Winchester by the Diocesan Board in the Fall of 1882, the steps in the growth of the Church have been the Mission organization early in 1883, the beginning of the movement to build a Church in January 1884, the completion of the building in January 1885, and its Consecration May 29 of the same year, — all under the ministrations of the Rev. C. M. Addison; and the relinquishment of the aid given by the Board at Easter 1887.

Communicants in this Parish (until some authoritative definition is given) are such persons as by their Confirmation are qualified to commune, plus such unconfirmed persons as attend Communion regularly.

REMARKS.

Regular Sunday afternoon Services have been held at Falmouth weekly during the Summer, monthly during the Winter, by the Rector. He has also given occasional Services at Grace Chapel, Vineyard Haven.

It has been determined to build a stone Church at Wood's Holl on the site of the present wooden structure, which will be utilized for Parochial purposes. The new edifice is to be given by Joseph Story Fay, Esq., for many years a resident of the place, as a thank-offering to Almighty God for mercies received.

The plans are now in course of preparation.

REMARKS.

The Rev. Arthur W. Hess became the Rector's Assistant at the beginning of Lent, 1888.

[W.]

Services have been held at West Boylston during the past six months, under the direction of the Rector of All Saints'. Mr. Harry Von Glehn of the Divinity School has been licensed as Lay Reader for the further conduct of the work. The average attendance has been sixty in spite of the severe Winter, and a Sunday School numbers forty-five. The statistics of the Mission do not appear elsewhere.

In the summer of 1887, the Church and Parish buildings were put in thorough order, recarpeted, and the chancel redecorated at an outlay of \$2,400. A Rectory has also been purchased. Although the establishment of St. Mark's Mission, in September last, naturally drew largely from the congregation and Sunday School of All Saints', the Parish has been enabled to report, owing to the increase of the year, an unimpaired number of Communicants and Sunday scholars; and the Mother Church has extended her hearty "God-speed" to the new organization, which has a great field about it promising abundant harvest.

The Rector reports as Communicants those who have communicated during the year, and he performs the marriage service for those only who are personally known to him.

ST. MARK'S MISSION, WORCESTER.

The Rev. LANGDON C. STEWARDSON, *Minister in Charge.*

Residence, 30 Richards Street, Worcester.

St. Mark's Mission, Worcester, was organized September 14, 1887; and on October 2 the Sunday School had its first session. The first Service was October 23. A lot, situated at the corner of Main and Freeland streets, containing 23,000 feet, and large enough for Church and Chapel, was immediately secured. The sum of \$3,074 was paid in cash; and, through efforts of St. Mark's Aid Society, the amount of the mortgage (\$6,000) already been raised, and will be paid on the 1st of July next. By the donations of the ladies of this Society, the sum of \$227.79 has been added to resources of the Mission; a portion of which has been expended in the purchase of a Communion Service of silver. The Treasurer reports that the day contributions from October 2, 1887, to March 25, 1888, inclusive, amounted to \$279.89; also that more than fifteen hundred dollars have been already pledged for the current expenses of the present year. At the visitation of the Bishop of the Diocese, the Rev. Thomas W. Benson of Rochdale, presented four candidates for Confirmation, and previous to this he baptized one child and one adult. The Minister in Charge entered upon his duties Easter Day, April 1, 1888. In addition to four persons confirmed, fifty others have declared their intention of becoming Communicants at St. Mark's. The new stone Chapel, accommodating some four hundred persons, is to be completed at once; and the Executive Committee of the Mission have been advised that it will be ready for occupation next Christmas Day. The Mission is in a most flourishing condition, and gives every promise of continuing, at no very distant day, a strong Church.

REMARKS.

The present Rector entered upon his duties July, 1887, and records the warm sympathies and support of an united congregation. The amount reported as expended in the "improvement of Church property" was for two new furnaces, — much needed. The Rector finds an extensive Missionary field in the country and to towns adjoining. His thanks are due, and most gladly given, to the Senior Warden for the use of his horse and wagon which has enabled him to conduct Divine Services in places hitherto without them. In Franklin, with a population of over five thousand, Services were begun on the 1st of November last, and have been held every Lord's Day, in the afternoon, since. Twenty-four Communicants, and upwards of sixty souls, are now interested in the Mission of "All Saints." On week-day evenings, Services have been held at intervals in West Mansfield. Four Church families were found, including seven Communicants. Mr. W. Goodwin of Mansfield, a faithful and devoted layman, has been in the habit, for many years, of inviting Church-folk to join him in the Service of the Church at his home.

During the first eight months of the preceding year I officiated and preached thirty-nine times, attended eight funerals, administered the Holy Communion nine times, and solemnized two marriages. E. H. CANFIELD.

ARLINGTON, VT., April 16, 1888.

*To the Right Rev. Benjamin Henry Paddock, D.D.,
Bishop of Massachusetts :*

During the past year I have regularly discharged the duties of my office, as Chaplain of the City Institutions of South Boston. My duties, as set forth by order of the City Government, may be included under the following divisions: 1st, Chapel services; 2d, Library and book-supervision and distribution; 3d, Interviews and instruction given to all prisoners, during the service of their several sentences; 4th, The visitation and administration of the different offices of the Church in the Hospitals provided for the sick, in both departments, Male and Female, and generally in rendering such aid and counsel to any prisoners that are homeless, and utterly dependent upon the charity of our Public Institutions, and such other Christian work as may be required of me at my post of duty.

CHAPEL SERVICES.

Our Chapel services are ordered at one o'clock P.M., at which time prayer is said in accordance with the usages of the Protestant Episcopal Church of America. The reading of the Psalter and the Holy Scriptures, the recitation of the Apostolic Creed, the rendering of the Chants and Te Deum, the rehearsing of the Ten Commandments, with the responses by the choir, followed by a practical exposition of the Word of God, must have an elevating influence upon the men. During the past year I have invited, at different times, several of the Clergy to address the prisoners, with excellent effect. During the past year, I have found in the Chapel on Sundays, at the House of Correction, 697 natives of the United States, 369 natives of Ireland, 103 from the English Provinces, from England 65, Scotland 24, Germany 9, Sweden 9, Portugal 6, France 6, Italy 5, Poland 2, Belgium 2, West Indies 2, Australia 1, Denmark 1, Russian 1, Unknown 1, amounting in all to 1,303; of these 985 may be considered intemperate, 386 married. Persons born in Massachusetts who cannot read or write, 21. Persons who cannot read or write 184. Persons who can read but not write 42. All these persons have been interviewed by the Chaplain, during the past year, and have been supplied with Bibles, Prayer Books, and have been furnished with reading matter from the Prison Library. The *ex-convict*, his treatment and life, are *actually* more important than the convict himself. He is a more important factor in reference to the suppression of crime, than all other means combined. This subject is now occupying public attention.

LUNATIC HOSPITAL.

The Services of the Protestant Episcopal Church have been rendered every Sunday morning at ten o'clock in the Chapel, and other Services of the Church, as circumstances may have required. There have been 213 patients treated, during the year; of these, only convalescents are allowed to attend the Chapel Services.

[C, F, G.]

During the recess of my Chapel Services in July and August, I have officiated in several of the Churches in the city, also in the city of Nashua, H., and have assisted the rectors of South Boston in the several offices of Church as required in their absence.

The same necessity for my residence here still continues, and much against my inclination, I am forced to submit to a cessation of regular pastoral duty.

Owing to severe illness from sciatic disease, which still continues, I have not been able to engage in Missionary work in Wareham, Sandwich, Westable, Vineyard Haven, Falmouth, and Woods' Holl in the earlier parts of the Conventional year. I had two services at Monument Beach in the summer, and the people attended in good numbers and were desirous of other Services, but I was engaged elsewhere. For the last six months I have been utterly unable to assist in any way.

*the Right Rev. Benjamin Henry Paddock, D.D.,

Rt. Rev. and Dear Sir, — It gives me pleasure to report that I have been engaged in the work of my sacred calling every Sunday, and several week-days besides, during the past Conventional year. My work up to June 22, when my resignation of that Parish took effect) was at St. Luke's, Chelsea. My official acts for the year are as follows: —

Baptisms: Infants, 18; adults, 4; total, 22. Marriages, 5. Burials, 22. Presented for Confirmation, 4. Celebrations of Holy Communion, 37. Sermons and addresses, 122. Said Morning or Evening Prayer in public (number of times), 128. Assisted in Public Service (number of times), 22.

Respectfully yours,

*the Right Rev. Benjamin Henry Paddock, D.D.,

I have, during the past year, continued my duties as Dean of the Faculty of Episcopal Theological School and Professor of Systematic Divinity, with

[G, H.]

the care of the services in St. John's Memorial Chapel, which devolves upon me, with the assistance of the Rev. Professor William Lawrence. The accompanying Report of the work in connection with the Chapel shows that it continues to be an important factor in the Church life in this Diocese, though having no Parochial organization.

There have been twenty-six names on the roll of students, and I am happy to state that, in many respects, it has been a year of unusual gratification. Eight of the students belong to this Diocese, and they, as the others, have commended themselves by their diligence and consistency. The four who went from us to the work of the ministry in June last make the total those who have here prepared for Orders an hundred and eleven, of whom thirty-four are under your jurisdiction. Your familiarity with our work and your official relation to the School, preclude the need of any detailed statement of these my duties.

With our united thanks for all your kindnesses and favors, I remain,

Yours very respectfully,

ORDER OF BUSINESS.

FIRST DAY OF THE SESSION.

A.M.

At the hour appointed for the opening of the Convention, the President shall take the chair, when the order of procedure shall be as follows:—

I. 1. The Lord's Prayer, and the "Prayer to be used at the Meetings of Convention."

2. The Secretary shall call the names of the Clergy entitled to seats and votes, and of those entitled only to seats in the Convention. He shall then call the names of Parishes, and receive certificates, as by Sect. 4, Canon 2, Title I.

3. The President shall appoint a Committee on Qualifications, to whom the list of the Clergy and the Credentials of the Lay Delegates shall be referred.

II. The Administration of the Holy Communion, and the Sermon by the appointed Preacher; unless the Bishop shall deliver a Charge to the Convention.

III. 1. Immediately after Divine Service, the Committee on Qualifications shall report. The Convention shall act at once and without debate, upon all undisputed names and credentials. All questions of membership raised by the Committee or by the Convention shall be laid aside temporarily.

2. The Secretary shall call the names of the Clergy and of the Lay Delegates, as the same shall have been approved by the Convention.

3. A constitutional quorum of both Orders being present, the President shall declare the Convention organized for business.

4. The election of a Secretary.

GUIDE IN ORGANIZING NEW PARISHES.

A Resolution of the Convention (Journal of 1871, pp. 45, 46, and 196) recommended, as a guide to new Parishes in organizing, a Form of Constitution and By-Laws.

At the Meeting of the Convention in 1883, a Special Committee was appointed to consider the possible legality of the Form for Constitution and By-Laws in the organization of Parishes.

At the Meeting of the Convention in 1884, this Committee reported a Form of Constitution or By-Laws for Parishes, which (Journal of 1884, pp. 91-94) was substituted for that adopted in 1871.

The Form adopted in 1884 was amended at the Meeting of the Convention in 1887.

The Form adopted in 1884, and amended in 1887 and in 1888, is preceded by important requirements of the Constitution of the Diocese; viz., —

ARTICLE 12.

ADMISSION OF A PARISH INTO UNION WITH THE CONVENTION.

SECTION 1. To entitle a Parish to admission into union with the Convention, such Parish shall submit to the Convention a certified copy of its Articles of Association, or other satisfactory evidence of its organization (or, if specially incorporated, of its Charter), and of its Constitution and By-Laws: in which it must be declared that such Parish accedes to the Doctrines, Discipline, and Worship, the Constitution and Canons, of the Protestant Episcopal Church in the United States, and to the Constitution and Canons of this Diocese; and such Parish shall lay before the Convention written evidence, subscribed by the Wardens and Vestry, that it has been duly organized as such for the space of one year, and during that time has held regular public services.

SECT. 2. Copies of said Articles of Association or Charter, and of the Constitution and By-Laws of such Parish, together with the circumstances and need of its organization, must also be submitted to the Bishop and Standing Committee of the Diocese, at least one month before the Annual Session of the Convention, and be approved by them respectively; or, if not so approved, he or they shall report to the Convention the reasons in writing of such disapproval. The whole subject, with all the documents, shall be referred to a special committee of three Clerical and three Lay Members of the Convention, to report thereon.

The Resolution and the Recommended Form of Constitution or By-Laws for Parishes are as follows: —

Resolved, That in order to secure as much uniformity as local circumstances will permit, and also to place the management of Parish affairs on a wise and just basis, the following Form of Constitution or By-Laws is recommended: —

SECT. 26. Any ten or more persons, male or female, who desire to form a religious society, may make for that purpose an application in writing to a justice of the peace; and such justice may thereupon issue his warrant directed to one of the applicants, stating the objects of the proposed society, and requiring him to warn said persons to meet at a time and place appointed in the warrant. Boston, May 22, 1889.

The Rev. JOHN GREGSON, from The Central Convocation, made the following Report: —

REPORT OF THE CENTRAL CONVOCATION.

The Convocation respectfully reports that three regular Meetings have been held. At Wilkinsonville, with St. John's Parish, in June, 1888, the Annual Meeting, when officers were elected for the year. The Rev. Mr. Paine, after six years' service as Secretary, declined a renomination. Nov. 13, at Fitchburg, Christ Church, an important and interesting Meeting. The Constitution was thoroughly revised: By-Laws, and Rules of Order established. A copy of the Constitution is submitted herewith. At this Meeting a proposition was made to secure a Missionary Clergyman for work at large in Worcester County. The third Meeting was held at Clinton, in the Parish of The Good Shepherd, Jan. 29, 1889, and the Constitution was formally adopted. A new feature of the Convocation this year is a Meeting of the Woman's Auxiliary to the Board of Missions at the

same time and place. It has brought about a more intelligent interest in Mission work, and a larger attendance on the part of the Lay members of the Convocation.

The officers elected June, 1888:—

President, ex officio.—The BISHOP OF THE DIOCESE.

Dean.—The Rev. JOHN B. WICKS, Milford.

Secretary and Treasurer.—The Rev. JOHN GREGSON, Wilkinsonville.

Members of the Board of Missions.—The Rev. ALEXANDER H. VINTON, Worcester, and Mr. JAMES CUNNINGHAM, Worcester.

JOHN GREGSON, *Secretary*.

WILKINSONVILLE, May 21, 1889

The Rev. JOHN C. BROOKS, from The Western Convocation, made the following Report:—

REPORT OF THE WESTERN CONVOCATION.

The Secretary of the Western Convocation of the Diocese of Massachusetts respectfully reports to the Convention that there have been two Meetings held during the past year, one on June 11, 1888, at St. James' Church, Greenfield, memorable as also commemorating the Seventy-Fifth Anniversary of the incorporation of the Parish, and the other on Feb. 4, at St. James' Church, Great Barrington, at which the subject of the introduction of the Laity into the meetings of the Convocation was fully considered and submitted to a Committee.

The following Board of Officers was elected:—

Dean.—The Rev. P. V. FINCH.

Secretary.—The Rev. J. C. BROOKS.

Treasurer.—The Rev. CHAS. J. PALMER.

Clerical Delegate to the Diocesan Board of Missions.—The Rev. C. W. DUFFIELD.

Lay Delegate.—Mr. MASE S. SOUTHWORTH, of Springfield.

JOHN COTTON BROOKS, *Secretary*.

The Rev. REUBEN KIDNER, from the Committee on Lay Representation, made the following Report:—

The Committee appointed at the last Convention to consider the subject of Lay Representation beg leave to make the following Report:—

Your Committee is of the opinion that the present method—three Delegates from each Parish—is neither equitable nor is it calculated to secure for the Convention the widest interest and co-operation of the Laity of our Church.

It has been the custom throughout the country to use the roll of Communicants as the most convenient basis of enumeration, and your Committee in suggesting a change in the present method of representation is convinced that the number of Communicants reported by the different Parishes furnishes adequate statistics upon which to base a new and better method.

But it finds among the Clergy considerable difference of opinion as to what constitutes a "Communicant," and as it is understood that in the next General

Convention it is proposed to discuss this question your Committee would request that further time be allowed it in which to prepare a Report.

Respectfully submitted,

REUBEN KIDNER,
JOHN T. MAGRATH,
ALEX. H. VINTON,
DANIEL B. HAGAR,
EDMUND H. BENNETT.

On motion,

Resolved, That the Report be accepted, and the Committee on Lay Representation be continued until the next Annual Meeting of the Convention.

During the past year the sum of *fourteen hundred and fifty dollars* has been appropriated to *four* beneficiaries.

The Treasurer's Report for the year shows the following items:—

Received from Convention Collection	\$97 10
" " Parochial Contributions from <i>twenty-three</i> Parishes	563 65
" " Invested Funds	923 00

The attention of the Convention is again earnestly called to the purpose and needs of this Society, as set forth in the Reports of former years. The growing appreciation, throughout the Diocese, of the individual responsibility of Churchwomen in the cause of Missions, is indicative of the real life that pervades our organization. One hundred and eighteen Parishes are enrolled as co-workers, and the offerings (in money and in Missionary boxes) have amounted to almost \$23,000.

REPORT OF THE TRUSTEES OF ST. LUKE'S HOME FOR
CONVALESCENTS.

The Trustees of St. Luke's Home for Convalescents present to its friends and the public the Seventeenth Annual Report of its condition and of its work for the past year, together with the account and statement of the Treasurer.

The Treasurer's account shows a total receipt from subscriptions, donations, and miscellaneous offerings of \$6,355.37, against \$6,605.59 in 1887. The expenses of maintenance, repairs, improvements, and insurance are \$8,181.30, against \$7,617.47 last year.

The number of patients maintained was 270, an increase of 30 over last year. The extra cost of maintenance was about \$240 over that of 1887.

As shown by the several reports, the work of the past year has been satisfactory and encouraging, and has received the same wise and thoughtful management as heretofore.

The Trustees feel that they can again justly commend the value and importance of the Home, and express the hope that its work will continue to receive the support and interest of all.

A legacy of five hundred dollars has been received from the late R. Gardner Emmons, of Boston.

Mr. ROBERT M. LAWRENCE, M. D., from the Episcopal Church Association, presented the following Report:—

ANNUAL REPORT OF THE EPISCOPAL CHURCH ASSOCIATION.

The number of meetings held at the Rooms since our last Report is larger than ever before, and the amount of business transacted has steadily increased. Through the agency of the Church Rooms forty-one Parishes in New England have secured a supply for their pulpits, four Parishes have obtained Rectors, while the services of Clergymen have been engaged one hundred and two times during the year. The weekly meetings of the Clerical Association have been continued, and are well attended. One of the most valuable uses of the Rooms is, as a Bureau of information. As an illustration of this fact, we may mention that not unfrequently, persons desiring to bequeath legacies to Church Institutions send to the Rooms to ascertain such technical points as the exact legal titles of those Institutions. Perhaps the most pressing need of our Church at this time is a Diocesan House, for the matter has been too long delayed.

Philanthropic Churchmen of wealth have now a grand opportunity to render the Church great service by giving of their abundance in support of this object, and we believe it important to continue to agitate the subject until a suitable building for a Church Headquarters is obtained.

At the Annual Meeting of the Association held Nov. 1, 1888, the following officers were chosen:—

Honorary President.—The Rt. Rev. BENJ. H. PADDOCK, D. D.

President.—ARTHUR J. C. SOWDON.

Vice-Presidents.—GEORGE C. SHATTUCK, M. D., JOSEPH STORY FAY.

Clerk.—HENRY M. UPHAM.

Treasurer.—ROBERT M. LAWRENCE.

Superintendent.—CECILIA SAINT CLAIRE ELTON.

Directors.—JOHN S. BLATCHFORD, ROBERT TREAT PAINE, CHARLES G. SAUNDERS, EDWARD N. PERKINS, HOWARD STOCKTON, CHARLES W. DEXTER, WILLIAM L. CHASE.

Respectfully submitted in behalf of the Board of Directors,

ROBERT M. LAWRENCE, *Treasurer.*

Boston, May 21, 1889.

The Report was accepted, and the following Resolution was adopted:—

Resolved, That the Treasurer of the Convention be and is hereby authorized to pay to the Treasurer of the Episcopal Church Association the sum of four hundred dollars.

The Rev. WILLIAM C. WINSLOW, D. D., D. C. L., from the Massachusetts Branch of the Free Church Association, presented the following Report:—

The Sixth Annual Report of the Free Church Association (Massachusetts Branch) is hereby respectfully submitted by the Executive Committee:—

The Rev. CYRUS F. KNIGHT, D. D., D. C. L. (now Bishop of Milwaukee), preached the Annual Sermon before the Association, on Sunday evening, Nov. 11, 1888, at the Church of the Messiah in Boston. The Church was thronged by the friends of the cause and of Dr. KNIGHT (a former Rector in Boston), to listen to his eloquent and inspiring discourse. No signal event marks our steady progress during the past year: the only ripples have been the calls for our documents, which are always mailed to applicants for them. Another Bishop, the Rt. Rev. C. C. GRAFTON, we are glad to note, is now added to the roll of Episcopal Patrons of the Association. The list of officers, elected Nov. 3, 1888, is as follows:—

President.—GEORGE C. SHATTUCK, M. D.

Vice-President.—The Rev. GEORGE J. PRESCOTT.

Secretary.—The Rev. W. C. WINSLOW, D. D., D. C. L.

Treasurer.—I. WELLS CLARKE.

Directors.—The Rev. R. H. HOWE, The Rev. S. U. SHEARMAN, The Rev. JOHN T. MAGRATH, The Rev. HENRY F. ALLEN, JOSEPH BURNETT, A. J. C. SOWDON, J. D. W. FRENCH, CHARLES G. SAUNDERS, and GEORGE C. TATE.

Respectfully submitted, for the Executive Committee,

WM. C. WINSLOW, *Secretary.*

The following Report of the Church Home for Orphan and Destitute Children was received from its Secretary, Mrs. RICHARD F. BOND:—

REPORT OF THE CHURCH HOME FOR ORPHAN AND DESTITUTE CHILDREN.

The Church Home has had an unusually eventful history since the last meeting of Convention. The ordinary changes average about thirty children a year dismissed, and as many new ones received, involving hitherto the usual difficulty of providing suitable homes for those whose relatives are unable to take care of them. This difficulty is now met by the possession of a beautiful farm of twenty-five acres, in Topsfield, which, with its buildings, implements, a horse and a Jersey cow, is the gift of Mr. Joseph E. Stanwood, as a memorial of his wife, Louisa Stanwood.

The Assistant Matron, Miss Lucretia Dexter, went there in April with nine of the older children, and they are already showing the good effects of the country life. Other friends of the Home contributed generously towards the furnishing and other expenses of establishing them in their new abode.

The Inspectors of Buildings declared that the means of escape from the Home in South Boston were insufficient in case of fire, and by their orders, iron staircases have been placed outside. This, and other unusually large repairs, and the current expenses of the Home in Topsfield, call for liberal contributions from all in the Diocese who are interested in the welfare of children.

Respectfully submitted,

SARAH A. C. BOND, *Secretary.*

CAMBRIDGE, May 21, 1889.

The BISHOP then delivered his

Sixteenth Annual Address.

(For the BISHOP's Address, and its Appendices, see Appendix A)

On motion of the Rev. GEORGE W. SHINN, D. D., the following Resolutions were adopted:—

Resolved (1), That so much of the Bishop's Address as relates to the proposed Diocesan House be referred to a Committee of five Laymen of whom at least one shall be from the city of Boston.

Resolved (2), That the said Committee be authorized to inform the Episcopalian Club that this Convention rejoices in the interest shown by the Club in the securing of this greatly needed building, and earnestly hopes that the effort put forth may result in entire success.

Resolved (3), That this Committee be directed to co-operate with the Episcopalian Club in such ways as may be possible.

The BISHOP appointed the following as the Committee on the part of the Convention to co-operate with the Committee of the Episcopalian Club:—

Mr. J. MONTGOMERY SEARS.
Mr. HENRY M. LOVERING.
Mr. FRANCIS C. FOSTER.
Mr. E. PIERSON BEEBE.
Mr. OLIVER W. PEABODY.

The Rev. REGINALD H. HOWE presented the Annual Report of the Diocesan Board of Missions, as follows (together with the Annual Account of its Treasurer, for which see Appendix C):—

From Parish offerings	\$9,680 48

" " " " " St. Paul's Church, Brockton . . .	4,169 54	
		<hr/>
Total expenditure for the year . . .		\$21,335 61

The expenditure for the year has exceeded the receipts \$473.19, and the year ends with that amount of debt.

As compared with the preceding year there has been an increase of receipts from Parish offerings for the general work of \$901.65, and a falling off in receipts from individual and special gifts for the same purpose of \$1,094.88. There has been an increased expenditure for stipends, and the work of the General Missionary, of \$552.47. The total receipts for the current work of the year have been \$313.44 less than in the preceding year, and the expenditure also has been \$187.76 less.

In addition to the receipts of the year for the general and current work, the sum of \$5,970.45 has been received as special gifts for the Churches in Fall River in response to an appeal of a Committee of the Board. These gifts constitute a part of the receipts of the Board for the year; but, as contributed for a special object, they are to be regarded as distinct from receipts for the general and current work of the year. It is a larger sum than has ever before been contributed to any special work of the Board, and may account in large measure for

the falling off in individual and special gifts for the general and current work of the year. The Board has heretofore felt itself greatly restricted in special undertakings and appeals of this character by the fear of diminishing the resources available for its general work. The only two previous instances of such undertakings are the extinguishment of the debt of St. Paul's Church, Natick, in 1877-78, the sum of \$2,963.91 being contributed in special gifts for the purpose; and the effort within the last two years in behalf of St. Paul's Church, Brockton, for which a total of \$4,169.54 has been contributed, and which sum is brought into the accounts of the present year, though it should have appeared, in part, in the accounts of the preceding year.

The Board in presenting its Fifteenth Annual Report would make it brief and to the point, its cogeny that of facts, not of words, and to it would respectfully ask the closest attention of the Convention. And first the Convention will ask and will expect to be told what has its Board done.

It has aided during the year in the maintenance of forty-four Parishes and Missions in thirty-nine cities and towns where but for its assistance they could not have been sustained. Forty-one Rectors and Missionaries, who otherwise must have discontinued their labors, have thus been kept in the field, engaged in their faithful work, and administering blessings to hundreds of souls which no words or numbers can ever set forth or record.

In two new places services have been begun, namely, in Athol and Winchendon, the General Missionary having so recently entered upon his duties that there has been but little opportunity to ascertain where other Missions might wisely be established.

One Parish, namely, Trinity, Milford, has become self-supporting.

Chiefly by their own efforts, but while enjoying the aid of the Board, Grace Mission, Everett, has erected a Church; St. Mark's, Fall River, has completed one; St. Paul's Church, Nantucket, has been enlarged; Olivet Mission, New Bedford, has acquired a Chapel which was already built; the Church of the Good Shepherd, Watertown, has been completed.

Special Committees of the Board have done special work for certain large centres of population. Through that which the Committee on Brockton have done, already reported, the Mission there is in a very much more promising and assured condition. The special Committee on the Churches in Fall River have raised the sum of \$5,980.45 and are now taking steps for the erection and completion the present year of a new Church for St. John's Parish. A great step forward has thus been taken in both these places. Much more remains to be done and is urgently needed in these populous and growing cities.

A peculiar interest attaches to the establishment of services in the town of Athol, a rapidly growing place of 7,000 inhabitants, the revival of the Parish of St. John's organized there some twenty years ago. By a great venture of faith, and by the encouragement and substantial aid most kindly extended them by the Treasurer of the Board, they have acquired a very desirable and valuable lot, on which there is a house well suited for a Rectory. In the whole history of the Board there have been few things more interesting and beautiful than the earnest faith of these people, and under the wise leadership they are now enjoying they hope at no distant day to discharge the obligations they have incurred and begin the erection of a Church. Whenever they may do so, the claims of this Mission upon the interest of the Diocese will be very strong.

At last after unavoidable delay, owing to the great care used faithfully and wisely to make choice of a fit person for so important an office, and to the decli-

nation of two Clergymen who were elected, your Board has secured as its General Missionary one to whom its eyes early turned, but whom it could not ask to leave at a critical time the work in which he was engaged, — the Rev. J. B. Wicks, of Milford. Of large experience in Missionary work both in this Diocese and in other fields, of wise and mature judgment, and of an earnest and devoted spirit, your Board hopes much from this appointment, and bespeaks for him in his labors the aid and encouragement and the prayers of the whole Diocese. Such in briefest outline is the record of the year's work.

With what has your Board done this and administered these sacred trusts? With, first of all, it is devoutly hoped, the blessing of God upon sincere and earnest effort on the part of each member to see and know his duty and to do it to the best of his ability. The work has been begun and continued in Him and in humble confidence that since it is His it would enjoy His gracious favor and protection.

But it is a human agency and it is not independent of human means. With what resources then has it prosecuted its work? With a sum total for its general and current work of \$10,552.43, although the Convention has declared that \$15,000 was what should be expended, and unanimously pledged itself to an earnest effort to bring up the offerings to that amount.

Is it claimed that the Board should have done more? Most gladly would it have, had it had the means. In every other respect it deems itself fully prepared and able, with promptness, with efficiency, and with economy, to provide for the needs of the Missionary work in every part of the Diocese. But as it is unwilling to close some of its Churches and dismiss some of its Missionaries, your Board comes to you with a debt. Ought it to have made it any larger?

What might it have done had it had the means?

The opportunities offering are not so much new places where it would be wise to establish Missions, as those already existing which need to be strengthened. It points to Walpole with 2,500 inhabitants, where with a Church edifice the Mission might become almost immediately self-supporting; to Canton with its 4,500 people, of which the same is true; to Fall River with a population of 60,000, where, if its three Missions could be put strongly on their feet, an almost unlimited work could be done; to Brockton with its 25,000, where our single Church needs only such facilities as are in keeping with that important centre; to Westfield, which the possession of a Rectory would so strengthen; to Natick with 9,000 people, where the Church needs so much to be removed to a more central location; to South Framingham, rapidly growing and needing a generous appropriation to establish what should be a thriving Mission; to Chicopee, a stirring place of 12,000 inhabitants, where it would make you sick at heart to see the wretched appointments with which our zealous Missionary is seeking to do his work; and finally to the great need of the extinguishment of the debts of the following Missions: Beachmont, Brighton, Easthampton, Everett, St. James' and St. Mark's, Fall River, Gardner and Watertown. These are but instances which might be multiplied.

The Board deems it its duty to impress upon the Convention the necessity for a larger and more adequate support of its Missionary work. It cannot hesitate to do this with its realization of the needs and opportunities of the work, and its conviction as to the ability and responsibility of the Diocese for increased annual offerings. The present annual resources of the Board are not sufficient for the best efficiency and result of its present work, and the possibility for undertaking new work, however inviting and important the field may be, is

exceeding small. But there is still another very important aspect of this work that should be regarded in any consideration of existing conditions and needs of the Church's work in the Diocese, viz., the need of more suitable and adequate equipment in many of the Parishes and Missions now depending upon Missionary aid. This larger equipment embraces the extinguishment of existing debts for Church buildings already erected; the erection of Church buildings where none now exist; the completion of Church buildings now in course of erection for which further means are needed; and the improvement of existing Church property.

In at least twenty-one of the Churches now receiving the aid of the Board there is need, more or less urgent, for such release from existing burden and embarrassment, and for the better equipment of their work, and if such equipment could be provided it would result in most of these twenty-one Churches becoming at once self-supporting, and release a very large part of the annual resources of the Board for an enlarged and more effective work of Church extension and a more thorough ministration to the scattered and isolated Church people throughout the Diocese.

A sum of \$70,000 at a low estimate of these needs could be most wisely applied for the purposes indicated; and it is doubtful if in any other way, or by any other means, the welfare of the Church in the whole Diocese, with God's blessing, could be so surely and greatly promoted and secured.

What are the reasons for the insufficiency of funds with which to carry on the work the Board is and should be doing? Well may the Convention ponder most carefully this question.

The first, and it is one which ought to startle and arrest the attention of every Clergyman and Layman in the Diocese, is that at so late a date as April 1, the year almost gone, out of 171 churches on the Parochial list, 83 or nearly one half and representing over 9,000 Communicants of the 25,000 in all in the Diocese had sent no offering to the Treasury of the Board; and 65 others, representing 10,000 more Communicants, had sent but one of the two contemplated in the Canon. Will the Convention, will the Clergy and Laity here assembled, and who represent the Churches, please think of this? — 83 Churches, 10,000 Communicants, who at that time had contributed nothing, and who presumably therefore had had no opportunity. Something, we submit, is wrong when such a statement as that can be the fact. Every Communicant of our Church, to say nothing of others who would gladly give, ought at least to have the opportunity of contributing to its Missionary work. Let the responsibility when they do not have it rest wherever it belongs. Not until a special appeal was issued by the Board, and an urgent Pastoral Letter by the Bishop of the Diocese, was this number reduced, as it now happily is, from 83 to 17. But ought the claims of a cause like this to have to wait for such special stimulus before they are recognized?

It may well, perhaps, be considered whether certain criticisms of the Board may not have had a harmful effect in diminishing the confidence, or at least the interest, of some in its policy and work. The Board welcomes criticism, and cannot and ought not to expect immunity from it; it rejoices in every quickening of its life that may result therefrom, in every good suggestion that comes to it from any quarter, but it does ask, and it has the right to ask, that the criticism be intelligent and well informed; that those making it have first acquainted themselves with the facts, and it submits that it is a very serious matter to fault a Body carefully and representatively chosen by the Convention and the four

Convocations, and so either withhold or divert aid from its Treasury and interest from its undertakings. Only the most excellent and unquestionable ground for such criticism can possibly justify it. Rather as the existing agency and the only one for this work, should we all seek to strengthen its hands in every way we can.

Is it not worthy of it? Look at its record, and not simply for the year just past. In this Fifteenth Annual Report we may well glance also for a moment at what it has done since its organization in 1874.

The whole number of Parishes and Missions which have received aid through the Board during the fifteen years has been seventy-one.

Of this number twenty-nine received Missionary aid previous to the organization of the Board in 1874, and were its inheritance. Eight of these twenty-nine have become self-supporting, viz., Boston, All Saints'; Boston (East), St. John's; Cambridge, St. James'; Milford, Trinity; Newton, Messiah; North Attleborough, Grace; Somerville, St. Thomas'; Wood's Holl, Messiah; leaving twenty-one of the original twenty-nine which received aid in the first year of the Board, 1874, still depending upon it. Of the whole seventy-one Parishes and Missions aided during the fifteen years, nineteen have become self-supporting, as follows: Arlington, St. John's; Boston, All Saints'; Boston, Holy Spirit (Mattapan); Boston, St. John's (E. B.); Cambridge, St. James'; Clinton, Good Shepherd; Cherry Valley, St. Thomas'; Concord, Trinity; Hingham, St. John Evangelist; Ipswich, Ascension; Milford, Trinity; Newton, Messiah; North Attleborough, Grace; Peabody, St. Paul's; Rockport, St. Mary's Mission; Somerville, St. Thomas'; Ware, Trinity; Winchester, Epiphany; Wood's Holl, Messiah.

In the fourteen years to May, 1888, these seventy-one Parishes and Missions report, during the period when they received the aid of the Board: Baptisms, 4,348, Confirmations, 2,352; Burials, 2,210. The present number of Communicants in these Parishes (as reported in the Convention Journal of 1888) is 4,902; and of Sunday-School Scholars and Teachers, 5,169.

The total amount of Stipends paid in the fifteen years has been \$137,782.04, and the whole cost incurred by the Board for administration in these fifteen years of its work has been \$2,485.23.

In thirty-nine of the seventy-one Parishes and Missions, Church Buildings have been erected, thirty of which are wholly paid for, as follows: Arlington, Beachmont, Boston, All Saints', Boston, Holy Spirit (Mattapan), Brighton, Bridgewater, Brockton, Cambridge, Ascension, Cambridge, St. James', Chelmsford, Cherry Valley, Chicopee, Clinton, Concord, Danvers, Easthampton, Everett, Fall River, St. James', Fall River, St. John's, Fall River, St. Mark's, Gardner, Hingham, Ipswich, Marlborough, Medway, Nantucket, Natick, New Bedford, Newton, Messiah, North Attleborough, Peabody, Shelburne Falls, Wakefield, Waltham, Ascension, Ware, Watertown, Westfield, Winchester, Wood's Holl.

The foregoing summary does not attempt any statement of the five years' very important work of the late General Missionary, Mr. Beers, or of the development of work at various points such as Barnstable, Duxbury, St. John's, Worcester, Marion, Mattapoisett, Sandwich, Wareham, Vineyard Haven, etc., to which the Board has had a more or less direct relation through the counsel and labors of the General Missionary, though they have not sought or received the appropriation of the Board.

It is an honorable record "of which," the Bishop of the Diocese well said in his recent Pastoral Letter, "the Board is not ashamed, and which has not been surpassed in any Diocese in its solid results and tokens of God's blessing."

And to-day, as it enters upon its sixteenth year, it is full of tokens of new life. Although the Board comes before the Convention with a debt, the Parish Offerings have been larger than last year, the deficiency being partly accounted for by the falling off in individual and special gifts, some of which no doubt have gone to the special work already mentioned. It presents to this Session of the Convention a recommendation that some new members be elected at each Annual election under Canon 1, Sect. II., believing that such action will tend to the greater efficiency of the Board in carrying on its work. It recommends also that the name of the Board be changed to the Diocesan Church Extension Board. It has taken steps toward enlisting the interest in Diocesan Missionary work of that efficient organization, the Woman's Auxiliary to the Board of Missions.

A special Committee on Church Growth has in charge the question of methods in raising funds, and another composed jointly of members from this Body and from the Board has under consideration the same question and the ministration of the Church to immigrants and others, while the great impetus given to City Missions under the newly appointed City Missionary, and of which we shall hear in his own Report, is well known and thankfully recognized.

During the year, by vote of the last Convention, the Board has become an Incorporated Body, and can now become the recipient in due form of legacies and such other gifts as the friends of its work may be moved to bestow upon it.

A copy of the Act incorporating the Board is appended to this Report.

In conclusion, your Board hopes that this Report may be most carefully considered by all the members of this Convention, and that it may lead first to full discussion in this House, and then to such increase of contributions and friendly aid and encouragement as will more fully than ever equip it for its important work.

SECT. 4. This Act shall take effect upon its passage.

[Approved April 26, 1889.]

On motion of Mr. FRANCIS C. FOSTER,

Resolved, That this Convention has listened with great interest and approval to the Annual Report of the Board of Missions, and desires to place upon record its appreciation of the extent and obligation of the work of the Board; and pledges to the Board, with renewed confidence, its hearty and generous support during the coming year. And the Convention also is of the opinion that a Fund of Seventy-five Thousand Dollars (\$75,000) should be raised in this Diocese for the proper equipment of Parishes and Missions brought to our notice in the Report of the Board.

On motion, the Report of the Diocesan Board of Missions was adopted.

The Rev. HENRY F. ALLEN, from the Committee on the Constitution and Canons, presented the following proposed Amendment to Title IV., Canon 1, and moved its adoption.

TITLE IV., CANON 1, OF PAROCHIAL LIMITS.

SECTION 1. The Convention may, by general Canon or by special vote, assign territorial limits to Parishes. In the absence of such assignment, the limits of a Parish shall be those of the city or town in which the Church stands. No Parish shall be formed within the limits of an existing Parish, without the consent first given of the Rector and Vestry of such Parish; and if there be two or more churches in any city or town, and no subdivision thereof or parochial limits have been established, the consent of the Rector and Vestry of a majority of the churches shall be necessary: *provided*, that, in every case of consent withheld, and in all cases where a majority of the Rectors interested so refer the matter, the consent of the Bishop and Standing Committee, after notice to all parties interested, shall be sufficient.

SECT. 2. In no case shall a Parish which for the six years last preceding has failed to elect its legal officers, and to maintain stated public services, be revived, re-established, or recognized as a legal Parish, without the consent above named.

The Committee on the Amendment of the above Canon, offer to the Convention in place of Section 1, the following :—

SUBSTITUTE.

TITLE IV., CANON 1, SECTION 1.

The Convention may, by general Canon, or by special vote, assign territorial limits to Parishes. In the absence of such assignment, the limits of a Parish shall be those of the city or town in which the Church stands.

In cities and towns where the Church is already established, no new Parish shall be formed, nor new church nor chapel be established, nor new congregation be gathered, nor shall the site of any existing church, chapel, or congregation be changed, without the written consent of the Bishop of the Diocese, and the formal approval of the Standing Committee; but such action of the Standing Committee shall not be taken until previous notice has been given to the Rectors and Vestries of the three churches or congregations whose places of public worship shall be nearest to the site proposed for the new place of worship, and until at least one month has been allowed such Rectors and Vestries to present any objections they may have.

In cities and towns where the Church is not established, the written consent of the Bishop of the Diocese shall be requisite for the formation of a new Parish, and shall be sufficient therefor.

All of which is respectfully submitted.

On motion of the Rev. PHILLIPS BROOKS, D. D., the words “nor new congregation be gathered” were stricken out from the proposed Substitute.

The Rev. PAUL STERLING moved to amend by striking out the words “nor new church nor chapel be established,” which motion was lost.

Upon a motion of the Rev. GEORGE W. SHINN, D. D., to lay the whole subject on the table, a division of the House was ordered, and the motion was carried by a vote of 87 ayes to 27 nays.

On motion of the Rev. CHARLES M. ADDISON, the Report of the Committee on Diocesan Missionary Matters and Methods was made the special Order of the Day for to-morrow, immediately after the Elections.

The Rev. FREDERICK B. ALLEN, from the Committee on the Annual Fast Day to be observed by the Citizens of the Commonwealth, made the following Report :—

The Committee to whom was referred the subject of the Annual Fast Day to be observed by the Citizens of this Commonwealth beg leave to report the following Resolutions for adoption by this Convention :—

Resolved (1), That although the Annual Fast Day appointed by the Governor has largely lost its original significance, and has become a day of public recreation; and although this Convention might therefore be glad to unite with other religious bodies if they should decide to urge its discontinuance; still we deem it ungracious in a Church not historically identified with the establishment of the day to take the initiative in recommending its abolishment, and therefore we decline to make any movement in that direction.

Resolved (2), That in view of the action of at least one religious body in our State, recommending to the Governor that the State Fast Day be retained, but appointed on Good Friday, we desire to urge that a season so sacredly observed as is Good Friday by a large portion of the Christian Church may never be exposed to the peril of that desecration which has befallen our so-called Fast Day.

Resolved (3), That the Secretary of this Convention be instructed to send a copy of these Resolutions to the Governor and Council of this Commonwealth, and, also, copies of the same to the Secretaries of the Conventions and Conferences of the other Churches of this State.

(Signed)

FREDERICK B. ALLEN, }
JOHN W. SUTER, } Committee.
HENRY N. BIGELOW, }

Upon motion of the Rev. ALFRED E. JOHNSON, the Report was amended by striking out of the third Resolution the words, "and, also, copies of the same to the Secretaries of the Conventions and Conferences of the other Churches of this State."

The Report, as thus amended, was then adopted.

The Rev. SAMUEL H. HILLIARD, from the Committee on Clerical Support, made the following Report :—

REPORT OF THE COMMITTEE ON CLERICAL SUPPORT.

Your Committee took action towards receiving communications from those interested in the subject by publishing in the *Churchman* the Report presented to the last Convention, adding the request that any of the Clergy or Laity who had experience or knowledge bearing on the subject should send to us statistics which might be of value.

The only responses have come from Bishops and Clergymen outside of our Diocese, which hardly come within our province to consider. It would certainly seem to be ground for congratulation if this silence can be taken to imply that there is no hardship suffered within the limits of this Diocese in the matter of Clerical Support.

Unfortunately, however, it is a well-known fact that those who suffer most are often the least ready to make such sufferings known in any formal manner, such as communicating with a Committee.

But hardly a month passes in which the Clergy of even this highly favored Diocese do not hear of some case of hardship in the life of a Brother Clergyman which proves that *some* method of righting wrongs is needed.

One such case has come to the knowledge of your Committee within a month, where the ability to fall back for a time upon some Reserve Fund for Clerical Support, other than the already strained resources of the Board of Missions, would have enabled a Clergyman of large experience and ability to stay with a Parish in which the financial pressure was chiefly owing to an unfortunate tendency to internal disputes.

That this is only one of many similar cases is well known to the Clergy of this and every Diocese.

The misfortune that is entailed upon such a Parish by the fact that the Clergyman who is man enough to speak the truth, at the time when such internal feuds crop out in some glaring shape, will almost inevitably by his truth-speaking be compelled in a very short time to pluck up stakes and go; this misfortune repeated again and again often, through a long period of years, is an old story to the older Clergy.

Your Committee, therefore, still feel that there is an evil here which demands a remedy; that the subject is one deserving long-continued investigation; that a Fund for the relief of cases of hardship from such causes as have been mentioned and from other causes, such as the changing character of the population of many of our towns and villages, would be a most helpful addition to the resources of the Diocese.

To this general view of the subject your Committee would add the following suggestions:—

(1.) The matter of the proper support of a Clergyman belongs primarily to the Parish to which he ministers.

If the Parish is unable fully to support its Minister, then it is a case for the consideration of the Board of Missions.

(2.) Whatever, therefore, is done in this matter should be done by the Board of Missions.

Your Committee deem it inexpedient to establish *any new agency* for contributing to the sustenance of feeble Parishes.

(3.) If any *Fund* is to be established for this special purpose it would be better to put it under the control of the Board of Missions, and that solicitations for contributions to such Fund shall emanate from the Board in such manner and at such times as will the least interfere with contributions for the regular Mission work in the Diocese.

(4.) To secure a proper support for all Clergymen the first essential is to arouse throughout the Diocese a right public sentiment, which shall so influence all the worshippers in every congregation that each one may see his full duty and be ready to do it. If that could be accomplished there would be but a *few* Clergymen whose congregations are really not able to give them an adequate salary, and those few could be easily provided for.

(5.) Can such a sentiment be produced by reporting to the Convention a Circular, to be printed at the expense of the Convention, and mailed to all adult worshippers in any congregation, whose Wardens or Rector should ask for copies for that purpose?

lar might among other thoughts include the following:—

lar is by authority of the Convention sent to the worshippers in churches, with the hope that each one will, by personal action and in others, forward the good object proposed. That object is the suitable support for every Clergyman engaged in active work in

Rev. Mr. HILLIARD's motion, this Report was made the : Day for to-morrow, immediately after the closing of the e first election.

Mr. HENRY N. BIGELOW, Agent for the Glebe at Hopkinton, made the following Report, which Report was accepted:—

REPORT OF AGENT FOR THE GLEBE LANDS AT HOPKINTON.

On account of the illness and subsequent death of Thos. L. Wakefield, Esq. of Massachusetts, be appointed. Accordingly on recommendation of the Rt. Rev. the Bishop of Massachusetts "The Society for the Propagation of the Gospel in Foreign Parts," of London, England, appointed on January 6th, 1888, Henry N. Bigelow of Clinton, Massachusetts, its Agent. After receiving the appointment, such papers and deeds as had been held by Mr. Wakefield were delivered by his representative to the Agent, as well as the amount of \$113.49 deposited in the Savings Bank in Hopkinton.

There has always been a serious question relative to the exact location of the Glebe Lands, the old bounds being mostly obliterated, and no accurate plan known to exist. A careful search of Records is now being made, and by data thus obtained it is hoped soon to be able to establish the boundary lines. The property, said to contain about 170 acres, is taxed yearly. Thus far, by sale of wood, and a rent of a portion of the land, the tax has been met, and an addition to the amount in the Savings Banks made, the amount now on deposit to credit of Glebe at Hopkinton being \$543.59.

There is a prospect that a portion of the land will be taken for flowage of Reservoir for use of the City of Boston. If the title to the land can be fully established, there would be realized a considerable sum, which, in time, deemed desirable, might be used to rebuild the Church destroyed by fire some years since.

It is hoped that at the next Meeting of the Convention a more complete and definite Report may be made than is possible at this time.

Respectfully submitted,

HENRY N. BIGELOW, Agent
For the Glebe in Hopkinton in behalf of the Society
for the Propagation of the Gospel in Foreign Parts.

CLINTON, May 20, 1889.

The Rev. EDMUND F. SLAFTER made the following Report the Proper Number of Annual Conventions since the Organization of the Diocese, in 1784, which Report was accepted:—

REPORT OF THE COMMITTEE ON THE PROPER NUMBER OF ANNUAL CONVENTIONS SINCE THE ORGANIZATION OF THE DIOCESE, IN 1784.

The undersigned, appointed at the last Convention to report upon the Proper Number of Annual Conventions from the organization of the Diocese in 1784, begs leave to submit the following statement: In 1834 a Committee appointed to examine into the condition of the Records of the Convention reported that commencing with the year 1790 they found that the Proceedings had been regularly and carefully preserved in a suitable book, with certain exceptions, which order of the same Convention were duly entered upon the Records. The same

Committee recommended that the Journals of Proceedings for the future should be numbered, for more convenient reference, commencing with the Journal of that year as the Forty-Fourth. In 1885, a Committee was appointed on the numerical designation of the Meetings of the Convention. This Committee recognizing the fact that more Conventions had actually been held than the numbering on the title-page of the printed Journals indicated, and not having time during the session of that Convention for a thorough investigation of the subject, they simply recommended that a minute be entered on the title-page of the Journals showing that the numbering began with 1790. As there were several Conventions held previous to that date, it is obvious that a truthful statement of the number of Annual Conventions should include all from the first meeting for the organization of the Diocese in 1784 to the present time. For several years in the early history of the Diocese its organization was incomplete. Even the records are very imperfect. But, nevertheless, the records show that Conventions were held in 1784 and 1785 and in 1786. For the years 1787 and 1788 there is no record of any meeting, and in those years no Conventions were held, as appears from a manuscript letter of Dr. Parker to the Rev. Abraham L. Clark, of Providence, R. I., in the possession of Bishop Perry as stated in his Year Book for 1870. For the year 1789 there is no mention of any Convention in the records of the Diocese, but, nevertheless, in a manuscript document now in the archives of this Diocese, signed by Edward Bass, Rector of St. Paul's Church, Newbury Port; T. Fitch Oliver, Rector of St. Michael's Church, Marblehead; John Cosens Ogden, Rector of Queen's Chapel, Portsmouth, N. H., and Tillotson Bronson, Assistant Minister Christ Church, Boston, it is stated that a Convention was held "at Salem on the 4th day of June, 1789," at which Convention the Rev. Samuel Parker was appointed their Delegate to a General Convention to be held on the 29th of the September following.

It thus appears that Conventions of this Diocese have been held every year from 1784 to the present time with the exception of two years, viz., 1787 and 1788. It seems therefore suitable and important that the numbering of the Conventions on the Journals should accord with the facts, and that the Journal for the present year be designated the One Hundred and Fourth.

Respectfully submitted.

EDMUND F. SLAFTER, *Committee.*

Upon the motion of the Rev. Mr. SLAFTER,

Resolved, That the Secretary be requested to designate the present Annual Meeting of the Convention on the title-page and cover of the Journal, as the One Hundred and Fourth.

Mr. JOHN D. W. FRENCH moved the appointment of a special Committee to consider the amendment of Title IV., Canon 1, Of Parochial Limits, and to report at the next Annual Meeting of the Convention, which motion was lost.

On motion,

Resolved, That the Convention now adjourn.

Adjourned.

CHAPEL OF TRINITY CHURCH, BOSTON,
Thursday, May 23, A. D. 1889, 9 o'clock, A. M.

The Convention attended Divine Service in Trinity Church.

Divine Service.

Morning Prayer — the BISHOP pronouncing the Absolution — to the Creed was read by the Rev. FRANKLIN W. BARTLETT, and concluded by the Rev. WILLIAM G. WELLS. The final Prayers and the Benediction were pronounced by the BISHOP.

At the conclusion of Divine Service, the Convention re-assembled in the Chapel of Trinity Church.

The minutes of yesterday's session were read, and approved.

By general consent, the calling of the Rolls was dispensed with.

The BISHOP appointed as a Committee to make nominations to fill vacancies in the Diocesan Board of Missions : —

The Rev. P. VOORHEES FINCH.
The Rev. CHARLES H. LEAROYD.
The Rev. CHARLES M. ADDISON.
Mr. WILLIAM H. BENT.
Mr. JOHN W. YOUNG.

The Convention proceeded to the special Order of the Day, the consideration of the Report of the Committee on Form of Memorial to the General Convention, on the Method of Representation in that Body, presented by the Rev. WILLIAM LAWRENCE.

REPORT OF THE COMMITTEE ON FORM OF MEMORIAL TO THE GENERAL CONVENTION, ON THE METHOD OF REPRESENTATION IN THAT BODY.

The Committee appointed at the Meeting of the Convention in 1887 to present a form of Memorial on the subject of Proportional Representation in the House of Deputies of the General Convention, which on approval shall be presented to the General Convention, respectfully offer the following form of Memorial : —

Whereas, the present method of Representation and voting in the House of Deputies of the General Convention is by Dioceses and not proportional to the number of Parishes, Clergy, or Communicants; and

Whereas, through the development of the Church in the past century and

the multiplication of Dioceses, the delegates from the Dioceses containing a small minority of Communicants can outvote those representing the Dioceses containing a large majority of the Communicants; and

Whereas, such a condition is unjust to the minority in placing upon them responsibility for legislation without conferring proportional powers of administration, and is unjust to the majority in making them liable to be overwhelmed by the minority in some important question of legislation, and if allowed to continue is a danger to the peace and unity of the Church;

Resolved, That the basis of Representation in the House of Deputies in the General Convention should be so far modified that the several Dioceses shall be represented in proportion to the number of their Clergy, their Parishes, or their Communicants, or in some more just and equitable method than the present; and that the Deputies in said Convention should vote individually, or by Orders, and not by Dioceses.

WILLIAM LAWRENCE,
GEORGE S. CONVERSE,
CHAS. H. LEAROYD,
ALEXANDER H. RICE.

The Rev. EMELIUS W. SMITH offered the following amendment to the Resolution of the Committee:—

Resolved, That the Resolution of the Committee be amended by striking out the words, "the several Dioceses shall be represented," and inserting in their stead these words, "not only the several Dioceses as such shall be represented, but also the whole Church as such shall be represented."

Upon motion of Mr. CAUSTEN BROWNE,

Resolved, That the subject under consideration be made the special Order of the Day for three o'clock this afternoon.

The Rev. EDWARD ABBOTT moved to reconsider the vote whereby the House, yesterday, struck out the second part of Rule of Order XIV.

The Rev. WILLIAM LAWRENCE moved the suspension of the Order requiring the House to proceed to Elections, which motion was lost.

On motion,

Resolved, That in the election of Treasurer, and Registrar of the Diocese, balloting be dispensed with.

On motion,

Resolved, That the Rev. CHARLES H. LEAROYD be re-elected Treasurer of the Diocese.

On motion,

Resolved, That the Rev. EDMUND F. SLAFTER be re-elected Registrar of the Diocese.

The House proceeded to the Order of the Day, the election of the Standing Committee of the Diocese.

The BISHOP appointed the following tellers for the election of the Standing Committee of the Diocese :—

On the Clerical vote :—

THE REV. CARLTON P. MILLS,
THE REV. JAMES W. SPARKS,
THE REV. ANDREW GRAY.

On the Lay vote :—

The special Order of the Day, the consideration of the Report of the Committee on Clerical Support, was taken up.

The Report, and the Resolutions appended thereto, were adopted.

The REV. EDWARD ABBOTT then called up his motion to reconsider the action of yesterday whereby the House struck out the second part of Rule of Order XIV.

On motion of MR. A. J. C. SOWDON,

A division of the House was ordered on the motion of the REV. MR. ABBOTT, with the following result :—

Ayes, 128.

On motion,

Resolved, That the Report be accepted, and its Recommendation be adopted.

The Rev. EDMUND F. SLAFTER, Registrar of the Diocese, presented his Annual Report, which, on motion, was accepted.

The Report is as follows : —

REPORT OF THE REGISTRAR.

During the last year, the sentiment in the Church, both among the clergy and laity, as to the importance of the historical collection, which has of late been accumulating in this Diocese, has greatly advanced, as indicated by the spontaneous contributions for its enlargement.

Before leaving this country for his tour abroad, the Bishop of the Diocese, the Rt. Rev. Benjamin H. Paddock, made a generous gift to the archives of a very large collection of pamphlets, historical discourses and documents, together with a package of manuscript sermons by the late Rev. Isaac Boyle, D. D.

Early in the year Mrs. Frederick H. Stimpson presented two hundred and twenty-two pamphlets, comprising convention journals, almanacs, and miscellaneous discourses, supplying many important wants in our collection.

The Diocese has been placed under obligations to the Rev. Charles L. Short for the gift of over fifty publications, some of them valuable additions and others useful for exchange.

The Rev. George P. Huntington has contributed, in books and pamphlets, thirty-nine titles, all of them important in our collection.

The Rev. John B. Richmond has given to the Diocese over thirty bound volumes, largely of pamphlets, besides unbound discourses, supplying important deficiencies.

The Rev. L. C. Manchester, as in former years, has not forgotten to place the Diocese under fresh obligations by the gift of twenty-seven titles, pamphlets and bound volumes.

The Rev. Phillips Brooks, D. D., has, for nearly every month in the year, made some gift to our collection, making in all twenty titles.

The Rev. Charles L. Hutchins, D. D., has augmented our collection by the gift of one hundred and three titles, bound volumes and pamphlets. Among them are eight volumes of the "Parish Choir," complete; the "Service of Sacred Song," seven numbers complete; the "Church Hymnal with Canticles"; the "Sunday School Hymnal and Service Book"; the "Parish Choir Psalter"; the "Morning and Evening Prayer and Litany with Canticles." The above are all edited by the Rev. Dr. Hutchins, and, in our collection, will always be a memorial of his zeal and success in the improvement of church music in this Diocese. The Rev. Dr. Hutchins has presented likewise a complete series from the beginning, of the "Church Eclectic," sixteen volumes in all.

Dr. George C. Shattuck has contributed a volume of printed documents relating to the proceedings of Trinity Church in this city, and Mr. Edward N. Perkins has presented a memoir of Bishop George W. Doane, who, before his consecration, was some time a presbyter in this Diocese.

The Rev. Edward M. Gushee has added to our collection a manuscript sermon by Bishop Bass, a sermon by the Rector on the completion of St. Philip's Church, Cambridge, 1888, and a very remarkable lottery ticket, dated New Haven, 1826, authorized by statute and entitled "Connecticut State Lottery for the benefit of Bishop's Fund."

The Hon. Charles H. Bell, of Exeter, N. H., has added to his former gifts several valuable publications; among them a volume of sermons preached in St. Philip's Church, Charleston, S. C., by the Rev. Samuel Quincy previous to 1750; and likewise the proceedings in Boston in receiving, as Bishop of this Diocese, the Rt. Rev. Edward Bass, on his return from Philadelphia after his consecration.

Our special thanks are due to Miss Letitia Townsend of Camden, New Jersey, for eighty-two pamphlets of very great value, since none of them were duplicates of what we already had in our collection. The third volume of "Church Work," edited by Mrs. A. T. Twing, completing our series thus far, has been received from the same source.

The Rt. Rev. David B. Knickerbacker has very kindly contributed three of his annual addresses to his Diocese, with other pamphlets, and nine Journals of the Diocese of Indiana, leaving but four still wanting to complete our series.

The Rt. Rev. Alfred A. Watson has added to the *Episcopiana* of East Carolina by the gift of his pastoral letter of 1888, and has likewise sent to us a complete set from the beginning of the Journals of that Diocese.

The Rt. Rev. M. A. DeWolfe Howe has discovered in his library the remaining records of the "Protestant Episcopal Clerical Convocation

of Massachusetts," referred to in our report of last year, and has kindly forwarded the volume to the Registrar. Our records of the Convocation are now complete to March 8, 1889, when this important association ceased to exist.

The Rev. Philip Slaughter, D. D. has kindly forwarded for our archives two of his published discourses, together with his report as Historiographer of the Diocese of Virginia, and his address at the annual meeting of the Historical Society of that State in 1850. We have also obtained during the past year the "History of Bristol Parish," Virginia, and several other valuable publications of this distinguished and learned presbyter.

We are indebted to the Rev. Telfair Hodgeson, D. D., Vice-Chancellor of the University of the South, for two volumes, making our series of the documentary history of that University complete to the present time in five volumes.

The Rev. Thomas Gallaudet, D. D. of New York has kindly sent to our archives the "Reports of the Church Mission to Deaf Mutes" from the beginning, sixteen in all, making our history complete of that interesting and important work.

We are indebted to Mr. James V. Campbell, of Detroit, for the unsolicited gift of a paper on a "Complete Education," and a volume of sermons by the late lamented Bishop Harris of Michigan, together with Mr. Campbell's sketch of the life of C. C. Trowbridge, a distinguished layman of that Diocese.

We again this year place upon record our obligations to the Rev. Francis W. Smith, of Woodstock, who has enriched our Episcopiana of Vermont by the gift of nine publications, which we lacked, of the Rt. Rev. John H. Hopkins, the first and eminently learned Bishop of that Diocese.

Mrs. Manton Eastburn has generously transferred to our archives nearly all the manuscripts of the late Bishop Eastburn, consisting mostly of a very large collection of sermons and certain addresses and lectures referred to in a former report. We regret to say that scarcely any of his correspondence, so valuable and important in a long official career, has yet been found, and it is doubtless irrecoverably lost.

The foregoing recital covers only a few of the gifts which have been made to our archives during the last twelvemonth. It will be impossible to describe all of them in detail in this report. They have, however, been spread upon the records of the Registrar for reference at any future time. The following are the names of those who have made other and valuable contributions during the past year:—

Mrs. William Appleton, Mrs. John F. Andrew, the Rev. F. B. Allen, the Rev. Augustine H. Amory, the American Antiquarian Society, Harcourt Amory, Mrs. G. N. Black, Mrs. John A. Burnham, Miss Borland, the Rev. John Cotton Brooks, E. Pierson Beebe, Miss Emily B. Beebe, J. Arthur Beebe, Mrs. John P. Bayley, the Rev. J. Eldred Brown, Edmund M. Carlos Slafter, the Rev. A. U. Stanley, Auburn, N. J., the Rev. C. B. Smith, D. D., New York; the Rev. R. S. Smith, Uniontown, Pa., Oliver B. Stebbins, the Rev. G. W. Shinn, D. D., Mrs. Nathaniel Thayer, Miss A. G. Thayer, Wm. B. Trask, Grant Walker, the Hon. R. C. Winthrop, Mrs. R. C. Winthrop, Mrs. T. B. Williams, D. R. Whitney, the Rev. A. F. Washburn, the Rev. G. Morris Wilkins, Newtown, Ct., J. M. Young.

The Diocesan journals for 1888 have been received from all the Dioceses in the United States except those of two missionary jurisdictions. The importance of placing on file, if not in each Diocese, at least in certain important centres, the annual issue of journals is becoming generally conceded. But to accomplish this requires unremitting vigilance, otherwise deficiencies multiply, and soon it becomes impossible to supply the missing journals. We have received great assistance from the secretaries of the different Dioceses, and especially and emphatically from those in charge of the more important Episcopal libraries, viz., from the Rev. John H. Barbour, librarian of Trinity College, Hartford, Ct.; Mr. Charles Bell, of the General Theological Seminary, in New York; and Miss M. H. Wittingham, of the Maryland Episcopal Library, in Baltimore. At these points, as well as in this Diocese and some others, the attempt is made to secure complete series of journals of all the Dioceses, from the beginning. The secretaries of the conventions are, with rarely an exception, wisely anxious to have complete series of their particular Diocese in these important collections. When the history of the Church shall be written, it is obvious that these journals will constitute a principal source of information, and it is equally obvious that the more complete the series of journals of any particular Diocese, the more fully, accurately and truthfully will the history of that Diocese be placed upon record. No Diocese can afford to be partially or imperfectly represented in these great collections. The trouble and trifling expense of annually deposit-

ing the journals in these collections is vastly more than repaid by the permanent advantage that accrues to the giver.

Some effort has been made during the year to obtain complete sets of parish papers and other serial publications which are devoted to the furtherance of some special work in the Church. These are important, not only as instruments for the development of parish life and work, but because they contain historical information which is preserved nowhere else, and can be obtained from no other source.

A complete series of the "Spirit of Missions" from the beginning in 1836, to the present time, together with the very rare serial missionary papers for the eight years preceding, making in all fifty-four volumes, have this year been bound handsomely and strongly in half turkey morocco.

"The Envoy," devoted to our Missions in Mexico, is nearly complete to the present time in five volumes.

"Temperance," our periodical which gives a full history of the great temperance movement in our Church, is also nearly complete.

We are indebted to the editor of the "Catholic Champion" published in New York for the entire series of that publication.

"The Diocese," which records the progress and achievements of our missions in this Diocese, is complete in eleven volumes.

The "Mission Message," published at Salt Lake City, Utah, giving important facts relating to church schools and church work in that interesting field, is likewise complete from the beginning.

The "Grotonian," which mirrors the inside life of the Episcopal School at Groton, is complete with the exception of No. 1, Vol. I., and No. 1, Vol. IV., which we hope will be supplied.

Full series of the following parish papers have been forwarded to the Registrar for permanent preservation, viz.:—

The "Parish," All Saints' Church, Worcester; "St. John's Echo," St. John's Church, Worcester; "The Church Key," St. John's Church, Lawrence; "The Parish Helper," Christ Church, Fitchburg; "The Parish Work," the Church of the Reconciliation, Webster; "St. Matthew's Echo," St. Matthew's Church, South Boston; "The Church News," by the united parishes of St. Mary's, Newton Lower Falls, Grace, Newton, the Messiah, Auburndale, St. Paul's, Newton Highlands, and St. Andrew's, Chestnut Hill; the "Church Courier," by the united parishes of Grace, Medford, Trinity, Melrose, St. Paul's, Malden, St. James', West Somerville, Epiphany, Winchester, and Emmanuel, Wakefield; the "Church Chronicle," by St. Mark's, Southborough, and the Holy Trinity, Marlborough.

These publications will be bound, from time to time, in handsome and durable binding, if the series be complete. The expense of binding is considerable, and imperfect sets will hardly be elevated into the dignity of bound volumes. Rectors of parishes will confer a great favor upon the Diocese and upon the churches which they represent, if they will make it sure that full sets of their parish papers are deposited in the archives of the Diocese.

In our report of last year we stated our design of preserving a selection of the manuscript sermons of our Bishops as memorials of their great services to this Diocese. During the present year this purpose has been carried into effect. We have now two bound volumes of the manuscript sermons of the first Bishop of this Diocese, the Rt. Rev. Edward Bass; one volume of our second Bishop, the Rt. Rev. Samuel Parker; two volumes of our third Bishop, the Rt. Rev. Alexander V. Griswold; two volumes of our fourth Bishop, the Rt. Rev. Manton Eastburn. Besides these, three other volumes of manuscript sermons have been bound to be preserved as memorials; one volume by the Rev. William Clark, who was Rector of the churches at Dedham and at Stoughton before the Revolution; one by the Rev. James Morss, D. D., Rector of St. Paul's Church, Newburyport, who succeeded Bishop Bass in that office while he was in his deaconate, and continued in it till his death on the 26th of April, 1842; one by the Rev. Isaac Boyle, D. D., who was Rector of St. Paul's Church, Dedham, for the first ten years of his ministry, a presbyter of profound learning and devout spirit, who not only served this Diocese for more than thirty years, as its treasurer and in other official relations, but likewise contributed to the literature of the Church several important publications, and among them a valuable and succinct history of the Council of Nice, with a translation of ancient documents relating to that Council.

The volumes containing sermons of the Bishops are bound in half parchment, and the others in half turkey morocco, both in the most durable material and handsome in appearance. These memorials will always be precious to us and to those who come after us. They are not speechless brass and stone. They embalm living words, indited by their own hands, and tell the story of their fidelity in doctrine and precept, as these fathers in our Church patiently worked on through many years, moulding, shaping, and giving stability, strength, and beauty to the spiritual temple of God in the Diocese of Massachusetts.

Several rare and important publications relating to the history of the Church, both before and since the American Revolution, have been obtained during the past year; but as I have not space to refer to them in detail, I hasten to speak of another subject which cannot well be deferred.

The question of more room for the proper disposition of our manuscript and printed material, which has already advanced to the dignity of a Diocesan library, has become a matter of urgent importance. When this collection was undertaken, on its present basis, in 1884, the first step was to obtain a suitable depository for our accumulating material. At that juncture, the Trustees of the Episcopal Theological School at Cambridge generously gave to the Registrar the use of a room in their Library building for this purpose. The loan of the room was properly and necessarily limited by the vote of the Trustees to the time when they might need it for their own purposes. The obligation of the Diocese to the Board of Trustees for their liberal and timely offer

can hardly be overstated. But our occupation of it is only temporary. It cannot be a very long time before it will be necessary for us to remove. It will be necessary not only because the Theological School will need the room for their own purposes, but because it will be inadequate to our wants. The shelves, which cover the entire walls, are now completely filled by our bound volumes and very large collection of publications relating to the institutions of the Church, missionary, charitable, and educational. These valuable publications, and the library in all its departments, have been, and are now, rapidly increasing, and are destined to go on constantly increasing in the future. It is obviously necessary that provision be made, not only for our present, but likewise for our future wants. A temporary deposit for a valuable and growing library is not feasible or satisfactory. It does not admit of that system and order which are necessary for the convenience and usefulness of the library. Unless books are permanently fixed on given shelves they cannot be so catalogued as to be easily found.

Under our present arrangement our collection cannot be consulted without the presence of the Registrar. This is greatly to be regretted; but it cannot be remedied under a temporary arrangement. The collection has been made under very great disadvantages. The residence of the Registrar is three or four miles from the library, and every visit to it consumes nearly two hours in travel. The card catalogue of books and pamphlets, comprising subjects and authors, now numbers about four thousand. This catalogue is necessarily kept at the residence of the Registrar, as he finds it important to consult it every day, and often many times a day, to determine whether a book or pamphlet, which may be offered as a gift or for sale, is already in our collection. It necessarily follows that the catalogue cannot be consulted in the library, since the one is in Boston, and the other in Cambridge. These are very great inconveniences, but inconveniences of some kind are incident to all beginnings, and should be borne patiently; but they must be temporary, or they will in time hamper and limit, if not defeat, the best undertakings. We confidently expect that the Diocesan library, whose foundations have already been laid, and which has advanced to some importance, will continue to increase and expand until it shall become rich in all the literature that is especially valuable, important, and interesting to churchmen, both clergy and laity. It cannot long be limited to what relates directly or indirectly to the history of the church in this Diocese, or in the United States. It must grow into something larger, and more comprehensive. The great want of this Diocese is a proper distinctive church library, rich, comprehensive, and in some sense exhaustive in all the departments of theological learning, historical, patristic, exegetical, liturgical, and doctrinal in all its subdivisions and phases. This want is not, and cannot be, supplied by the voluminous libraries that centre in and about Boston. The books in these libraries have not been selected with any reference to the tastes, needs or exigencies of churchmen. A church library must be brought together

under the inspiration of the doctrines, the principles, and practices of the Episcopal Church. That such a library will be established and grow up in Boston, gradually and slowly it may be, there cannot be a doubt.

In order to facilitate and hasten the growth of such a library, it is obvious that there should be in Boston, the metropolis, and the natural centre for most of our church institutions, a **DIOCESAN HOUSE**, in which there should be a commodious apartment, constructed with reference to safety from fire, for the permanent and convenient bestowment of the Diocesan library. This apartment, furnished with an attendant, should be open every day, for such investigations and studies as any clergyman or layman in any part of the Diocese may wish to make. Conveniently arranged and accessible at all times, not only the current usefulness of the library will be assured, but it will become more and more, as years go on, a powerful instrument in promoting the dignity, stability, and enlargement of the Church, and, through its instrumentality, the dissemination of the gospel of Christ, and the salvation of men.

The undersigned has received from the Treasurer of the Diocese \$50. The same has been expended as follows, viz.: cases for books, \$17.30; expressage, .15; stationery, \$2.50; printing, \$5.00; cataloguing, \$4.50; postage, \$9.54; binding books, \$11.01; total, \$50.

During the past year, the *Episcopiana* of the different Dioceses has been greatly enlarged, and many of the publications of our Bishops are already in our library, and we have good reason to believe that in time all or nearly all of them will be secured. Our aim also to place in our collection all the publications of our clergy on whatever subjects they may be, has steadily advanced during the last twelvemonth. Our clergy are naturally desirous to have their publications permanently preserved in at least one important collection, and we shall be more than gratified to receive any that they may be willing to deposit in our archives, and to have them handsomely bound, and catalogued for convenient reference in all future time.

We have added during the year one hundred and thirty-one bound volumes, making in all **SEVEN HUNDRED** at the present time in our collection, all of which are similarly bound in the most durable manner, in half turkey morocco.

EDMUND F. SLAFTER, *Registrar*.

On motion of the Rev. L. C. MANCHESTER,

Resolved, That this Convention recognizes with hearty gratitude the valuable work done by the Registrar, and appropriates \$40 for the expenses of his Department in the coming year.

On motion of the Rev. THOMAS F. FALES, the special Order of the Day was suspended until after the closing of the polls for the election of one Clerical member and three Lay members of the Standing Committee of the Diocese.

The following nominations were made for members of the Standing Committee of the Diocese : —

THE REV. THOMAS B. LAMBERT, S. T. D., by the **REV. A. ST. JOHN CHAMBERLAIN, D. D.**
THE REV. EDWARD ABBOTT, by the **REV. THOMAS F. FALES.**

The House having resumed the consideration of the Report of the Committee on Form of Memorial to the General Convention on the Method of Representation in that Body, the **REV. CHARLES L. HUTCHINS, S. T. D.,** moved to amend the amendment offered by the **REV. EMELIUS W. SMITH,** by striking out from the Resolution offered by the Committee in lines 3 and 4 the words, “ in proportion to the number of their Clergy, their Parishes, or their Communicants, or ” and in lines 5 and 6 the words, “ and that the Deputies in said Convention should vote individually, or by Orders, and not by Dioceses.”

The **REV. PHILO W. SPRAGUE** offered the following as a substitute for the Preamble and Resolutions presented by the Committee, which substitute was lost : —

The Committee appointed at the last Meeting of the Convention to present a Form of Memorial on the subject of Proportional Representation in the House of Deputies of the General Convention, respectfully offer the following Form of Memorial : —

Resolved, That the basis of Representation in the House of Deputies of the General Convention should be modified into some more just and equitable method than the present.

The amendment offered by the **REV. DR. HUTCHINS** was adopted.

The Report, as amended by the motion of the **REV. DR. HUTCHINS,** was adopted.

The **REV. FREDERICK B. ALLEN** presented the following Report of the Episcopal City Mission : —

REPORT OF THE EPISCOPAL CITY MISSION.

In presenting their First Annual Report to the Convention, the Officers of the Episcopal City Mission desire, at the outset, to express their gratitude to God for the measure of progress and encouragement they have met in their endeavor to expand the scope of the Society's work.

The two Mission Churches under their care — Grace Church and the Church of the Redeemer in South Boston — have never been more prospered temporally or spiritually than during the past year. As the reports of these Churches, however, are presented to the Convention by their faithful Missionary Rectors, it is not necessary that any further mention should be here made of them.

The first step in the enlargement of the Society's work consisted in the employment of two more women Missionaries — three in all being now at work — to

explore neglected or densely populated neighborhoods and induce families, not attending Divine Worship, to connect themselves with the nearest Episcopal Church and Sunday School. As a result, large portions of the city have been thoroughly visited, street by street and room by room, and numbers who had hitherto been entirely neglectful of religion have been brought within reach of the means of grace.

The larger part of the area of South Boston, the extreme North End, the vicinity of Boylston Station, and the neighborhood of Roxbury Crossing have been faithfully explored.

Some of the results of these visits are interesting. It was found that in the entire region north of the Maine Depot and Blackstone Street there are a total of 2,829 families. Of these, 2,351 are Roman Catholic, 276 are Jewish, and there are but 202 Protestant families.

The Missionaries have always co-operated with the Rectors of the nearest Churches. These Rectors have often borne testimony to their efficient work and the manifest accessions which they secured to the Congregations and Sunday Schools. A union canvass having been made in Charlestown, and great numbers of names with their ecclesiastical preferences having been secured, the Rector of St. John's Church placed many of these addresses of Episcopal non-attendants in the hands of one of these Missionaries, who has thus called upon more than three hundred different families, many of them repeatedly, with very favorable success.

A recent careful estimate of the results of the labors of these three women during five months showed that about one hundred and twenty-five families are now regular worshippers (with at least one hundred and fifty children in Sunday School), who previous to December last were entirely neglectful of Church.

We ought to double or treble the numbers of these most useful allies to ordinary Parish work among the poor.

It is in this connection, also, that we should mention the new St. Peter's Mission Church at Boylston Station, as it owes its promising condition largely to the very excellent exploration of the neighborhood by one of our Missionaries. She had obtained, before the first service was held in the Chapel, on the 17th of last February, the names of two hundred and sixty adults who had promised to attend the Evening Services. We obtained the lease of the Chapel for two years, and through the cordial co-operation of St. John's Parish, Jamaica Plain, the interior has been attractively furnished. We have averaged over one hundred at the Evening Services, at which different Clergymen have officiated gratuitously. The Sunday School has one hundred scholars, with thirteen teachers. We regard this as the nucleus of a most promising and interesting work.

Provision has been made in the thirteen leading Hospitals of Boston for the visit of an Episcopal Clergyman should any patient desire it. Very fair use has been made of this arrangement, though a more general co-operation of nurses and physicians would doubtless make the system still more useful. A devoted Lay Missionary has visited the City Hospital and other leading Hospitals for four afternoons in the week, carrying reading matter and flowers (kindly furnished by one of our leading florists two afternoons every week).

This Missionary has often prayed with the sick, written to their friends, summoned a Clergyman when it was desired, and made himself most helpful in numberless ways to the sick poor. His knowledge of Italian has enabled him to speak many a word of cheer to those who but for him would have heard for months, as they lay upon their sick-bed, not a syllable which they could under-

stand. St. Margaret's Guild of young ladies, of Trinity Church, Melrose, has, under our direction, provided garments and many gifts for the sick, and has sent regular visitors from their number to the City Hospital.

In all we may say that many hundreds of calls upon the sick have been made during the past winter, through the initiative of our Society.

A Lay Missionary has also made daily visits to the "Tombs" under the City Court House, and conversed with, and befriended, the prisoners detained there for trial. Although he has rendered various other services of friendship to the unfortunate and the guilty, his chief errand has been a spiritual one. Hundreds of men, startled from their customary indifference by the shock of a first arrest, have proved most sensitive to his exhortation to penitence and consecration. He has followed up the impression made on more promising men by frequent visits to Deer Island and the other public institutions, and has thus made sure that the new purposes aroused did not fade away.

While many of the most hopeful cases disappear on release from observation, the Missionary is in direct communication with some twenty or twenty-five men who give marked indications of Christian earnestness and fidelity. In no branch of our work has the power of the simple gospel of Jesus Christ to change the heart been more signally displayed. We desire also to recognize the kindness shown by the City and Court Authorities, in placing every facility at the disposal of our Missionary in his unwearied ministrations.

Numerous services have been held by the Superintendent in Prisons, Almshouses, Hospital Lodges, and other institutions, and he has always found a most cordial reception.

Among the more recent undertakings has been the effort to make some better provision for the reception and care of immigrants. A Lay Missionary has for the last month met every Cunard and Warren steamer which has brought steerage passengers to our shore. The arrivals have amounted to nearly two thousand a week, and our experience has made it manifest that here is a most urgent call for deeds of mercy and help to these ignorant and bewildered strangers. We hope soon to open an East Boston office in the immediate neighborhood of the wharves, which shall serve as a bureau of information, a rendezvous for the meeting of friends, an employment office, and a centre of moral and spiritual help. In the intervals between the arrivals of the steamers, we trust that a good work for sailors and longshoremen can be carried on in the same place, with the co-operation of St. John's Church, East Boston.

We are also proposing, during the summer, to erect and maintain a tent (already provided for through the gift of a generous friend) at City Point, South Boston, and to hold Sunday Evening Services there.

It is well known that vast numbers, estimated as high as twenty or thirty thousand at a time, gather at the City Point Pier and vicinity on summer Sundays, and we believe that many may be reached by the message of the gospel here who would never be found in any of our Churches. The experiment, at all events, is well worth trying.

Other special plans and openings for usefulness are under careful consideration, though it would be premature to mention them here. It may be enough to remark that we shall be glad if we shall be able to do something for the Italians, for the sailors as a class, and for very poor and neglected children by the opening of playrooms under the care of Christian Teachers.

The work of the Episcopal City Mission seems to command the confidence and sympathy of our Churches, and we rely hopefully upon their cordial sup-

port. Of course, the degree to which our present activity can be enlarged depends entirely upon the generosity with which our treasury is supplied. We believe, however, that we shall be able to obtain the means which shall be necessary for the natural and healthful extension of our usefulness. The fact that our work is so peculiarly in direct accordance with our Lord's commands, makes it sure to touch a responsive chord in every Christian heart. In visiting the homes of the poor, the immigrant steamers, the Hospitals, and the "Tombs," we seem to hear His voice saying to us: "I was an hungered, and ye gave Me meat. . . . I was a stranger, and ye took Me in. . . . I was sick, and ye visited Me; I was in prison, and ye came unto Me."

"Resolved, That in the event of inability on the part of the appointed Preacher of the Sermon before this Body at its Annual Convention, or of his Substitute, to discharge the duty for which he was appointed, the Bishop or the Ecclesiastical Authority of the Diocese be empowered to appoint a Preacher," respectfully report that they have duly considered the matter referred to them, and find (1), that a Preacher and a Substitute Preacher are already provided for by Special Committee; (2), that the failure of the present year is a very rare exception; and (3), that for such rare exception adequate provision is now made under Title I., Canon 3, Sect. 4, which reads:—

"The Standing Committee shall have authority to fill all vacancies that may occur during the recess of the Convention, in any committees appointed to sit during the recess of Convention, and also in such other offices as are held by annual election, for filling vacancies in which other provision has not been made."

A motion to dispense with the ballot in the election of members of the Standing Committee yet to be chosen was lost.

The House proceeded to ballot.

On motion of the Rev. GEORGE S. CONVERSE,

Resolved, That the Secretary of the Convention be and is hereby authorized to provide suitable accommodations for his office (in the room in St. Andrew's House, Boston, kindly granted for his use by the authorities of Trinity Church), at an expense not exceeding \$75.

On motion of the Rev. GEORGE S. CONVERSE,

Resolved, That a Committee of three Clergymen and two Laymen be appointed by the Chair to consider and report to the next Convention whether any, and if so, what, changes in the Constitution and in the Rules of Order can advantageously be made, in order to afford more time for the proper discussion of important subjects and the effective prosecution of the business of the Convention.

On motion of the Rev. EDWARD ABBOTT,

Resolved, That the Secretary of this Convention be authorized to present thereto on the morning of the second day of its session in 1890, in print, two lists of nominations, one list for the Standing Committee of the Diocese, the other for the Deputies and Provisional Deputies to the General Convention, the names on each list to be arranged alphabetically, and each list to contain all names submitted to the Secretary for that purpose, in writing, on the first day's session of said Convention by any member of the same.

Resolved, That a Committee of five, consisting of three Clergymen and two Laymen, be appointed to prepare and report to the next Convention a desirable method for receiving and laying before the Convention at each session nominations to the offices above named.

A motion to change the special Order of the Day, so that the Report of the Committee on Diocesan Missionary Matters and Methods might be presented immediately, was carried.

The Rev. CHARLES M. ADDISON presented that Report as follows:—

REPORT OF THE COMMITTEE ON DIOCESAN MISSIONARY MATTERS AND METHODS.

The Committee appointed by the last Convention to consider and report upon the Resolution offered by the Rev. C. M. Addison, would respectfully report as follows:—

Your Committee was asked to consider the subject of the administration of the funds intrusted to the Diocesan Board of Missions in a larger and more distinctly missionary spirit, and also to consider the best method of raising such funds.

We would be understood at the outset as regarding these words of our commission as calling for positive suggestions in regard to church extension in the Diocese, rather than for negative criticism of the present methods of the Diocesan Board. We hope that the mind of the Convention will not be diverted

to the discussion of local differences of opinion, etc., but that the presentation of pressing needs and rapidly opening opportunities will excite the interest of both delegates and Parishes and fix their attention more upon what *should* be done than upon what has been left undone.

The good work done by the Board in the past and the confidence of the Diocese in its representatives on it should be spoken of with gratitude. This may have led to an unwillingness to criticise its methods or even to suggest possible plans for more work. But if the Board be the agent of the Convention, it should be regarded as ready, not only to receive money, but also suggestions as to the wisest expenditure of that which is given.

In recommending the following general policy the Committee wish it understood that they do not charge that these methods have none of them been adopted by the Board, but only that taken together they afford an outline of a desirable and perhaps more aggressive and effective work than has yet been achieved.

In the first place a great missionary work lies open to the Episcopal Church in Massachusetts among foreign-born peoples. Germans, Poles, and Scandinavians are coming into the State in increasing numbers. With a few exceptions the Parishes of this Diocese are doing nothing for them. They turn to us for ministrations, they call upon us to give them Missionaries and Pastors who can speak their languages, and against their own desires they are being drawn away into other churches which do care for them. The appointment and support of Ministers and Lay readers to work among these people are quite as necessary as any other Diocesan or Foreign Mission Work. It is a divinely brought opportunity to do Foreign Mission Work under our own eyes at home. The people are amongst us, they are ready to be helped, and they respond to every advance. We hope that the Diocesan Board will consider it to be its first duty to provide in this way for the religious necessities of the many, while afterward it may turn its attention properly to the ecclesiastical luxuries of the few.

Again, apart from the establishment and support of new Parishes or Mission Stations, there is an opportunity for much direct missionary activity without the use of any Parochial machinery or the employment of a settled Minister.

In addition to the necessary work of a General Diocesan Missionary or overseer, there is a call for the work of one or more itinerant evangelists, whose labors would not conflict with, but be likely to lead up to, the General Missionary's, inasmuch as their province would be to preach and teach and baptize, with no immediate regard to the prospect of establishing a Parish or permanent station. In view of the fact that there are so many towns where the Episcopal Church is not established and almost unknown and yet where there are some Episcopalians, and that the laborious former Missionary had not been able, in his five years of service, to visit very many of these, we think it advisable as far as means permit to supplement the work of one man by that of another or of several, in order to enlarge the field of pastoral work among our scattered members, unite them more closely to the main body, and also spread the knowledge of our Church among those who are strangers to it.

Thus in many places owing to the visit of one of these Missionaries a Sunday School might be begun under the charge of some Layman, and possibly lay services maintained with occasional visits from a neighboring Rector. What has been already undertaken by certain earnest but solitary Lay men and women with marked success, might well be increased and strengthened by the Board. In this way the already too large number of small and weak Parishes will not be increased and no additional expense incurred by the Board.

We believe the Convocational system to be capable of much larger usefulness than in the past, and we would urge upon the General Board the advisability of utilizing it.

In places where it is deemed wise to establish mission stations, we recommend that the Board have exclusive control of their affairs. The stipend should be given for a definite term of years, and reduced in amount gradually as the Mission grows financially, and due notice given that the Board cannot continue works which are clearly losing ground. It is also recommended that no Mission be allowed to become an independent Parish unless it can prove itself able to pay its Rector at least \$700 salary. When Missions are within convenient distance of each other, or of some established Parish, it is deemed advisable that the two or more places be united under the care of one Minister, or a Minister and an assistant, rather than to place one man in a discouraging situation with not work enough to occupy all of his time, while he himself is a burden upon the small resources of his people. The work can be more effectively done by centralization. In this connection it would be well to remind the Board of a statement made in its report to the Convention of 1877, which expresses what is now felt to be even more necessary than it was twelve years ago:—

“It has hitherto been almost invariably the demand of separate Parishes and Mission Stations, that they must have the exclusive services of a Clergyman. The reasons of such demand seem plausible, and if there were an overflowing treasury it might be prudent to yield to such a wish. In such, however, there is both a waste of money and a waste of effort. A Parish or Station, with its score or two of families or Communicants, cannot in a profitable manner employ the time of a Minister, and money is expended which might be more advantageously used. The stress under which the Board is working, if no other reason, compels it to declare its firm conviction that new measures are necessary, and that two or more Parishes or Stations conveniently situated should be joined in one cure.”

If these recommendations could be adhered to firmly and wisely in every case, your Committee feel that the mission work will greatly increase in extent and efficiency and yet that the Board itself will not be overburdened with additional expense.

It is also suggested that, either along with this policy of aggressive extension, or, for the present, in place of it, there should be a policy of concentration. Struggling Parishes in the larger cities and towns which are evidently growing and yet where the Church is weak, should be aided more largely. Help given generously at critical places and times may the sooner be withdrawn. Missions might be begun in neglected districts of some larger cities at the request of the Parish or Parishes already established, which it would be impossible for those on the spot to undertake.

Your Committee has not been unmindful of the second subject assigned to it, the best method of raising funds for the work of the Board. We believe that to give, the people must feel, and they cannot feel unless they know. Diocesan Missions is not a thing of statistics or of dollars and cents; the statement of the number of towns without the services of this Church, or the proportion of cents due in a year from each Communicant, do not touch the real issues. Vague appeals to the slumbering conscience are useless. Knowledge and zeal begin with and depend upon the concrete and the interesting. Parishes must be interested in Diocesan Missions, and to this end they must be told about them, they must be put in personal contact or communication with the work which is being done

and made to feel a personal responsibility for it. They must know what the work is and they must feel its importance, and then they will give. We have confidence enough in the Diocese to believe that it will respond to any effort which may be made to enlighten and interest it, and we attribute in great measure the cramped resources of the Board to the neglect of this important means. The tone of the recent reports made by it to the Convention has been depressing, and the information given not of a kind to stimulate zeal, or even arouse attention as to the work. Only two short paragraphs in a long report occupying three and a half pages of the last Convention Journal refer to the actual work of the Board through its stipendiaries; the larger part of the remaining space being devoted to an appeal for money and outspoken complaints of the apathy of the Convention and the unspirituality of the Clergy. No statement of the work accomplished is given, save that four Parishes have relinquished their stipends. And no information, except their names, is vouchsafed regarding the five new places where support was given, while the work that the Board could and ought to do, were it enabled, is not even mentioned.

We feel that if the space thus devoted to reproaches were used for a simple statement of results gained in the past year, or of openings only awaiting increased offerings to be taken advantage of, the Convention would be able to act more intelligently and the Parishes would give more liberally.

It is possible to make a mechanical scheme of pledges or assessments successful for a short time, but we recommend none of the many which have been presented to the Convention and to us, being convinced that the true plan is to do a varied, aggressive, and wise missionary work and keep telling our fellow-churchmen in the Diocese about it.

In conclusion, we would recommend that the adoption of this Report by the Convention be considered equivalent to an instruction to its agent, the Diocesan Board of Missions, to adopt and carry out as many of the foregoing suggestions as it may have power to, and that while it expresses its profound appreciation of the past work of the Board it asks the Board to go forward in faith and promises its heartiest support in every way.

CHAPEL OF TRINITY CHURCH, BOSTON,
THURSDAY, May 23, A. D. 1889,
7.30 o'clock P. M.

The House re-assembled.

The Rev. SAMUEL H. HILLIARD presented the following Report of the Massachusetts Branch of the Church Temperance Society:—

REPORT OF THE MASSACHUSETTS BRANCH OF THE CHURCH TEMPERANCE SOCIETY.

The Organizing Secretary of the Society reports that from May 1, 1888, to May 1, 1889, he has filled Sunday appointments and meetings held in Halls and Coffee Rooms on Ninety-one (91) different occasions. He has been present on Week days one hundred and fifty-four (154) times in Halls and Coffee Rooms, where Temperance Meetings were being held or where Coffee House work was going on.

The character of the fulfilled engagements has been extremely varied. If there were room in this Report to give many details, it would be very manifest that the work of our Society is very far from being mere routine work.

The feeling of very doubtful interest which existed in many Parishes three years ago, when he began his work, has given place to a feeling of genuine pride in the Society and its work.

The number of Sunday engagements might very easily have been more than doubled, had not the Secretary thought it best in general to present the cause before the regular Morning Congregation, and to avoid going to Churches for an Afternoon or Evening Service when a large portion of the regular worshippers would be absent.

People throughout the Diocese are coming to realize that the work of the Society is pervaded by a spirit, thoroughly Churchly, putting Christ and the Church *first* in all its aims and efforts; also that it is a thoroughly aggressive, comprehensive, and common-sense way of dealing with the Temperance problem.

The great gain made by the Society during the past year has consisted in a large and liberal increase of interest in our Coffee House work, which has enabled us to carry on the work in four different rooms, all of which have been eminently successful in reaching the class we aim to benefit.

The Woman's Aid to the Church Temperance Society have co-operated in this work very heartily, and have carried on a Coffee Room and Night Lodging House for women and girls at No. 6 Tyler Street, where ladies have gone almost every night to cheer, instruct, and elevate those who came in from the streets.

When it is added that we have had the opportunity both Sundays and Week days to hold Temperance Meetings in three of these rooms, attended by from twenty to eighty of this much-neglected class, both male and female, it will be seen that the field opening out before us is practically without limit. The only limit is that of Funds, and for an ample supply of these munitions of war we make our earnest appeal.

Owing to illness of the Rev. Edward Osborne, Secretary of the Society, it devolves upon the Organizing Secretary to present the Report of the Executive Committee.

The first word which ought to be spoken is the mention of the great debt which the Society owes to the Rev. Mr. Osborne. Not only in the first three years of its existence, before the work was intrusted to a paid Secretary, but ever since, the connection of Mr. Osborne with the plans and work of the Society has been a source of constant inspiration to aggressive movements, and of wise guidance after those movements were under way.

It is well that the Society should take this opportunity to express its gratitude in this public manner.

The Executive Committee have held regular monthly meetings.

To all the work of the Secretary and of The Boston Committee, representing them for City Work, they have given hearty encouragement and wise suggestion. They have arranged for the Annual Meeting in May, 1888, at the Melroseon, in Boston, and for the preaching of Temperance Sermons throughout the Diocese on Septuagesima Sunday. They have also co-operated with the Central Committee in New York in maturing the plans for dividing the Church Temperance Work throughout the Country into Departments, and have, after consultation with the Bishops and Clergy of Maine, New Hampshire, Vermont, and

Rhode Island, merged the Massachusetts Society into the New England Department of which the Bishop of Massachusetts has been elected President, the Bishops of Rhode Island and New Hampshire, Vice-Presidents, and Executive Committee elected embracing the former Massachusetts Executive Committee, together with two members from each of the other three Dioceses included in the Department. The Rev. Edward Osborne has been elected Chairman of the Executive Committee; George S. Parker, Esq., Treasurer; and the Rev. S. H. Hilliard, Secretary of the Department.

In the Parochial Branches of the Society a great variety of interesting work has been carried on. Amongst others should be mentioned especially the formation of Companies of the Knights of Temperance in five Parishes, and establishment and maintaining, primarily through the agency of our Society, of the Coffee House Companies in Lawrence and Brighton.

We have reason to go forward in our work with thankfulness for the blessing of God in the past, and with good hope for the future.

OCONTO, WIS., Oct. 1, 1888.

The Rev. Wm. H. Brooks, S. T. D.:

REV. AND DEAR BRO., — The Fourteenth Annual Council of the Diocese of Fond du Lac, on motion, instructed me, as its Secretary, to thank the Diocese of Massachusetts for its Resolutions relating to the death of our late Bishop, the Rt. Rev. J. H. Hobart Brown, S. T. D., of blessed memory.

In accordance with its instructions and of my own desires, I would most sincerely thank the Diocese of Massachusetts for its words of comfort and sympathy, both for the family of the late Bishop, and for the whole Diocese in our bereavement; and also would extend thanks for the prayers which were offered to Him alone Who can comfort the mourner in his affliction, and teach him to say, "Thy will be done."

The dear, good man and saintly, fearless Bishop has entered into the Blessed

Rest of Paradise; but his memory is ever fresh among us, though it seems hard and difficult to realize the fact that we cannot go to him for help and counsel as of yore.

Again with thanks, I am

Faithfully yours in Christ,

THE ANNUAL REPORT OF THE TRUSTEES OF DONATIONS TO THE PROTESTANT EPISCOPAL CHURCH.

To the One Hundred and Fourth Annual Convention of the Protestant Episcopal Church held at Boston, May 22, 1889:

The amount of the Bishop's Fund reported to the last Convention	
was	\$94,911 65
Since then we have received	24 89
Present amount of the Fund	\$94,936 54

The Bishop's salary has been paid in full to May 1, 1889.

Since the last Report the sum of \$105 was received for the testimonial to Bishop Paddock (thus making a total of \$5,124.75 paid to the Bishop).

Respectfully submitted,

WILLIAM P. BLAKE, *Treasurer.*

Boston, May 22, 1889.

MEMORANDA RELATING TO THE BISHOP'S FUND.

In 1873 the effort was made to raise the Bishop's Fund from \$50,000 to \$100,000, and for this purpose every Parish was assessed by the Convention a sum equal to one half of the annual salary paid to its Rector.

Since then most of the large Parishes, and many of the smaller ones, have contributed their full share to the principal of the fund, either in cash or notes.

About thirty of the Parishes, though not contributing to the principal of the Fund, pay regularly interest at seven per cent on the amount assessed.

There are more than fifty Parishes (and Missions), however, which have contributed little or nothing to the Fund, either principal or interest.

Many of these are poor and feeble, and unable to pay their full share of the assessment.

It is most desirable, however, that every Parish in the Diocese should contribute something each year, however small, to the Fund, and especially that these payments should be systematized as far as possible.

It is also desirable that the obligation imposed upon Missions and Societies, not fully organized as Parishes, but receiving Episcopal Ministrations, to contribute to this Fund, should be more fully defined and more generally understood.

It is safe to say that the Bishop's Fund is not yet nearly as large as it should be, for the reasonable needs of the Diocese, and that we need all the income that can be collected from those Parishes which have not paid their proportionate share of the principal of the Fund.

Mr. ROBERT TREAT PAINE, for the Committee on the Increase of the Episcopal Fund, made the following Report: —

REPORT OF THE COMMITTEE ON THE INCREASE OF THE EPISCOPAL FUND.

The Committee on the Increase of the Episcopal Fund begs leave to report: —

The Convention learn from the Treasurer of the Trustees of Donations that the Fund now amounts to a little more than ninety-five thousand dollars. The vote to increase the Fund to one hundred thousand dollars and assigning an income of six thousand dollars to the Bishop, was passed in 1873. The assessment on each Parish was one half the annual salary of the Rector, or interest on the

same at seven per cent. The payment of taxes, insurance and repairs on the House, a gift to the Diocese, was voted a few years later. Now an income of seven thousand dollars is wanted to meet all the demands on the Fund. Several Parishes give annual contributions instead of contributing to the Fund, and thirteen hundred dollars was contributed during the past Conventional Year. But even then the income is inadequate. When the Fund was started seven per cent was the interest on all Parish notes, and many of these have been paid. It is difficult now to secure even five per cent on investments.

The Fund then must be increased. How this shall be done is quite a question. Several Parishes are in arrears and several have never contributed.

In conclusion, your Committee offers the following resolution:—

Resolved, That a Committee of nine be appointed to consider the matter of the Increase of the Episcopal Fund, and to report to the next Convention.

J. P. ELLICOTT,
RUSSELL STURGIS,
ROBERT TREAT PAINE

DEAR BRETHREN OF THE CLERGY AND LAITY :

I CANNOT enter upon this, my Sixteenth Annual Address before your honored body, without a heartfelt recognition of God's manifold mercies and loving-kindnesses during the year now ended. When I entered on my office in 1873, I had no assurance of so long a continuance in its arduous duties, but was willing to "work while it was called day," content and rejoicing if I might be permitted to make any rough places smooth and crooked things straight for him who should come after me, and be honored to bring in God's Kingdom with power. God has granted me more than this, and I humbly offer Him my sacrifice of praise and thanksgiving.

But this year I have especial causes for gratitude. Through your kind courtesy and the most generous good-will of friends, I have entered upon and completed an eight-months' holiday, full of profit and delights, and probably more needed than I at first supposed. Every condition conspired to make the visit abroad most agreeable. The presence of my family with me everywhere; almost uniform health and buoyant spirits; the magnificent hospitality of many great and good people in England, not a tithe of which we could accept, but all of whose kindness we could appreciate; the *freedom* from such social bonds of love — but *bonds* nevertheless — on the Continent, where freedom and rapid movement are essential; the happy ability to carry out a carefully prepared *itinerary* without undue labor, haste, confusion, or waste of opportunities; the various seasons allotted to the various scenes and climates; the singularly fortunate skies and temperature for the places and undertakings most dependent on them; the happy providential rescues from visible perils and almost accidents, just

filling our hearts with new memories of your prayers and with gratitude for God's goodness, and leaving our bodies unmutilated, our health unmarred ; — all, all these things will ever make the remembrance of the fifteen thousand miles' travel of your Bishop and his family a thing of beauty and a joy forever.

The Diocese has had a prosperous year since we last met in Convention. I need hardly say that some things have occurred which we could wish otherwise, for in so large a Diocese every year sees some such, but they are unnoticed by most, and could not have been prevented, perhaps, by any Bishop's presence. The Standing Committee, as the Ecclesiastical Authority, have administered the Diocese, so far as lay within their competency, with admirable wisdom and efficiency. The Convention Year has covered more nearly thirteen months than twelve, which twelve are usually reduced by the ordinary suspension of Episcopal Visitations during the two midsummer months, so that I have found it possible, by vigorous work before my departure and since my return, to offer opportunities for Confirmation to nearly every church in the Diocese, very much as usual, only asking in many cases that the candidates in two neighboring churches should be united in one class for the occasion. While not our best way as a rule, it has had its compensations in its gracious and brotherly influences. Intense parochialism is not our chiefest blessing.

It is not often that I can say before this now large body, that not one of our clerical brethren has fallen in death since we last met. With so considerable a number as 186, and not a few past the threescore and ten, it is remarkable. We shall not all meet again, dear brethren of the Ministry : let us be watchful, and as servants who wait for the coming of their Lord. We have lost, as always, devout and earnest Christian men and women of the Laity, who have labored much in the Lord ; but, as you know, I hardly venture on reading year by year the growing list. I greatly miss many of them from their places.

The Church at large has lost two of her Bishops, both sincerely lamented. Bishop Harris, of Michigan, was a man of great achievements during his not very long Episcopate, and of greater promise. Of abundant scholarship, ardent piety, sober judgment, commanding power in the pulpit, peculiar sagacity and wisdom in administration, irresistible attraction of spirit and manner, he was one

among a thousand, a very prince among men. The warning does not seem to have reached him, or at least was not recognized as such, until his arrest of consciousness for a moment in that English pulpit last summer. And even then, his enforced absence from the Lambeth Conference did not produce hopelessness concerning him, but only loving concern and anxiety. But his work was done; and soon after his American brethren were scattered everywhere, he passed away and entered into the Paradise of God.

Bishop Welles, of Milwaukee, was a saintly man of very different type of piety, but of great sweetness of life, purity of purpose, and holiness of example. A man of gentleness and peace, he found less of it in his environments than he must have longed and prayed for. Such lives are never lost, and their work is never done at their death; they are a presence and a power for many years to come.

Last year the Diocese was called upon to give one of its eminent Presbyters to serve God in a more laborious and self-sacrificing station as Bishop of Nova Scotia. This year we give another of long connection with the Diocese, of abounding labors, of large achievements, and of much personal consecration to his office, to become the Bishop of Fond du Lac. Bishop Grafton leaves very much behind him and finds before him a field of peculiar difficulties. But he knows as well as any among us how to endure hardness as a good soldier of Jesus Christ; and I am sure that the thoughts, spoken and unspoken, of esteem, and good-will, and sincere God-speed at that simple and tender celebration of the Holy Communion, where so many of his clerical brethren met for a farewell service, will cheer him as he enters on the heaviest labors of his life.

The Diocese has had a year of prosperity. I am not able this year to note most of the details of Parish growth and improvement of Church property, and shall confine myself chiefly to our visible progress in the acquisition of new sites or buildings. Soon after our last Convention I consecrated St. John's, Saugus, a very appropriate and tasteful structure of wood, reflecting great credit on the late Rector, Mr. Fisher, and his zealous people. Later on I consecrated St. James', New Bedford, a beautiful and substantial structure of brick, which only lately had freed itself from debt. It was a noble effort on the part of Mr. Barnes, the Rector, and his generous but not rich people. And among the

latest acts, prior to my departure for Europe, I consecrated Trinity, Lenox, a rich, massive, enduring structure of stone, of large cost, and crowning the mature years of Mr. Field's long Rectorship with honor and rejoicing. The Bishop of New York, although to sail for Europe on the following morning, most kindly came to Lenox and preached the consecration sermon.

Besides these three, six new Churches have been opened for use, which await the removal of more or less indebtedness before Consecration. Three more have been greatly enlarged and five new Parish Houses and Chapels have been built. On June 24 I was glad to go up to the House of the Lord, for the first Service in St. Paul's, Beachmont, spoken of as presumably completed at the last Convention. It is the design of the Rector himself and is a marvel of moderate cost, considering its capacity, suitableness, and good taste. The Church of the Good Shepherd, Watertown, the corner-stone of which I laid on the first day of last June, I have recently officially visited, and find it a choice work, built of small bowlders from the fields on perhaps the finest site in its growing neighborhood, amply accommodating the present congregation, and designed with an eye to future enlargement. Some most wise and brave spirits have guided this good work. St. Mark's, Worcester, has sprung into being, not quite in panoply, but with a stone Chapel and Parish House, both attractive and well planned, and with a lot for a future Church. The Parish is full of life, hope, courage, and, even now, success. Grace, Everett, has completed its modest Church on its excellent lot, and is using it, but I have not yet seen it. Trinity, Ware, a Memorial of the late General Missionary, our honored brother Beers, is a picturesque structure, of good size and location. This Parish deserves more aid than it has received from us. St. Mary's, Dorchester, has done nobly. On a new site, ample for the future and far more convenient for its people, it has erected a most tasteful structure, and is full of life and hope. St. Andrew's, Boston, the Mission centre of Trinity Church, has now a complete Church and Parish House of the most admirable equipments, of very large cost, and of wide usefulness. We have never before had so complete a City Mission establishment, and its inauguration marks an era in our Diocese. Olivet, New Bedford, has secured its land and Chapel with enlargements, and now seeks to erect a Church. It

is worthy of our generous and glad assistance. St. Paul's, Nantucket, has of late so considerably developed that it has enlarged and much improved its Church. The almost new St. Philip's, Cambridge, has outgrown its Church and has made additions almost doubling its capacity.

We have gained somewhat in other Church buildings. I failed last year to note the recent purchase, at large cost, of an almost ideal Rectory for All Saints' Parish, Worcester. St. Mark's, Adams, has completed in stone a beautiful Parish House. Christ Church, Springfield, has completed its Chapel and Parish House. St. John's, Jamaica Plain, has perfected its beautiful pile by the completion of Chapel and Parish rooms.

I judge that these new enterprises of the year have involved an outlay of not less than \$250,000, or with Trinity, Lenox, upwards of \$300,000, and but a very small part of the outlay is unpaid for.

Nor is the good work ended as yet. The new Church of the Messiah, Wood's Holl, crowns its wooded knoll, a Gospel beacon light seen far out at sea, solid in its imperishable granite to its topmost point; a beautiful memorial of one who would be hidden: but the Lord knoweth them that are His, and the righteous will hold them in everlasting remembrance. The day is fixed for its Consecration. And soon its daughter Church, St. Barnabas, Falmouth, will be rising from the ground in comely beauty. Looking nearer home, how can I sufficiently rejoice over that noble pile, so different in its fair lines and winsome angles from anything now in our possession, St. James', Cambridge? Honest and worthy old St. Stephen's, Pittsfield, has surrendered its material to a new stone Church rising on its site. May it have as honored a record. The Church of Our Saviour, Roslindale, is on the eve of Church building, its plans and its means being well-nigh complete.

Our Charities are reasonably prosperous. St. Luke's Home for Convalescents is steadily rising into strength and favor, and no institution can better deserve it. The Church Home for Orphans, South Boston, has had a truly noble benefaction in the gift by Mr. Joseph E. Stanwood, of Malden, of his elegant residence and farm in Topsfield, with all the out-buildings and equipments, and much of the stock and stores. This will enable the Managers to try, under most favorable circumstances, the long-desired experiment of colonizing some of the older children and teaching them

how to earn an honest living when they go out into the world to win their daily bread. May God bless the benefactor, and the effort which his benefaction makes possible.

The Girls' Friendly Society, of Massachusetts origin so far as this country is concerned, is now developing rapidly and strongly. The Massachusetts Branch of the Woman's Auxiliary does greater and greater things each year; and now has consented to lay its loving and strong hand on our Diocesan Missionary work, doubtless to our great advantage.

The Church Temperance Society, under its efficient Organizing Secretary, the Rev. Mr. Hilliard, and its indefatigable Secretary and Treasurer, the Rev. Mr. Osborne, has made great progress during the year.

Our Schools for Boys are full of zeal and courage. St. Mark's, Southborough, is entering on the erection of a great and costly pile designed to meet every necessity of this crowded and prosperous institution. And Groton school will, this summer, build another large and costly building to accommodate its eager patrons. The third Church School, only last year coming within our fellowship, viz., the Highland Military Academy, of Worcester, I am able to say, after a recent Visitation, is a well-equipped institution, with ample accommodations and some peculiar advantages.

At this point in my Address I may wisely temper our gladness over our gains by regret over one or two losses. Grace Church, Oxford, with its beautiful building, has been for a year or more closed, because of lack of worshippers. Trinity, Woburn, is closed, and is in a very discouraging condition. I record also the fact that St. Mark's, Boston, has, by the terms of Article 12 of our Diocesan Constitution, "forfeited its connection with the Convention, and is no longer entitled to representation in the same." This declaration, which I am required by that Article to make to your Body, works its erasure from the Books of the Secretary unless you otherwise order.

I turn your attention now to the record of my official acts during the year, which it is my canonical duty to present to you at this Convention.

If I record my occasional arrangements for the Confirmation of the candidates from two Churches at one place, as *one Visitation*, which I prefer to do, I have made during the year one hundred and

ten Visitations, besides taking part in twenty-five other sermons of which were peculiarly Episcopal, like Ordinations and Consecrations. The deliberative meetings of all sorts have amounted to sixty-six. Of sermons and addresses I have made hundred and sixty-seven.

I now lay before you the record of Parishes or Missions in which the Rite of Confirmation has been administered (on nine occasions by the kind offices of other Bishops), and the number named for each Parish or Mission. Some Churches whose names do not appear on this list were duly provided for by the Bishop, but candidates from them did not present themselves.

I turn now to a view of some matters, Diocesan and general, of especial interest. First of all is our Missionary work, and I must here give God thanks for and with you all, for the noble step forward of our Episcopal City Mission in Boston. It will ask you to-day to hear its First Report to Convention, and in it you will find my cause of rejoicing. The deepening of interest, the broadening of its lines, the enkindled zeal, the multiplication of its agencies — all largely due to its General Superintendent — are indeed causes of devout gratitude.

No Episcopal Address in this Diocese can be complete without reference to that great interest and divine obligation, the spread and maintenance of the Gospel and the Church in this Commonwealth. The Board will report to you that it has secured Incorporation from the Legislature, under its honored name of "The Diocesan Board of Missions." We call our Church here a "Diocese," regardless of the fact that some Christians have a prejudice against such words for which they have no use, and because the word is of primitive antiquity and of honorable use through all the Christian ages. And I love to call the Church's aggressive work here for Christ, "*Diocesan Missions*," because the Church's charter was in terms a *Mission*; because the dear Lord made His disciples first, and then His Apostles, Missionaries; because Ministry is hardly a lawful work without the authority and the indelible note of "Mission"; because the field is as truly a Missionary field as was God's ancient Israel everywhere to whom Christ's Ministers were to "go first"; because such work for eighteen centuries has shared the blessings with heathen nations of the great missionary

commission, "Go, preach the Gospel to every creature"; and finally because this new nation, — incomparably God's greatest and perhaps consummating act in national construction, — this great nation (and therefore our own Diocesan portion of it in its measure) is the grandest missionary field in the world, and cannot be robbed of its rights and honor and full recognition as a supreme and providential and marvellously ordered and a hundred-fold productive, portion of the world where the Church must sow the good seed of the Gospel. The Church's "*Domestic Missions*" in this country are not going to surrender their indisputable claim on the heart and conscience of the Church, and give the grand old word of the Gospel and the Church's eighteen centuries to *Foreign Missions* only. And a Diocese which probably numbers within its borders a million of people who are not attendants upon Divine Worship, and who are more densely compacted than any other State in the Union, may well insist that the many Christian souls who love Missions may find a place for a share of their gifts among themselves. While an organization that has been greatly blessed in uniting all our Clergy and Parishes in a common object; in demonstrating the joy and rewards of united and non-partisan work for Christ; and that has found means to aid, during its fifteen years' service, seventy Churches now numbering nearly five thousand communicants and more than five thousand members of Sunday Schools, of which Churches a score have become self-supporting, and twoscore have secured either Churches, Chapels or Rectories for themselves; an organization with such a history may properly feel discharged from the peril of radically new methods and be free to redouble its consecrated labors for Christ in that portion of the broad Missionary Field which He has committed to us in this great Commonwealth.

The Treasurer will report a deficit in our receipts. It is painful to me to speak of it, and I can say nothing new or unknown to you already. Dear Brethren, when *every Pastor, without exception*, shall feel it his duty to increase his people's knowledge of our work, and to kindle their holy interest in it, and send at least *two whole offerings* a year for its maintenance, we shall have all we need, and the givers will have a blessing. Is this too much to ask or to grant?

A movement of much promise has originated among the Laity which has taken form in the organization of "The Episcopalian

Club" in Boston, and, I think, of at least one like club elsewhere. I allude to it here because of a grand measure which has attracted the attention of "The Episcopalian Club" and may be full of promise. Many of our Laity believe that the time is ripe for the buying or the building of a Church House in Boston. Many of you know your Bishop's firm conviction of the almost *necessity*, and of the entire practicability of such a work; it seems to me the chiefest great *common work* now before this Church. The Diocese could no longer be worked without our three little rooms in Hamilton Place, and St. Paul's Chapel besides, and cannot much longer be worked with them. The yearly meetings of official bodies there number between two and three hundred. Not improbably St. Paul's Chapel and rooms may ere long be lost to us. It is time to move in the matter. We are already among the last of the denominations in this movement. A Church organization, with no approximation to our numbers or strength, has lately, I am told, made a most judicious and economical step forward. I respectfully suggest that the Convention renew its consideration of this subject, already familiar to it, express its convictions on it, and perhaps create a Committee for counsel and co-operation with any Committee which may be created by the Laymen's Club.

I feel it my duty to say a word to this body of Pastors and Lay representatives of our Parishes concerning the steadily growing agency of Lay Readers. All over the land Laymen are more and more becoming helpers of the Clergy, and not least in their public ministrations. I rejoice to license, according to the Canon, devout communicants, commanding the respect of the Churches and otherwise competent, to assist the Minister of the Parish. The help has saved many a Priest from undue exhaustion at times of indisposition or special pressure of duties. And it is, besides, an educating power for the Laity. Then, too, under certain conditions of vacant Churches Lay Readers may be of temporary assistance, — now and then of more than temporary benefit. We are using this Lay agency largely in this Diocese, and we must see to it that it be used wisely.

I am fully convinced that this important agency has of late come to be used unwisely in this Diocese; not through any obscurity in the terms of the yearly License issued by the Bishop, which terms are copied from Canon 9, Title I., of the Digest, but

from forgetfulness or neglect of those conditions on the part of Parishes and Readers. The law allows no Bishop to issue a License for a vacant Parish where the " congregation . . . is able, and has had reasonable opportunity to secure the services of an ordained Minister " ; and no License has been seen in this Diocese for many years, which has knowingly transgressed that law. But, in my judgment, transgressions of that law have become too common on the part of Parishes employing, and of Readers employed. The number of young men seeking Readerships for eking out their scanty support in sacred studies has increased, and Churches which have been paying Ministers \$1,000 or more find it convenient for a time at least to pay one third only of that amount. In many cases the Church is not so much benefited by the one day's labor of the popular but inexperienced semi-minister as it fancies it is, or as it would be by the same labor of a Minister of Christ ; much less than it would be by the residence and every-day care of such Minister. And often a thoughtless but cruel wrong is done to worthy Ministers of Christ, who are for the time unemployed and who *absolutely require* opportunities for ministration during their passage from one settlement to another, to prevent suffering on the part of themselves and their families. Licenses are not given by your Bishop available for such vacancies, unless after special consultation with him ; but not infrequently a License for one specified place, and bearing on its face the statement that it is not available for other places, unless in an emergency, has been thoughtlessly used for other places for which it could not have been issued ; so that it has happened, and that too when the Bishop has been within easy reach, that Parishes and Missions have been found quietly and happily at work for weeks with a Lay Reader, without the Bishop's official knowledge of any such arrangement. Consultations are held, details are agreed upon, the work is in progress, but the Bishop, who is canonically responsible, is apparently the only party who knows nothing about it.

I propose that this irregularity shall cease : and I believe that the Clergy and Laity of this Diocese will support the Bishop in putting under strict canonical regulations this most valuable agency, or in summarily cancelling Licenses that are used unlawfully.

You are about to be called upon to elect your Deputies to the now great Triennial Synod of the Church, whose agency in shaping

our future in this nation must be vast, and may be of almost incalculable importance. We of this Diocese do not "instruct" our representatives, because we choose men who *represent* us, and then we trust them to do what they think right after full discussion and consideration. The work of Deputies is very laborious and exhaustive, but is very momentous and honorable. Several important subjects loom up before our General Convention, to which I do not care to allude. Proportional Representation of the Dioceses in General Convention must before long be seriously considered, and as a natural, but not essential, preliminary to it, a like representation in Diocesan Synods will ask a hearing. Your committee of last year will report on that subject. *Revision* will, of course, demand a considerable portion of the General Synod's time and labor. It is to be hoped we may complete the Prayer Book revision, and make some progress in that of the Hymnal. A Committee will report to the General Convention a tentative volume, on which it has spent a great deal of labor and research, and which may furnish the basis for a revised Hymnal. With as many Hymns as are now contained in some of the most popular English Hymnals (recently enlarged); with supposedly better adaptation than heretofore to the suggestions of the Church's Christian Year, and to the needs of different minds in the Church; with sufficient provisions for Sunday-School work and worship, for processions and litanies, for parochial Missions, and for private use in homes, and in houses of charity; with hymns gathered from every possible quarter, if only they were thought possessed of poetic merit, sober feeling, sympathy with the Church's worship, and harmony with her exhibition of Gospel truth; it may be hoped that *something* may be found in it on which the Church may build up eventually a better Hymnal for her use than any now existing. It may be so, if God will. We, of course, have no present duty in the premises, for the Committee's draft is not yet final, nor has it been presented to the only body that can receive it, the General Convention. Probably few men in this Diocesan Convention have as yet studied the tentative Report as its importance deserves; very many have never seen it. It were to be wished that all intelligent Churchmen would give it full examination and the benefit of their conscientious and well-considered criticism. Such a revision is a most difficult undertaking, its subject-matter being so peculiarly under the dominion of sentiment

and association, most variable quantities. No action of General Convention is to be deprecated, save that which might spring from a secret wish to shake off *all* restraints in the hymnody of the Sanctuary and leave free swing for both doctrine and feeling; or else from a determination, begotten of weariness, confusion, and impatience, to put an end to the consideration of a subject very difficult of treatment in a wise, delicate, and just spirit, by a great deliberative body.

I have reserved to the last the topic which must be either first or last in such an Address as this, viz., the late Lambeth Conference. But I have no intention to detain you with other than a few general remarks. I cannot with propriety—even if I could—with attractiveness—bring before you pen pictures of the many most interesting scenes, places, Services, assemblies, hospitalities, personages, of this great occurrence. The crown and flower of gracious hospitality, as also the consummate skill of presidency, belonged without dispute to His Grace the Archbishop of Canterbury; but His Grace the Archbishop of York, the Lord Bishop of London, the great Bishop of Durham, and not a few others, including the two great Universities, followed close after. The Lord Archbishop could not be content with giving the Conference the privileges of that exquisite Lambeth Palace Chapel (in which Bishops White and Provoost were consecrated for us a century ago), nor yet with making our place of daily meeting for deliberation Lambeth Palace Library; nor still farther, with spreading a bountiful board in the great Hall for the daily luncheon of one hundred and forty-six Bishops. He lovingly invited and individually arranged for every American Bishop to come with his family and be the guests of himself and family for two or three days. I dare not say more than that the days which I and those dear to me spent in that great Palace, but simply ordered, sweet, Christian home, and the charm of that household life and character, will abide with me while memory lasts. God grant that the overwhelming cares and anxieties and almost incomprehensible labors of this office may not rob this noble, gentle, patient Head of England's Church of the joy and strength and solace ever lovingly awaiting him in one of the sunniest and sweetest of England's ideal homes.

Being providentially detained from reaching England until the close of the first week of the Conference, I had hoped and expected

to escape duty on any Committee. In this I was disappointed. But I was glad to render such service as I could on "the Committee on Purity," whose report was among the few unanimously accepted by the Conference. I also served on another Committee; for when the Bishop of Minnesota — most valuable counsellor — felt obliged by ill health to decline his place in the very important Committee on Possible Methods for the Re-union of the various Bodies of English-speaking Christians, I found myself burdened with the vain effort to make his place good.

The method of work in the Conference was for the Committees to elaborate their Reports on their respective subjects, and present them at the last week's sittings of the Body for discussion and action. Thus thirteen distinct subjects came before us. But no legislative power was claimed by the Conference: it was hardly tolerant of the name "Synod" or "Council": it uttered no decrees, it promulgated no canons. Still great moral weight attached to its opinions. No Bishop in attendance, no Bishop anywhere, could fail to be largely guided by the convictions of such a learned, godly, eminent body of men gathered from all corners of the earth. Very pressing questions were under consideration — I hardly dare say in all cases, *full* consideration — for the number of hours allotted sometimes forbade that, and the time fixed for the dissolution of the Conference in the very terms of the invitation made the law of a topic's limitations Medo-Persian. And with some topics conclusions could hardly be reached. But I am sure it will be found that this Conference was an advance on the previous ones in fulness and boldness: it discussed more of what men call "burning questions," and it spoke more fearlessly. Surely *Purity, Socialism, Authoritative Standards of Doctrine and Worship, Christian Unity, Mutual Relations of the Churches, Home Re-union of Religious Bodies, Observance of the Lord's Day, Temperance, Reform in Corrupt Churches*, and such like topics are not dead issues. There is much to be thankful for in what was said and done. Probably many American Bishops, accustomed to a very different *environment* of the Church and to no restraints on her speech or action, would have been glad if the Conference had said a little more and gone a little farther. But perhaps all American Bishops will be pleased that no claims, or foreshadowings even, of authority over, or right of intermeddling with, the affairs of our Ameri-

can Church were apparent. Not that such assumption of power was for a moment suspected by any of us; but there have been some in the Church who possibly longed after, and more who feared, the gradual establishment of a sort of supremacy over the entire Communion by the See of Canterbury. The hope and fear may both be laid to rest. Good only is likely to come from these great re-unions of the several Churches of the one world-wide Communion.

I have detained you too long, dear Brethren of the Clergy and Laity, and important duties await you. God grant that we may both perceive and know what things we ought to do, and also may have grace and power faithfully to fulfil the same through Jesus Christ our Lord.

FROM

Canon 17 (Title X.) of the General Convention.

Of the Mode of Securing an Accurate View of the State of the Church.

SECTION 1. — As a full and accurate view of the state of the Church, from time to time, is highly useful and necessary, it is hereby ordered that every Minister of this Church, or, if the Parish be vacant, the Wardens, shall present, or cause to be delivered, on or before the first day of every Annual Convention, to the Bishop of the Diocese, or, where there is no Bishop, to the President of the Convention, a statement of the number of Baptisms, Confirmations, Marriages, and Funerals, and of the number of Communicants in his Parish or Church; also the state and condition of the Sunday Schools in his Parish; also of the amount of the Communion alms, the contributions for Missions, Diocesan, Domestic, and Foreign, for Parochial Schools, for Church purposes in general, and of all other matters that may throw light on the state of the same. And every Clergyman, not regularly settled in any Parish or Church, shall also report the occasional services he may have performed; and, if he have performed no such services, the causes or reasons which have prevented the same. And these reports, or such parts of them as the Bishop shall think fit, may be read in the Convention, and shall be entered on the journals thereof.

REMARKS.

The Rev. Henry Wood resigned the care of this Parish Jan. 1, 1889, to the general regret of our people. During Mr. Wood's Rectorship the Parish has made substantial and commendable progress, so that we stand to-day more in harmony with each other, and stronger than ever before, both in regard to numbers and financial prosperity.

This year we give up our help from the Diocesan Board of Missions, and trust hereafter to our own exertions. With thanks to the Board for its invaluable aid in the past, we hope in the future to be entirely self-supporting.

REMARKS.

The Rector was obliged, on account of ill health, to be absent from the Parish most of the time from Easter, 1888, till last March. Mr. Charles A. Hall, the Parish clerk, officiated as Lay Reader, and the neighboring Clergy gave very valuable assistance. Thanks are especially due to the Rev. Langdon L. Ward, the late Rector at Shelburne Falls.

Through the efforts of the women of the Parish, with the help of summer visitors, the church has been repainted,—for the first time in forty years.

REMARKS.

The movement in Athol is so new that very few details can be given. I have not inserted anything in the financial part of the report, for the reason

[B.]

that although the payments to the Rector have been made regularly on the basis of \$650 a year, the period of my service has been so brief that the figures would look very small. There is a Sunday school, but it is very small as yet, and can scarcely be reported.

REMARKS.

The new Church was first occupied on June 24, the occasion of the Bishop's last visitation, before his departure for the Lambeth Conference. It is now completed, except the interior decoration. The land, with grading, has cost \$700; the Church edifice, with furnishings, \$3,300. Among the gifts, from persons outside of the Parish, and included in this report, are a brass lectern and brass altar desk, by Mr. Perkins F. Smith; \$300 from some unknown friend, through Mr. Jno. S. Blatchford; and a chancel rail from the offertory taken in St. Paul's Church, Boston, on the occasion of the farewell service, given on the eve of the Bishop's departure for the Lambeth Conference; also other gifts of money from members of St. Paul's and Trinity, Boston. These gifts from friends of the Mission have greatly cheered and strengthened us in our work. By the help of a Lay Reader, services are maintained both morning and evening every Sunday.

Among the windows placed in the Church as memorial, are one by Mrs. Jacob Smith, in memory of members of her family; one by the young men, in memory of the late Rev. John S. Beers. One window was given by the Sunday school, one by the special offering of the congregation, and one by

[B.]

the Pastor and his family. The cost of these windows is included in the cost, given above, of the Church edifice. The Church Workers have rendered good service, the past year, in contributions towards various Parochial objects, amounting to nearly \$100.

REMARKS.

The total of contributions this year raised in the Parish for all purposes is larger than ever before. One year the total reported was larger, but included \$322 given outside the Parish. The Parish *itself* has never done better than this year. This, considering how many in the Parish have been out of employment, seems very encouraging. The total for Charitable and Missionary Offerings seems less than last year, but that is only because last year's account included quite a sum given the Rector for charities in the Parish. The Offerings of the Parish for Missions of all kinds have been really larger this year than ever. The number of Sunday-school scholars reported is also misleading. It indicates only a slight growth over last year. As a matter of fact, in actual attendance, the Sunday school has increased nearly one half. The Mission, however, labors under great difficulties from the impossibility of getting good

[B.]

Sunday-school teachers, and also from the constant shifting of families in the Parish. Over twenty-five per cent of the families have moved during the year. Mr. H. B. Lathrop has assisted us in the Sunday school, coming every Sunday from Cambridge during a large portion of the year. Mr. James Erskine, of the Church of the Redeemer, has also very generously given us all his services as Lay Reader.

REMARKS.

The Standing Committee of laymen has done most valuable work in maintaining and furthering the interests of this Church.

At Christmas, through the kindness of the Rev. Waldo Burnett, we received from the boys of the Fay School, Southboro, as a gift, a handsome brass altar cross, and a pair of brass altar vases. This generosity of the boys is appreciated.

At Easter, the Woman's Sewing Guild added to the beauty of the chancel by giving a beautiful white and yellow dossal, and by completing the set of white and yellow altar cloths. A new Bible was donated at Easter, for use on the church lectern.

A Piano is needed for the Parish House, for choir practisings, social gatherings, society meetings, etc. The Piano Fund now amounts to \$164.45.

The present amount of the "Chapel Fund" is \$1,238.22.

There are many here who, though confirmed, perhaps years ago, never come to the Holy Communion. Hence they are not included in the list of communicants of this Church.

REMARKS.

Our new Church and Parish House were opened Sunday, July 29, 1888, a large congregation being present both morning and evening.

The experience of the winter proves that the buildings are admirably adapted for the manifold activities of the Parish.

Services in the Swedish language were begun on Sunday, Oct. 28, 1888, by the Rev. P. A. Almquist, a Presbyterian of our Church, in the Hall of the Parish House. There is good reason to believe that a permanent Swedish congregation will be established.

The following statistics are presented in connection with these services: Baptisms, 4. Marriages, 2. Communicants, 10. Contributions, \$144.31.

A Ten Days' Mission was held from Feb. 9 to 19, 1889, by the Rev. E. Walpole Warren, Rector of Holy Trinity Church, New York.

Since the last report to Convention, the Chapel Building has been purchased. Both the building and the balance of the Fund contributed for the Chapel are now held by Trustees legally appointed, provision being thus made for the permanence of the work, for the enlargement of which we must look to friends of the colored people who would see the Church worthily represented among them.

REMARKS.

During the Conventional year we have lost forty-three Communicants. — forty one by removals, and two by death. Many of these were people brought into the Church from the Sects, and were counted among our most devoted Church people. As an off-set to this we gained twenty-seven, reporting this year twenty-two Communicants fewer than last. The Church population in this Parish is very shifting, as a majority of our people depend on daily labor for their livelihood, and since the closing of the Abattoir and other places, they have been obliged to seek work elsewhere.

REMARKS.

The above Report ends with Easter Day, April 21, 1889.

During the first eight months of this Conventional year, while the new Church was in process of erection, the Parish attended services held in a public hall, every Sunday morning. The completed portion — the nave of the new Church — was first used Christmas Day, 1888. Since that date there has been a noticeable increase in numbers and in interest, and the prospect of permanent success and extended usefulness is most encouraging.

In September, 1888, the Mission Sunday school, formerly established near Mt. Bowdoin, was transferred to Wetherell Hall, opposite Grove Hall. There its sessions have been regularly followed by the usual services, — Evening Prayer and Sermon. These latter have attracted and interested many who have long wished for the ministrations of our Church, and whose regular attendance and interest assure the maintenance and prosperity of the Mission.

REMARKS.

The Parish is greatly indebted to Miss Annie Covert, appointed by the City Board of Missions, for continued service in visiting and tending to the wants of the many poor under its care. Its work is now conspicuously missionary in its character, more so than any other Parish in South Boston. It is peculiarly located for this important work, and though independent of the City Board of Missions, it does for the interests of this Board what cannot be done by its nominal Missionary Church in this part of the city. Year by year the fact brightens that the near future must inaugurate a change whereby we will no longer suffer from mistaken plans, but be willing to adapt ourselves to the growing needs and responsibilities of this great field in some other way than has characterized the past.

REMARKS.

We have lost by removal a particularly large number from among the most interested members. The Holy Communion has been celebrated on Sunday mornings throughout the year with one exception, and with one exception the Flower Association has decorated the chancel with flowers. The Sewing School carried on by Mrs. George Sheffield and her assistants has been most successful. That which is most necessary for the success of the Ascension is the recognition by all persons concerned, that the missionary, whoever he is, is, under the Bishop, the responsible head and leader of the Mission.

REMARKS.

The Church was enlarged last summer by the insertion of a section 31 x 33. The first service held in it after the alteration was on Sept. 16, 1888.

The men of the Parish have hired and fitted up a club room for young men on Main Street, under the direction of Mr. F. H. Lewis, which seems to serve an excellent purpose. Newspapers, periodicals, and games are provided for those who make use of the rooms. We have been assisted in maintaining these rooms, pecuniarily, by members of the Church of the Advent in Boston, and others.

St. Philip's Mission has taken possession of a new and better room, where, since Epiphany, regular services have been held Sunday mornings, as well as Sunday evenings as before. Rev. Dr. Haskins has had charge of the morning service. Several of the Cambridge and Boston clergy have preached at this Mission Sunday evenings. The Mission has been named St. Bartholomew's. The report of it follows.

REMARKS.

The large increase in the value of the church property during the past year is due to the finishing of the Church tower, mainly by contributions for that purpose as a memorial to the Dr. Theo. Edson, who was the founder of the Church in Chelmsford.

Much-needed repairs have also been made on the Rectory building, the expense of which was met by a loan secured on the Rectory property, which will in a term of years be discharged from the income of rents of the property. Of the \$1,200 indebtedness reported last year, \$500 was paid by the new mortgage. The remaining \$700 is still due, but is in a note for which certain members of the Parish are personally responsible. This note is not reported, nor is a floating indebtedness of \$242.

REMARKS.

During the past Conventional year, services have been held in Trinity Church, Concord, every Sunday, with one exception, when it was closed during the placing in the chancel of a stained-glass window, the gift of Mrs. Underhill, as a memorial to her husband, the late Orlando H. Underhill, the first Warden of the Church.

After the resignation of the Rev. Benjamin Judkins, in July of last year, services were conducted by various clergymen during the summer and until the latter part of September, since which time they have been, for the most part, conducted, in a *most acceptable* manner, by Mr. Walter Russell Breed, a student at the Theological School, Cambridge.

The Parish, although not numerically or financially strong, is in a good, healthy, hopeful condition. The congregation, composed mainly of earnest, zealous, and faithful women, is united, harmonious, and hopeful, and the prospect of some growth in the near future is encouraging.

The income during the past year exceeded the expenditure by \$2.33, and the Parish is entirely free from debt.

REMARKS.

This Mission has been without a settled minister since December last, and the Records are not in a condition to enable a proper report of families and Communicants to be made. Services have been maintained regularly on Sundays and Holy days by the Rev. J. R. Peirce, of Dorchester, who has also baptized six infants. The Rev. T. D. Martin, of Pine Meadow, Conn., has accepted a call to become our minister, and expects to enter upon his duties here on July 1. During the spring and summer of 1888, the hall in which we worshipped was found to be too small to accommodate the weekly attendance at services, and we were reluctantly compelled to build a chapel, as no other hall could be obtained to accommodate us. This came very hard upon us just at this time, as we had strained every nerve to secure one of the most desirable lots of land in the town, and one which we believe will steadily increase in value as the town grows. Land was broken in July, and the first services were held in the new Chapel on Sunday, Dec. 16, the Rev. J. R. Peirce preaching in the morning, and being assisted by the Rev. Messrs. Converse and Allen in the evening. Since then a beautiful memorial tablet, commemorative of the late lamented general missionary, the Rev. J. S. Beers, has been placed on the wall of our Chapel, contributed by loving friends. This building of our Chapel has entailed upon us a debt of \$5,500; but it is hoped that with the settlement of a minister we may be able to gradually reduce it.

For Executive Committee.

REMARKS.

The great need of this Parish is a larger, more attractive, and *safe* Church building. The present one is too small for the work of the Parish and Sunday school. Every season it gives plainer evidence of structural weakness. It was erected some years before the present Rector was called to the Parish; the Mission at that time was an experiment, and the leaders of the movement thought best to build according to their means, rather than burden a new enterprise with a larger and more costly building, encumbered with debt. The plain small structure was never intended to be permanent. It has well served its temporary purpose; and deducting a fair rental for ten years' use, can with the land be sold at little or no loss on cost. The Parish is no longer a venture, but has proved itself a necessity; there is a large regular congregation of earnest worshippers and a large Sunday school; both would increase had we larger and better accommodations. Many would join us who are kept away through fear of bodily injury; their numbers would increase the congregation and their contributions swell our receipts. We have the men, the women, the children, but not the money to build the needed edifice. Who will come to our help in this work for the Lord?

A special committee from the Board of Missions visited Fall River last spring, and were convinced of our need, and of the importance of the work. Since then they have appealed to the Diocese at large for aid, and have been laboring to put the Church work in this city, crowded with operatives from the mills in England, upon a proper basis. If the *promise* of this field of Mission labor, which belongs especially to the Church as the daughter of the Church of England, the number of the baptized children of the Mother Church, their lack of worldly goods, and their readiness to give liberally according to their ability, were known, the money needed would be found. Twenty-five hundred added to what the Diocesan Board already have received, together with what the Parish will raise at home and by the sale of the old property, will place us beyond want. A new and better lot of land in the most desirable location has already been purchased and paid for; the work of building waits only the receipt or promise of the above-named amount. Were the appeal of the Board widely circulated and carefully read by the Church, the answer would be prompt, and at the next annual Convention we should not plead for aid, but be able to report such progress in Church work as would make glad the hearts of all.

REMARKS.

This report includes the period from June 17, 1888, to the Convention. Services had been held in the town of Falmouth by the Rector of the Church of the Messiah, Wood's Holl, on Sunday afternoons during the summer of 1887, and monthly during the winter. On June 17, 1888, regu-

[F.]

lar services were begun under the direction of the present Rector-elect, which resulted in the organization of the Parish of St. Barnabas, Dec. 29, 1888. The history and the progress of this work in Falmouth have been remarkable in many ways, chiefly for its early development into full Parish life, and for the encouraging prospects lying before the Church here. With no existence as an organized mission, the Parish came at once into being, supported by the devotion and liberality of its friends, and assured by them of permanence. At present, the number of Communicants is small and not fully determined, as the ground is largely new to the Church; but the sixteen baptisms, and a confirmation class of ten now awaiting the Bishop's first visitation, indicate the need of Church organization in Falmouth. The generosity of members of the Beebe family has procured for the Church a fine lot of land of about three and one half acres, centrally placed on Main Street, on which a stone Church and a Parish House, given by members of the same family, are in process of erection.

REMARKS.

The illness of the Rector since the first week in Advent will account for the falling off in the number of Baptisms, Marriages, and Burials. The efficient and always acceptable help, so willingly given by Mr. Clarence E. Kelley, the Lay Reader officially connected with the Church, has prevented any suspension of the Sunday services, and the congregation have manifested their thoughtfulness by a constant and full attendance. Thanks are due to brethren of the Clergy for frequent celebrations of the Holy Communion.

The usual Easter and Harvest Home offerings were sent to the Old Ladies' and Children's Homes, and to the aged and sick about us.

The Rector has had constant proofs of the loving-kindness and affection of the people in his charge during his long illness.

REMARKS.

Since the twenty-second Sunday after Trinity, when the Rev. Dr. Coolidge resigned the care of the Parish, the undersigned has had charge of the Sunday and other services, a priest celebrating the Holy Communion on the great Festivals, and at other times, and performing other offices.

Besides Dr. Coolidge's resignation, it is a source of regret to the Parish that the Keble School has been discontinued for lack of that support which its excellent advantages should have commanded of Church people.

The branch of the Girls' Friendly Society connected with the Parish enters upon its third year of service with a membership of forty-two, and three on probation. During the year one member has been transferred, one married, and one made a working associate. In May of last year, having outgrown their original rooms, a house was rented and furnished, principally by friends and neighbors, and in July they opened a "Home for Working Girls" from Boston. During two months they gave help and rest to thirty girls. The requisite funds were raised by an entertainment and a sale in the summer. In July a service of admission was held, the Rector, Dr. Coolidge, presenting the badges with some good advice. Regular weekly meetings are held in the Home, where sewing is done for worthy objects. In September a class in dressmaking was formed, and at Christmas a tree was given to the poor children of the town, forty-two children receiving each a toy, bag of candy, ice cream, cake, etc. Work is in progress for the coming summer.

The Girls' Friendly Society experienced a deep sorrow in the death of Mrs. Jeffries, their first secretary.

REMARKS.

During the past year steps were taken to begin a Fund for a larger Church here. We are rapidly outgrowing our present accommodations. A report of the sum raised thus far is not given. It seems better to let that be a part of the sum total reported when the finished work is in use. This is the last report of this Parish which the present Rector will make, and he desires to place on record an expression of devout gratitude to God for the harmony and good-will which have attended him through the whole of his eight years' stay. It is with regret and profound sorrow that he lays this work down to enter into another field of labor.

REMARKS.

Owing to the absence of the Rector the financial report is not wholly complete. The new Church was consecrated on the 19th of June last. It is a structure of gray limestone, unbuttressed, partly Norman in style, a square and massive campanile joining the Church by a covered archway which leads to the main entrance on the side. The chancel is octagonal, pierced by Norman windows, which detail in exquisite colorings the life of our Lord from Birth to Ascension. Its cylindrical ceiling, the wainscoting, and all the furniture of the Church are of panelled, figured, or carven oak, some of rich and beautiful designs. Organ to the north. Walls of sanctuary and choir, in gold and dark green; of the nave, terra-cotta. Ceiling of latter, green, its graceful and foliated section work of iron gilded. Floor of chancel variously tiled; of nave in mosaic of gray granite, soon to be polished. One of the beauties of the Church is the liquid glow of light from its pebble studded windows, of which the Rose in the west, some fifteen feet in diameter, is a noble specimen, with its golden and neutral tints. The spaces between windows are hung with bronze and marble tablets, in memory chiefly of the faithful who first nursed the infant Parish. A St. Cecilia window in memory of the wife of the Rector, the Rev. Justin Field, and another of President Arthur, grace the north side. The entire chancel and campanile are also memorials.

REMARKS.

The work has been sadly crippled on account of being without a Rector, and part of the time having only one service on Sunday. Since I took charge the subscriptions have largely increased, and the outlook for the future is much brighter. But still we can hardly be expected to any more than eke out an existence, and no help in a Diocesan way must be looked for from a Church which really is deserving of aid more than some which are helped.

Very respectfully yours,

L. H. MERRILL.

REMARKS.

St. Paul's Mission, connected with St. Anne's Parish, is in abeyance. It has always been feeble. Located where there was simply a mill and its dependencies, it served only for the most part English operatives. These have largely moved away, their places being supplied by those of another communion. It is at present impossible to sustain the Mission. The field, however, is held with a view to the future. There is no real estate, and the personal property vests in St. Anne's.

The Mission, also connected with St. Anne's, at North Billerica, has fairly conquered a peace, and is no longer seriously molested. In the

[L.]

Providence of God, and in a very unexpected and sudden way, the Rector of St. Anne's has been enabled to purchase a very eligible lot of ample dimensions, at a cost of \$300. This is paid for, and will be vested in the Board of Trustees of Donations. The Mission has already a Building Fund of about \$1,000, which will be increased, and a neat Chapel will be erected, probably from plans by Mr. W. P. Wentworth, of Boston.

All this has been accomplished during the past year. The Mission has also raised and expended for current expenses \$117, and has given two offerings to Diocesan Missions, amounting to about \$13. Nine persons were presented for Confirmation in the Parish Church, May 7. There are about fifty Communicants, with about one hundred and fifty souls. It has a Sunday school of about seventy-five scholars and teachers. Officers: Warden, John Gott; Secretary, Joseph Brown; Treasurer, James Sutcliffe.

The above financial statement is not embraced in the Parish report.

REMARKS.

We have reason to be devoutly thankful for many blessings in the year past, showing life and growth in things spiritual and material. A renewed interest in the welfare of the Parish has manifested itself in better attend-

[L.]

ance at worship, in enlarged offerings, and in increased efforts for its support and prosperity. In addition to the large amounts contributed by its workers to the general treasury, the working societies of the Parish have shown special zeal in other good works. The Improvement Society has decorated the walls of the Chapel, and provided an excellent piano. The Parish Aid Society, with the help of some other contributions, has entirely renovated and beautified the Sacristy, at an expense of \$75. The "Watchers" Sunday-school class have added to their gifts in former years a beautiful brazen alms basin for the Church; and a class of young children contributed an altar cross for the Chapel. More than the value of these things in themselves is the fact of which they are the evidence, of a new spirit and renewed Parish life. The increased prayer and zeal and efforts, thus blessed of God, promise results of still greater blessing.

REMARKS.

The comparatively small amount given to Missions and other charitable objects indicates a lack neither of interest in nor of a sense of responsibility regarding them, but is necessitated by the pressure of local needs. The demand for greater Church accommodation is so imperative, that it is felt that all of our resources should be taxed to the utmost in order to secure it in the shortest possible time.

REMARKS.

In the past year the Parish has made in the number of adherents, in the number of Communicants, and in the amount of contributions, an average gain of over thirty per cent. In view of the growth of the city it may be safely said that with adequate clerical assistance this ratio of increase could be nearly doubled. The year has seen the Parish freed of debt. The funded debt of \$1,000 was paid at Christmas as a result of six months of very general and earnest effort. The money was given outright and in small sums, single subscriptions being limited to ten dollars.

The amount credited above as given to Diocesan Missions is to be understood as the redemption of the Parish pledge for the current year, and for the two years next preceding.

[M.]

In addition to the receipts above reported, there has been raised by means of a fair held since Easter the sum of \$700, which is to form the nucleus of a Rectory Fund.

Notwithstanding the destructive fire which visited this place last Christmas night, by which many of our most worthy working people were burned out of their homes and work, yet the Parish met all its financial obligations, and contributed liberally besides to the sufferers from the fire, and the poor of the Parish, so that no one suffered for anything. Spirit-

[M.]

ually the Parish is advancing, as the baptisms were three times as many as the year before, and the Confirmations nearly double. Everything in the way of Church work is perfectly harmonious, and all work shoulder to shoulder and heart to heart with the Rector.

REMARKS.

Two persons who had received Roman Confirmation were, after a period of probation and a series of conferences, admitted to the Holy Communion and are counted among the Communicants newly admitted. One other person counted under the same head had received Confirmation in England, but not the Holy Communion.

Under the head of receipts "for improvement of property," is put the estimated cost of a fine pipe organ, a rood screen of wrought iron, the fitting up of a Choir room, and other improvements, the expense of which has all been borne by that generous friend of the Parish, Mr. J. M. Sears, of Boston. Under the head "other parochial purposes" is included the cost of a font ewer and altar service book given by the Sunday school, and the cottas and cassocks for the Choir paid for and made by the Parish Aid Society.

Services in Swedish were held by the Rev. Mr. Almquist at two different times, but were not continued as the Swedes, owing to labor troubles, left town.

ST. PHILIP OF BETHSAIDA'S CHURCH, MATTAPOISETT.

The Rev. ANDREW OLIVER, D. D., of the Diocese of New York, *Priest in Charge*.

St. Philip's Church was consecrated July 11, 1884. For several years previous, services had been held with more or less regularity in the Congregational place of worship, kindly offered for the purpose. The Church is open through the summer months with a morning congregation on Sunday varying from fifty to one hundred, and a smaller number at Evening Prayer. There is an early celebration of the Holy Communion every Sunday morning at 7.30 o'clock, with the exception of the first Sunday of the month when the service is held at the customary hour. Baptisms: Infants, 8. Communicants, 40. The offertories at Holy Communion are devoted to charitable objects in the town of Mattapoisett. It is hoped that the time is not far distant when the services will be uninterrupted through the year. Under present conditions no large growth can be expected.

REMARKS.

I accepted the charge of this Church at the beginning of Lent, when the Rev. J. B. Wicks, of Milford, resigned to begin the work of General Missionary of the Diocese. I find a well-ordered Mission, and the good people united and devoted. A small Sunday school has been opened, with fair promise of good results. The ladies of the Church have some funds in bank, which they hope to increase and use to provide a new roof to the Church edifice. They have provided and made a handsome white festal altar cloth.

A class for Confirmation is waiting for the visit of the Bishop on Ascension Day.

REMARKS.

Financially, the last Conventional year has been one of unexampled prosperity in the history of this Parish. A bell, weighing about one thousand pounds, has been purchased, and placed in the tower. By the kind liberality of Mrs. E. F. Searles, the Church has been furnished throughout with a handsome and serviceable carpet; and, to the generosity of Mr. Searles, we are indebted for many valuable improvements in and around the Church. By reason of the fluctuations that are incident to all manufacturing places, it is impossible to give a very accurate statement of the number of parishioners, and of Communicants. The Sunday school has doubled in the number of scholars during the last year.

Owing to the illness of the Rector and his resignation on Quinquagesima Sunday, the pulpit has been supplied for nearly or quite six months of the past year by Rev. Mr. J. M. Peck and Rev. S. B. Duffield.

Though these faithful ministers performed the services required of them zealously, the absence of the Rector for so long a time has worked some disadvantage, and if there is some deficiency in the returns of the year as compared with the preceding, it should be rightfully charged to the misfortune above referred to. REMARKS.

In October last, after a year of faithful and acceptable ministration, the Rev. J. Milton Peck was succeeded by the present incumbent. During the past year we have been so fortunate as to come into possession of the Chapel which has been used by the Mission from the first. It has been removed to our own land (purchased, and in part paid for, last summer), and has been enlarged and improved so as to fit it for our present needs. This has involved a considerable outlay and the incurring of a debt. To remove this the people have worked diligently and given generously, so that, with the kind aid of friends, the indebtedness on the Chapel is fast disappearing. We still stand in urgent need of a Church, and in our efforts to raise money for that purpose, we are grateful for the interest already shown by many in our undertaking. The population at the south end of New Bedford is rapidly increasing, and it would seem that a large and important work might be done by Olivet Mission, under the blessing of Almighty God.

REMARKS.

The corner-stone of St. Mary's was laid on the Feast of St. Michael and All Angels', Sept. 29, 1813.

The seventy-fifth anniversary was celebrated with most impressive services on Sept. 29 and 30, 1888.

The death of Mr. Isaac Hagar removes one of our oldest and most faithful Communicants, and not only the Parish, but our whole city, mourns the loss of one whose name will ever suggest strictest integrity and unblemished character.

He is remembered in St. Mary's for faithful service as Warden and Treasurer. He was a modest, humble Christian, a zealous and loyal Churchman.

Owing to continued ill health, the Rector was absent from duty nearly four months.

The Bishop's visitation was necessarily postponed, and for this reason the record of Confirmations shows no gain.

REMARKS.

On Easter Day the Parish came into full possession of the Rectory. The sum of \$4,300 was contributed by friends within and without the Parish for the purpose of removing this burden, which had involved a yearly payment of over two hundred dollars in interest. By this gift the Parish becomes the owner of a very comfortable and pleasantly situated home for its minister, and the strain upon its finances is eased.

In Advent the Church was re-carpeted throughout, through the generosity of a parishioner. This has added very much to the attractiveness of the Church.

REMARKS.

In August, 1888, the Parish lost, by death, Mr. Otis Stanley, who had been Warden of the Parish from the year of its first establishment (1889). He died, aged eighty-one years. He was a true child of God, a gentle, consistent servant of the Master, and zealous for his Church.

For the first time in its history the Parish now stands free from all indebtedness. Of late years the Parish has steadily grown stronger, and the clearing off the notes against it, in the fall of 1887, was a great help to us in many ways, and all are greatly encouraged with the present standing and the outlook for the future.

Some \$500 have been expended (the money being mostly raised by free-will offerings) in painting and repairing the Church property.

REMARKS.

The old Church is demolished, and the new and beautiful stone edifice is rapidly being erected upon the same site, at the contract price of \$45,000. The congregation will worship, for the present, in a wooden temporary chapel erected in the rear of the new building, which will also contain the Guild and Sunday-school rooms. The Parish is in an earnest and healthy spiritual condition, full of activity in the Master's service. The Rector, Rev. Wm. W. Newton, has been in Europe since October, 1888, and will return July 1, 1889. The Parish is administered by the Rev. Albert Danker, Ph. D., minister in charge. Services have also been held in the flourishing town of Dalton, with encouraging results.

REMARKS.

The past year has been a fairly prosperous one for Christ Church, inasmuch as by the indefatigable labors of the Ladies' Aid Society and the Friday Club, — which last is composed of the young ladies of the Parish, — we have been enabled to make repairs, such as painting the Church building, and putting in new windows. These repairs have been long needed. The work has been accomplished by self-denial and labor on the part of all the members of the Parish.

REMARKS.

During the year that has passed we have quietly maintained our regular services, providing a church home for our people who come and go as is common in villages who depend on fishing and stone quarrying for a living. Sometimes we have a few extra families who make a brief stay with us, soon, however, to move to some other place where they can do better, so we only reckon on the resident families as our real strength. On August last we removed into a commodious room on the first floor of the Town Hall Building, and fitted it up in a most thorough Churchly manner. We have now a holy table, prayer desk, and lectern in our modest chancel. The Rev. Charles A. Hayden, Rector of the Parish (St. John's, Gloucester), gave us one service each Sunday through the summer months, and coming to us on Saints' Days for the Holy Communion when opportunity offered; he greatly helped us also in procuring our chancel furniture. We feel very grateful to the Wardens and Vestry of Christ Church, Cambridge, for their timely gift of a walnut lectern, which was placed in the Church and used for the first time Easter. We expect a theological student to Lay read for us during the summer, ever looking forward to the time when we hope to have a resident Clergyman.

Since the Church was built we have been helped liberally from time to time; had it been otherwise, services could not have been maintained.

The Parish has been enriched, the past year, with an exceedingly beautiful window and chancel decoration, executed by Mr. John Lafarge, for the chancel of the Parish House Chapel, from Mrs. Daniel P. Crocker and her daughters, in memory of her husband, our ever-lamented Vestryman. The chancel has also been filled with finely carved furniture, by Mr. J. B. Stebbins, in memory of his son, and Mr. H. S. Humphrey, in memory of his wife. It is a joyful thing, also, to record that one of our oldest and most faithful parishioners, Mr. William Jones, upon his death, left a most generous bequest of \$4,000, which will completely cover the remaining indebtedness upon our Parish house. Also our oldest Vestryman, Mr. G. W. Winchester, has presented the Parish with a rich communion service of silver, as a memorial of his wife and son.

GRACE CHURCH, VINEYARD HAVEN (TISBURY).

June and July, 1888.

The Rev. RICHARD C. HALL, *in temporary Charge*.

The undersigned, at the beginning of June, 1888, by consent of his Diocesan, the Bishop of Maryland, and with the approval of the Bishop of Massachusetts, accepted an invitation to the pastoral charge of the above-named congregation, for the period of one month. He also subsequently accepted a renewal of said invitation for the month of July, 1888. But on account of indisposition, caused by unaccustomed moisture of the climate and the variable temperature, he was constrained, on July 31, to decline further continuance in the charge.

During the two months named, the services performed by the undersigned were:—

PUBLIC. — I. Sundays: (1.) Celebration of Holy Communion: (a.) First Sunday of each month at 12 M.; (b.) Other Sundays of each month at 7.30 A. M., except two, because of indisposition. (2.) Usual forenoon service, with sermon, except once, because of inclement weather. (3.) Evening Prayer, and familiar instruction, at 5 P. M., except once, because of a funeral. II. Other days: Evening Prayer at 5 P. M., except on Thursdays in June (then, at 8 P. M., with lecture); and (3d), except during two weeks of July, through indisposition of undersigned. Pastoral visiting was performed diligently.

REMARKS.

Efforts to form a Sunday school were unsuccessful. No candidates for baptism, confirmation, or admission to Holy Communion became

[W.]

known to undersigned, the congregation being composed of summer visitors. The undersigned avails himself of this opportunity to record his sense of the great personal courtesy experienced from the officers and members of the congregation, and from residents of Vineyard Haven.

Respectfully submitted,

RICHARD C. HALL,
Presbyter of the Diocese of Maryland.

REMARKS.

The present incumbent assumed charge about Nov. 1, 1888, after vacancy in the Parish of ten months. The above report covers the period of the present rectorship only. With the exception of a few entries of official acts, the Parish Register contains no list of families, Communicants, or other records. The essential need to the growth of this Parish is a church, as we can have access to the only place where service can be held on Sunday afternoons at an inconvenient hour.

A class for confirmation is waiting the Bishop's visitation.

REMARKS.

Trinity Parish is now blessed with a Church building of its own, thanks to the prompt and generous assistance of friends, both from within and from without the Parish.

The debt, which is specified above, is willingly assumed by our people; and measures have already been adopted which will lead to regular annual payments until it is extinguished.

The Church has a good location, and is an ornament to the town; it is also an honor to the Diocese, partly because of its artistic fitness to the place it occupies and for work, and chiefly because it is a memorial to the Rev. John S. Beers.

REMARKS.

Owing to falling health, the Rev. John A. Bevington, after a pastorate of four years, resigned his charge, and left us Feb. 1, 1889, for the Diocese of Albany, to enter upon the work of assistant to the Rector of

[W.]

St. Peter's Church, Albany, N. Y. He carried with him the kindest wishes of his congregation and the community at large, and their sincere regret at the cause of his departure. Before leaving he placed in the hands of Trustees the sum of four hundred and fifty dollars, principally contributed by some good Church people of the Diocese, which money has since been expended, as he desired, in the erection of a school-house, where a night school has been opened for the instruction of illiterate adults.

Since his departure, under license from the Right Reverend the Bishop of the Diocese, lay services have been maintained regularly on Sunday, both morning and evening, with the addition of occasional priestly ministrations, and throughout the Lenten season a week-day service was also maintained.

The labors of St. Mary's Guild have resulted in adorning the Church with hangings and book-marks for the seasons of Lent, Easter, and Trinity.

At Easter-tide the Church was the recipient of a jewelled chalice and paten (an offering of her relatives in the Parish), in loving memory of Miss Minnie Hunter, who was identified with the mission work here from its incipency, especially caring for the sanctuary.

Respectfully submitted,

JAMES N. EDMONDSTON.

REMARKS.

We have been made very happy by the completion of our picturesque Church of field stone, and it was opened for divine worship, Christmas Day. It is built so as to admit of easy enlargement by the building of a north transept, and the extension of the nave, as the growth of the congregation may demand. The new Church has been very helpful to our work, the congregation increasing, and it has been a stimulus to Parochial activity. Gifts to new Church, from friends outside the Parish, \$2,237.37.

At Sunnybank is St. Luke's Home for Children, in the care of the Sisters of St. Luke, and these have continued, during the year, their beneficent and very acceptable work, sheltering and caring for about twenty on the average. Hospital work will be pushed as funds permit.

Monthly services have been held, during the year, in different neighborhoods of the town of Belmont. Those of our fellowship there in that beautiful suburb of Boston have been organized into a guild, taking the name of All Saints'.

REMARKS.

There has been a marked improvement in the condition of this Parish during the last Convention year. The attendance has been larger, especially at the extra Lenten services. The business condition of the town has been very much depressed, but in spite of this difficulty the Parish has raised the money necessary to support the services with greater ease and more satisfaction than formerly. There have been losses during the year, but greater gains, as the communicant list will show. The Church is in great need of repairs, and as a new roof is required, it will cost \$500 to make the needed improvements. The people are striving to raise the money; but as a sufficient sum has not yet been obtained, the repairs must be postponed till enough money is raised for that purpose. The work of the Church in this town is of the greatest importance, and there is an opportunity for wealthy Churchmen to render the Church a great service by aiding the people in their efforts to repair the building.

REMARKS.

Some delay has occurred in the erection of a Church, but now all things are ready for the work. A plan has been accepted and estimates made. The new Church will seat nearly three hundred. We hope to occupy it in September. We have in bank and on subscription about fourteen hundred dollars. The Mission has no debt. A debt of about one thousand dollars will be assumed in order that the work may be sufficiently completed to make the edifice available for services. The Mission has been the happy recipient of a full Communion Set, presented by St. Paul's Church, Holyoke, through the kindness of Mr. Geo. H. LeDoyt. The ladies of St. John's Guild have been very active and successful in raising money for the new Church.

REMARKS.

During the year the recently acquired rectory and grounds were repaired and improved at an expense of about sixteen hundred dollars.

At Advent, 1888, the Rector of All Saints' transferred to the charge of the Rector of the Church of the Good Shepherd, Clinton, the Mission work that he had been conducting at West Boylston.

A note is made of the fact that, in the Journal of 1888, by a clerical error, this Parish is credited in the report of the treasurer of Diocesan Missions (Appendix C) with but a moiety of its contributions for that cause. *Vide* All Saints' Report, 1888.

The statement of current expenses in the present report covers a period of nine months only, the financial year of the Parish now ending with Jan. 1.

This Parish has undergone a severe strain in the past year, only the fifth of its existence. It has lost thirty Communicants, or about *fourteen per cent* of its whole list; sixteen by removal to the new Parish of St. Mark fourteen by other removal. Our Senior Warden and other prominent members were among these Communicants, whose number represents, of course, a proportionate loss in other attendants, and in financial resources. The sacrifice has been made very cheerfully, however, and prospects for the new year look bright.

A noteworthy event in our last twelvemonth was the formation of the Episcopal Church Club of Worcester, which we hope is to be a power for good in the community.

I have been requested to baptize some children, and I have arranged that they shall be brought to the Church at Wrentham.

Our Church edifice is to be painted and repaired, and the interior is to be decorated at the expense of a lady in Boston; the work will be commenced at once, for which we are profoundly grateful.

After a ministry of more than sixteen and a half years in St. Andrew Church, Hanover, my resignation of the charge of that Parish took effect All Saints' Day, November 1, 1888.

On parting with my late parishioners, I received from them a most gratifying testimonial expressing their generous appreciation of my labors in their behalf, and also a very liberal gift of eleven hundred and fifty dollars made for the purpose of enabling me to take a much-needed rest. Owing to the effects of a severe cold, I have no ministrations (subsequent to my resignation of the Parish in Hanover) to report.

Through God's blessing, I am now able to do full ministerial duty.

HIRAM CARLETON.

EAST SANDWICH, May 21, 1889.

*To the Right Rev. Benjamin Henry Paddock, D. D.,
Bishop of Massachusetts :*

During the past year I have regularly discharged the duties of my office, as Chaplain of the City Institutions at South Boston. These duties have been fulfilled in chapel services, daily interviews with, and instructions among the prisoners in workshop, hospital, and different departments of the prison. These men have their own views, purposes, morals, and susceptibilities, based more or less on early training and circumstances by which they have been surrounded; thus the moral and religious teaching must be adapted to their special condition. From personal observation and experience I have found my work practical and personal, never theoretical. I have been interested in studying the ethnological aspect of my prison family, and contrasting the different features so plainly seen in them. The actual brotherhood among men appears in the different nationalities, creeds, and education, clearly illustrating the great truth that God has "made of one blood all the nations of the earth," and also the spirit and power of the Gospel Commission. My work, then, is largely Mission work, as I have had before me in my Chapel at the House of Correction, 1,458 prisoners, representing almost every State in the Union, and almost every foreign nationality. An important part of my duty is the providing, arranging, and distributing books to the prisoners within the walls. Moral and religious books, magazines, scientific, poetical, biographical works, travels and miscellaneous novels are found upon our shelves. Every cell is furnished with books on Mondays and Thursdays of each week. Donations of magazines and books are always acceptable. Religious services are holden on Sundays at the Lunatic Hospital at 10 o'clock A. M., and at 1.15 P. M. at the House of Correction. During the past year several of our Clergy have kindly addressed our prisoners. During the summer recess of July and August, I have officiated for my brethren as circumstances seemed to direct.

JONAS B. CLARKE, *Chaplain of City Institutions.*

[C, G.]

To the Right Rev. Benjamin Henry Paddock, D. D.,
Bishop of Massachusetts :

I resigned with great reluctance the charge of St. John the Evangelist Hingham, on the 1st of November last past. An account of my labors there will be contained in the report of that Parish. Since my resignation, I have rendered such assistance to my brethren as they have sought.

The closing of Keble School for girls is a serious loss to the Parish. It is a great pity that the experiment was suffered to fail. The experiment proved this much at least, that with a well-appointed school-house and a certain amount of capital, not necessarily large, such a school could be established with every promise of full success. The thanks of those who were interested in this enterprise are heartily given to Mr. Chas. Shilmin for his large liberality and earnest efforts for its success.

J. I. T. COOLIDGE.

6 BREWSTER PLACE, CAMBRIDGE,
May 21, 1889.

To the Right Rev. Benjamin Henry Paddock, D. D.,
Bishop of Massachusetts :

During the whole of the year past I have continued to be a scientific invalid. For five months I was in St. Margaret's Infirmary, where I received every needed attention from the kind Sisters and nurses connected with that most comfortable Home for patients. I had attending me as physicians two eminent nerve specialists, Dr. Webber, of the Nerve Asylum, and Dr. N. W. Bullard. The clergy of St. John the Evangelist often called to see me, and sometimes after the early celebration in the Infirmary Chapel, the Sacrament was administered to me. They were most kind, and I felt and still feel very grateful to them.

I returned to Wood's Holl in October, somewhat improved, but as the colder weather came on the sciatica assumed a more painful phase, and I was kept confined to my room all the winter. At present there is a little change for the better, so that I sometimes go out into the open air. But it seems most probable that I shall never fully recover, and never again be able to engage in active Ministerial work. If this be so, may the Lord enable me to acquiesce. An end must come to everything. The only means of doing any good the past year in the way of advancing the Church's precious interests, which I trust lie very near my heart, has been by sending letters and Church papers to scattered members of my acquaintance who are living where they are deprived of our services, hoping thereby to encourage them to retain their loyalty and allegiance to the Church. Though this instrumentality is so simple and trivial as scarcely to be worth the mention, yet it has been all I could do, save the offering of prayer for those who are laboring in the vineyard of the Lord, and for the enlargement of the borders of Zion on every hand.

BENJAMIN R. GIFFORD.

Wood's HOLL, May 20, 1889.

To the Right Rev. Benjamin Henry Paddock, D. D.,
Bishop of Massachusetts :

My dear Bishop, — Shortly after the last Convention I left home for an extended tour through several of the countries of Europe. I was absent nearly four months, during which time I had the pleasure of preaching on

[G, H.]

several occasions (in London, Brussels, and Rome, to very large congregations), besides assisting in divine service repeatedly in some other way.

Since my return home I have been engaged in the work of my sacred calling on most of the Sundays and on not a few week-days besides. In addition to public services I have done a good deal of purely *Mission and Temperance* work in Boston. My official acts for the year are as follows: Baptisms: Infants, 4; adult, 1; total, 5. Marriage, 1. Burial, 1. Celebrations of Holy Communion, 20. Sermons preached, 68. Said Morning or Evening Prayer in public (number of times), 70. Assisted in public service (number of times), 23. Catechisings, 10. Delivered public lectures (several of them on Church Principles, or on Church History), number, 22.

Respectfully yours,

ANDREW GRAY.

*To the Right Rev. Benjamin Henry Paddock, D. D.,

My dear Bishop.—The year has been spent in the exercise of my duties as Dean of the Episcopal Theological School, embracing the clerical duties connected with the charge of St. John's Memorial Chapel, the report of which will be handed you by the Vice-Dean, the Rev. William Lawrence. The School itself has been prospered beyond all its previous history, and I deeply regret that present disablement by illness prevents me from making a longer report concerning my connection with this important factor in the life of the Diocese. I am,

Yours very faithfully,

GEO. Z. GRAY.

THE DEANERY, CAMBRIDGE, May 22, 1890.

*To the Right Rev. Benjamin Henry Paddock, D. D.,
Bishop of Massachusetts:*

During the first part of the past Convention year, I preached three times at St. Philip's Mission, Cambridge; once at St. Philip's Church, Cambridge; twice at St. Peter's, Cambridge; once at the Church of The Holy Spirit, Mattapan; once at the Church of Our Saviour, Longwood; and preached and celebrated the Lord's Supper once at St. John's, Arlington. Besides, I performed the marriage service once, and the burial service once.

On Epiphany, Sunday, Jan. 6, 1890, at the request of the Rev. E. M. Gushee, Rector of St. Philip's Church and of St. Bartholomew's Mission, Cambridge, I consented to open and conduct the regular Sunday-morning service at St. Bartholomew's Mission, corner of Columbia and Hampshire Streets. These services I have continued to the present time. I also held weekly services at the same place during Lent. I have celebrated the Lord's Supper there seven times, and I presented a class of eleven persons of the congregation for the Confirmation held April 30, at St. Philip's Church. The present number of Communicants connected with the Mission is forty-four. I have been assisted in my duties by Mr. W. H. Dewart, of the Cambridge Theological School. My official acts are incorporated in the records of St. Philip's Church, Cambridge.

*To the Right Rev. Benjamin Henry Paddock, D. D.,

During the last Convention year, I have officiated at Canton nine times, Concord, two Sundays, Winchester, Medford, Saco, New Bedford, Amesbury, Groveland, Narragansett Pier, Nashua, Natick, Framingham, Hanover, each one Sunday, making twenty-two Sundays, and Christmas at Groveland. About the middle of February I took cold which culminated

[W.]

in a trouble that has prevented my serving at the altar since Feb. 24 twelve Sundays. All of the other Sundays I was ready and waiting. have baptized eight adults and six infants, otherwheres reported in Convention; I have also baptized five infants, have officiated at four marriages and five burials, *not* otherwheres reported. I owe it to the Diocese at large, and to all Parishes in which I have had the honor to officiate since resigning Trinity, Woburn, to acknowledge, with gratitude, the uniform kindness and cordiality with which I have been received and entertained everywhere, and to testify to the steadily developing interest that is everywhere apparent. The schedule of subjects prepared for the consideration of the present session is calculated to draw out the men of God, and will, I hope, be one of lasting benefit to all who love the light. But I may not yet leave home to be with the workers.

*To the Right Rev. Benjamin Henry Paddock, D. D.,
Bishop of Massachusetts:*

Including nearly 300 editorials, articles, letters for the press, and lectures, in relation to Egyptian and Biblical exploration and research, much the larger part of my year's work has been for the Egypt Exploration Fund. Nearly 2,000 personal notes, countless circulars, despatches, 580 receipts written, the entire financial management with its arduous attendant clerical toil, are among my drudgeries. The bright side of the labor to me—a sufficient reward—is in the noble achievements of the Fund for Religion and Science, and in the personal receipt by me of scores of grateful and inspiring letters from some of the best and greatest of men in our land. Passing by congenial work in connection with the Free Church Association, various societies of our State, and with several learned bodies of Europe and America, I simply add that I have officiated at 110 services, attended 97 meetings (taking part in 82 of them), for philanthropical, charitable, educational, or historical purposes, and been present at 27 committee meetings. Sermons, addresses, remarks, lectures for all occasions, Church and secular, foot up 199.

GUIDE IN ORGANIZING NEW PARISHES.

A Resolution of the Convention (Journal of 1871, pp. 45, 46, and 196) recommended, as a guide to new Parishes in organizing, a Form of Constitution and By-Laws.

At the Meeting of the Convention in 1883, a Special Committee was appointed to consider the possible legality of the Form for Constitution and By-Laws in the organization of Parishes.

At the Meeting of the Convention in 1884, this Committee reported a Form of Constitution or By-Laws for Parishes which (Journal of 1884, pp. 91-94) was substituted for that adopted in 1871.

The Form adopted in 1884 was amended at the Meeting of the Convention in 1887.

The Form adopted in 1884, and amended in 1887 and in 1888, is preceded by important requirements of the Constitution of the Diocese; viz., —

ARTICLE 12.

ADMISSION OF A PARISH INTO UNION WITH THE CONVENTION.

SECTION 1. To entitle a Parish to admission into union with the Convention, such Parish shall submit to the Convention a certified copy of its Articles of Association, or other satisfactory evidence of its organization (or if specially incorporated, of its Charter), and of its Constitution and By-Laws: in which it must be declared that such Parish accedes to the Doctrines, Discipline, and Worship, the Constitution and Canons of the Protestant Episcopal Church in the United States, and to the Constitution and Canons of this Diocese; and such Parish shall lay before the Convention written evidence,

subscribed by the Wardens and Vestry, that it has been duly organized and has been such for the space of one year, and during that time has held regular public worship services.

SECT. 2. Copies of said Articles of Association or Charter, and of the Constitution and By-Laws of such Parish, together with the circumstances and reasons in need of its organization, must also be submitted to the Bishop and Standing Committee of the Diocese, at least one month before the Annual Session of the Convention, and be approved by them respectively; or, if not so approved, they shall report to the Convention the reasons in writing of such disapproval. The whole subject, with all the documents, shall be referred to a special committee of three Clerical and three Lay Members of the Convention to report thereon.

The Resolution and the Recommended Form of Constitution and By-Laws for Parishes are as follows: —

Resolved, That in order to secure as much uniformity as local circumstances will permit, and also to place the management of Parish affairs on a wise and just basis, the following Form of Constitution or By-Laws is recommended: —

FORM OF BY-LAWS FOR PARISHES RECOMMENDED BY THE CONVENTION.

[Note that ten or more persons are required in order to form a religious society under the laws of Massachusetts. The forms to be observed in order to become a corporation are very distinctly stated in the Public Statutes, Chapter 38, Sections 25 and 26.]

SECTIONS OF PUBLIC STATUTES RELATING TO RELIGIOUS SOCIETIES.

COMMONWEALTH OF MASSACHUSETTS.

PUBLIC STATUTES, CHAPTER 38.

SECT. 4. Persons belonging to a religious society shall be held to be members thereof until they file with the clerk a written notice declaring the dissolution of their membership; but, after filing such notice, they shall not be liable for any grant or contract thereafter made or entered into by such society. No person shall be made a member of such society without his consent in writing.

SECT. 5. A religious society may make by-laws not repugnant to the laws of the Commonwealth, and may in such by-laws prescribe the manner in which persons may become members.

SECT. 9. Moderators of meetings held for the choice of officers shall be elected by ballot. Clerks, assessors, treasurers and collectors shall be elected by ballot, and shall be sworn. Other officers shall be elected in such manner as the society may determine.

SECT. 10. The prudential affairs of such societies shall be managed by their assessors, or by a standing committee specially appointed for that purpose; and the assessors or committees shall have like authority for calling meetings as selectmen have for calling town-meetings.

SECT. 12. The assessors or committee shall insert in their warrant for calling a meeting any matter, the insertion of which five or more qualified voters of the society may, in writing, request. Nothing acted upon at a meeting shall have any legal operation unless the subject matter thereof was inserted in the warrant for such meeting.

SECT. 14. The clerk, or if there is no clerk, or if he is absent, one of the assessors, or of the standing committee, shall preside in the choice of a moderator; and a clerk may then be chosen, either *pro tempore* or to fill the vacancy as the case may require. The moderator may administer the oath of office to the clerk, and the clerk to the assessors, treasurer and collector, or said oaths may be administered by a justice of the peace; and such oaths shall be substantially the same as are required to be taken by the clerk, assessors and collectors of towns.

SECT. 17. Vacancies in any of the annual offices, occurring after the annual meeting, may be filled at any other legal meeting.

ORGANIZATION OF RELIGIOUS SOCIETIES AS CORPORATION

SECT. 24. A religious society that is not incorporated may, if it contains five or more qualified voters, organize and become a corporation with the powers, privileges, duties and liabilities of such societies, and may hold so much real and personal estate as may be necessary for the objects of such organization and no more.

SECT. 25. Any justice of the peace may, upon application in writing by five or more of the qualified voters of such society, issue his warrant directed to some one of the applicants, stating the object of the proposed meeting, requiring him to warn the qualified voters of the society to meet at a time and place appointed by the warrant: and such warrant may be served by posting an attested copy thereof on the principal outer door of the meeting-house of the society, or by leaving such copy with, or at the last and usual places of abode of the qualified voters of the society, seven days at least before such meeting; and upon due return thereof, the same or any other justice of the peace may preside at the meeting for the choice and qualification of a clerk, who shall enter at large upon the records of the society the proceedings had in the organization thereof; and the society may thereupon proceed to choose a moderator, and do such other things as parishes are by law authorized to do at their annual meetings: *provided* the subject matter thereof is inserted in the warrant.

SECT. 26. Any ten or more persons, male or female, who desire to form a religious society, may make for that purpose an application in writing to a justice of the peace; and such justice may thereupon issue his warrant directed to one of the applicants, stating the objects of the proposed society, and requiring him to warn said persons to meet at a time and place appointed in the warrant. The warrant shall be issued, served and executed, and the meeting held in the manner and for the purposes set forth in the preceding section; and said persons, upon complying with the provisions of said section, shall become a corporation under a name to be assumed at such meeting, and with all the powers, rights and privileges, and subject to all the duties, limitations and restrictions, relating to religious societies.

PROTESTANT EPISCOPAL CHURCHES.

SECT. 43. In religious societies belonging to the body of Christians known as the Protestant Episcopal Church, the rector, or one of the wardens may, unless it is otherwise provided in some by-law, preside at their meetings, and exercise all the powers of a moderator; and the warden, or wardens and vestry, may exercise all the powers of a standing committee in accordance with the usage and discipline of said Church. Unless they assess or collect a tax on the parsonages, or pews of the members thereof, such societies need not choose a moderator or assessors; and they may in their by-laws provide that the duties of assessors shall be performed by the wardens. The officers upon whom the duties of standing committee or assessors may devolve shall in all cases be elected by ballot.
